ACDelco®

Wipers

warranty

ACDelco Wiper Assemblies and Refills are warranted nationally against faulty workmanship and materials for a period of 1 year or 20,000km (whichever comes first) from the purchase date.

WARRANTY CONDITIONS

This warranty does not cover:

- / Normal wear & tear
- / Loss of time, inconveniences, loss of use or any other consequential damages.
- / Labour for removal, and replacement of the unit, from the vehicle unless prior written approval has been obtained from ACDelco.
- / Parts which have been subjected to deliberate abuse.
- / Conditions resulting from abnormal wear, negligence, alterations or accidents.
- / Incorrect fitment.
- / Parts used in an incorrect application or parts that are not used for their intended purpose.

DISCLAIMER

Certain information in this catalogue has been compiled from data published by original equipment manufacturers and other parties. ACDelco is unable to warrant the accuracy of third party data, and does not accept responsibility for loss or damage of any kind caused as a result of such data being inaccurate.

About ACDelco

wipers

BEAM BLADE WIPER ASSEMBLIES

Beam blades represent the latest generation in wiper technology featuring a slimline and aero dynamic design which assists in providing a high quality wipe demanded by the design efficiencies of today's vehicles.

ACDelco Beam Blades also have the added advantages of:

- / A symmetrical spoiler making it suitable for either left or right hand wiper operation.
- / Being designed with replaceable rubber refills, which negates the need to purchase complete wiper assemblies just to get a new refill.

ACDelco Beam Blades are available in 2 different designs:

- / A mutli fitment design that is supplied with a range of adaptors to allow retro fitment to most vehicles built with conventional wiper technology. It can also be used as a direct replacement for a number of earlier vehicles that have beam blades fitted as standard.
- / The second design has more specialised adaptors featuring a lower profile required to suit the later model vehicles that have beam blades fitted as standard.

Please refer to the application section of this catalogue for the recommended wiper assembly for your vehicle.

TRADITIONAL WIPER BLADE ASSEMBLIES

The ACDelco range of Traditional Wiper Blade assemblies is designed as a direct replacement for vehicles fitted with this style of assembly. High quality corrosion resistant materials combined with premium natural rubber refills deliver an efficient wipe and a long service life.

To provide you with the widest range of options, we have included easily installed adaptors to suit most makes and models.

REFILLS

ACDelco offers 3 styles of refills to suit:

- / Older style wiper assemblies (external Vertebrae).
- / Traditional wiper assemblies.
- / ACDelco Beam Blade Wiper assemblies.

All ACDelco Refills can be cut to length as required.

Wipers

features and benefits

There is an ACDelco Wiper Product for most makes and models on the road. Once you experience the quality, effectiveness and ease of installation, ACDelco will become your brand of choice for automotive wiper products. The ACDelco range includes beam blade wiper assemblies as well as traditional wiper blade assemblies and refills.

BEAM BLADE WIPER ASSEMBLIES

Features & Benefits

- / Advanced rubber technology providing longer life cycle.
- / Wiping surface is graphite coated to reduce friction and minimise chattering and noise.
- / Hi tech design reduces wind lift at high speed.
- / Better performance than conventional blades in cold zones.
- / Even pressure on windscreen when compared to conventional wiper assemblies.
- / Replaceable refill.
- / Reduced streaking.
- / Integrated / symmetric spoiler.
- / ACDelco Beam Blades can be used to update most vehicles fitted with traditional wiper assemblies.
- / Slim line design to suit modern vehicles.
- / Assemblies are tested for 480 hours in a heated salt water spray chamber for durability and corrosion.
- / Exposed components are subjected to an ozone resistance test and snow block test to ensure beam blades are suitable for the extremes of Australia's harsh conditions.
- / Multi fit - easy installation.
- / A reduction in the number of moving components.

TRADITIONAL WIPER BLADE ASSEMBLIES

Feature & Benefits

- / OEM genuine quality.
- / Durability tested in weather conditions from -40°C to +80°C.
- / Wiper blades have an all metal structure and are aerodynamically designed to have an anti-lift effect at high speeds.
- / Wiper blades and refills are tested for 480 hours in snow, ice, dry and water spray. (Continuous 1.5 million cycles under wet conditions (water spray: 2.0 / min)).
- / Wiper blade assembly frame is made from galvanized steel and are acrylic coated for anti corrosion. In addition, stainless steel rivets/pins are used to enhance durability.
- / The wiper blade spacer is designed to minimize friction among parts to improve wiping quality and reduce noise.
- / The wiper blade vertebra is assembled with stainless steel springs which distribute uniform pressure to the rubber to improve wiping quality.
- / Wiper blades come with multiple adapters to match most vehicle arm types for easy installation.

Fitting Instructions

beam blade wiper refills

TO REMOVE

Firmly grip the end of the rubber, pull away from the beam blade assembly and then slide out.

TO INSTALL

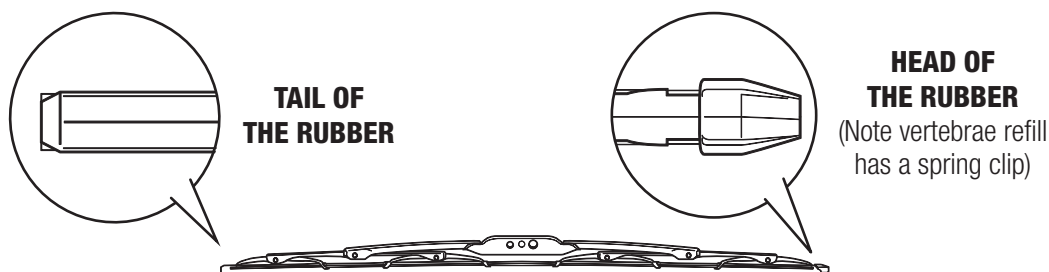

Pull refill back to allow 5mm gap then cut off excess, flush with end of beam blade assembly.

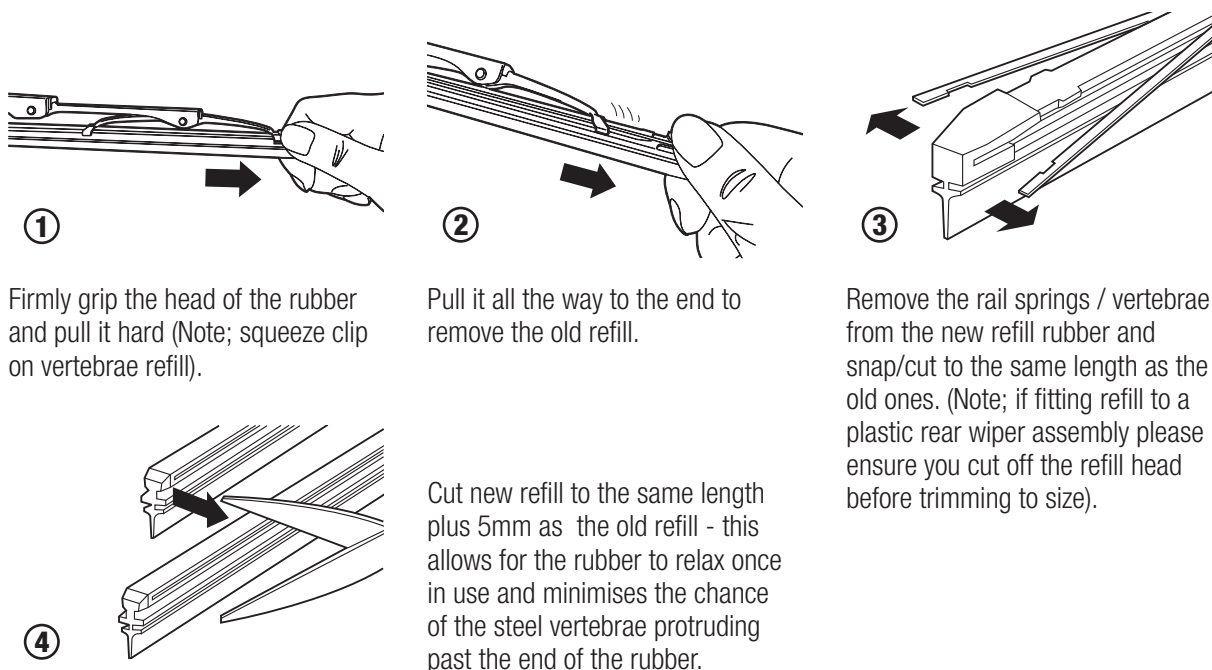

Push rubber in until refill end drops over retainer.

Wipers

notes

This image shows a full page of blank, lined paper. It features approximately 28 horizontal blue or grey lines spaced evenly apart, typical of notebook paper. The lines extend across the entire width of the page, leaving small margins at the top and bottom. There are no vertical lines, text, or other markings on the page.

Optikleen

windshield washer additive

ACDelco Optikleen is a super concentrate windscreen washer additive, that will help remove most contaminants from your windscreen and ensure that your ACDelco Wipers work effectively.

ACDelco Optikleen is available in a range of convenient sizes and should be your first choice in windscreen washer additives.

ACDelco Product Range:
