

# CONTICO

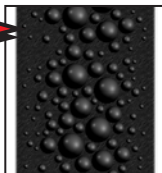

## CONSUMER PRODUCTS

For over thirty-five years, Contico has manufactured high quality consumer products for the hardware, housewares, sporting goods and automotive markets. These products are designed to satisfy many specific storage and organizational problems, while offering years of carefree service.

Made in the  
**USA**

**STRUCTURAL FOAM**  
Stronger than steel on a  
strength to weight ratio!!

High quality resin is used in our structural foam process. In this process, gas is injected into molten plastic, creating a foaming action that leads to disproportionately strong, stable, and lightweight products. These products are also impervious to chemicals, gas and oil.

## TOOL BOXES

### *Professional Grade Products!*

#### HEAVY-DUTY FLAT ROOF TUFF BOX®

Structural foam construction. These toolboxes will withstand years of abuse - they will outperform steel! Molded-in hasp for padlock and rust-resistant latches provide security. Soft-grip handles offer comfort. Removable trays organize small parts.

##### **Model 8200**

20" x 9.75" x 10.75"H

Recommended Maximum Load: 25 lbs.

##### **Model 8260**

26" x 10" x 11"H

Recommended Maximum Load: 30 lbs.

#8200

#8260

##### **Model NI8260**

(Top Lid Storage)

26" x 10" x 10.75"H

Recommended Maximum Load: 30 lbs.

Toolbox lid has molded-in compartments for small parts as well as a locating fixture for cutting materials.

#NI8260

#### HEAVY-DUTY HIP ROOF TUFF BOX®

Structural foam construction. These toolboxes will withstand years of abuse - will outperform steel! Hip roof design allows extra storage space in lid area. Molded-in hasp for padlock and rust-resistant latches provide security. Soft-grip handle offers comfort. A removable tray for organizing small parts.

##### **Model HR8200**

20" x 9.75" x 12.75"H

Recommended Maximum Load: 25 lbs.

##### **Model HR8260**

26" x 10" x 12.75"H

Recommended Maximum Load: 30 lbs.

#HR8260

## TOOL BOXES

### HIP ROOF TOOL BOX

Durable, injection molded plastic will withstand years of use. Metal hinge pins and latches are rust resistant. Molded-in hasp accepts a padlock. Removable tray is compartmentalized for small items.

#### Model R7190M

19" x 10.25" x 9.25"H

Recommended Maximum Load: 20 lbs.

## TOOL STORAGE

### PROFESSIONAL MOBILE WORK BOX

This 20.5 gallon capacity mobile organizer/transporter is constructed for long life. Professional grade wheels are extremely durable. Telescopic handle has a comfortable grip. Removable storage tray organizes small parts. Handle raises to 39.5".

#### Model PW1921

23.25" x 15.5" x 20"H

Recommended Maximum Load: 30 lbs.

### STEP STOOL

Includes removable inner tray. Cord holder attaches conveniently to the back of the unit. Reinforced, non-slip lid holds up to 300 lbs.

#### Model 9402

18.5" x 12.5" x 13.25"H

Recommended Maximum Load: 25 lbs.

### TOTE CADDY WITH DRAWER

Perfect for many household projects! Compartmentalized drawer keeps small parts organized and secure.

#### Model 1911

19" x 11.5" x 10.25"H

Recommended Maximum Load: 15 lbs.

### TOTE CADDY

Handy organizer for many household projects.

#### Model 6111

15.75" x 11" x 6.75"H

Recommended Maximum Load: 10 lbs.

## HEAVY-DUTY STORAGE

**Super Tough - Built to Last!**

### PRO TUFFBIN®

Structural foam construction. Steel hinge pins and molded-in locking hasps offer security - also available with keyed lock. Molded-in carrying handles allow ease of handling and transport. Heavy-duty lid stays keep lid open while in use.

- Great for tool storage - inside or out
- Ideally suited to function as a truck box
- Perfect for sport gear, camping and hunting

#### Model 3725NL

36.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 250 lbs.

#### Model 3725 (Lockable version)

36.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 250 lbs.

### PORTABLE PRO TUFFBIN®

This smaller version of the popular 3725 Pro TuffBin® is ideally suited for places where space is at a premium. This version also features tough structural foam construction, steel hinge pins, a molded-in locking hasp and carrying handles.

- Perfectly sized for use in SUVs, mini vans and trucks

#### Model 3514SGL

35" x 15.5" x 14"H / 20 Gallon Capacity  
Recommended Maximum Load: 75 lbs.

#### Model 3514 (Lockable version)

35" x 15.5" x 14"H / 20 Gallon Capacity  
Recommended Maximum Load: 75 lbs.

### WHEELED PRO TUFFBIN®

Heavy-duty structural foam construction makes this one of the toughest mobile bins in the marketplace! Steel hinge pins and lid stays will ensure years of superior performance. Locking hasp and carrying handles are molded-in. Wheels are 6" x 1.25" and feature steel hubs with ball bearings and rubber tread - these high-performance wheels will easily maneuver over rough surfaces.

- Ideal for contractors moving from job to job
- Weather-resistant design allows outdoor use

#### Model UK3725

37.75" x 22.75" x 20.25"H / 50 Gallon Capacity  
Recommended Maximum Load: 200 lbs.

**STRUCTURAL FOAM**  
Stronger than steel on a strength to weight ratio!!

High quality resin is used in our structural foam process. In this process, gas is injected into molten plastic, creating a foaming action that leads to disproportionately strong, stable, and lightweight products. These products are also impervious to chemicals, gas and oil.

## STORAGE LOCKERS ~ MULTI-USE

***Airline & UPS Approved!***

### STORAGE LOCKER

These durable lockers have a molded-in, lockable hasp and molded-in carrying handles. Stocked in Black (BK), Red (RD), Green Camo (GC), and Desert Camo (DC).

- Great for long or short term storage of a variety of items
- Designed to be water-resistant
- Feet on base fit into lid indentions, to help secure stacked units

#### Model NI1318 (Base version)

32" x 17.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

#### Model NI1320 (Wheeled version)

32" x 17.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

### DELUXE TRUNK LOCKER

Sturdy locker will stand up to years of use. Perfect for storing and transporting a variety of items. Oversized, molded-in side handles for comfort. Latches are plated to resist rust. Molded-in hasp accepts a padlock. Water-resistant design. Stocked in Black (BK) and Red (RD).

- Great for long or short term storage of a variety of items
- Designed to be water-resistant
- Feet on base fit into locating ribs on lid, to help secure stacked units
- Lids & bases ship unassembled, resulting in substantial cost savings

#### Model 2326

31.5" x 18.25" x 13.25"H / 23.5 Gallon Capacity  
Recommended Maximum Load: 50 lbs.

**OTHER COLORS  
AVAILABLE ~ MINIMUM  
QUANTITIES APPLY**

## GUN CASES

***Airline & UPS Approved!***

Locking Latch

Wheel

Soft-Grip Handle

Gasket

### CUSTOM DOUBLE-SCOPED RIFLE CASE

*Holds two shotguns or two rifles with scopes.*

**53" x 15" x 7.75"H / I.D. 51.75" x 12.75"**

Structural foam construction. The middle layer of our three-piece protective foam insert can be trimmed to customize the case, allowing guns to be held securely in place. Heavy-duty metal latches, one with a barrel-style lock, secure the case.

**Model 5215** (Base version)

**Model 5225** (Wheeled version)

Two fold-down, soft-grip handles and wheels make transport easy. This case features a full gasket and a pressure relief valve.

**Model 5235** (Tactical version)

This case features two latches with barrel-style locks and a spring-loaded, metal handle with padded grip.

#5225

### DELUXE DOUBLE-SCOPED RIFLE/SHOTGUN CASE

*Holds two shotguns or rifles - one with scope.*

**53" x 13" x 5.25"H / I.D. 52" x 11"**

Structural foam construction. Two layers of convoluted foam hold guns in place.

**Model 5214** (Base version)

This case also features plastic latches and a convenient fold-down handle.

**Model 5224**

Heavy-duty metal latches and a barrel style lock secure this case, and a fold-down, soft-grip handle makes it easy to carry. This case features a full gasket and a pressure relief valve.

#5224

### UTILITY DOUBLE & SINGLE-SCOPED RIFLE/SHOTGUN CASES

*Two layers of convoluted foam hold guns in place.*

Structural foam construction.

**Model 5213 (Double-Scoped)**

**52" x 13" x 4"H**

Holds two shotguns or two scoped rifles.

**Model 5211 (Single-Scoped)**

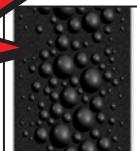

**52" x 11" x 4"H**

Holds a scoped rifle and shotgun, two shotguns or two rifles without scopes.

#5213

**STRUCTURAL FOAM**  
Stronger than steel on a  
strength to weight ratio!!

High quality resin is used in our structural foam process. In this process, gas is injected into molten plastic, creating a foaming action that leads to disproportionately strong, stable, and lightweight products. These products are also impervious to chemicals, gas and oil.
