Commercial Catalog

February, 2012

**The finest quality commercial products
delivered faster than ever before.**

**New 5-Day Standard Shipment on
all catalog items!**

Chicago Faucets is committed to providing the highest quality commercial products and the customer support you need to complete your projects on-time and on-budget.

Products featured in this catalog will **ship within 5 days** of receipt of your order unless otherwise noted.

There are a few noted exceptions in the laboratory category.

CFNow! Shipping

Products designated **CFNow!** are available for shipment within **24 hours** of your order. If you need a product quickly, be sure to look for the **CFNow!** logo.

Prices listed in this catalog are effective February 1, 2012. Refer to chicagofaucets.com for terms, conditions, and updates to product pricing. Possession of this catalog does not constitute an offer to sell Chicago Faucets product.

Your single-source solution.

Chicago Faucets offers single-source solutions for water flow at each of your sink locations. From the stops to the aerator, you can count on Chicago Faucets to provide durable, high-performance products. We offer the broadest product selection in our industry, backed by the strongest warranties and unparalleled customer support. Our **CFNow!**[™] shipping program allows you to receive our most popular faucets right when you need them.

Be sure to visit us on the web at **www.chicagofaucets.com** for the most current product information and our new online Product Configurator.

Specified. Installed. Preferred.

Since 1901, Chicago Faucets has been the leader in commercial faucet quality and innovation. Today, you can find our products in *education, healthcare, retail, and similar facilities* all across the country. **The reason?** We take the hassle out of selecting the right plumbing fixture for your application. This frees you to focus on your central mission: providing a safe, clean, comfortable environment. Here are just a few of the areas where Chicago Faucets makes your job easier:

Conservation & Sustainability

Easily select and specify products designed to limit flow rate and operating time to help conserve water.

Flexibility & Expandability

When facility usage changes, there's no need to tear out and install new fixtures. Changing components like handles, spouts, and cartridges on your Chicago Faucets is a snap, saving time and reducing inventory for facility maintenance.

Cleanliness & Sanitation

Enhance sanitation and safety with hands-free electronic faucets and a wide selection of pedal-operated products.

Accessibility

Choose from a comprehensive offering of products that meet the requirements of the Americans with Disabilities Act.

American Made

Selecting products that meet the requirements of the Buy American Act can help support jobs across the USA. At Chicago Faucets, over 95% of our products meet these requirements.

Aesthetics

Reliable operation is a given. Chicago Faucets also give you a clean, classic design that complements the look of any facility.

Commercial & Institutional Buildings

Healthcare

Choose from sink faucets, lavatory faucets, shower valves, bed pan cleaners, and lab faucets to cover any healthcare project.

Education

From the cafeteria to the janitor's closet, Chicago Faucets provides products for every room in the school.

Office & Retail

Chicago Faucets offers metering faucets, flush valves, and a wide selection of sensor-operated electronic faucets.

Food Service

Chicago Faucets is your single-source solution with a wide selection of glass fillers, pot fillers, pre-rinse sprays, and faucets for food prep areas.

A Commitment To Conservation and Sustainability

At Chicago Faucets, we believe that sustainability is an opportunity to travel down new roads. Our goal is to be a role model for the industry in sustainability and conservation through ongoing environmental initiatives throughout our company.

Our commitment to sustainability is demonstrated in the quality of our products – they're built to last. Longer faucet life means fewer replacements, reduced use of raw materials to build new products, and fewer obsolete faucets in landfills.

Ongoing sustainability efforts at Chicago Faucets include the implementation of permanent mold casting that dramatically reduces landfill waste associated with traditional sand cast manufacturing. We utilize recycled brass in the casting of all of our faucet bodies and recycle all of our scrap brass, as well as corrugated packaging and other paper at our factories. The wastewater system designed for our finishing line was recognized by the City of Milwaukee for outstanding implementation and environmental effectiveness.

Chicago Faucets is a member of the U.S. Green Building Council and supports the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™, to measure the efficiency and sustainability of buildings in the U.S. and Canada.

We are proud to be a partner with WaterSense, sponsored by the EPA and designed to protect the future of our nation's water supply by promoting efficiency and enhancing the market for water efficient products, programs and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.

New Products For 2012

At Chicago Faucets, we are constantly developing new products and improving our existing product lines. Every product is engineered to the highest standards to meet our commitment to providing the finest commercial faucets and fittings. Here are some new additions to the Chicago Faucets product family. Be sure to visit our website to see new product additions throughout the year.

The 3500 Series Metering Faucets

We're bringing a whole new look to our line of water conserving metering faucets. The new 3500 Series offers adjustable cycle times, ECAST® construction, and external temperature control.

The 420 & 430 Series Single Control Faucets

We're building on the success of our durable and affordable 420 Series with a new kitchen faucet and a new lavatory model with pop-up drain assembly. Now, it's easier than ever before to bring Chicago Faucets commercial quality to everyday applications.

Commander™ Handheld Programming Unit

We put programming, maintaining and monitoring our electronic faucet line in the palm of your hand with our new Commander programming unit. Ruggedized housing, infrared communications, and touch screen technology for durable, hassle-free operation. Compatible with all HyTronic and E-Tronic faucets with our time-tested Commander software pre-loaded.

New Concealed Widespread Faucets

It's easier than ever to install the leading name in commercial faucets! Introducing our new concealed widespread faucets – redesigned to provide easier installation, extra durability, and even more flexibility.

**CHICAGO
FAUCETS**

a Geberit company

Featuring pre-assembled faucet bodies, our new concealed widespread faucets deliver the solid, durable construction you expect from Chicago Faucets, while dramatically reducing installation time. Plus, as with all of our faucets, interchangeable parts offer unparalleled versatility and product options.

- One piece preassembled body allows for quicker installation
- Fewer parts equals less complexity, dramatically reducing installation time
- No height adjustment of valve body required – adjusts to any mounting surface with flexible mounting options
- Meet virtually any application with third water and adjustable center configurations
- New restricted swing spout insert limits the travel of the spout to 70° or 120°, eliminating potential spills
- Achieve unsurpassed versatility with interchangeable spouts, handles, cartridges, and outlets

Concealed Widespread Faucets Cross Reference

Below is a list of discontinued faucets with recommended replacement models. If no replacement is listed, please visit the Chicago Faucets online faucet configurator at faucetconfigurator.com to create your nearest equivalent.

Reliable and Smart — HyTronic® and E-Tronic® 40

Our **HyTronic and E-Tronic 40** sensor operated lines continue to redefine electronic faucets. Extensive ongoing testing, including over 4 million faultless operations, proves their reliability, while water tight electronics, vandal proof features, and a long-life lithium battery help provide years of trouble-free operation. The twin-beam infrared system responds quickly, adjusts to changes, and minimizes false activations. In addition, above-deck components and remote diagnostic technology allow for easy installation and maintenance.

The new **SSPS Self-Sustaining Power System** brings enhanced energy efficiency to our line of high-performance electronic faucets by using water to create and store power. Offered in combination with any Chicago Faucets electronic product, SSPS provides years of worry-free faucet performance.

E
Above-deck design and pre-installed free spinning hoses for a 'plug-and-play' installation that is fast and straightforward. Chicago Faucets legendary modular design provides additional flexibility for easy product modifications.

Easy to adjust
Remote control technology puts you in charge. With our exclusive Commander™ software and handheld programming unit, you can switch modes, monitor battery level, and even troubleshoot with the touch of a button.

Ea:
Cor and above-deck, logically placed and easily accessible – while retaining water-tight, anti-vandalism features.

Putting water to work
The new SSPS Self-Sustaining Power System features an internal turbine and rechargeable storage device that constantly create and store energy generated by the flow of water. SSPS installs easily on our lavatory, gooseneck, deck mount, or wall mount electronic fittings.

ECAST®
All Electronic faucets and a variety of electronic accessories meet the requirements of new state laws regarding lead content.

ECAST® — Leading The Way To New Standards

New laws regarding lead content in plumbing products that deliver water for human consumption are taking effect in multiple states. Once again, Chicago Faucets is leading the way to respond to these new low lead initiatives with ECAST®.

ECAST, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted average. ECAST faucets are certified by an ANSI-approved, third party testing facility. These products are intended for installation in locations where state laws and local codes mandate lead content levels or where lead content is a concern. We control the entire manufacturing process including casting, ensuring that all laws are followed.

Chicago Faucets and the CALGreen Building Standards Code —

On January 1, 2011, the California Building Standards Commission implemented the nation's first mandatory state-wide green building code, intended to encourage more sustainable and environmentally friendly building practices. The Green Building Standards Code, or CALGreen:

- Impacts all new non-residential buildings
- Impacts all new residential buildings up to 3 stories, including motels, hotels, and apartments
- Requires an overall reduction of potable water consumption by at least 20%
- Applies to faucets, as well as water closets and multiple shower head installations

Once again, Chicago Faucets is leading the way to support this new and important initiative:

- We offer almost 200 products designed to meet the new CALGreen code
- Our CALGreen compliant faucets feature low flow rates from .35 GPM to 1.5 GPM
- These products are from our ECAST® line and meet the latest California laws regarding lead content

We are proud to continually take a leadership position on product quality, innovation, conservation, and safety. ECAST – combined with our water conservation and sustainability initiatives – will allow you to specify, install, and use the highest quality commercial grade products that meet or exceed the latest laws, codes, and environmental initiatives.

Sink Faucets

Chicago Faucets started making commercial faucets over 100 years ago. In a short period of time, we introduced fifty patented advancements to faucet technology. From the first self-closing faucet to the automatic bath drain, we helped to revolutionize the plumbing industry. However, our most important contribution to faucet design was the interchangeable faucet cartridge. The Quatum™ cartridge remains the standard for durability and performance and is at the heart of many of our faucets.

With Chicago Faucets, you can count on products that are made with an unwavering commitment to quality, backed by know-how and determination that is uniquely American. Our own foundry, manufacturing, assembly, and distribution facilities are located within a 350-mile radius of our corporate office. We can provide unparalleled control of product quality and an ability to effectively deliver products to any point in the United States.

Water Conservation

Chicago Faucets is dedicated to water conservation with a wide selection of low-flow outlets and metering products. Our line of metering faucets offers one of the most effective ways to improve water conservation in any facility. Our time-tested MVP™ cartridge allows you to easily adjust the run-time of the water flow for years of significant water savings.

Durable Construction

Chicago Faucets utilizes a permanent mold brass manufacturing process to deliver the industry's most complete line of commercial faucets that are backed by some of the strongest warranties. Our patented ultra-low lead Brass 1294™ is used in every one of our permanent casts, which are certified to NSF/ANSI 61, Section 9 by CSA.

Unparalleled Flexibility

With component interchangeability, Chicago Faucets can provide unsurpassed flexibility that enables our products to meet the requirements for any job. Chicago Faucets spouts, outlets, and handles are interchangeable, allowing for easy product updates and modifications.

Laboratory Equipment

Chicago Faucets offers a full assortment of laboratory faucets. From basic gooseneck faucets with vacuum breakers to our versatile combination fittings, every product is manufactured to your exact specifications and to our high standards.

Like the rest of our product line, the Chicago Faucets line of lab products features parts interchangeability. This feature not only provides unmatched flexibility for product configuration, it provides additional assurance that parts will always be available at a moment's notice.

SAM - Satin Antimicrobial Products

SAM is a new line of lab products with a durable satin finish. These products feature Sureshield® Silver Ion Technology that is encapsulated in a glass matrix to form a chemical-resistant, antimicrobial barrier.

Quality and Durability

Chicago Faucets lab products are designed and manufactured to the same stringent performance and quality standards of our other faucet products. The result is a line of extremely durable products for virtually any lab environment.

EX Standard Wall Mount Supply Shank Extension	RC 2 1/2" Offset Inlet Supply Arm with Integral Stop and Check Valve	WS With Shank Pasted (Loctite 565 paste) and Assembled to Fitting – Valves Shipped Loose
EX2 2" Wall Mount Supply Shank Extension	RGD Rigid Only Spout	WSL With Shank Loose
EX5 5" Wall Mount Supply Shank Extension	RH Right Hand	WSV With Shank and Valve Pasted (Loctite 565 paste) and Assembled Complete to Fitting
F Female Inlet	RS Restricted Swing Spout	WV White Vinyl Hose
FC Flow Control	S Riser, Hose and Spray Assembly only (919-S) or Spout Assembly (847S)	WX Straight Inlet Shank
G 3/8" Offset Inlet Supply Arm	S# Swing Spout Projection in Inches (S6)	WXA Angled Inlet Shank
GC 3/8" Offset Inlet Supply with Check Valve	SA Faucet Outlet Adapter	WXF Straight Inlet Shank with Flange
GN Gooseneck Spout	SFA Supply from Above	X Cartridge
H 2 1/2" Offset Inlet Arm Supply or High Flow	SFB Supply from Below	X Ceramic Cartridge
H# Spout Height in Inches (e.g., GN2BH8)	SLO Slow Closing	XT Quatern™ or Slow compression Cartridge
HA High Arc Spout	SS Short Inlet Shank	
HC 2 1/2" Offset Inlet Arm Supply with Check Valve	ST Steam Unit	
HR High Rise Spout	SWC Sweat Connection	
HZ Hose Connection for Adjustable Valve Centers	SWG Swing Spout Only	
HZCW Hose Connection for Adjustable Valve Centers – Cold Water Only	TF Triple Force™	
	TW Third Water Inlet for Use with a Pedal Box	

Finish Codes

BNF barrel nickel finish	NPF nickel plate finish
BAF brushed aluminum finish	RCF rough chrome finish
CP chrome plate	RBF rough brass finish
CEF clear epoxy finish	SAM satin antimicrobial
CTF tin plate inside, chrome outside	SPF silver plate finish
NF no finish	TPF tin plate finish

Glossary of Terms

AB 1953	California Assembly Bill 1953, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.
ADA	Americans with Disabilities Act, effective 1992. This act states that for faucets, handles must require no pinching or grasping, and must require less than 5 lbs. of force to operate. In addition, metering faucets must run for at least 10 seconds. Chicago Faucets offers over 150 products designed and manufactured to meet ADA requirements.
Aerator	A feature located at the end of a faucet designed to mix air and water and thereby enable a splash-free flow.
ANSI	American National Standards Institute. Gas valves are tested and certified to ANSI Z1.5A/CGA 9.1M.
ASME	American Society of Mechanical Engineers. All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings.
ASSE	American Society of Safety Engineers. Chicago Faucets pressure balancing and combination thermostatic and pressure balancing shower valves comply with ASSE 1016. Chicago Faucets vacuum breakers comply with ASSE 1001 and ASSE 1035.
Body	The basic housing that allows you to build your faucet for specific applications.
Buy American Act	In 1933, the Buy American Act was signed into law, requiring the U.S. government to prefer American made products in its purchases. To qualify, under the Act, the product must be assembled (Made) in the USA and more than 50% of the value must be derived from parts that are American made. Over 95% of our products meet these requirements. The compliant product list can be viewed at: http://www.chicagofaucet.com/pdf/CF1062.pdf
C-C	Center to Center. Refers to the distance between the center of valve bodies, or the reach of the spout from the center of the upright to the center of the outlet.
Ceramic Cartridge	A self-contained cartridge housing two ceramic discs. Full on or off with a 1/4 turn of the handle.
CHI FAU CO	An abbreviation for The Chicago Faucet Company – used on some parts.
Component	A part or sub-assembly within the part number of a fitting. This includes spouts, handles, aerators, inlets, outlet, arms and shanks.
Control-A-Flow®	A water conservation cartridge that can be adjusted to provide a flow rate of 1.2 to 2.0 GPM @ 50PSI.
CSA	CSA International. Most Chicago Faucets fittings are designed and manufactured to meet or exceed the applicable CSA standard.
Dashpot	A component that provides a slow or soft closure characteristic, for NAIAD cartridges.
ECAST®	Plumbing products certified as manufactured with less than one quarter of one percent (0.25%) total lead content by weighted average. A Chicago Faucets trademark.
Flow Control	A water conservation device installed in the spout base, restricting the flow of water.
Food Service	Products typically installed in institutional or restaurant kitchen areas.
GPM	Gallons Per Minute. The flow rate of the water.
Integral	A feature built into the faucet or fitting.
IPS	Iron Pipe Size. A specification for tapered pipe thread used in plumbing, synonymous with NPT.
Klo-Self™	A water conservation cartridge that closes upon release of the handle.
Laboratory	Products typically installed in K-12 schools, universities, or professional science laboratories.
Laminar Flow	A non-aerated flow of water.
LEED®	The Leadership in Energy and Environmental Design program systematically measures the performance of an entire building by awarding points in the areas of human and environmental health. Certified, Silver, Gold or Platinum certification is awarded, based on meeting certain prerequisites and benchmarks.
L/min	Liters Per Minute. The flow rate of water.
Marathon®	Single control kitchen and lavatory faucets. A Chicago Faucets trademark.
MeterMix®	A deck mounted lavatory metering faucet with temperature control. A Chicago Faucets trademark.
Monel®	A non-corrosive nickel-copper alloy. An International Nickel Co. trademark.
MVP®	An adjustable metering (self-closing) cartridge. A Chicago Faucets trademark.
NAIAD™	An adjustable metering (self-closing) cartridge. A Chicago Faucets trademark.
NPSM	National Straight Pipe Thread for Mechanical Joints. A typical pipe thread used on inlet shanks.
NPT	National Pipe Taper. A specification for tapered thread used in plumbing.
NSF	NSF International.
Oscillating Handle	A lever handle that operates by either pushing or pulling – typically used on urinal valves.
Outlet	An end point device typically installed on a spout that regulates water volume and changes flow patterns.
Potable Water	Water that is fit for consumption by humans and animals.
Pressure Balancing	Operational characteristic typically found in shower valves that maintains set water temperature when water pressure fluctuates, preventing scalding and thermal shock.
Pressure Balancing/Thermostatic	Operational characteristic typically found in shower valves that maintains set water temperature when water temperature or pressure fluctuates, a thermal actuator adjusts the hot and cold ratio to maintain the original temperature setting, preventing scalding and thermal shock.
Quatum™	A self-contained, repairable, compression cartridge that provides drip-free performance. Full on or off with a 1/4 turn of the handle. A Chicago Faucets trademark.
Safety Equipment	Safety showers, eye wash units and drench hoses typically installed in any building where hazardous conditions exist.
Slo-Compression	A self-contained, repairable cartridge that provides drip-free performance. Full on or off activation in 270° rotation of handle.
Softflo®	Name of a Chicago Faucets aerator. A Chicago Faucets trademark.
STEDI-FLO™	A water conservation fitting that restricts the waterflow at the inlet. A Chicago Faucets trademark.
Tailpiece	a) The connecting tube between a urinal/watercloset and the china. b) The connecting tube between a waste fitting and the trap. c) A fitting used to make a compression to pipe connection.
TempShield®	Name of a Chicago Faucets shower and tub/shower pressure balancing valve. A Chicago Faucets trademark.
Tip-Tap™	Name of a Chicago Faucets metering cartridge handle that tilts when pushed. A Chicago Faucets trademark.
Vacuum Breaker	Plumbing device that prevents back siphon of water into the water system.
Vandal Proof	Unique features designed to make the product resistant to tampering without the use of proper tools.
Bill S.152	Vermont Lead in Consumer Products Law, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.
Water Hammer	Destructive pressure wave, evident by noise, usually the result of air in the water line or high water pressure.
Wristblade	A 4" or 6" blade handle that allows opening and closing of a valve, using wrists or elbows – typically used in healthcare.

Compliance

Code/Standard Compliance

ASME A112.18.1M

All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings. Consult factory for details.

CSA B125.1

All Chicago Faucets plumbing supply fittings are designed and manufactured to meet or exceed the ASME A112.18.1 standard for plumbing fittings. Consult factory for details.

CALIFORNIA HEALTH AND SAFETY CODE 116875 (AB 1953-2006)

ECAST®, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted percentage.

NSF/ANSI 61, Section 9

Applies to all drinking water and lavatory faucets and states that leaching of lead into drinking water may not exceed 5 parts per billion at 1 liter dilution. Chicago Faucets has one of the largest listings of faucets certified to ANSI/NSF 61, Section 9 by CSA.

ADA/ANSI/ICC A117.1

Chicago Faucets offers over 150 products designed and manufactured to meet ADA requirements.

ANSI Z1.5A / CGA 9.1M

Gas valves are tested and certified to ANSI Z1.5A / CGA 9.1M.

ASSE 1016/ASSE 1001

Chicago Faucets pressure balancing and combination thermostatic and pressure balancing shower valves comply with ASSE 1016. Chicago Faucets vacuum breakers comply with ASSE 1001, ASSE1035 and CSA B64.1.1.

ISO 9001

Chicago Faucets meets ISO 9001 international standards based on the ability to establish and maintain a uniform quality management system to better meet the needs of our customers.

ISO 14001

Chicago Faucets takes a systematic approach in its environmental management system to verify hazard potentials, control them and thus prevent critical incidents, therefore meeting ISO 14001 standards.

Vermont Bill S.152

Vermont Lead in Consumer Products Law, effective January 1, 2010, regulates the lead content in plumbing products that deliver water for human consumption.

TO WHOM DOES THIS WARRANTY APPLY?

The Company extends the following limited warranty to the original user only.

WHAT DOES THIS WARRANTY COVER AND HOW LONG DOES IT LAST?

This warranty covers the following Commercial Products:

LIFETIME FAUCET WARRANTY

The "Faucet," defined as any metal cast, forged, stamped or formed portion of the Product, not including electronic or moving parts or other products separately covered by this Limited Warranty or water restricting components or other components, is warranted against material manufacturing defects for the life of the Product.

FIVE YEAR FAUCET WARRANTY

Certain Products and portions of the Product are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase. Products warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase are referred to by the product numbers 42X, 43X, 15XX and E-Tronic™ - 4X, 5X, 6X, 7X, 8X and 9X. All zinc die cast portions of Product are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

FIVE YEAR CARTRIDGE WARRANTY

The "Cartridge", defined as the metal portion of any Product typically referred to by the product numbers containing 1-099, 1-100, 1-310, 377X, 217X and 274X, excluding any rubber or plastic components, is warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase. All Cartridges included in the Company's Single Control or Shower Products also are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

ONE YEAR FINISH WARRANTY – COMMERCIAL

For Products used in commercial applications, the finish of the Product is warranted against material manufacturing defects for a period of one (1) year from the date of Product purchase.

ELECTRONIC FAUCETS AND METERING MECHANICALS WARRANTY

Electronic and metering faucets mechanicals are warranted against material manufacturing defects for a period of five (5) years from the date of Product purchase.

ELECTRONIC FAUCETS ELECTRONICS AND SOLENOID WARRANTY

Electronic faucets electronics and solenoid are warranted against material manufacturing defects for a period of three (3) years from the date of Product purchase. This warranty does not cover the life of the battery. The Company offers **NO WARRANTY** for Product batteries.

THIRTY DAY WARRANTY – PALM DEVICES

Palm devices are reconditioned and are warranted against material manufacturing defects for a period of thirty days from the date of device purchase. The Company offers **NO WARRANTY** for batteries, software (on a CD or from a website), damage the Palm device or software allegedly causes to any system, set-up instructions, adaptors or other equipment used with the device.

OTHER WARRANTIES

All other Products not covered above are warranted against material manufacturing defects for a period of one (1) year from the date of Product purchase.

Limited Warranty

WHAT THIS WARRANTY DOES NOT COVER

The Company will not be liable for any labor, transportation or consequential expenses not specifically stated above. There is **NO WARRANTY** in cases of damage in transit, negligence, abuse, abnormal usage, misuse, accidents, normal wear and tear, damage due to environmental or natural elements, failure to follow the Company's instructions, unauthorized repair, incorrectly performed maintenance or repair, improper installation or storage or use of acidic, abrasive cleaning materials. In order for this Warranty to apply, Buyer must retain and provide to the Company receipts showing date of Product purchase and documenting proper maintenance. Any oral or written description of the Products is for the sole purpose of identifying the Products and shall not be construed as an express warranty. **THE COMPANY SHALL NOT BE LIABLE TO BUYER, OR TO ANYONE CLAIMING UNDER BUYER, FOR ANY OTHER OBLIGATIONS OR LIABILITIES, INCLUDING, BUT NOT LIMITED TO, OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR WARRANTY, NEGLIGENCE OR OTHER TORT OR ANY THEORY OF STRICT LIABILITY, WITH RESPECT TO THE PRODUCTS OR THE COMPANY'S ACTS OR OMISSIONS OR OTHERWISE. THE COMPANY AND BUYER AGREE THAT THE EXPRESS WARRANTIES DESCRIBED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES. ALL OTHER EXPRESS WARRANTIES ARE DISCLAIMED. FOR COMMERCIAL PRODUCTS, ALL WARRANTIES IMPLIED BY LAW, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FOR CONSUMER PRODUCTS, WARRANTIES IMPLIED BY LAW, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY LIMITED TO THE PERIOD OF THE EXPRESS LIMITED WARRANTY STATED ABOVE FOR THE RELEVANT PRODUCT.** Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Any assistance the Company provides to or procures for Buyer outside the terms, limitations or exclusions of this warranty will not constitute a waiver of the terms, limitations or exclusions of this limited warranty, nor will such assistance extend or revive the warranty. The Company will not reimburse Buyer for any expenses incurred by Buyer in repairing, correcting or replacing any defective Products, except for expenses incurred with the Company's prior written permission.

HOW TO GET SERVICE

For complete warranty details, or to provide notice of a warranty claim or request warranty service, contact your Chicago Faucets Sales Representative or The Chicago Faucet Company, Customer Service, 2100 S. Clearwater Drive, Des Plaines, Illinois 60018 or 847-803-5000. As the Company's sole and exclusive obligation under this warranty (and Buyer's sole and exclusive remedy), upon prompt written notice of breach from Buyer during the warranty period, the Company will either replace or repair the defective Product or refund the wholesale purchase price, at its option, if an inspection by the Company discloses defects in material or workmanship covered by this warranty. These warranty provisions do not cover the battery shipped with the electronic products.

LIMITATION ON DAMAGES

IN NO EVENT SHALL THE COMPANY BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT OR SPECIAL DAMAGES. WITHOUT LIMITING THE FOREGOING, THE COMPANY SHALL NOT BE LIABLE FOR ANY DAMAGE A PALM DEVICE OR ANY SOFTWARE OR RELATED EQUIPMENT ALLEGEDLY CAUSES TO A SYSTEM OR OTHERWISE. THE COMPANY'S AGGREGATE LIABILITY WITH RESPECT TO A DEFECTIVE PRODUCT AND THIS CONTRACT SHALL BE LIMITED TO AN AMOUNT EQUAL TO THE MONIES PAID TO THE COMPANY FOR THAT DEFECTIVE PRODUCT.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

HOW DOES STATE LAW APPLY?

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Restrictions Apply.

Palm is trademarked by Palm Inc. and is not affiliated with The Chicago Faucet Company.

**CHICAGO
FAUCETS** 

a Geberit company

Chicago Faucets, a member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports, and sports facilities. Whatever your requirements may be, Chicago Faucets offers standard and made-to-order products that are designed to meet any commercial application.
