## How to Measure

For best results, measure over your undergarments.

#### Chest:

Measure just under arms and across shoulder blades holding the tape firm and level. If your chest falls between sizes, order the next size up.

#### Waist:

Measure around your natural waistline, keeping the tape comfortably loose.

#### Inseam:

Measure pants that fit you well. Lay them flat, with the front and back creased smooth. Measure along the inseam from crotch to bottom of leg hem. Or, if you don't have pants that fit comfortably, measure from your crotch to your desired pant length.

## FIELD-TESTING PROGRAM

## Quality assured though Carhartt's Field-Testing Program

A lot of manufacturers claim their clothes are rugged but few prove it like Carhartt.

We operate one of the most rigorous field testing programs in the business – sending our coats, jeans, overalls, shirts and more to working men and women across America.

Day after day, month after month, these workers put our clothes to the test as they haul freight, string high-voltage lines, fell timber, pour foundations, manufacture factory goods, till farmland, and toil in countless other jobs.

What does Carhartt ask in return? Nothing more than an honest opinion. Does our fabric hold up? Do the seams stay intact? Is there enough room in the shoulders or hips or waist? Do the zippers and buttons work? Are the pockets well positioned?

We use worker feedback to improve our current clothing as well as generate ideas for future styles - all to better serve your needs.

Field testing is an extra step to be sure, and one that many clothing manufacturers skimp on or skip altogether. Not Carhartt. It's a prime reason we've been making tough, durable and comfortable clothing ever since 1889.

## Core Styles: Maintaining higher inventory levels to meet higher demand.

Carhartt core styles are those that have proven their worth to our consumers and retail partners on a long-term basis. Perhaps our best example? Carhartt denim overalls. They've been in the line — and in demand — ever since the age of steam, steel and coal, when Hamilton Carhartt created his first workwear for railway workers back in 1889.

Given the strong consumer appeal for these and many other Carhartt core styles, we maintain higher-than-average inventory levels to help support prompt replenishment for our Carhartt retail partners.

## TERMS AND CONDITIONS

#### Standard Terms and Conditions Of Sale

These terms and conditions of sale (these "Terms and Conditions") apply to all products (the "Products") sold by Carhartt, Inc. ("Carhartt"), regardless of whether the Buyer purchases the Products through written purchase orders, orders conveyed via telephone or fax, electronic orders via Carhartt Direct or EDI or through any other means, except as otherwise specifically provided in a document signed by Carhartt. Carhartt's order forms, together with these Terms and Conditions and any other documents expressly incorporated into an order form, are referred to herein, and upon Buyer's acceptance (as signified by submitting an order), constitute the "Contract."

Without limiting the preceding, and not withstanding any terms or conditions on Buyer's order or other writing, Carhartt's contract is an offer to sell products subject to these terms and conditions of sale. Buyer can only accept this offer to sell by accepting, unconditionally, the express terms of the contract, including these terms and conditions, which replace and amend in their entirety any terms and conditions contained on or referred to in any purchase order or other writing of the Buyer. Carhartt objects and rejects any proposal for additional or different terms or any attempt by Buyer to vary in any degree any of the terms of the contract or these terms and conditions of sale, whether through issuing a purchase order or otherwise. In such case, no contract is formed, and Carhartt's offer to sell is withdrawn.

PRICE; TAXES. The Products covered by this Contract shall be sold and invoiced at Carhartt's prices and charges as agreed to in Carhartt's quotation, order form, order confirmation or otherwise agreed to in writing by Carhartt and Buyer, and these prices are subject to change without notice. Prices do not include sales, excise, use or other similar taxes, or customs duties or tariffs, now in effect or hereafter levied by reason of this Contract or the transactions contemplated under this Contract, all of which shall be paid by Buyer, unless Carhartt expressly agrees otherwise. Such taxes shall be assessed by Carhartt against Buyer at the time of invoice unless Carhartt has received a valid exemption certificate or other similar evidence of exemption from taxation in form satisfactory to Carhartt. Carhartt reserves the right to invoice such taxes at a later time if such exemption was or is asserted to be inapplicable or invalid, and Buyer agrees to indemnify and hold Carhartt harmless from and against any and all penalties, fines, or other liabilities associated with Buyer's failure to pay taxes, duties, or other levies as required hereunder.

#### **CREDIT APPROVAL**

- (a) All sales are subject, at all times, to Carhartt's credit approval of Buyer.
  - All Program Orders (Dating) and Future Orders must receive credit approval up to 60 days prior to selected ship date.
  - (ii) All At Once Orders must receive credit approval 30 days from acceptance of order.
- (b) If Carhartt does not receive the credit approval for the order within the time periods specified above, it reserves the right to cancel the order based on Buyer's inability to obtain credit approval or make payment arrangements within the defined period of time.

#### PAYMENT TERMS; NO SETOFF; DROP SHIP FEE

(a) Payment terms are net 30 days from date of invoice where order is shipped within continental U.S., and net 60 days from the date of invoice where order is shipped to Alaska, Hawaii or Canada. Other terms may be offered in special programs (contact your Account Representative for details). Buyer shall be liable for the price of all Products substantially conforming to the corresponding product codes in Carhartt's catalog, notwithstanding that Buyer may not have accepted, or may have revoked acceptance of same. Buyer shall not be entitled to deduct, counterclaim or set off against the purchase price or any other amount owing under this Contract any claim or alleged claim arising out of this Contract or any other transaction with Carhartt. Buyer shall not make any unauthorized invoice deductions.

(b) If payment is not received by the due date, a service charge may, at Carhartt's discretion, be added at the rate of 1½% per month (18% per year) or the maximum legal rate of interest, whichever is less, to unpaid invoices and other unpaid amounts from the due date thereof. If Carhartt retains a collection agency and/or attorney to collect overdue amounts, Buyer shall pay all collection costs, including attorneys' fees, upon Carhartt's demand.

**WEB ACCOUNT DROP-SHIPS.** A retail account that sells Carhartt products on its website and sends order information to Carhartt to be processed for fulfillment by drop-shipment is subject to the following rules. - All consumer returns will be shipped back to the retailer.
   The retailer will contact Carhartt for a return authorization.
- All retail web accounts will be charged a \$2.50 drop ship fee per order, regardless of the total order amount.
   Note: Orders must be placed via Carhartt Direct or EDI to secure the reduced fee. Phone and fax orders are \$7.50 per order.
