WHY CAN'T A KITCHEN BE AN inspiration?

To us, cooking is more about creating. Taking ingredients and turning them into a dish worthy of a five-star restaurant—or a family of five. And to help you create something wonderful every time, our innovative faucets make prep work, cooking, and cleaning easier than ever. Not to mention more stylish.

EXPERIENCE INNOVATION IN THE KITCHEN.

DIAMOND™ Seal Technology.

When a valve with a tough diamond coating combines with InnoFlex® PEX waterways, you get a faucet built to last up to five million uses. No leaks. No lead*. No worries. That's durability you can count on.

*Once inside the faucet, water does not come in contact with potential metal contaminants.

A smarter way to prep, cook and clean.

Multi-Flow™ Technology.

With a simple touch of the toggle, you can increase the stream of water from the standard 1.5 gpm to a higher flow to more quickly fill the sink as well as pots, vases and other large containers.

MagnaTite® Docking.

This attractive feature keeps the pull-down spray wand firmly in place when not in use. Thanks to the powerful integrated magnet.

Touch2O® Technology.

With Touch2O Technology for the kitchen, simply touch anywhere on the spout or handle to start or stop the flow of water. When your hands are messy, you can use your forearm or wrist to keep your faucet clean and to help avoid cross-contamination.

WHY CAN'T A HOME ALSO BE A

retreat?

Chances are, you have a reason to be in your bathroom every day. But with Delta,[®] you can also have a reason to look forward to it. Like faucets that reflect the style of your home—or that of somewhere far, far away from home. And technology that makes it easy to operate the faucet—even when you don't have a spare hand. It's convenience and style you may have never experienced within your bath, and you may never want to live without it again.

HAI

EXPERIENCE INNOVATION IN THE BATH.

DIAMOND™ Seal Technology.

Delta's patented DIAMOND Seal Technology combines a disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to last up to five million uses.

Make getting ready more convenient. And more enjoyable.

MultiChoice® Universal.

When installing a shower, start with the MultiChoice Universal rough. It gives you the ultimate in flexibility because it works with all types of shower valves—whether you choose a shower that just controls the temperature or one that allows you to control temperature and water volume separately. When choosing a shower rough, the choice is obvious.

H₂Okinetic™ Technology.

Why settle for an ordinary shower, when you can have an extraordinary experience? Using proprietary technology, the larger droplets formed in an H₂Okinetic shower move in a unique wave pattern, helping them retain their heat better and creating a warmer shower experience that feels like more water, without using more water.

Touch2O® and Touch2O.xt™ Technology.

Touch it on. Touch it off. Or go completely hands-free. With the convenience of Touch2O and Touch2O.xt Technology in the bath, the choice is yours.

ESCAPE

WHY SHOULD YOU HAVE TO GO FAR TO
escape?

The first rush of water that hits your shoulders. The warm steam that seeps into every pore. There's nothing like a good shower. That's why we've improved upon our already stunning showers to give more drenching coverage, more water efficiency, and more style. It's the difference between getting clean and getting taken away. And it's the difference that sets Delta® showers apart.

RE

EXPERIENCE INNOVATION IN THE SHOWER.

H₂Okinetic™ Body Sprays.

Looking for even more water in the shower? Consider adding H₂Okinetic body sprays. The ergonomically engineered spray heads shape each droplet for maximum coverage while retaining heat longer.

Feel the difference smart solutions make.

Jetted Showers.

Upgrade your shower experience with a Delta® Jetted Shower™ XO® System. Integrated shower jets open up new design options, plus you can add a handshower, additional body jets or a second showerhead for an even more customized, luxurious shower. Shower jets are available for nearly every 14, 17 or 17T Series shower.

ActivTouch® Hand Shower.

Imagine eight spray settings in one incredible handshower. That's exactly what you get with ActivTouch. The ergonomic handle and buttons provide the ultimate in convenience and functionality. From a full body spray to a concentrated massage spray (and everything in between), it adds a custom touch to any shower.

In2ition®—Two-in-One Shower.

When the In2ition Shower is in its primary position, it functions like a regular showerhead. When you need to rinse from a close range, simply remove the handshower. It's two showers in one beautifully convenient package.

deltafaucet.com/smartshowers

WATER. YOUR WAY.

One shower experience does not fit all. That's why in addition to shower styles, we provide plenty of water spray patterns to suit different needs. So you always get the exact shower experience you're looking for.

Innovation is always included.

WaterSense® labeled showerheads and handshowers.

Use between 20% and 40% less water* than the industry standard and perform as well or better than their less-efficient counterparts.

Pause functionality.

Reduces the water to a trickle while you do tasks such as lathering up, shaving your legs, or bathing a child or a pet.

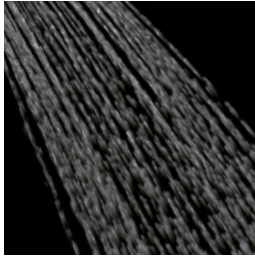

Touch-Clean.®

Soft, rubber spray holes that allow you to easily wipe away calcium and lime buildup with the touch of a finger.

*Based on a flow rate for showerheads and handshowers of 1.5 gpm or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

Showerhead and handshower spray patterns.

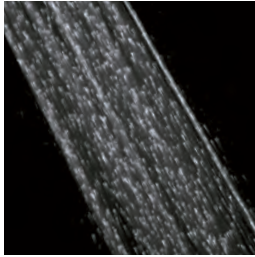

Adjustable Full Body Spray (AF)

Adjust the water flow for a harder or softer spray.

AF

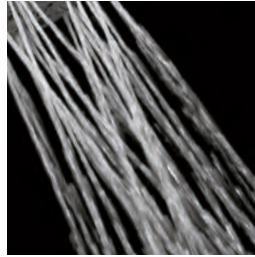

Adjustable H₂Okinetic™ Spray (AH₂O)

Allows for full flow or water-efficient spray.

AH₂O

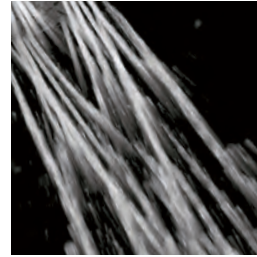

Crossing Full Spray (CF)

Consistent pressure from all spray holes with crossing streams for more coverage.

CF

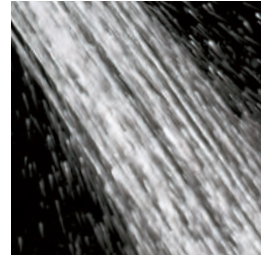

Crossing Full Spray with Massage (CFM)

Coverage of crossing full spray with addition of a soothing, pulsating spray.

CFM

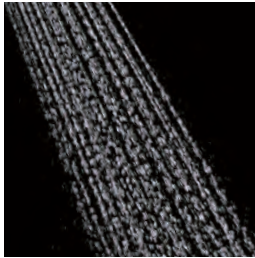

Fast Massage (FM)

Strong, pulsating spray.

FM

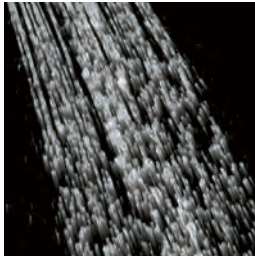

Full Body Spray (FB)

Consistent pressure from all spray holes.

FB

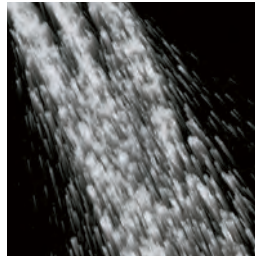

Full Spray with Massage (FSM)

Consistent pressure from outside spray holes, plus soothing, pulsating spray.

FSM

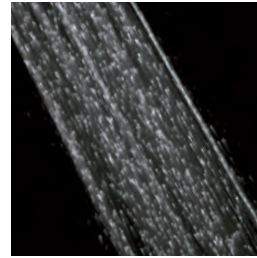

High-Efficiency Spray (HE)

Provides full coverage and feels like greater water pressure at lower flow rates.

HE

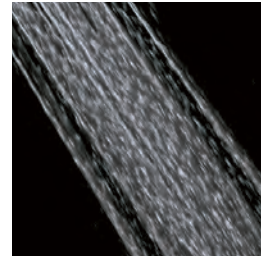

H₂Okinetic Spray (H₂O)

Large drops and dense, wide spray pattern create a blanket of water.

H₂O

H₂Okinetic Spray with Massage (H₂OM)

Large drops and dense spray pattern, plus a pulsating spray.

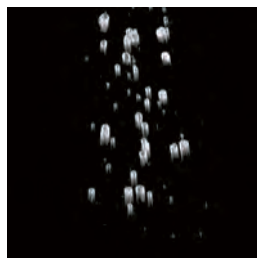

H₂OM

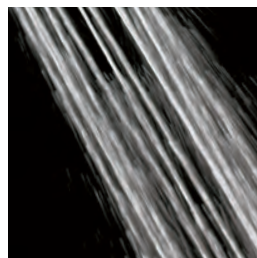

Massage Spray (M)

Soothing, pulsating spray.

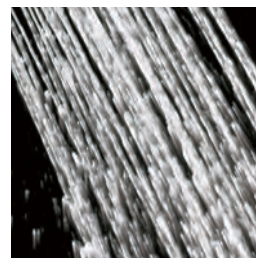

Pause

Reduces water flow to a trickle.

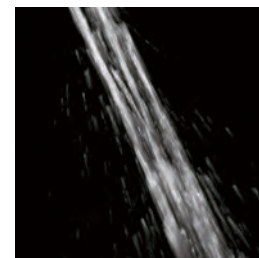

Shampoo Rinsing Spray (SR)

Strong, full body spray.

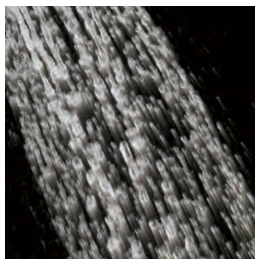

Shampoo Rinsing with Massage (SRM)

Strong, full body spray plus a pulsating spray.

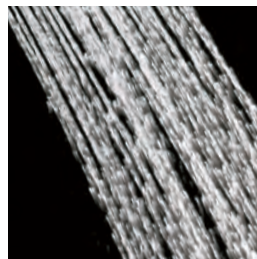

Slow Massage (SM)

Soothing, pulsating spray.

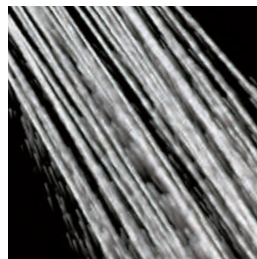

Soft Drench Spray (SD)

Soft, aerated, soaking flow of water.

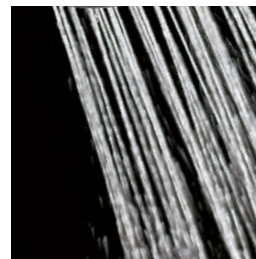

Soft Drench with Full Spray (SDF)

Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

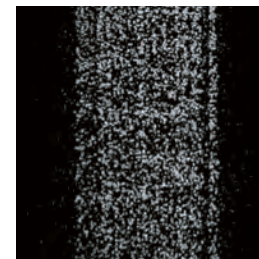

Soft Drench with Massage (SDM)

Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)

Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)

Gentle fall of water that feels like a soft, spring rain.

deltafaucet.com

Delta® is committed to sustainability and providing smart water delivery solutions that maximize water savings without sacrificing comfort and convenience. Our commitment to sustainability extends to waste reduction and the preservation of natural resources and the environment. That's why we choose to print on Forest Stewardship Council (FSC) certified paper.

Lithographix is ISO 14001 certified and generates 30% of its energy from 2,248 rooftop solar panels. Please help us preserve our planet by recycling this catalog when finished. The paper was made and printed in the United States.
