

The Classic Range

Tried and tested for over 20 years in the electrical industry.

- Modular toggle design.
- Stocked by all major wholesalers nation-wide.
- Manufactured with nickel alloy contacts as a standard.
- All switches and sockets carry the SABS mark and comply with NRCS Requirements.
- Replacing existing switches and sockets with the classic range will complete any make-over, renovation of any domestic, commercial or retail installation.
- Cover plates available in thermoplastic material for use in coastal environments.

GEORGIAN

1944/001 + 2080/710

2080/1

2180/1

A man in a light yellow polo shirt and khaki pants is sitting on a beige sofa, reading a newspaper. He is barefoot. To his left, four Diamond control panels are stacked vertically. Each panel has a black face with various buttons and a small display. The background is a large window with a view of green trees. The Diamond logo is at the top left.
