MARKING SYSTEMS FOR RECORDING INSTRUMENTS

PENS, CHARTS, AND ACCESSORIES FOR RECORDING INSTRUMENTS

RECORDER SUPPLIES

Since 1955, Dia-Nielsen has designed and manufactured the largest variety of marking systems for industrial recorders around the world. As a global leader of pens, we are equally committed to offer a complete line of charts in an effort to support the vast population of recorders in the market place, and to continue to provide supplies for discontinued recorders. Dia-Nielsen is one of the few remaining manufacturers that offers a complete line of plotter products.

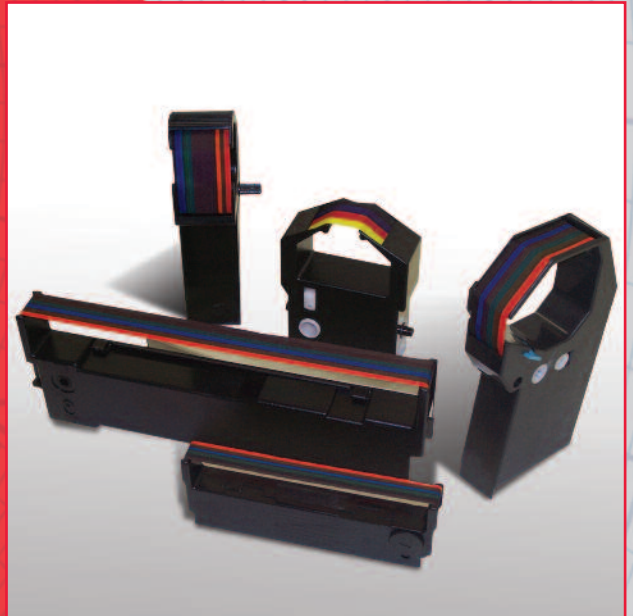

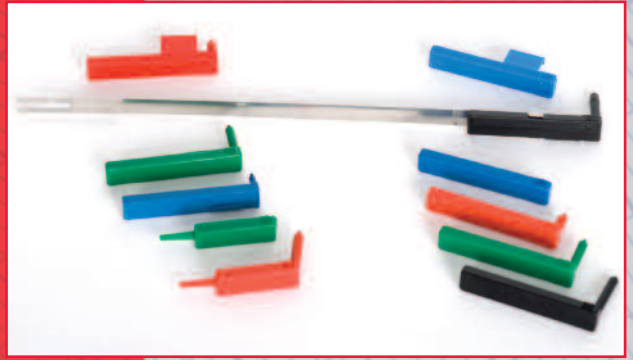

Our range of products is growing and expanding to include all types of charts, so we can continually meet the demands of our customers. Our experience and expertise in the paper manufacturing industry allows us to offer a complete line of roll, z-fold, circular and custom charts available in thermal, ink writing and pressure sensitive papers.

As an international suppliers to original equipment manufacturers, Dia-Nielsen adheres to strict OEM specifications producing quality products with high performance in all demanding applications. Our commitment to design and development of our products enables us to consistently provide our customers with the most reliable products for industrial monitoring.

Our expertise and commitment to quality products is not only evident in our chart and pen capabilities, but extends throughout our in-house tooling department and filtration manufacturing division.
