PHV-200-BL

Grip-iT™ Vent Mount

Provides a stable, secure mounting solution for your portable mobile electronics. The Grip-iT universal holder is designed for portable mobile electronics and easily connects to the louvers of your vehicle's air vent to provide a stable, secure, and easily accessible mounting solution for your portable device.

- Adjustable support legs
- No tools needed for installation
- Compatible with all horizontal air vent louvers
- Single T-Notch head
- Spring-loaded locking mechanism
- Allows for horizontal and landscape viewing

PHW-203-BL

Grip-iT™ Window Mount

Get the ultimate in flexibility and versatility for mounting your mobile device. The windshield mount's 360° rotating head adds even more adjustability to the Grip-iT's versatility, allowing easy mounting to any windshield while providing a secure base for most portable devices.

- Sturdy windshield mount
- Transfers to multiple vehicles
- Grip-iT adjustable arms expand up to 4.5" wide
- Does not block device controls

IPM-495-BL

Mi-T Grip™ Smartphone Dash & Window Mount

Mi-T Grip is the most innovative mounting solution for your smartphone or other portable device on the market today. The low-profile holder design firmly grips your device and won't interfere with your device's controls. Mi-T Grip also features Temporbond – our patented, breakthrough technology that allows you to mount it on any smooth or textured surface and view your device in portrait or landscape mode. Mi-T Grip's compact size makes for easy portability from car to car or when traveling.

- Unique grip with rotating head securely holds your device with or without a case
- Allows full access to all device controls
- Mounts to most hard or textured surfaces, including your windshield

BT15451

Mi-T Grip™ Vent Mount

The Mi-T Grip Vent Mount is an innovative, hands-free mounting solution for smartphones or other portable devices on the market today. The mount easily connects to the vent louvers and securely holds your device in portrait or landscape mode.

- Unique grip with rotating head securely holds your device with or without a case
- Easy, one-handed operation with full access to all device controls
- Compatible with horizontal and vertical air vent louvers

BT15431

Clip N Grip™ Dash Mount

The Clip N Grip Dash Mount features our unique, adjustable gripping mechanism to securely mount a wide range of smartphones and other portable devices hands-free. The mount features Temporbond – our patented, breakthrough technology that allows you to mount it on any smooth or textured surface and view your device in portrait or landscape mode.

- Unique grip with rotating head and adjustable gripping lever accommodates a wide range of smartphone and device sizes
- Easy, one-handed operation with full access to all device controls
- Mounts to most hard or textured surfaces, including your windshield

XTremeGrip™ Window Mount with Flex Neck

The XTremeGrip Window Mount is the ultimate windshield mounting solution on the market, featuring a 360° rotating head and universal design to fit most smartphones. The portable mount installs easily in any vehicle and features a 9" flexible gooseneck and our XTreme holder.

- Universal holder with smart grip feet provides full access to all controls and ports.
- Flexible neck design features 360° rotation for optimal mounting and viewing angles
- Durable, molded high impact plastic construction with soft touch finish

IPM-492-BL

XTremeGrip™ Dash & Window Mount

The ideal solution to quickly, easily and securely mount your smartphone and other mobile electronic products in your car. Our exclusive XTremeGrip universal holder securely mounts many of today's mobile electronic devices so you can use them hands-free while driving.

- Unique XTremeGrip mount with SmartGrip feet securely holds most smartphones and many portable devices while providing 360° viewing angles and full access to all controls and ports
- Durable, molded high impact plastic construction with soft touch finish
- Mounts easily to windshield or dash with included Dash Mount Pad

IPM-493-BL

XTremeGrip™ XL Dash Mount

The X-TremeGrip XL Dash Mount is an ideal hands-free solution to quickly, easily and securely mount a wide range of smartphones or portable mobile devices in your car. The mount features Temporbond – our patented, breakthrough technology that allows you to mount it on any smooth or textured surface and view your device in portrait or landscape mode.

- Universal holder with smart grip feet provides full access to all controls and ports
- Easy, one-handed operation with full access to all device controls

CMM-ECAD-PB

PHV-202-BL

Grip-iT™ Universal GPS Rotating Vent Mount

Provides a stable, secure dashboard mount for your portable GPS and other handheld devices. The GPS Grip-iT universal holder is designed for all popular GPS models and most portable mobile electronic devices. Connect to the louvers of your vehicle's air vent for easy access. The unique design allows the clamping arms to open up to 4.5" wide to accommodate most portable electronic devices.

- Compatible with Nextar®, Garmin®, Magellan®, TomTom® and other popular handheld GPS models
- Use with most iPods®/iPhones®, Smartphones, satellite radios, MP3 Players and other handheld devices
- Provides a secure mounting option with easy installation
- Mounts to the air vent louvers in your vehicle and keeps your device stable and secure
- Non-skid padding will not scratch devices

UFM-100-BL

Nav-Mat™ Universal Dash Mount

The most convenient mounting accessory for your portable GPS. The Nav-Mat combines the physics of weight distribution with a high-tech, anti-skid material to provide a solid mounting base for your window-mounted device. Nav-Mat contours to the top of your vehicle's dashboard and works on any uneven or textured surface. The weighted anti-skid base keeps your device from sliding.

- Easily view your GPS while driving
- Uses the windshield mount sold with popular GPS models
- Contours to your dash on uneven and textured surfaces
- Portable and easy to stow to keep out of view
- Holds devices up to one pound

UFM-464-BL

Nav-Mat™ 2 Universal Dash Mount

The most convenient mounting accessory for your portable GPS device on the market. The Nav-Mat 2 combines ultra-sleek design with dash mounting convenience, making interaction with your GPS easier than ever. The flexible, rubberized coating provide a stable, skid-free option that contours seamlessly to your dashboard.

- Easily view your GPS while driving
- Uses Bracketron TemporBond™ Technology
- Uses the windshield mount sold with popular GPS models
- Ultra-thin design with super grip base, leaves no residue
- Contours to your dash on uneven and textured surfaces

UFM-340-BL

Nav-Mat™ 3 Universal Dash Mount

The perfect solution to mount and view your GPS on your dashboard. The Nav-Mat 3 combines sleek design with dash mounting convenience, making interaction with your GPS easier than ever. The flexible, rubberized coating and skid-free, weighted base provide a stable mounting option that contours to your uneven or textured dashboard, or sits neatly in your built-in dash storage tray.

- Easily view and access your GPS while driving
- Contours to your dash on uneven and textured surfaces
- Small footprint fits perfectly in your dashboard tray insert
- Works with the windshield mount sold with popular GPS models
- Portable design makes it easy to stow or transfer between vehicles

UFM-444-BL

Nav-Mat™ 4 Universal Dash Mount

The perfect solution to mount and view your GPS on your dashboard. The Nav-Mat 4 combines sleek design with dash mounting convenience, making interaction with your device easier than ever. The flexible, rubberized coating and skid-free, weighted base provide a stable mounting option that contours to your uneven or textured dashboard.

- Easily view and access your smartphone or GPS while driving
- Contours to your dash on uneven and textured surfaces
- Works with the windshield mount sold with popular GPS models

Mi-T Grip™ GPS Dash & Window Mount

Mi-T Grip is the most innovative mounting solution for your GPS or other portable device on the market today. The low-profile holder design firmly grips your device and won't interfere with your device's controls. Mi-T Grip also features Temporbond – our patented, breakthrough technology that allows you to mount it on any smooth or textured surface and view your device in portrait or landscape mode. Mi-T Grip's compact size makes for easy portability from car to car or when traveling.

- Unique grip with rotating head securely holds your device with or without a case
- Allows full access to all device controls
- Mounts to most hard or textured surfaces, including your windshield

IPM-496-BL

Universal GPS Window Mount

Get the ultimate in flexibility and versatility for mounting your mobile device. The Universal GPS Window Mount is the ultimate windshield mounting solution on the market, featuring a 360° rotating head and universal design to fit most portable devices.

- Sturdy Windshield Mount
- Transfer to Multiple Vehicles
- Grip-iT Adjustable Arms

- Will not Block Device Controls

GWM-262-BL

Grip-iT™ Dash & Window Mount

The perfect dashboard mounting solution for your smartphone, GPS or other portable device. The Grip-iT Dash Mount mount features Temporbond – our patented, breakthrough technology that allows you to mount it on any smooth or textured surface and view your device hands-free in portrait or landscape mode. The mount's compact size makes for easy portability from car to car or when traveling.

- Universal Grip-iT holder provides full access to all device controls and ports
- 360° rotation with full access to all device controls
- Mounts to most hard or textured surfaces, including your windshield

IPM-494-BL

Nav-Pack™ Universal GPS Dash Mount

A handy carrying case and weighted dash mount all in one. The Nav-Pack combines the physics of weight distribution with a high-tech, anti-skid material to provide a solid, stable mounting base for your portable GPS or other electronic devices, including satellite radios. Nav-Pack contours to the top of your vehicle's dashboard and works on any uneven or textured surface — and the anti-skid base keeps your device from sliding.

- Made of durable ballistic nylon
- Padded case protects your GPS when not in use
- Weighted anti-skid base contours to your dash on uneven and textured surfaces
- Take with you or stow away for added security

UFM-222-BL

Universal GPS Pro-Mount Windshield Mount

The ideal solution to quickly, easily and securely mount your mobile GPS unit, iPhone®, iPod®, or satellite radio on your vehicle's windshield without blocking your view. This Pro-Series mounting kit with Grip-iT™ comes with all you need to mount your portable mobile electronics including most portable GPS units, mobile phones and media devices in a motor vehicle.

- Sets up in just seconds without tools
- Heavy duty, low vibration mount
- Height and angle adjustable
- Quick lock & release suction
- Adjustable Grip-iT cradle

GWM-702-BL

BT15141

Pro-Mount XL™

The ProMount XL, featuring our popular Grip-iT XL device holder, is a heavy-duty windshield mount that provides a stable, secure and easily accessible mounting solution for your portable devices. The portable mount installs easily on your windshield and features height and angle adjustability as well as 360° rotation for optimal viewing.

- Grip-iT-XL arms adjust horizontally from 3.25" – 8.9" wide
- Side arms adjust up or down to allow easy access to device button or controls
- Heavy-duty, low vibration mount fits devices over 7" in screen size
- Quick lock & release suction cup

BT15151

ORG-310-BX

ORG-525-BL

Twist360™ II

The Twist360™ II is a revolutionary new tablet/eReader mount capable of infinite viewing positions for a wide variety of applications. The versatile and portable design features the TwistGrip, a rotating handle and multipurpose stand, making it the perfect accessory at home, in the classroom, office, or when traveling. Adjust the TwistGrip and the Twist360™ instantly becomes a handheld or desk stand with endless viewing positions. Flip the TwistGrip completely over and it becomes a convenient handle for transport.

- Simple and comfortable to use, adjust the TwistGrip and you are ready to go
- Lightweight and portable, great for air or in-car travel (velcro car headrest strap included)
- Durable design protects the sides of your tablet/eReader while offering full access to all device controls
- Fits other tablets 6.6" x 8.1" wide & .375" thick

IP360L

iTilt™ Stand

The iTilt™ is the perfect desktop stand solution for your tablet. The ultra-slim iTilt™ holds your tablet in portrait or landscape modes and features eight convenient viewing angles. The nonslip feet and protective corners keep your tablet securely in place while you work. The iTilt™ folds flat for easy portability from room to room or when traveling.

- Universal design works with most tablets
- Case-friendly design works with most device cases
- Easy to use — simply choose a comfortable viewing angle and lock in place
- Compact and portable, great for travel

TMF-382-BX

Universal Tablet Floor Mount

The Universal Tablet Floor Mount offers convenient access to your iPad® or tablet when you are on the go. The sturdy, low-profile mount safely and securely mounts to the passenger side seat bolt and is perfect for hands-free navigational use while on the road.

- Universal design safely allows you to mount your iPad® or tablet for front seat navigational use
- Heavy-duty, low vibration mount safely and securely holds your device in portrait or landscape modes while allowing full access to all device buttons and controls
- Rigid construction with flexible arm for easy angle adjustments and precise positioning

LTM-MS-525

Universal Vehicle Laptop Mount

Designed for security, safety, and convenience, the Universal Vehicle Laptop Mount lets you convert your car into a mobile office so you can be even more productive when you are on the road. Heavy-duty construction combined with a sleek design makes using your notebook computer in your car or truck a snap. The mount is perfect for insurance adjusters, courier drivers, contractors, realtors or any other road warriors that need to use their computer while on the go.

- Safely and securely holds your computer.
- Quick release for easy computer removal.
- Easily installs in most every vehicle.
- Folds away when not in use.

LTM-212-BX

Big Rig Base Laptop Mount

Our Semi-Truck Laptop Mounting System converts your truck into a mobile office making you more productive while on the road. Make every second count when you are on the go. Designed for security, safety and convenience.

- Easy to install
- Safely secures the Semi-Truck Car Laptop Mounting System to the cab's floor to give you quick and easy access to your computer
- Installation instructions included

Adjustable C-Clamp for Laptop / Tablet

Adjustable C-Clamp allows you to take your laptop mount out of your vehicle and into the home or office to perform double duty. The unique two piece design fits together and offers four (4) different positions to accommodate various tabletop thicknesses. The large T-Knob screw makes for easy tightening and securing the clamp to the tabletop. The Clamp is designed to work with the Universal Vehicle Laptop Mount for mounting computer LCD monitors in an office environment.

- Allows easy mounting of an LCD monitor display
- Rubber padding won't scratch mounting surface
- Accommodates various table thicknesses
- Made of heavy-duty 16 gage steel

LTM-CC-105

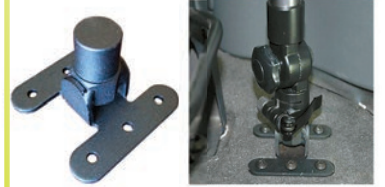

Universal Floor Mount

The Universal Floor Mount is the ideal solution for mounting your laptop mount when the underseat bolts are not accessible. Featuring the same easy-on/easy off design, the black powder-coated Universal Floor Mount can be mounted anywhere using the six (6) included sheet-metal screws.

- Strong sturdy base
- Allows mounting on vehicle floor
- Sheet metal screws included

LTM-FM-101

Universal Semi-Truck Mounting Base

The big rig mounting bolts underneath either the driver or passenger seat of your semi to easily mount your laptop mount. Works in most big rig trucks including Freightliner®, International®, Kenworth®, Mack®, Peterbilt® and Volvo® to give you quick and easy access to your computer.

- Big rig mounting base and vertical upright
- Safely secures the laptop mount to the semi floor
- Easy to install

LTM-TB-103

Telescoping Support Brace

Telescoping support brace provides added stability and support for our Universal Vehicle Laptop Mount when needed. The brace can be mounted several different ways, either to another seat bolt or to any hard stable surface using 3M® Dual Lock Fastener. More than one brace can be used with the Universal Vehicle Laptop Mount if desired. The brace utilizes an easy "twist lock mechanism" to lock the telescoping tubes in place after installation. The support brace is easy to install and is a great additional accessory.

- Provides extra support for In-Vehicle Mount
- Easy twist lock mechanism
- Telescoping tubes extend from 15" to 24"
- Mounts to adjacent seat bolt or any hard surface using 3M® dual lock fastener

LTM-SA-102

IPM-423-BX

Universal USB Power Dock Pro Flex

The ideal hands-free solution to quickly, easily and securely mount and power your smartphone or other mobile devices in your car. Our exclusive Universal USB PowerDock Pro Flex with 12V USB port allows you to securely mount and charge your smartphone while you are on the road.

- Universal holder with flexible neck design features 360° rotation and smart grip feet for optimal mounting and viewing angles while providing full access to all controls and ports
- PowerGrip arms securely hold the mount in your 12V port
- High output (5V. 1.5A) charge with provided USB to Micro USB charge cord
- Durable, molded high impact plastic construction with soft touch finish

IPM-197-BL

Universal USB Power Dock

The ideal solution to quickly, easily and securely mount and power your GPS, iPhone® or mobile electronic device. Our exclusive Grip-iT™ universal holder with USB powered auxiliary jack includes everything you need to securely mount many of today's mobile electronic devices while charging and using them at the same time!

- LED power on indicator
- Works with 12V electronics
- Adjustable 360° pedestal mount
- Powers and charges up to two(2) electronic devices
- Also includes standard 12V charging receptacle

UGC-102-BL

Dual Socket Power Adapter

The Dual Socket Power Adapter provides two power receptacles from a single outlet in your vehicle, allowing you to use two car chargers to power or charge multiple devices at one time. Simply plug the Power Adapter into your cars power outlet and connect the car chargers for your two devices. The Power LED light will turn on indicating that both devices are receiving power.

- Dual Sockets — charge two devices at once
- 12V/10A Power Capacity
- Power LED light
- Works with all 12V car chargers
- Device cables not included

UGC-475-BL

Twist & Charge USB Charger

The Twist & Charge USB Charger is the perfect solution to instantly add a USB charging port to any standard AC outlet. Featuring one surge-protected USB outlet, this compact surge protector lets you plug in and charge all your essential devices at home or on the go.

- Supports most mobile devices including smartphones and MP3 players
- Unit rotates up to 270° for convenient charging
- Uniquely designed so you don't lose an AC outlet

UGC-476-BL

2-in-1 Wall Power Charger

The 2-in-1 Wall Power Charger is the perfect solution to instantly add USB charging to any standard AC outlet. Featuring one surge-protected outlet and 1 Amp USB port, this charger lets you plug in and charge all your essential devices at home or on the go.

- Supports most mobile devices including smartphones and MP3 players
- Outlet surge protector to protect your device from voltage overloads
- Uniquely designed so you don't lose an AC outlet

High Power Dual USB Wall Charger

Fast-charging for multiple devices simultaneously, including tablets, eReader, smartphones, GPS and MP3 players. Use your device's USB cable to charge. The AC wall adapter provides 2.1 Amps on high output port and 1 Amp output on standard port, 5V 3.1 Amp total output. Low-profile design takes up just one AC outlet. Foldable AC plugs for easy storage and travel.

- Dual USB port charger, 2.1 Amp & 1 Amp outputs, provide full charging support for tablets, eReaders, smartphones, and other mobile devices
- Use your manufacturer's supplied USB cable to charge your brand of mobile device
- Compact, low-profile design takes up just one wall outlet
- Foldable AC plug for easy storage and travel

UGC-489-BL

USB Socket Charger

The USB Car Charger sits flush in your dash and charges your mobile device while you drive. The sleek design ensures that the charger fits neatly and safely in your dash. Works well for anyone that needs to charge their handheld device or GPS in the car.

- Fast charging, small and compact with red power indicator light
- Fits in to any 12V power port
- Charges virtually any USB-powered device

UGC-220-BL

High-Power USB Socket Charger

High-profile charger sits flush in your dash and charges your device at the fastest possible speed. The sleek design ensures that the charger fits neatly and safely in your dash. Works well for anyone that needs to charge their handheld device or GPS in the car.

- Fast charging, small and compact with red power indicator light
- Fits into any 12V power port
- High current output 2.1A
- Charges most USB-powered devices including iPad®, iPhone®/iPod® and GPS

UGC-257-BL

Dual USB Socket Charger

With the Dual USB charger, you can now charge or power two devices at the same time. The low-profile dual charger includes both high and low-current USB outputs, perfect for charging your tablet and handheld mobile device simultaneously while you're on the road.

- Fast charging for multiple devices, including iPad®, iPhone®/iPod®, MP3 and smartphone
- Low profile charger fits into any 12V port
- 2.1A and 1.0A USB ports
- Power LED light

UGC-298-BL

High Power Dual USB Car Charger

With the High Power Dual USB charger, you can now charge or power two devices at the same time. The sleek dual charger features dual high-current USB outputs, perfect for charging two mobile devices simultaneously while you are on the road.

- Fast charging for multiple devices, including tablet, eReader, smartphone and MP3
- Fits into any 12V port
- Dual 2.1A USB ports
