## ***When Quality Matters...***

Professionals Choose Dahle

### **Professional Cutters**

Whether you are trimming a single sheet of paper or a stack of 700, Dahle paper cutters will give you the results you desire. Dahle's precision graduated blades give you the ability shave the tiniest sliver from your paper. Results of this caliber are made possible from over 80 years of cutting and sharpening experience.

### **Novus Staplers**

Since 1949, the Novus name has been synonymous with quality and innovation. We offer a complete range of staplers that exceed even the most serious demands for performance. Engineered and developed in Germany, Novus staplers are factory tested before release to ensure complete customer satisfaction.

### **Professional Shredders**

Dahle continues to forge the future of document shredding. The DAHLE CleanTEC® shredders feature innovative design, safety, and special features never seen before. Features like Fine Dust Filtration, Safe Technology, and Electronic Sensing Protection (ESP) continue to keep us one step ahead of the competition.

## Rolling Trimmers

Dahle rolling trimmers are designed for safety and accuracy. They feature a ground, self-sharpening rotary

blade that cuts in either direction. It's this sharpening action that helps the trimmer maintain a perfectly honed

edge, and produce a clean, burr-free cut. An automatic clamp and carefully screened guides ensure accuracy.

**Personal**

## Large Format Rolling Trimmers

Perfect for larger applications, these heavy duty trimmers include a sturdy metal stand and paper catch. This compact stand provides the perfect

height for trimming. These trimmers also feature a ground self sharpening cutting blade that cuts

in either direction. Premium Series trimmers will cut mat board.

Series	Item	Cut Length	Capacity	Optional Stand	List Price

## Guillotines

Dahle Guillotines offer innovative safety features that include either a hand guard or a rotary safety shield for protection. Pro and Premium

models feature a ground, self-sharpening blade that produces a clean, burr free cut. An easily adjustable

backstop saves time and ensures accuracy during repetitive cutting.

## German Engineered

 Dahle products are carefully engineered in Germany using

the strictest standards for quality and safety. Each cutting edge is either CNC milled, or precision ground to provide the cleanest cut possible. Our alignment guide is carefully squared by hand, to ensure the accuracy our customers have come to expect from Dahle. To guarantee a pleasurable user experience, innovative safety features are integrated into each design. From automatic rotary guards, to acrylic safety shields, each product is developed with your personal protection in mind.

## Stack Cutters

Dahle Stack Cutters are manually operated, but make easy cutting of up to 700 sheets of paper at a time.

Safety shields can be found on either side of the cutting blade and will not allow the blade to move while they

are in the up position. A ground steel blade ensures a clean cut. Premium Series includes a laser guide.

## Experience

On April 1, 1930, Wilhelm Dahle began producing steel blades for pencil sharpeners in Coburg, Germany. For over 80 years we have refined our products to represent the very best available. Developing features such as our Automatic Cutting System - available only on Dahle's Rotary Sharpeners. Whether you need a fine tip or a blunt edged point, Dahle's Automatic Cutting System pulls the pencil in, sharpens to the desired setting, then spins freely to prevent over sharpening. This not only gives you a perfect edge, but also prevents pencil waste.

## Scissors & Shears

Dahle scissors and shears are designed to accommodate the needs and comfort of both personal and

professional users. Our handles are form fitting to gently fit around your fingers and reduce fatigue during

use. With a wide range of sizes and cutting capabilities they are guaranteed to produce a clean, straight cut.

## Vantage® Cutting Mats

Protecting your cutting surface is the function of a cutting mat, but there's a lot more to Dahle's Vantage®

Self-Healing Mats. These mats are self-healing and constructed using 5 layers of PVC plastics. It's this

specialized formation of plastic that allows cuts to just disappear— which greatly prolongs the life of the mat.

Item	Size	Color	List Price

## Executive Staplers

The compact Novus B4 and the larger B5 feature a steel driven stapling mechanism that provides superior

performance, strength and durability. The dual guide system ensures the legs of each staple has even pressure

until it clinches your documents. Executive Staplers produce a standard clinch, temporary pin, or tack.

## Flat Clinch Staplers

Novus Flat Clinch Staplers not only clinch your documents together, but also press the staple legs flat for up

to 30% more filing space. Both sizes feature a steel driven stapling mechanism that provides superior perfor-

mance, strength and durability. These staplers are capable of producing a flat clinch, temporary pin, or tack.

## Innovation

Since 1949, the Novus name has been synonymous with quality and innovation. Whether we're developing new technologies, or improving our existing products, we continue to lead the industry in design, performance, and reliability.

Our exclusive B8FC features Power-on- Demand (POD) technology which allows you to staple 50 sheets of paper from across the desk, using 70% less effort. For commercial applications, Novus Heavy Duty Staplers can staple up to 210 sheets and accommodate a variety of staple lengths.

## Shredder Selection

There are many things to consider when purchasing a shredder and all the variables can seem overwhelming. After all, the privacy of your confidential information is at stake, so it's important to make the right selection. With sheet capacities, motor sizes and waste volumes to consider, don't forget the following considerations:

- *How much and how often you plan to shred*
- *The number of people who will use the shredder*
- *The level of security required*
- *The safety and convenience of DAHLE CleanTEC® with fine dust filter*
- *Anticipated company growth*

Shredding confidential information is a necessity and Dahle's document shredders are the proven benchmark for safe and effective data destruction. Our commitment to providing a safe, reliable solution for your document security needs, spans generations of loyal customers.

### Dahle Quality

Dahle shredders are manufactured in Germany by Novus Dahle GmbH & Co. using the latest technology and finest materials. Each component is manufactured and assembled from over 80 years of experience. Dahle shredders use solid cutting cylinders milled from German Solingen steel and are guaranteed to last a lifetime. Rubber shock mounts, chain driven cylinders, and a thermally protected motor, produce a quality shredder and peace of mind knowing your machine will provide many years of trouble free operation.

### Eco-friendly

From production to operation, Dahle takes environmental conservation very seriously. This is why Dahle shredders operate using our intuitive SmartPower Energy Management System. This multi-stage system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down to a 0% energy draw after 30 minutes of inactivity. This makes Dahle the most energy efficient shredders on the market. The benefits of Dahle SmartPower will appeal to those interested in conserving energy as well as reducing electrical costs.

*(Excludes "20 Series" Shredders)*

### DAHLE CleanTEC® - For a healthier Workplace

For those interested in upgrading their shredder, we've developed the DAHLE CleanTEC® - The World's Most Advanced Shredder. The DAHLE CleanTEC® is an operator's dream. Not only is it the World's only shredder with an integrated dust filtration system, it also includes special features such as Safe Technology, ESP Protection, and an automatic EvenFlow Lubricator. These intelligent machines make shredding easy, and provide a safe breathing environment for the entire office.

Fine dust, or indoor air pollution, is created by everyday mechanical devices such as printers, copiers, and even document shredders. Each time paper is shred, tiny dust particles are produced and travel through the air. The smaller the particles are, the more harmful they can be to your health. As a solution, these shredders feature a dust filtration system that collects the fine dust around the cutting cylinders, and forces them into a specialized 3 ply filter on the back of each machine. This environmentally friendly filter permanently traps up to 98% of the fine dust, and provides a cleaner, healthier work environment.

**DAHLE CleanTEC® Filtration:** Provides improved air quality and promotes a healthy work environment by eliminating up to 98% of emitted fine dust.

**Safe Technology:** Verbal and Contact Emergency Shutdown System - Simply yell "Stop" or hit the top cover and the shredder immediately stops.

**Electronic Sensing Protection(ESP):** The shredder "Knows" how much you're shredding and will not operate if sheet capacity is exceeded.

**EvenFlow Lubricator:** Provides slow, continuous lubrication across the entire cutting mechanism and ensures peak shredder performance.

20453	17"	65 / 85	P-3	1/8" x 3 1/8"	50 gal	42 f/m	67 dB	●	●					Available	63 ¾" x 28 ¾" x 29 ¾"	717 lbs	\$14,500

Sheet capacity will vary depending on paper size, weight, quality, and sufficient power.

## Shredder Supplies

**CleanTEC® Filter**   
Improves Air Quality  
3 Ply Recyclable Material  
Easily Replaceable

**Shredder Oil**  
Reduces Friction  
Maintains Performance  
Increases Shredder Lifespan

**Shred Bags**  
For Easy Disposal of Shreds  
Durable 1.5 Mil Plastic  
Gusseted Sides Expand

Item	Stock #	Description	List Price
CleanTEC® Filter	20710	For all DAHLE CleanTEC® Shredders	\$89
Shredder Oil	20740	6 - 12 oz. bottles	\$60
	20741	4 - 1 gal. bottles	\$175
Shred Bags	701	For 401xx shredders (100/box)	\$50
	704	For 4x2xx shredders (100/box)	\$95
	705	For 208xx, 4x3xx & 4x4xx shredders (100/box)	\$115
	706	For 4x5xx, 4x6xx, & High Capacity shredders (100/box)	\$125
Automatic Oiler	120 / 220	4 liter capacity (For 20xxx Series Shredders)	\$1,000

# The Dahle Advantage

Proven Data Destruction for the Highest Level of Security

## DAHLE Shredders

### Standard Features

- ① **All Steel Frame:** Keeps the cutting cylinders in perfect alignment for optimal performance.
- ② **Solid Cutting Head:** A solid block of German Steel is milled to create each cutting cylinder.
- ③ **Door Open Interlock:** Prevents the shredder from operating with the door open. This safety feature is found on all models.
- ④ **Thermally Protected Motor:** Prevents the motor from overheating during extended use.
- ⑤ **Rubber Shock Mounts:** Provides a barrier between the cutting head and cabinet to isolate noise and reduce vibration.
- ⑥ **Shred Bag:** Features gusseted sides to expand to the shredders maximum internal capacity.
- ⑦ **Wooden Cabinet w/Swivel Casters:** Attractive cabinet blends in with any decor and the swivel casters allow for easy movability.
- ⑧ **SmartPower Energy Management:** Reduces power consumption when idle, and eliminates power use after 30 minutes of inactivity.
- ⑨ **Chain Driven:** Provides slip-free power to the cutting mechanism for maximum throughput.

*\*Some components not available on certain models.*

## DAHLE CleanTEC®

### Special Features

- ⑩ **Dust Filtration:** Eliminates up to 98% of the shredders fine dust particles and provides a cleaner, healthier work environment.
- ⑪ **Safe Technology:** Verbal and Contact Emergency Shutdown-Simply yell "Stop" or hit the top cover and the shredder immediately stops.
- ⑫ **ESP Protection:** The shredder "knows" how much you're shredding and will not operate if sheet capacity is exceeded.
- ⑬ **EvenFlow Lubricator:** This automatic oiler provides slow, continuous lubrication across the entire cutting mechanism.

### Limited Lifetime Warranty

Dahle guarantees its shredders to be free from manufacturing defects (materials / workmanship) for a period of 2 years. Dahle offers a lifetime guarantee on the cutting cylinders (1 year on Security Level P6 and P7 models).

This warranty does not cover damage caused by improper oiling, paper jams, misuse, abuse, improper line voltage, or unauthorized repair. This warranty applies to the original purchaser only and is not transferable. There are no other warranties expressed or implied beyond the face of this agreement. For service or more information on this warranty, contact a Dahle Account Representative at (800) 995-1379.
