Product Line

Bando's RPF, with molded notch design, gives extra flexibility to reduce heat build up and provide long belt life, especially on small pulleys.

Oil and heat resistant rubber impregnated fabric is extra flexible to reduce heat build up and prevent cracking.

Strong tensile cord is engineered and treated to carry high horsepower loads without stretching. Retains tension to reduce maintenance.

Tough fiber reinforce rubber protects and stabilizes tensile cord.

Molded notch design increases flexibility, so belt runs cooler and longer.

Bando's Rib Ace V-ribbed belt is precision engineered for long life under severe operating conditions. Used on standard V-ribbed pulley and serpentine drives.

Flexible, oil and heat resistant backing extends belt life.

Strong tensile cords carry high horsepower loads without stretching.

Ground rubber ribs are compounded from high strength synthetic rubber for wear resistance and long life.

Bando's timing belts are designed and built to provide the positive, no-slip drive requirements needed on demanding overhead cam applications.

Rubber backing resists abrasion, oil and heat.

Tensile cord is engineered and treated for maximum load carrying capabilities - won't stretch.

Precision molded teeth are protected by durable fabric facing for long life.

Disclaimer

We have made every effort to assure the accuracy of the data provided in this application guide. No responsibility can be assumed or accepted as a result of any error in this application guide. Its printed data and all references to part numbers, vehicle models, and manufacturers is being supplied for informational purposes only. The data is not intended to imply any affiliation with, or approval by, the vehicle manufacturers.

Warranty

BANDO USA, INC. warrants its products against defects in material and workmanship under normal use and service, for a period of one year after date of shipment. Bando's obligation under this warranty is limited to repairing or furnishing a similar product without charge. Bando shall have the option of requiring the return of the defective material, transportation prepaid, to establish the claim. All claims must be made in writing. No allowances will be made for repairs or alterations without Bando's written consent or approval. Bando shall not in any event be liable for any special or indirect or consequential damage. THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Notice

This application guide and the material herein is the sole property of BANDO USA, INC. Any copies, reproductions or other use of the material in this publication, without the written permission of BANDO USA, INC. is strictly prohibited.
