Ideal Premium Stamp Ink

IDEAL stamp ink is formulated for clean, crisp, fast-drying impressions without bleeding or fading on most paper stocks.

Ink Colors:

12 - black / 01 - red / 05 - purple / 07 - blue / 10 - green

IDI6 (6 cc. btl.) \$3.25

IDI2 (2 oz. btl.) \$5.30

**Patented Re-Inking System**

Accurate re-inking is a snap with the IDEAL re-inking system. No messy hands or blotchy impressions. Just add ink into the ports on top of the ink cartridge. The ink flows through our patented re-inking system and evenly distributes itself throughout the ink pad. In just minutes, the stamp is working like new.

Industrial Stamp Products

Pre-inked Industrial Stamps

Mark almost anywhere. This Xstamper ink formulation is fast drying, permanent and water resistant. The uniquely designed caps are engineered to minimize ink from drying out, extending the functional life of the stamp. These stamps are ideal for marking any slick or hard to mark surface such as metal, glass, plastic, leather, gloss paper, etc. Drying time requires only 20-30 seconds.

Die-Plate Date Stamp

This heavy-duty 8-year date stamp is designed for repetitive impressions. It's constantly re-inked as it rests in its handy base. You can select any two available ink colors for your custom message and date.

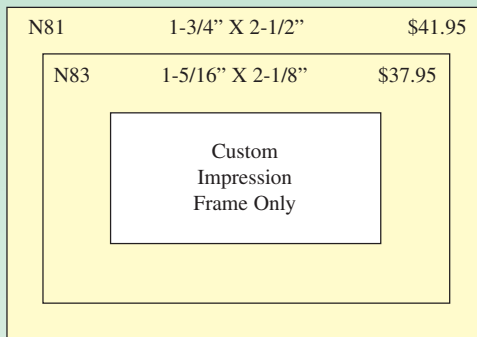

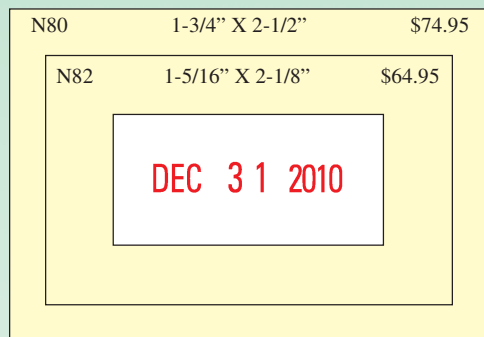

VersaDaters

Custom VersaDater

It's the only date stamp you'll ever need. On its own, VersaDater is a 8-year pre-inked line dater. The date is easily changed with a turn of the dial. Snap on a pre-inked **Impression Frame** and you create a whole new stamp - *without the new stamp price.*

Date available in red, black or blue - frames available in any one of the five ink colors.

DEC 31 2010
Large Type
DEC 31 2010
Small Type*

Stock VersaDater includes the 8-year Line Dater and one stock Impression Frame from the following three styles: PAID, RECEIVED or FAXED. Frame copy prints in blue; date prints in red.

Stock VersaDater - Frame Only

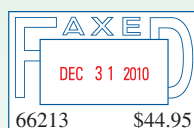

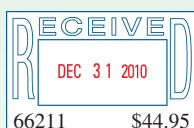

Actual Size: 1-5/16" x 2-1/8"

Prints in blue.

66410 PAID\$19.95

66411 RECEIVED\$19.95

66413 FAXED\$19.95

All Stock VersaDaters: 1-5/16" x 2-1/8"
(As shown above.)

Our VersaDater **without** the Impression Frame prints month, day and year. 8-year band also prints FAX'D, PAID or REC'D.

Large VersaDater Line Dater \$31.95
52111-Red / 52112-Black / 52113-Blue
Small VersaDater Line Dater* \$31.95
51111-Red / 51112-Black / 51113-Blue

* Small type model not compatible with Impression Frame.

To order Printer Stamps:

List the quantity, item number and color. Type or print line for line as copy is to appear. Your copy will be set to fill the mount you choose. Be sure to indicate capitalization preferences. Unmarked orders will be set-up centered in 12 point Helvetica upper and lower case.

Printer Ink Colors:

01 - red / 07 - blue / 12 - black /
10 - green / 05 - purple
(Black is used if color is not specified.)

Add to suggested list:

Logos \$2.00 each
Signature Stamps \$ 3.50 per sig.
Please use a black fine point felt pen on unlined white paper for best stamp imprint. Do not fax signatures.
Notary Stamps \$2.75
Requirements vary on notary specifications. Please submit a copy of your state requirements (not required for MN, IA, WI, SD, ND, CA, MO or KS).

Print-Rite Stamps

Prices are figured by the number of lines and the overall length of each stamp. Type that is larger than 1/4" counts as an extra line. For every 1/4" larger in point size another extra line is figured into the price. The space between the lines of type, 1/4" or more, is figured the same as lines of type. A curved line of copy counts as 2 lines. Large stamps may require a special mount at an additional cost.

Print-Rite Prices - including standard cushion handle or stick mount
Minimum billing - \$10.00

To order

Print-Rite Stamps:

Print or type the copy carefully, line for line, as you would like it to appear. **If there are any borders or lines please illustrate.** Give any special instructions, i.e. - **type style, type size, position of copy.** Stamps lacking complete ordering information will be produced to general industry standard.

Add to suggested list:

Borders count as one line.

Curved lettering count as 2 lines.

Logos - add \$2.00 each

Reduce or enlarge artwork - add \$2.00

Signature Stamps - add \$3.50

Please use a black fine point felt pen on unlined white paper for best stamp imprint. Do not fax signatures.

Notary Stamps - add \$2.75

Requirements vary on notary specifications. Please submit a copy of your state requirements (not required for MN, IA, WI, SD, ND, CA, MO or KS).

See page 22 for special inks

Numbering Machines

The Royall

The Royall Numbering Machine is designed for marking documents. Convenient plunger lock allows easy repositioning of number wheels. This unit has 6 wheels and allows seven movements that number consecutively or in duplicate, triplicate, quadruplicate, sextuplicate, twelve times or repeated indefinitely. Removable ink pad for reinking or replacement.

Model #6 \$70.25 **Replacement pad** \$9.00

The Bates

Heavy duty numbering machine with various actions.

Multiple Movement-Light weight unbreakable metal frame with consecutive, duplicate, triplicate and repeat actions.

Multiple Movement 6/W \$205.90

Multiple Movement 7/W \$279.65

Lever Movement-Furnished with lightweight, guaranteed, unbreakable metal frame. Lever behind handle is squeezed to advance action to next higher consecutive number.

Lever Movement 6/W \$279.65

Bates Numbering Machine Ink (1 oz.) \$9.95

100000

Special assemblies are available in the Reiner Brand machines - please call for pricing.

Rapidprint Electric Numberer

This machine has a 6 wheel automatic numbering section. The number section

advances consecutively each time a print is made. Also available with duplicate, triplicate or quadruplicate action (but not a combination of these.) Machines are available with additional wheels. Wheels in excess of six must be advanced manually. Guides available for special print location. Penetrates carbon forms nicely. Engraved dies are available for additional wording above or below number.

AD-E 499.80

AR-E 561.00

1 Line Die 65.00

Replacement Ribbon 11.50

Ready-to-Apply Vinyl Letters

These letters are sandwiched between a masking on the front side and a release liner on the back. To apply, remove the release liner and position as desired. Press the letters on from the middle out, then remove the masking. Vinyl letters are very durable for exterior usage. A variety of vinyl colors are available.

Digitally Printed Full-Color Logo Signs

Digital printing is the economical answer to full-color outdoor signs. Reproduce your corporate logo and information for multiple application possibilities; signs apply easily to brick, concrete, wood and aluminum structures.

Directional Signs

Large outdoor signs with basic directions/information are manufactured with die cut vinyl labels. The weather-resistant vinyl does not fade, crack or chip under normal weather conditions.

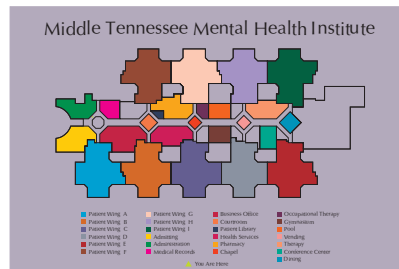

Graphic Interior Signage

The possibilities for your Custom Graphic Interior Signage are endless

Many Applications Available

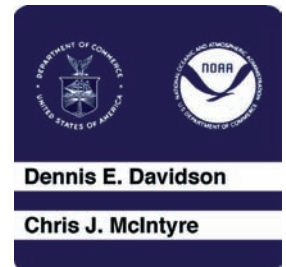

- Acrylic or Plastic
- Brass or Marble
- Aluminum or Stainless Steel
- Laser Cut Letters
- Vinyl Letters and Screening
- PMS Color Matches

Quality and service are a result of more than fifty years of effort to provide the very best results for our customers.

These concepts assure that the Designer, Building Owner, Manager and End User of our signs, directories and interior graphics are totally satisfied with our products.

Creativity combined with craftsmanship are the hallmark of our signs. The standard designs shown in this catalog are only the starting point. You can be as creative as you want to be or let our artist design it for you. Mail, fax or email us an idea and we will make it a reality in your building or office.

ADA Signage

Exclusive Features:

- One-piece construction
- Compliant domed Braille

Custom signs are our business and ADA is a great way to let Architects & Designers create a masterpiece. With our creative and specialty staff, we can produce that masterpiece with the best materials and workmanship.

ADA can be created from a photopolymer plate, relief lettered plate & photopolymer braille tab or subsurface silkscreened plate & photopolymer plate. There are other ways to create the masterpiece, these are just our primary ones. Stock ADA signage also available, contact Customer Service for additional information.

Our Injection Molded Plastic ADA signs are an optimum choice for a cost-effective ADA product. Available in a variety of designs, these durable signs are an easy and economical way to meet the demand for quick compliance.

Whether you choose an institutional design or a style that is unique, Photopolymer is a competitive solution.

Directory Signs

We take pride in manufacturing custom designed directories, which complement and enhance interior lobby areas.

Our three main directory signs are:

The 771 Designer Directory has top and bottom panels that are mounted to a common back plate. The panels are grooved to accept a clear lift-out face plate that covers magnetic directory strips.

The 771 Modular Directories utilize the same idea as the modular suite signs, however the back plate has directory strips magnetized to it with the cover spaced out from the strips.

772 Lockable Door Directories are usually the most economical and vandal resistant. They are all custom built with magnetic strips color coordinated to fit your needs. Frames are walnut finish wood, bronze or satin aluminum.

Replacement strips for your Directory Signs are available.

Please contact Customer Service for more information

Award Plaques

Our complete line of wooden awards includes both solid walnut and economical walnut-look plaques. With a wide variety of sizes and plate colors available, you can honor your award recipient in style. Prices are for one color on a base material.

Employee Recognition Plaques

These plaques have brass plates mounted on genuine solid walnut. Your award copy is permanently screened on beautiful brushed brass with space provided for personalized engraving. The combination of screening and engraving is impressive and economical.

Walnut Size	Plate Size	Single Plaques	Addl. Plaques
7" x 9"	5-1/2" x 7-1/2"	\$101.85	\$17.90 each
9" x 12"	7-1/2" x 10-1/2"	145.10	27.05 each
12" x 15"	10-1/2" x 15-1/2"	175.30	48.25 each

Consider giving "Employee of the Month" plaques.

Example of pricing on a 9" x 12": 1 @ \$145.10 + 11 @ \$27.05 = \$442.65 or just \$36.89 each!

Metalphoto® Plaques

A unique photographic process where black copy is embedded and permanently sealed in an anodized aluminum surface. Ideal for reproducing awards, photographs and degrees where intricate detail is required. This plaque is then applied to a genuine hand rubbed walnut mount.

Overall Size	Price
5" x 8"	\$83.50
8" x 10"	91.85
12" x 15"	122.35
15" x 18"	137.75

Laser Engraved Wood Plaques

Your copy and artwork is lasered directly onto a walnut or oak board.

Size	Price
7" x 9"	\$71.00
9" x 12"	112.80
12" x 15"	179.65

Donor Plaques

Walnut panel with printed brass header plate and individually mounted donor nameplates. Donor plaques are mounted with screws so the plaque can be updated as required.

Panel Size	Qty. of Plates	Price
9" x 12"	15	\$160.00
12" x 15"	18	185.00
16" x 20"	40	239.00

Etched Plaques

Etched plaques are made by permanently acid-etching graphic images into sheets of metal. The etching process permits exact reproduction of artwork for interior or exterior signage. Etched plaques are available in these metals: Aluminum, Bronze, Brass, Polished Brass and Stainless Steel.

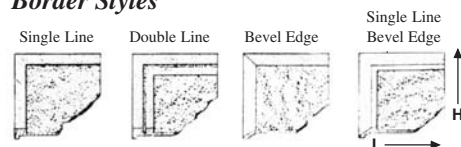

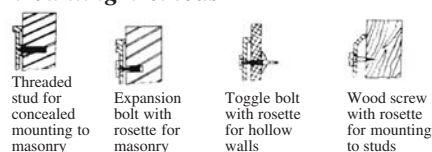

Etched Plaques come in two thicknesses with a satin or polished finish. Quantity pricing by the square inch applies. Amounts shown represent price per square inch, with a minimum order of \$190. Prices include either adhesive back or 4 holes for mounting. Aluminum is not recommended for outdoor use. Bronze and Brass do weather and develop a patina. Maximum size is 24" x 48".

Cast Bronze Plaques

**Border Styles****Mounting Methods**

Specify height, length, copy, border style and mounting method when ordering.

"The Eternal Metal"

Used for 5000 years, bronze is known as the "Metal of the Ages" for its beauty and endurance. To perpetuate a memory or achievement, think of bronze. For dedication plaques, religious and fraternal insignias, service and merit awards and building identification. Used by schools, hospitals, offices, banks, industrial plants, libraries, government offices and other buildings.

Individual Cast Metal Letters

Satin bronze or aluminum letters for an elegant entrance door, wall or building identification available. Catalog available upon request.

Printed Metal Nameplates

"Custom Stonewear Process"

Nameplates are made from specially prepared metal to which your copy is heat bonded in beautiful colors. A tough clear coating is baked on to fight corrosion from many solvents, chemicals or just plain weather. The nameplates may be supplied with holes or permanent adhesive.

Standard Material Finishes**Aluminum:**

.012 - .125 / brushed, bright

Brass:

.020 - .125 / brushed, polished

Stainless Steel:

.018 - .125 / 2B, brushed, bright

Bronze:

.032, .050, .125 / brushed

Other processes are available to meet commercial and military standards. These processes include **etched**, **photo embedded** and **embossed**. Please submit sample or blueprint for quotation.

* Plus .30 each if stamped impression is black-filled.

Identifying your equipment helps in inventory control; for marking office, factory and shop equipment and to protect against loss and theft.

Medallions & Coins

General Information on Coined Products

Coin Finishes

Anodizing: Aluminum can be anodized to colors such as gold, blue, red, green, etc. For this process, an additional production time is required.

Antiquing: When a truly beautiful hand finish is desired, we can emphasize the design by "antiquing" (oxidizing) the background to a darker shade and highlight the raised portions of the design. Golden bronze, nickel silver, copper and pure silver can be antiqued for outstanding appearance and increased durability.

Coin Thickness

14 Gauge material is about the thickness of a U.S. half dollar.

12 Gauge is approximately silver dollar thickness.

Heavier materials are available upon special request.

Call for pricing.

Gold and Silver also available.

Coin Materials

Aluminum: This material is comparatively soft. It is also very pleasing in appearance. It is the most economical of coining materials.

Golden Bronze: This material is copper alloy, golden in color and is by far the most popular of our coining materials. Not only beautiful and traditional in coining, it has the weight, ring and feel of a true coin or medal.

Nickel Silver: This material is hard and is similar in appearance to a nickel. Other coining materials available, including copper, silver and gold. *All materials can be antiqued.*
