Here's  
How

# Label Holders Don't Cost...they pay!

You can't handle materials if you can't find them! Make sure your employees can locate inventory quickly and easily. Specify label holders from Aigner Index. We have the solution for most any labeling need. Aigner label holders are actually management tools that prevent problems before they arise. Whatever the initial investment, you'll receive quick payback in materials, labor, and overall efficiency that includes:

- Ease of normal label changes
- Cost savings of 50% in materials required in eliminating expensive, hard-to-remove self-adhesive labels.
- Labor savings to apply and remove self-adhesive labels, plus no more shelf clean-up time.

Experience additional savings by using standard or perforated laser/ink jet compatible insert sheets. These are supplied with simple printing instructions in standard word-processing format and available from Aigner Index for most sizes. You can print neat, professional labels in advance or on an "as needed" basis, in house, at virtually no cost. Our quality products assure easy-to-read identity, scanning compatibility and long life durability.

Aigner Index, Inc. • 218 MacArthur Avenue • New Windsor, NY 12553  
www.aignerindex.com • info@aignerindex.com

**HOLDEX®** is a patented product, made from sturdy, matte-finish clear plastic that eliminates glare for bar code compatibility. Whether you use the **Permanent Self-Adhesive, Removable Self-Adhesive, Magnetic or Hook & Loop Backings**, you can rely on **HOLDEX®** to stay in place.

## permanent self-adhesive

### Call Them "Remarkable"!

These self-adhesive plastic label holders are ideal for shelves, bins, file cabinets, drawers, panels...anything that can be labeled! **HOLDEX®** adheres to any clean surface. It will not crack, chip, peel, fade, or fall off!

We use only the finest, longest-lasting foam tape. Apply by removing the tape liner and press to the surface. Can be used repeatedly, simply by changing the paper insert. White paper inserts provided. **CALL US FOR CUSTOM ORDERS.**

## removable self-adhesive

### Brand New Product Offering!

Our removable (remo) **HOLDEX®** combines all of the time-tested features of self-adhesive and hook & loop! Uses the finest foam tape with a twist, a removable adhesive system. This allows the holder to be repositioned! Will not fall off any clean, dry, smooth surface. White paper inserts provided. **CALL US FOR CUSTOM ORDERS.**

## magnetic

### This Versatile System Is Truly The Next Generation For Metal Shelving, Rack, Bins, and Drawers.

The magnetic backing makes it easy to change label holder location or just the information on the paper inserts. Ideal for organizing all your shelving needs. White paper inserts provided. **CALL US FOR CUSTOM ORDERS.**

## hook & loop backed

### These Are The Real Quick-Change Artists of the Labeling World.

In mere seconds you can change a name, a title, a department designation. Instantly move the entire holder (label and all) to any surface. They can be securely fixed to shelving and most other surfaces. Each label holder is backed by a full-length strip of hook and loop. White paper inserts provided. **CALL US FOR CUSTOM ORDERS.**

Standard Box: Twelve (12) - 6" length strip with pre-cut white inserts.

Red, lemon, blue and green colored paper inserts also available. Call for pricing and availability.

# SUPERSCAN®

## Xtra Large Label Holders - Ideal For Pallet Racking!

These tough, extra-large, bar code-compatible label holders help prevent damage to valuable bar code information during storage and distribution. They protect against dust, abrasion, humidity, even chemicals and light.

A special matte finish assures accurate bar code scanning...every time!

**SUPERSCAN®** is made from a sturdy, matte finished clear plastic to eliminate glare. Choose from self-adhesive, magnetic or hook & loop backings. Laser/Ink Jet inserts and general printing instructions included. **Backings supplied separately.**

# Wire•Rac™

## Finally, A Solution For Labeling Wire Shelving.

Before this product, labeling wire shelving wasn't easy. But finally, this flexible, plastic label holder makes it a breeze. Just snap it on for a perfect fit. Snap it off to reposition. 1¼" High label or insert loads from top (or bottom) and is **protected** by a **bar code compatible**, clear cover. Retrofits major manufacturers' shelving with the standard 1¼" - 1½" face. White paper inserts provided. **CALL US FOR CUSTOM ORDERS.**

## Hi•Lo®

**End The Identity Crisis For High And Low Shelving.**

Hi•Lo® eliminates problems in identifying shelf contents in high or low places. This self-adhesive holder attaches to a shelf at a 45-degree angle. On a high shelf it "looks down" at you. On a low shelf it "looks up" at you, eliminating bending and stooping.

Hi•Lo® is a transparent, seamless label holder that is ideal for libraries, labs, warehouses, and other large storage areas. White paper inserts provided. **CUSTOM CUT LENGTHS AND MAGNETIC BACKED AVAILABLE.** Ten (10) per box standard. **CLEAR ONLY.**

# AngleVision™ patent pending

## Snap-On Label Holders For Modular Racks And Work Stations.

**AngleVision™** combines a heavy duty, clear plastic insertable label holder with a flexible "C" channel snap that retrofits the .100" - .112" diameter tubing used by major work station manufacturers. Tilt holder to any desired angle for maximum visibility and snap it off to relocate.

Its top loading design accommodates a 2" x 4" label that is protected from dirt and moisture by a bar code compatible clear finish cover. To change a label simply re-mark and re-insert.

## "T•Slot"

### An Efficient labeling system for "T•SLOT" Aluminum Extrusion Modular Components.

Many months of product development has resulted in an efficient labeling solution for "T•SLOT" aluminum framing components. This unique, clear plastic insertable label holder will identify contents of framed assemblies. When contents change, just reprint a new insertable paper label. Snaps in and snaps out for relocation. Two styles designed to fit either 10/25 series products or 15/40 series products. Matte finish is **bar code compatible**. 25 holders per package with white inserts. **Custom lengths available (up to 48") on special order.**

## "T•Slot" Sign Holder Clip

### Hold Shop Orders, Job Tickets, Or Any Size Document To "T•SLOT" 15/40 Series Modular Framing Components.

This unique clear plastic clip is designed to hold important documents required in an industrial setting. It snaps into "T•SLOT" framing components and snaps out for relocation. Soft plastic inside ribs prevent document(s) from falling out. Use with 15 or 40 series products **only**. 25 holders per package. Job ticket holders are sold separately (see page 11)

Stock #	Size	Application	Unit	Price/Pkg
SH-15403	7/8" x 3"	15/40 Series Only	25	30.00

Optional job ticket holder for use with Sign Holder Clip - see page 11

## Moveable "Shelf" *Label Holders*

### No Special Mounting Or Attaching Necessary.

The holders stay neatly in place even when items are moved over the top. Can be used on any type of shelf: wood, metal, glass, and others. Unique bottom-loading design makes label changes a breeze! Can be easily moved to other locations, as required, without marring the shelf. Made from "crystal clear" PVC with white label background. Paper inserts included.

# Slip 'N Stik Aisle Sign Kit

**Now Create Your Own Customized Warehouse Aisle Signs At A Fraction Of The Cost!**

Whether a warehouse, library or store room, sign posting starts in the aisle and there is no better system than our "Slip'N Stik™ Aisle Sign Kit. Our product snaps into pallet rack assembly holes - just snap out to relocate. For more permanent applications, a "self adhesive" option is available. Print signs in-house with included laser/ink jet compatible paper.

Change a designation for only the cost of the paper! This very clever clear plastic sign holder features a soft plastic hinge which allows the sign to flex when bumped with no breakage. It can hold anything up to .100" thick. Use two (2) holders for very large signs (over 11" x 17"). Ten (10) holders per package with twelve (12) laser/Ink Jet sheets included within each box. Kit enables you to make up to ten (10) 11" x 8½" signs (single or double-sided). Each complete kit includes instructions. Order by style - Specify color.

# Floor Label System

## Now A Better Solution For Labeling Floor Storage!

Aigner's second generation floor labeling kit incorporates most of the features of our original product, now with the option of printing 2" x 6" polyester labels on demand, in-house with a standard **thermal transfer printer**. Our new improved "oval shaped" .125" thick aluminum frame has no corners and this helps to prevent damage from fork lift trucks. The floor label kit also includes a clear Lexan® insert that fits into the frame and permanently protects the label. All these features at a much more affordable cost!
