Akro-Mils® Productivity Solutions

store, organize, transport & more!

Ready, Set, Organize . . . & Save!

Akro-Mils is all about storage, organization and transport solutions that increase material handling efficiency and reduce costs in virtually any industry. Our broad range of products are used to shorten assembly times, maintain accurate inventories, optimize storage space and improve parts protection – all in support of Lean practices and other initiatives to increase productivity and profitability in any setting, from industrial to commercial to retail.

Simplify Organization

Storage Bins – Replace the mess and expense of cardboard boxes with our wide selection of reusable bins. Simplify organization and maintain quality to improve efficiency in any operation.

Improve Handling Efficiency

Hand-Held Containers – Reusable containers deliver flexibility and savings. From Attached Lid to Straight Wall styles, our selection matches your needs in any industry – industrial, distribution, healthcare and more!

Maximize Space Usage

Bin Systems – Take back valuable floor space and improve storage efficiency with bin systems, including shelving, cabinets, racks, rails, carts and louvered panels.

Move With Efficiency

Transport Systems – We offer a broad selection of work centers, carts, platform trucks and dollies to complement any warehouse or workflow system. We can customize to fit your unique needs.

Clean & Safe Work Environments

Waste Handling Systems – Durable, cost-effective carts provide years of dependable service for industrial waste collection and handling systems.

Quality You Can Trust

Certified to
ISO 9001:2000

Manufactured under rigorous ISO 9001 standards, Akro-Mils products are quality tested to ensure they continuously meet your performance expectations. In doing so, they optimize productivity and, ultimately, customer satisfaction throughout the supply chain. Akro-Mils is proud of the quality and service awards from our customers, and we apply the recognition we receive to work toward continuous improvement.

Custom Products

You can order a variety of custom products, OEM solutions and unique merchandising systems – all from Akro-Mils!

Our unrivaled production resources, dependable quality and dedicated customer service support provide custom solutions to meet your exact needs. With five thermoplastic molding processes, extensive metal and

wood fabrication and quality powder-coating, Akro-Mils can match your custom project to the most effective process for optimal performance and cost-efficiency. From product concept to final product design, your project will be guided in an efficient process that incorporates quality at every stage.

AkroBins®

storage bins, racks & hanging systems

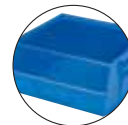

33" Wide AkroBin

Great Lengths to Organize More Efficiently

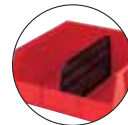

- 1 to 8 compartments, depending on divider placement
- Optional lid sold separately
- 2½" and 4" dividers available (comes with two 4" dividers)
- Fits on standard Akro-Mils rail, louvered and 36" shelf systems
- Reinforced sides for secure stacking

- Control inventories, shorten assembly times and minimize parts handling
- Heavy-duty bins securely stack atop each other, sit on shelving and hang from Akro-Mils racks, panels, rails and carts
- Molded of high-impact polypropylene, AkroBins are unaffected by weak acids and alkalis
- Products made of polypropylene block copolymer are autoclavable up to 250° F
- Sturdy, one-piece construction is water, rust and corrosion-proof
- Guaranteed not to crack or break under normal load conditions as stated in our 1-year limited warranty
- Available in 14 sizes and 7 colors: Red, Yellow, Blue, Stone, Green, Semi-Clear and Black

accessories

"See-through" Crystal Styrene Lids keep contents dust-free and protected

Lengthwise Dividers keep items separated in the bin

30320 Wide AkroBins: Dividers available in two sizes

30320 33" Wide AkroBin with Optional Lid

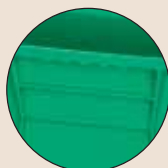

features

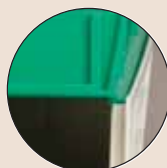

Anti-slide stop prevents stacked bins from shifting forward

Full-width hanger lip supports bin on hanging system

Reinforced side ribs add strength and prevent spreading when stacked

Extra-wide stacking ledge saves space and prevents spills

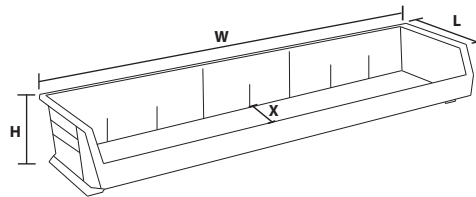

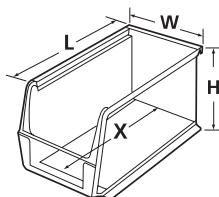

Large front label area for easy coding and scanning

Curved-bottom hopper front makes it easy to retrieve small parts

Dividers allow you to create customizable compartment sizes

ProHANGER™

storage bins, racks & hanging systems

- ProHANGERS can be placed side-by-side on walls, rail rack or panel systems to support extra-long parts, supplies or materials
- Unique “J-hook design” cradles various shapes and sizes of contents
- Available End Cap inserts keep items from sliding out
- One-piece construction; molded of high-impact plastic for durability
- Each ProHANGER is capable of supporting up to 75 lbs.

Easy Long Parts Storage Wherever You Need It!

- ProHANGER can be used alone or with a variety of Akro-Mils products, including a wide range of AkroBins®
- ProHANGER can even be mounted (using Louvered Hanging System) in service trucks for maintenance workers, plumbers, electricians, carpenters or other tradespeople

Shelf Bins

storage bins, racks & hanging systems

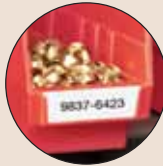

features

Wide hopper front allows easy access

Built-in rear hanglock allows bin to tilt out for complete access

Molded-in label area identifies contents

accessories

Dividers create additional storage compartments. Each Bin accepts up to 7 dividers (except 30110)

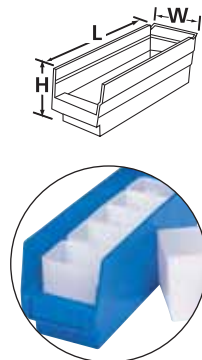

Extended Label Holders are designed for larger bar code scanning

Bin Cups lift out easily for parts retrieval (see chart)

- Shelf Bins outlast corrugated bins – paying for themselves in reduced replacement costs
- Superior construction allows Shelf Bins to be fully loaded without spreading or cracking
- Durable polypropylene bins provide an attractive, neat appearance
- Works with 12", 18" and 24" deep shelving or vertical storage and retrieval units
- One-piece construction is waterproof and unaffected by grease or oil
- Available in 13 sizes and 5 colors: Red, Yellow, Blue, Green and White

ShelfMax™

storage bins, racks & hanging systems

ShelfMax can be used with steel shelving, wire shelving, bench racks or pick racks

- Go deep! Expand your storage capacity up to 85% over traditional 4" bins
- Front opening is .75" higher than comparable products
- Superior, durable construction compared to corrugated bins
- Four sizes and five color options: Red, Blue, Yellow, Green and White
- Width dividers keep items neatly separated
- ShelfMax bins can be used alone, or with Akro-Mils' open or closed steel shelving, wire shelving, bench racks or pick racks
- Rolled ridge for added strength when filled to maximum capacity

Maximize Your Storage Capacity!

- Available in five colors with optional width dividers – ShelfMax offers you the versatility you need to make the most of your storage space and keep everything in its place!
- Easy to label for quick inventory identification

AkroDrawers™

storage bins, racks & hanging systems

- Available in five convenient sizes and five colors – including Crystal Clear – which keeps AkroDrawer contents highly visible!
- Colors made of high-impact polystyrene
- Crystal Clear made of durable acrylic blend
- Offered in 12" or 18" depths to work with compatible shelving
- Easy to label and color code inventory for quick identification of parts and supplies
- Drawers can be stacked to optimize space
- Wide front handle for easy gripping when AkroDrawers are loaded or contain heavy contents
- Dividers available to keep contents neatly separated in drawers
- Colors: Crystal Clear, Red, Blue, Yellow and Gray

AkroDrawers™

AkroDrawers

Cover, Store, Protect & More!

- Designed for use in a variety of environments – from industrial to healthcare to other applications, AkroDrawers will help keep supplies, parts, tools and other materials secure and dust-free.
- Can be used with available shelving, racks, mobile carts or can be used by themselves

features

Sturdy backstop tab ensures AkroDrawers can hang securely from shelves

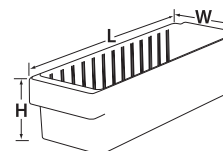

Features a wide front handle for easy gripping when full or filled with heavy contents

12" & 18" Enclosed Steel Shelving Systems

storage bins, racks & hanging systems

ASC1279AST

- Steel shelving will accommodate new 12" and 18" AkroDrawers
- Manufactured from high-grade, 22-gauge steel with powder-coated finish
- Can be ordered independently or purchased with AkroDrawers for a complete system
- Closed back and sides keep drawers contained to one side of shelves and further eliminate dust and debris
- Drawers can hang securely in place from shelves by sturdy backstop tab
- Easy to assemble using shelf clips
- Each shelving system can hold up to a maximum of 8,500 lbs.
 - 12" x 36" shelf holds 500 lbs.
 - 18" x 36" shelf holds 550 lbs.
- Color: Gray

Pick Racks

- Angled shelves keep parts and supplies at the front of AkroDrawers for easy access
- Improve workspace organization and efficiency
- 16-gauge steel construction
- Durable powder-coated finish
- Weight capacity: 400 lbs. Single-Sided; 500 lbs. Double-Sided
- Color: Gray

features

Corner ribs prevent jamming when nested

Rolled rim for added strength and durability

Dovetailed design securely locks dividers in, maintaining bin shape under heavy loads

Molded-in V-grooves on the VantageBin create non-slip surface on inside bottom

VantageBin™

Efficient Organization with Customizable Storage

Dividable VantageBin™

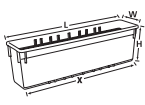

- Sturdy bin holds dovetailed dividers to customize compartments
- Fits on standard 24" deep or wide shelving and counters
- Bins nest when empty to conserve storage space
- 24" x 5½" x 7" bin is dividable in up to 10 sections
- Sturdy polypropylene construction
- Available in two colors: White and Gray
- Longer and taller than VantageBin
- 9 divider positions per bin

VantageBin™

- Molded-in V-groove bottom keeps items upright and prevents them from sliding without dividers
- Bins nest when empty to conserve storage space
- Durable, injection-molded polypropylene construction
- Quick, easy access and identification when organizing envelopes, bags, jewel cases, photographs and more
- Ideal for retail and material handling as well as home and office storage applications
- Available in three colors: White, Gray and Yellow

Nest & Stack Totes

heavy duty bins, totes, containers & small parts storage

- Extremely durable industrial-grade totes
- Ideal for shipping, transfer and storage applications
- NSTs stack with or without lids for storage and shipping, nest when empty
- Strong, high impact polypropylene will not rust, corrode or bend out of shape even when fully loaded
- Heavy-duty construction provides a longer service life resulting in lower replacement costs than other "budget-priced" totes
- Easy to clean, smooth surfaces are resistant to most solvents and chemicals
- NSTs are manufactured from FDA-sanctioned materials
- Optional lids protect contents from dust and damage
- Available in 9 sizes and 3 colors: Red, Blue and Gray

features

Smooth surfaces are easy to clean

Comfortable grip makes handling easy

Textured bottoms provide a no-slip grip on conveyor belts

Ribs under the lip will prevent jamming when nested

Dollies

- Plastic, steel and wood dollies available to transport containers. See pgs. 49-50

Attached Lid Containers

- Models 39160, 39175 and 39280 are available in gray only

Straight Wall Containers

heavy duty bins, totes, containers & small parts storage

- SWCs are reusable shipping, storage, and work-in-process containers
- Straight walls provide efficient internal and external space usage
- Solid-sided containers have smooth inner walls for easy, sanitary cleaning
- Mesh-sided containers allow hot or cold air ventilation
- Injection-molded from high-density polyethylene
- Available in 4 sizes and 3 styles
- Color: Gray

3 Styles Per Size:
Solid, mesh and combinations

features

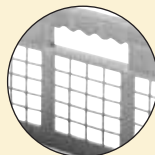

One-inch wall thickness for secure stacking

Strong, 1" wide, stacking rims and external ribbing provide added strength

Straight walls provide efficient cubing in trucks and on pallets

Open .72 x .90 mesh pattern allows high visibility and good airflow

Wire Shelving Systems

shelving systems & cabinets

- More than 30 system options for bin and shelf configurations!
- Six customizable shelf sizes available: 14" x 36", 18" x 36", 24" x 36", 18" x 48", 24" x 48" and 24" x 60"
- Wide variety of heights and styles: 63" upright with casters and 74" upright stand alone to fit all locations
- Open wire design minimizes dust collection and improves visibility for stored contents
- NSF approved
- Stationary units hold a maximum of 2,000 lbs. (910 kg)
- Mobile units with casters have a maximum load capacity of 900 lbs. (408 kg)

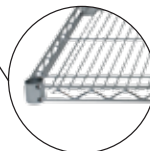

Make organization **Easy** and more **Efficient**

- Build complete work cell systems
- Constructed from steel with a chrome finish for durability and strength
- Works with a variety of Akro-Mils storage products to organize parts or products and increase workspace efficiency
- Streamlines workflow and order picking

Frames

Lightweight yet strong metal framework secures the shelving in place

Shelves

Adjustable to hold many Akro-Mils storage and organization products

Quick-Adjust Clips

Clips lock into the frame trunk, and unlock to adjust shelves

Leveling Bolts

Screws securely into uprights to level shelf system on uneven surfaces

Easy Set-up

Durable, versatile Wire Shelving allows quick, one-person set-up and installation

Create Easy, Durable Storage & Organization with Custom Wire Shelving Packages!

- Stationary units hold a maximum of 2,000 lbs. (910 kg)
- Mobile units with casters have a maximum load capacity of 900 lbs. (408 kg)
- Maximum weight capacity per shelf:
 - 48" or shorter = 800 lbs. (363 kg)
 - Longer than 48" = 600 lbs. (272 kg)

AkroBin® Wire Systems

Shorten Assembly Times

- Three sizes allow for a wide variety of Bin and Shelf configurations
- Durable AkroBins feature a curved-bottom hopper front, making it easy to retrieve small parts
- AkroBins, pgs. 4-6

System Bin Wire Systems

Speed Set-Up & Organization

- Available with 11 Shelves
- Holds 10 System Bins
- Quickly organize with System Bins: one-piece, six-bin units
- System Bins, pg. 24

Stak-N-Store Wire Systems

Maximize Space Utilization

- Available with 5 Shelves
- Configure for 6, 8, 9 or 12 Bins
- Bins feature a wide hopper front for easy access – ideal for bulky items
- Stak-N-Store Bins, pg. 28

Shelf Bin Wire Systems

Sort Parts to Improve Efficiency

- Available with 12 Shelves
- Configure for 36, 48, 60 or 96 Bins
- Strong, polypropylene Shelf Bins outlast corrugated bins
- Shelf Bins, pgs. 12-14

Akro-Grid Wire Systems

Improve Productivity

- Available with 7, 9 or 12 Shelves
- Configure for 24 or 36 Akro-Grids
- Versatile, work-in-process containers with optional dividers for compartments
- Akro-Grids, pg. 30

Nest & Stack Wire Systems

Simplify Workflow

- Available with 4 or 9 Shelves
- Configure for 12 or 36 Nest & Stack Totes
- Industrial-grade totes are ideal for transfer applications. Optional tote lids protect contents from dust. Label Holders allow quick content ID
- Nest & Stack Totes, pg. 29

Straight Wall Container Wire Systems

Optimize Floor Space

- Configured with 6 Shelves
- Holds 12 Straight Wall Containers
- Containers available with smooth, solid sides or an open mesh pattern for high visibility and airflow
- Straight Wall Containers, pg. 32

VantageBin™ Wire Systems

Boost Organization

- Available with 11 Shelves
- Configure for 40 or 42 VantageBins
- Sturdy, functional bin customizable with up to 10 compartments to fit unique sizes of products
- VantageBins, pg. 23

Akro-Tub Wire Systems

Improve Inventory Control

- Available with 4 or 7 Shelves
- Configure for 12 or 24 Akro-Tubs
- Akro-Tubs feature extra-thick walls for strength. Rolled rims form comfortable handles
- Akro-Tubs, pg. 33

24" Super-Size AkroBin® Wire Systems

Increase Storage Capacity

- Available with 3, 4 or 5 shelves that are 24" deep
- Combine with stackable 24" Super-Size AkroBins to optimize spacing between shelves
- Super-Size AkroBins, pgs. 26-27

ShelfMax™ Wire Systems

6" Bins Maximize Storage Capacity

- Available with 8 Shelves
- Configure for 64 or 40 Bins
- 4 Bin Sizes & 5 Colors
- ShelfMax Bins, pg. 13

accessories

Footplates

Steel tips on bottom of frames prevent movement of stationary units

Locking Casters

Highly maneuverable, locking wheels create mobile or stationary units

Non-Locking Casters

Highly maneuverable, non-locking wheels create mobile units

Color Coding

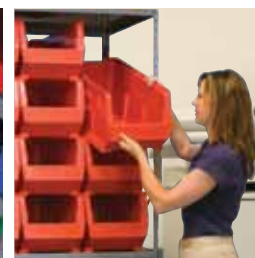

Visual reference made simple! Color code work areas with Wire Shelving Systems for quick identification of stored items

Steel Shelving Systems

shelving systems & cabinets

- More than 30 system options for bin and shelf configurations
- Manufactured from high-grade, 22-gauge steel with a powder-coated finish
- Can be ordered independently or purchased with bins as a complete system
- Shelving units are easy to assemble, using nuts and bolts only on the top and bottom shelves
- Other shelves are quickly assembled, and can be adjusted when necessary, using compression clips
- All units feature a “sanitary” base that keeps debris and small parts from underneath the shelving
- 1236 Enclosure or 1836 Enclosure can be purchased separately for use with any AS1279 or AS1879 open shelving unit

Per Shelf Weight Capacity:

- 12 x 36 = 500
- 18 x 36 = 550
- 18 x 42 = 355
- 24 x 36 = 550
- 30 x 36 = 600

Super-Size & Organize with Steel Shelving Systems!

- Accommodates new 24" and 30" Super-Size AkroBins
- Efficiently organize large, heavy items and improve workflow

features

Easy Shelf Adjustment: Quickly change shelf height with compression clips

Shelving Units have 355-600 lb. capacity per shelf when assembled and installed per instructions

Steel Shelving Systems

shelving systems & cabinets

24" Super-Size Steel Shelf Unit

Expand Storage Options

- Available with 3 or 4 shelves
- Complete packages available with the 24" Super-Size AkroBins to efficiently organize large items and improve workflow
- Stacking AkroBins on top of each other on each shelf saves valuable space
- Super-Size AkroBins, pgs. 26-27

30" Super-Size Steel Shelf Unit

Lengthen Storage Capability

- Available with 3 or 4 shelves
- Complete packages available with the 30" Super-Size AkroBins to efficiently organize large items and improve workflow
- Stacking AkroBins on top of each other on each shelf saves valuable space
- Super-Size AkroBins, pgs. 26-27

12" System Bin Shelf Unit

Free Up Floor Space

- Available with 11 shelves
- Includes (10) 30312 System Bins
- Quickly organize with System Bins: one-piece, six-bin unit
- System Bins, pg. 24

18" System Bin Shelf Unit

Increase Work In Process Efficiency

- Available with 11 shelves
- Includes (10) 30318 System Bins
- Quickly organize with System Bins: one-piece, six-bin unit
- System Bins, pg. 24

36" Wide Stak-N-Store Systems

Boost Organization

- Available with 6 shelves
- Configure for 15, 10 or 6 Stak-N-Store bins depending on bin size selected
- Wide, hopper-front Stak-N-Store bins are perfect to store large, heavy or bulky items
- Stak-N-Store bins, pg. 28

42" Wide Stak-N-Store Systems

Maximize Space Utilization

- Available with 6 shelves
- Comes complete with 12 Stak-N-Store bins
- Wide, hopper-front Stak-N-Store bins are perfect to store large, heavy, or bulky items
- Stak-N-Store bins, pg. 28

AkroBin Shelf Rack

Shorten Assembly Times

- Available with 4 Shelves and solid top for extra workspace
- Configured to hold (12) 30240 AkroBins and (6) 30250 AkroBins
- Durable AkroBins feature a curved-bottom hopper front, making it easy to retrieve small parts
- AkroBins, pgs. 4-6

12" Shelf Bin System

Sort Parts To Improve Efficiency

- Available with 13 shelves
- Holds up to (96) 18" deep Shelf Bins or (144) 12" deep Shelf Bins
- Strong, polypropylene Shelf Bins outlast corrugated bins
- Shelf Bins, pgs. 12-14

ShelfMax™ Shelf Unit

6" Bins Maximize Storage Capacity

- Available with 10 Shelves
- Configure for 50 or 80 Bins
- 4 Bin Sizes & 5 Colors
- ShelfMax Bins, pg. 13

ProCart™

mobile systems & work centers

- Hinged side gates on both shelves flip up or down to convert the ProCart to a flat-top or box-top cart
- A versatile work center for the assembly line, warehouse or wherever you need portable storage
- High-density polyethylene structural foam construction is dent-resistant, rust-proof and never needs painting
- 400 lb. (180 kg) maximum cart load. 200 lb. (90 kg) capacity per top and bottom shelf
- Assembly required
- Color: Gray

ProCart™

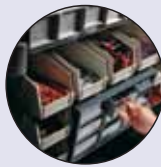

features

Deep, molded-in compartments keep items secured and within reach (Only large cart has mug holder.)

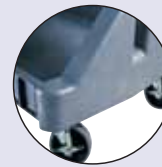

Comfortable, full-width handle gives complete handling control

Optional nine-rail system (sold separately) allows AkroBins® to hang

Toe-touch, locking swivel wheels

Smooth, rounded corners and edges

Durable, non-marking 5" wheels

I-beam post makes loading and unloading oversized boxes on the lower shelf easy

Small Cart
Model No. 30930

Large Cart
Model No. 30936
Shown with optional rail kit

AkroBins Ordering Information

To create a customized ProCart with AkroBins, use the chart below to determine the quantity of AkroBins that will fit your ProCart. Carts, rail kits and bins must be ordered separately. When ordering, please specify Red, Yellow, Blue, Stone, Green, Semi-Clear or Black bins.

Optional 9-Rail Hanging System Ordering Information

The 9-Rail Hanging System is required to hang AkroBins and modular cabinets on your ProCart. **For large cart rails, order Model No. 30906. For small cart rails, order Model No. 30900. Refer to pg. 34 for modular cabinets.**

VERSA/Deck

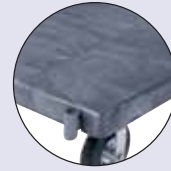

mobile systems & work centers

- Versatile, structural foam cart with multiple handle and caster options
- Sturdy, easy-to-clean deck resists most chemicals and damage from long-term weather exposure
- All decks are steel reinforced
- Designed with handles mounted outside of deck to maximize deck space
- Choose the deck size, caster type and handle style to create the exact configuration you need
- Decks are available in two sizes: 24" x 48" and 30" x 60"
- 1,000 lb. load capacity
- Deck color: Gray

*Casters & Wheels

Caster & Wheel choices allow you to resolve problems of noise control, floor protection, impact or abrasion resistance, or load capacity. See page 61 for more caster and wheel information.

How to Order

STEP 1 – pick a deck & casters*

Refer to charts above to select deck size and casters

Holes are drilled for
handle ordered

Deck sizes

- 24" x 48" (610mm x 1219mm)
- 30" x 60" (762mm x 1524mm)
- Color: Gray

*Casters & Wheels

Caster & Wheel choices allow you to resolve problems of noise control, floor protection, impact or abrasion resistance, or load capacity. See page 61 for more caster and wheel information.

STEP 2 – pick a handle & rails

Refer to charts above to select handle and rail configuration

Handle – Outside Deck

OpenStyle /
Swayback

Crossbar /
Swayback

Handle Rails – Index

Crossbar/Straight

Platform Trucks *Wood Deck*

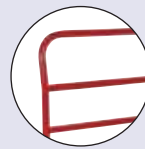

mobile systems & work centers

- Safely transport product, minimize lifting/carrying
- Heavy-duty platform trucks with kiln-dried, tongue and groove hardwood decks
- Caster options allow 1,180 to 3,000 lb. capacities
- Choose from multiple options in deck type, size, handles, casters, running gear patterns, bumpers and wheel locks
- Decks are 4/4 (7/8" thick)
- Shipped completely assembled and ready to use
- Casters are bolted on for easy replacement

features

Removable crossbar handle

Hardwood deck with tongue and groove construction

Bolt heads are countersunk and secured with lock nuts for a smooth working surface

Heavy-duty casters

How to Order in 7 Easy Steps!

step 1 pick a deck size

Deck sizes

- 24" x 48"
- 27" x 54"
- 30" x 60"
- 36" x 72"

step 2 pick a deck style (series 1 or 2)

Styles

Series 1 – All Wood

- Standard with removable lattice pipe handle at swivel end
- Two swivel, two rigid casters
- See caster options for capacity

Series 2 – Wood Deck with Steel Frame

- 2" x 2" x 1/4" welded steel angle frame keeps cart square (On 36" x 72" deck, 2" x 2" x 3/8")
- Heavy-duty steel frame for additional deck support
- Standard with removable lattice pipe handle at swivel end
- The wood deck is reinforced with longitudinal stiffeners for maximum capacity. (See caster options for capacity)
- Two swivel, two rigid casters

step 4 pick running gears

Rigid caster

Swivel caster

Four Swivel

Two Rigid
Two Swivel

Tilt

Tilt Quad

step 5 pick caster type & size

Polyolefin
5 x 2-6 x 2

Mold-On Rubber
5 x 2-6 x 2-8 x 2

Polyurethane
6 x 2-8 x 2

Pneumatic
8 x 3-10 x 3.5

Non-Marking Rubber
6 x 2-8 x 2

Steel
8 x 2

Casters & Wheels

Caster & Wheel choices allow you to resolve problems of noise control, floor protection, impact or abrasion resistance, or load capacity. See page 61 for more caster and wheel information.

step 3 pick superstructure (A-D)

Superstructure

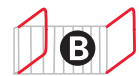

Open pipe handle

Crossbar handle

A

B

C

D

step 6 create your model number

Call your Akro-Mils distributor with your model number today to order

model #	step 1	step 2	step 3	step 4	step 5	step 6

Please specify colors when ordering.

Foot Tilt Pocket molded above axle for maximum leverage and utility

Material Definitions & Benefits

material definitions & benefits

Each resin has properties that make it ideal for a specific purpose. We manufacture our plastic products using the grade most suited to the product's end use. Listed below are the quality resins we use and their attributes. NOTE: The "Use Temperature Range" defined below is dependent, and may vary with the end user's application. Akro-Mils reserves the right to change product materials without notice.

Polystyrene (GPS) – General Purpose Styrene:

- Water Clear in Clarity
- Surface Finish – High Gloss
- Highly Rigid Material
- Low Resistance to Impact
- Chemical/Abrasion Resistance – Low
- Use Temperature Range -30° to 115° F

High-Density Polyethylene (HDPE):

- Opaque
- Surface Finish – High Gloss
- Moderately Rigid Material
- Highly Resistant to Impact
- Chemical Resistance – High Below 140°
- Abrasion Resistance – High
- Use Temperature Range -40° to 140° F

High-Impact Polystyrene (HIPS):

- Opaque
- Surface Finish – Satin
- Highly Rigid Material
- Highly Resistant to Impact
- Chemical Resistance – Low
- Abrasion Resistance – Low to Medium
- Use Temperature Range -30° to 180°

Polypropylene (PP) – Block Copolymer; High Impact:

- Opaque
- Surface Finish – Medium to High Gloss
- Moderately Rigid Material
- Highly Resistant to Impact
- Chemical Resistance – High Below 175° F
- Abrasion Resistance – Medium
- Use Temperature Range -20° to 150° F

Recycled Polypropylene (PP):

- Opaque
- Surface Finish – Medium to High Gloss
- Moderately Rigid Material
- Mildly Resistant to Impact
- Chemical Resistance – High Below 175° F
- Abrasion Resistance – Moderate
- Use Temperature Range -0° to 150° F

Acrylic Blend Material:

- Water Clear in Clarity
- Surface Finish – High Gloss
- Rigid Material
- Medium Resistance to Impact
- Chemical Resistance – Medium
- Abrasion Resistance – Medium
- Use Temperature Range -20° to 180° F

Acrylonitrile Butadiene Styrene (ABS):

- Opaque
- Surface Finish – High Gloss
- Highly Rigid Material
- Highly Resistant to Impact
- Chemical Resistance – Medium
- Abrasion Resistance – Medium
- Use Temperature Range -40° to 180° F

Polypropylene (PP) – Random Copolymer; Medium Impact:

- Relatively Clear
- Surface Finish – High Gloss
- Moderately Rigid Material
- Mildly Resistant to Impact
- Chemical Resistance – High Below 175°
- Abrasion Resistance – Moderate
- Use Temperature Range 0° to 150° F

ESD Materials:

- Highest Degree of Electrostatic Discharge Protection with Uniform Surface Resistivities in the Static Dissipative Range of 10⁶ to 10⁹ ohms/sq.
- Use Temperature Range -20° to 150° F

Structural Foam:

- Plastic and Nitrogen Gas Form a Cellular Core
- Withstands Heavy Loads and Abuse
- HDPE – Use Temperature Range -20° to 120° F
- HIPS – Use Temperature Range -20° to 160° F

FDA-Approved Materials:

- We use FDA materials for NSTs, Grid Boxes, Akro-Tubs, as well as Straight Wall Containers
- Other Products produced in FDA-compliant materials only available with Custom Orders

Linear Low Density Polyethylene (LLDPE):

- Highly Flexible
- Highly Resistant to Impact
- Chemical Resistance – Moderate
- Corrosion Resistance – High
- Use Temperature Range -55° to 170° F

Casters & Wheels

material definitions & benefits

A generous selection of caster and wheel options allows Platform Trucks, Hand Trucks, Dollies and Shelf Carts to be customized to fit hundreds of applications, surfaces and conditions. Caster and wheel choices allow you to resolve problems of noise control, floor protection, impact and abrasion resistance or load capacity.

Mold-On Rubber

Designed for medium to heavy loads, these wheels with cushioned rubber tread are quiet and provide good floor protection.

Pneumatic

Air-filled for excellent shock protection, floor protection and easy operation over rough surfaces.

Polyurethane

Chemically bonded to a metal core, polyurethane wheels are more durable than other materials, deliver excellent mobility, a cushioned ride and long life when subjected to heavy loads.

Phenolic

For demanding applications, a less expensive wheel that offers high strength, is non-marking, non-conductive and protects floors.

Polyolefin

A heavy-duty, lightweight, non-marking plastic wheel that resists most chemicals and oils, and has excellent impact resistance.

Steel

Wheels offer least rolling resistance. A good choice for warehouses and manufacturing operations and where noise or floor protection are not a concern.

Thermo-Plastic

Gray rubber wheel provides excellent floor protection and a cushioned ride while resisting chemicals, acids, oils and caustic substances.

Caster Composition				Floor Surface				Floor Coverings				Other Factors To Consider					
E = Excellent G = Good F = Fair NR = Not Recommended																	
Standard Caster/Wheels	Asphalt	Brick/Ceramic Tile	Carpet	Concrete	Linoleum – Non-Marking	Steel Grate/Dock Plate	Chemicals	Metal Shavings	Oil & Grease	Water & Steam	Floor Protection	Noise	Cushion Load	Impact Resistance	Capacity	Rolling Ease	
	Polyolefin	NR	NR	G	E	G	NR	G	F	G	E	G	F	NR	G	G	E
