

2012 | 2013 KITCHEN + BATH CATALOG

A close-up, artistic photograph of a woman in a shower. Water is spraying over her face and hands. She has her eyes closed and a serene expression. Her hands are cupped together, holding water. The background is dark and out of focus.

WHO SAYS THE EVERYDAY CAN'T BE  
e x t r a o r d i n a r y ?

*WHY CAN'T EFFICIENCY COEXIST WITH*

*experience?*

At Delta®, we find preserving the user experience to be just as important as preserving our planet's precious resources. That's why our innovations in the kitchen and bath make it easy and convenient to conserve water with the touch of a finger. And we offer showers that use less water, but feel like more. It's all part of our commitment to creating solutions that are both sustainable and enjoyable.

A WaterSense® partner since the program's inception, Delta Faucet Company is proud to be the EPA's 2011 WaterSense Manufacturer Partner of the Year. We're happy to share in the EPA's mission to give people simple and easy ways to conserve water.

Currently, over 80% of Delta's bath suites feature showerheads and handshowers that meet WaterSense

requirements, using 20–40% less water than the industry standard.\* Our WaterSense labeled lavatories use 32% less\* water—and all perform as well or better than their less-efficient counterparts.

Delta products also offer sustainability in the form of long-lasting durability—thanks to smart solutions like DIAMOND™ Seal Technology—as well as contributing to LEED® certification.

\*Based on flow rate for showerheads and handshowers of 1.5 gpm or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm; and flow rate for lavatory faucets of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

WaterSense is a registered mark of the U.S. Environmental Protection Agency.

## Smart features are easy to find.

From DIAMOND™ Seal Technology to water-efficient products, these simple icons make it easy to identify a product's features at-a-glance throughout the catalog.

= DIAMOND Seal Technology

= EZ Anchor™

= MagnaTite® Docking

= Water-Efficient Product

Kitchen Faucets: flow rate of 1.5 gpm or 1.8 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm and meet CALGreen standards.

Lavatory Faucets: flow rate of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm and meet CALGreen standards.

Showerheads and Handshowers: flow rate of 1.5 or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm and meet CALGreen standards.

= WaterSense® Labeled Product

= Compliant with State and Federal drinking water legislation.

Delta® faucets are available in a full spectrum of finishes that add warmth, texture, depth, and color to your kitchen and bath.

# *WHY CAN'T A KITCHEN BE AN* inspiration?

To us, cooking is more about creating. Taking ingredients and turning them into a dish worthy of a five-star restaurant—or a family of five. And to help you create something wonderful every time, our innovative faucets make prep work, cooking, and cleaning easier than ever. Not to mention more stylish.

EXPERIENCE INNOVATION IN THE KITCHEN.

**DIAMOND™ Seal Technology.**

Our patented DIAMOND Seal Technology combines a ceramic disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to last 10 times longer than the industry standard.\*

**Leak-Free.**

The threat of leaks is all but eliminated thanks to the exclusive one-piece InnoFlex PEX supply lines, DIAMOND™ Valve and no dynamic seals.

**Longer Lasting.**

Engineered to last up to five million uses.

**Lead-Free.**

Once inside the faucet, water does not come in contact with potential metal contaminants.

**Less Hassle.**

Includes a minimum of 32 inches of InnoFlex PEX waterways, which saves the cost of additional supply lines.

\* Industry standard based on ASME A112.18.1 of 500,000 cycles.

A smarter way to prep,  
cook and clean.

**Multi-Flow™ Technology.**

With a simple touch of the toggle, you can switch between stream and spray to instantly increase the flow of water for different tasks. The Multi-Flow wand stays engaged with just one click while supplying a water-efficient 1.5 gpm.

**MagnaTite® Docking.**

This attractive feature keeps the pull-down spray wand firmly in place when not in use. Thanks to the powerful integrated magnet.

**Touch2O® Technology.**

Sometimes your hands can use a hand. That's why Delta® developed Touch2O Technology for the kitchen. Simply touch anywhere on the spout or handle to start or stop the flow of water. When your hands are messy, you can use your forearm or wrist to keep your faucet clean and to help avoid cross-contamination.

## A BROAD KITCHEN SELECTION.

A faucet is one of the most defining elements of your kitchen. It's also one of the most essential. And you can count on Delta® to deliver faucets that answer every kitchen need. With a range from traditional to transitional to contemporary, no style is overlooked. And with innovations like Touch2O® Technology, convenience is only the touch of a finger away.

*WHY CAN'T A HOME ALSO BE A*

retreat?

Chances are, you have a reason to be in your bathroom every day. But with Delta,<sup>®</sup> you can also have a reason to look forward to it. Like faucets that reflect the style of your home—or that of somewhere far, far away from home. And technology that makes it easy to operate the faucet—even when you don't have a spare hand. It's convenience and style you may have never experienced within your bath, and you may never want to live without it again.

EXPERIENCE INNOVATION IN THE BATH.

**DIAMOND™ Seal Technology.**

Delta's patented DIAMOND Seal Technology combines a disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to last up to five million uses.

Make getting ready more convenient.  
And more enjoyable.

**MultiChoice® Universal.**

When installing a shower, start with the MultiChoice Universal rough. It gives you the ultimate in flexibility because it works with all types of shower valves—whether you choose a shower that just controls the temperature or one that allows you to control temperature and water volume separately. When choosing a shower rough, the choice is obvious.

**H<sub>2</sub>Okinetic™ Technology.**

Why settle for an ordinary shower, when you can have an extraordinary experience? Using proprietary technology, the larger droplets formed in an H<sub>2</sub>Okinetic shower move in a unique wave pattern, helping them retain their heat better and creating a warmer shower experience that feels like more water, without using more water.

**Touch<sub>2</sub>O® and Touch<sub>2</sub>O<sub>xt</sub>™ Technology.**

Touch it on. Touch it off. Or go completely hands-free. The choice is yours. Touch<sub>2</sub>O Technology brings the convenience of touch to the bathroom. And Touch<sub>2</sub>O<sub>xt</sub> Technology gives you a little something extra with the added convenience of touch-free—which helps keep your faucet clean and reduce water consumption.

## BATH CHOICES TO SUIT YOUR STYLE.

If you're of the mind that the bathroom should be one of the most stylish rooms in the house, then you've come to the right place. And with Delta®, you'll never be short on choices that reflect your personal style—whether you're creating a traditional, comforting space, or a cool, contemporary oasis.

# *WHY SHOULD YOU HAVE TO GO FAR TO* Escape?

The first rush of water that hits your shoulders. The warm steam that seeps into every pore. There's nothing like a good shower. That's why we've improved upon our already stunning showers to give more drenching coverage, more water efficiency, and more style. It's the difference between getting clean and getting taken away. And it's the difference that sets Delta® showers apart.

EXPERIENCE INNOVATION IN THE SHOWER.

#### **H<sub>2</sub>Okinetic™ Technology.**

Many of our showers are equipped with H<sub>2</sub>Okinetic Technology, which provides a luxurious experience like no other. A unique wave pattern combined with larger water droplets that retain their heat longer create the feeling of more water, without using more water.

#### **H<sub>2</sub>Okinetic Body Sprays.**

Looking for even more water in the shower? Consider adding H<sub>2</sub>Okinetic body sprays. The ergonomically engineered spray heads shape each droplet for maximum coverage while retaining heat longer.

Feel the difference smart solutions make.

#### **Jetted Showers.**

Upgrade your shower experience with a Delta® Jetted Shower™ XO® System. Integrated shower jets open up new design options, plus you can add a handshower, additional body jets or a second showerhead for an even more customized, luxurious shower. Shower jets are available for nearly every 14, 17 or 17T Series shower.

#### **ActivTouch® Handshower.**

Imagine eight spray settings in one incredible handshower. That's exactly what you get with ActivTouch. The ergonomic handle and buttons provide the ultimate in convenience and functionality. From a full body spray to a concentrated massage spray (and everything in between), it adds a custom touch to any shower.

#### **In2ition®—Two-in-One Shower.**

When the In2ition Shower is in its primary position, it functions like a regular showerhead. When you need to rinse from a close range, simply remove the handshower. It's two showers in one beautifully convenient package.

[deltafaucet.com/smartshowers](http://deltafaucet.com/smartshowers)

## CHOOSE YOUR PERFECT SHOWER.

Whether you prefer to stand under a rainfall of warm water or be surrounded by perfectly positioned sprays, you're sure to find the right shower experience with Delta.® With virtually endless configurations of showerheads, handshowers, body jets and sprays, the only thing missing from your dream shower is you.

## MULTICHOICE® UNIVERSAL

A single rough with three function options and multiple style choices, MultiChoice Universal provides virtually unlimited design flexibility. Plus, it makes it easy to upgrade your shower without altering the plumbing behind the wall.

### Trim Options

### Single-Function Pressure-Balanced

- Single control for temperature only.
- Balances the pressure of both the hot and cold water\* to achieve consistent temperature ( $\pm 3.6^\circ$ ).
- Offered for all Monitor® 13 and Monitor 14 Series Delta® brand tub/showers.

WATER. YOUR WAY.

One shower experience does not fit all. That's why in addition to shower styles, we provide plenty of water spray patterns to suit different needs. So you always get the exact shower experience you're looking for.

Showerhead and handshower spray patterns.

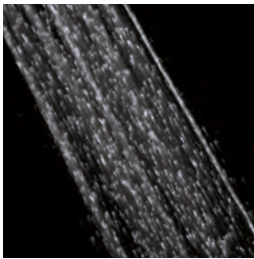

Adjustable Full Body Spray (AF)

Adjust the water flow for a harder or softer spray.

AF

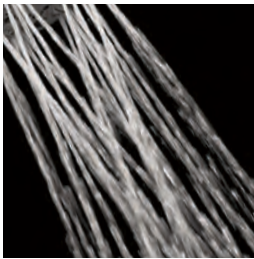

Adjustable H2Okineti™ Spray (AH2O)

Allows for full flow or water-efficient spray.

AH2O

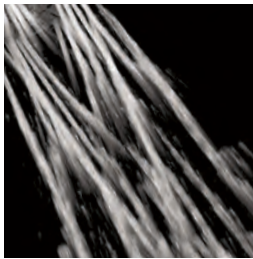

Crossing Full Spray (CF)

Consistent pressure from all spray holes with crossing streams for more coverage.

CF

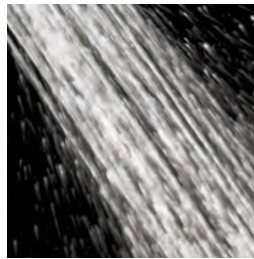

Crossing Full Spray with Massage (CFM)

Coverage of crossing full spray with addition of a soothing, pulsating spray.

CFM

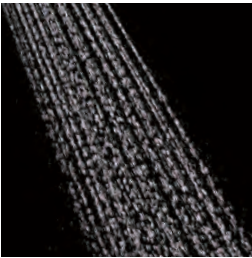

Fast Massage (FM)

Strong, pulsating spray.

FM

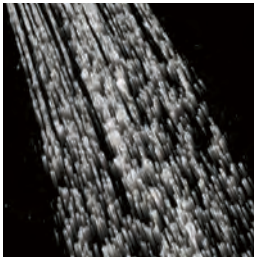

Full Body Spray (FB)

Consistent pressure from all spray holes.

FB

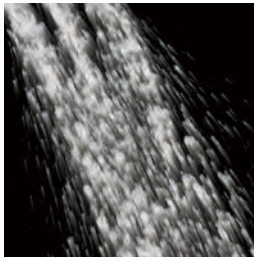

Full Spray with Massage (FSM)

Consistent pressure from outside spray holes, plus soothing, pulsating spray.

FSM

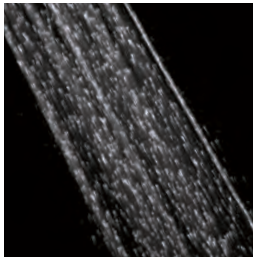

High-Efficiency Spray (HE)

Provides full coverage and feels like greater water pressure at lower flow rates.

HE

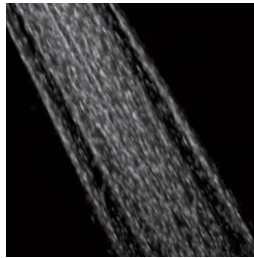

H2Okineti Spray (H2O)

Large drops and dense, wide spray pattern create a blanket of water.

H2O

H2Okineti Spray with Massage (H2OM)

Large drops and dense spray pattern, plus a pulsating spray.

H2OM

Innovation is always included.

**WaterSense® labeled showerheads and handshowers.**

Use between 20% and 40% less water\* than the industry standard and perform as well or better than their less-efficient counterparts.

**Pause functionality.**

Reduces the water to a trickle while you do tasks such as lathering up, shaving your legs, or bathing a child or a pet.

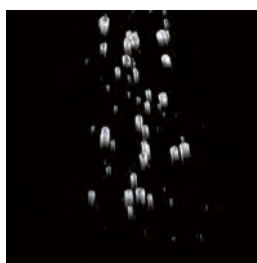

**Touch-Clean.®**

Soft, rubber spray holes that allow you to easily wipe away calcium and lime buildup with the touch of a finger.

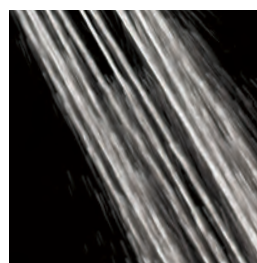

Massage Spray (M)

Soothing, pulsating spray.

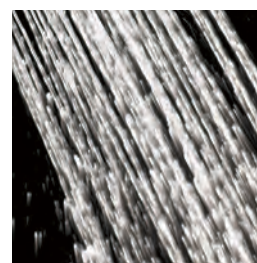

Pause

Reduces water flow to a trickle.

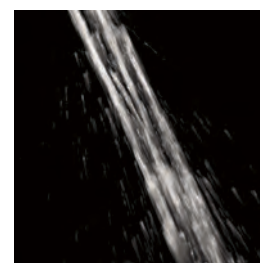

Shampoo Rinsing Spray (SR)

Strong, full body spray.

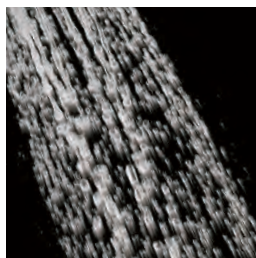

Shampoo Rinsing with Massage (SRM)

Strong, full body spray plus a pulsating spray.

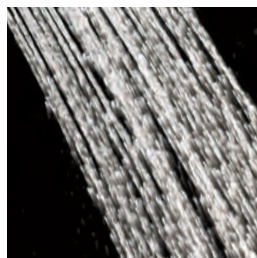

Slow Massage (SM)

Soothing, pulsating spray.

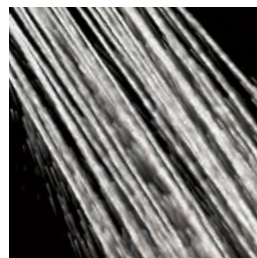

Soft Drench Spray (SD)

Soft, aerated, soaking flow of water.

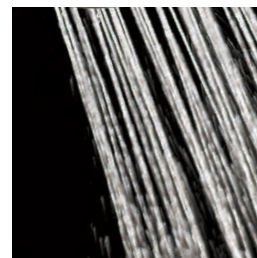

Soft Drench with Full Spray (SDF)

Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

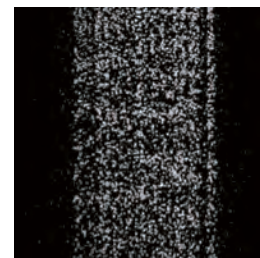

Soft Drench with Massage (SDM)

Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)

Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)

Gentle fall of water that feels like a soft, spring rain.

Look for these icons in the bath and shower sections to determine the types of spray settings.

\*Based on a flow rate for showerheads and handshowers of 1.5 gpm or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

## THE INNOVATION DOESN'T END HERE.

### There's more at [deltafaucet.com](http://deltafaucet.com)

If you're looking for a particular faucet combination and you didn't see it in this catalog, check out our user-friendly website. You'll see a comprehensive collection there.

- Browse by room, price, or model number
- See exactly how a faucet will look
- Select finishes and accessories
- Save your ideas under "My Projects" on the home page
- Check out product news
- View frequently asked questions and installation tips
- Find a Delta Faucet dealer

Everything you need to make your selection easier is right online at [deltafaucet.com](http://deltafaucet.com). If you have any additional questions, contact us at 800.345.DELTA.

### Paint 'N' Wash App

Relive the joys of finger painting with Delta Faucet Company's iPhone® app. Share your masterpiece with friends or upload to an online gallery. Then, wash away the mess with Touch2O® Technology. Download the app on iTunes.

iPhone® is a registered trademark of Apple, Inc.

### Delta Faucet on the go

View our mobile-optimized catalog right from your smartphone. Scan the QR code to go there now.

[deltafaucet.com](http://deltafaucet.com)

Delta® is committed to sustainability and providing smart water delivery solutions that maximize water savings without sacrificing comfort and convenience. Our commitment to sustainability extends to waste reduction and the preservation of natural resources and the environment. That's why we choose to print on Forest Stewardship Council (FSC) certified paper.

Lithographix is ISO 14001 certified and generates 30% of its energy from 2,248 rooftop solar panels. Please help us preserve our planet by recycling this catalog when finished. The paper was made and printed in the United States.
