

Product	Category	Sub Category	Description	Image
<a href="#"><u>D100 Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 100kA industrial surge protectors are designed to provide power system protection in the most demanding environments.	
<a href="#"><u>DTK-120/240CM+</u></a>	AC Power	Power - Surge Arresters	DITEK's 120/240CM+ is a durable, cost-effective Surge Protective Device (SPD) suitable for use in a variety of locations.	
<a href="#"><u>DTK-120/240HD2 Home Surge Protector</u></a>	AC Power	Power - Residential Surge Protection	DITEK's HD2 is engineered to be the finest 120/240V surge protector in its class.	
<a href="#"><u>DTK-120/240SA Residential Surge Arrester</u></a>	AC Power	Power - Residential Surge Protection	DITEK's 120/240SA residential surge arrester is a powerful first line of defense against voltage surges.	

Product	Category	Sub Category	Description	Image
<a href="#">DTK-120GP</a> <a href="#">Gate Motor</a> <a href="#">Arrester</a>	AC Power	Power - Surge Arresters	DITEK's 120GP surge arrester protects critical gate motors, ensuring secure access to guarded properties.	 A black rectangular surge arrester with a threaded top and green and black wires. The label lists models: DTK-120HW, DTK-120GP, DTK-120/240HW, and DTK-120/240CM+.
<a href="#">DTK-120S15A</a>	AC Power	Power - Hardwire Control Panel Protection	The DTK-120S15A 'Critical Load' surge protector from DITEK is a true multi-stage series hybrid design which provides the best filtering and lowest clamp levels in its class.	 A black rectangular surge protector with multiple terminal blocks on the sides.
<a href="#">DTK-120S20A</a>	AC Power	Power - Hardwire Control Panel Protection	The DTK-120S20A 'Critical Load' surge protector from DITEK is a true multi-stage series hybrid design which provides the best filtering and lowest clamp levels in its class.	 A black rectangular surge protector with multiple terminal blocks on the sides.
<a href="#">DTK-120SD</a>	AC Power	Power - Hardwire Control Panel Protection	The DTK-120SD 'Critical Load' surge protector from DITEK is a true multi-stage series hybrid design which provides the best filtering and lowest clamp levels in its class.	 A black rectangular surge protector with multiple terminal blocks on the sides.
<a href="#">DTK-1F</a>	AC Power	Power - Plug-in Wall Mount	DITEK single outlet surge protectors provide strong surge protection at a reasonable cost.	 A beige single-outlet surge protector with a standard NEMA 5-15R outlet.
<a href="#">DTK-1F31X</a>	Total Surge Solutions		DITEK's '31X' series of surge protectors are designed and built for professional alarm panel installers.	 A purple surge protector with multiple outlets and a red indicator light.
<a href="#">DTK-1FF</a>	AC Power	Power - Plug-in Wall Mount	DITEK single outlet surge protectors provide strong surge protection at a reasonable cost.	 A white surge protector with two outlets and a red indicator light.
<a href="#">DTK-2VLVPF</a>	Low Voltage Voice/Data	Low Voltage Specialty	The 2VLVPF is available; however, its recommended use is limited to control panels and systems that use less than 500mA of current.	 A black surge protector with multiple terminals and a red indicator light.

Product	Category	Sub Category	Description	Image
<a href="#"><u>DTK-2MHLP</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Data/ Signal - Replaceable Modules Modular Voice/Data	DITEK's 2MHLP series of signal, data and loop circuit surge protectors provide robust protection in a compact package.	
<a href="#"><u>DTK-2MHTP</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Data/ Signal - Replaceable Modules Modular Voice/Data	DITEK's 2MHTP voice surge protectors provide robust protection in a compact package.	
<a href="#"><u>DTK-3GTP</u></a>	AC Power	Power - Plug-in Wall Mount	DITEK's three outlet wall-mount surge protectors offer complete protection to suit various needs.	
<a href="#"><u>DTK-3LVLPX Wiegand Card Reader Protection</u></a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's 3LVLPX is designed to protect Wiegand card readers.	
<a href="#"><u>DTK-4LVLPCR</u></a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's 4LVLPCR is designed specifically to protect the various circuits that supply card readers.	
<a href="#"><u>DTK-4LVTEP</u></a>	Low Voltage Voice/Data	Low Voltage Specialty	The 4LVTEP protects commercial entry systems that utilize telco and data circuits.	
<a href="#"><u>DTK-4LVXR</u></a>	Low Voltage Voice/Data	Low Voltage Specialty	Designed to protect residential intercom-style access control systems, the 4LVXR protects telephone, power, and door release circuits.	

Product	Category	Sub Category	Description	Image
<a href="#"><u>DTK-4VP 4-Channel Video Surge Protector</u></a>	CCTV & CATV		DITEK's DTK-4VP video protector is ideal for 4- or 8-camera CCTV installations.	
<a href="#"><u>DTK-6FF</u></a>	AC Power	Power - Plug-in Wall Mount	DITEK's six outlet wall-mount surge protectors offer complete protection to suit various needs.	
<a href="#"><u>DTK-8FF</u></a>	AC Power	Power - Surge Strips	DITEK's DTK-8FF eight outlet SPD (Surge Protective Device) protects AC power and telco/modem/fax lines.	
<a href="#"><u>DTK-AC31X</u></a>	Total Surge Solutions		DITEK's '31X' series of surge protectors are designed and built for professional alarm panel installers.	
<a href="#"><u>DTK-APK1</u></a>	Total Surge Solutions	Total Surge Solutions	DITEK's APK1 Alarm Protection Kit is designed for residential alarm system installers.	
<a href="#"><u>DTK-BU600PLUS</u></a>	UPS/Battery Backup	UPS/Battery Backup	The BU600PLUS is both a high-strength surge protector and a 600VA battery backup.	
<a href="#"><u>DTK-DB Series</u></a>	Low Voltage Voice/Data	Low Voltage Data/Ethernet/VoIP	Computerized equipment is used in virtually every part of a business.	
<a href="#"><u>DTK-DL Light Pole Arresters</u></a>	AC Power	Power - Surge Arresters	DITEK's DL series is built specifically for highway lighting.	
<a href="#"><u>DTK-DP4P</u></a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's DP4P protects all the sensitive feeds to critical Pan/Tilt/Zoom cameras, not just the video cable.	

Product	Category	Sub Category	Description	Image
<a href="#">DTK-DP4PBP</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's DP4PBP protects all the sensitive feeds to critical Balun connected Pan/Tilt/Zoom cameras, not just the video cable.	
<a href="#">DTK-DP4PTPV</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's DP4PTPV protects all the sensitive feeds to critical Pan/Tilt/Zoom cameras, not just the video connection.	
<a href="#">DTK-DRP16 Series</a>	CCTV & CATV	CCTV-Power, Video, Data	Power outages, surges, and voltage transients on video, data and power lines can render DVRs and security cameras inoperable when they are needed most.	
<a href="#">DTK-ESS</a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's ESS protects the sensitive circuitry of electric door strikes and solenoid lock releases, at their most vulnerable point - the door.	
<a href="#">DTK-FPK1 Fire Protection Kit</a>	Total Surge Solutions	Total Surge Solutions	Fire Protection Kits from DITEK are designed for commercial alarm professionals specializing in fire detection systems.	
<a href="#">DTK-FPK2 Fire Protection Kit</a>	Total Surge Solutions	Total Surge Solutions	Fire Protection Kits from DITEK are designed for commercial alarm professionals specializing in fire detection systems.	
<a href="#">DTK-FPK3 Fire Protection Kit</a>	Total Surge Solutions		Fire Protection Kits from DITEK are designed for commercial alarm professionals specializing in fire detection systems. The FPK3 provides premium AC power and dialer protection in a convenient kit.	
<a href="#">DTK-FPK4 Fire Panel/IP Dialer Protection Kit</a>	Total Surge Solutions		Fire Protection Kits from DITEK are designed for commercial alarm professionals specializing in fire detection systems. The FPK4 provides premium AC power and IP Dialer protection in a convenient kit.	

Product	Category	Sub Category	Description	Image
<a href="#">DTK-GPK1 Gate Protection Kit</a>	Total Surge Solutions	Total Surge Solutions	Gate Protection Kits from DITEK are designed for residential & commercial professionals specializing in gate access systems.	
<a href="#">DTK-GPK2 Gate Protection Kit</a>	Total Surge Solutions	Total Surge Solutions	Gate Protection Kits from DITEK are designed for residential & commercial professionals specializing in gate access systems.	
<a href="#">DTK-HL480 Highway Lighting Surge Protector</a>	AC Power	Power - Industrial Surge Protection	DITEK's DTK-HL480 SPD is designed to protect 480 VAC highway lighting systems. Its series configuration and oversized ground wire allow optimal response to surges for best protection of overhead lights.	
<a href="#">DTK-HT1000 Home Theater Power Conditioner</a>	AC Power	Power - Residential Surge Protection	Give your home theater customers the power and control they deserve. DITEK's DTK-HT1000 Home Theater Power Conditioner ensures the best possible home theater video quality and audio clarity.	
<a href="#">DTK-HW Series</a>	AC Power	Power - Industrial Surge Protection	DITEK's "HW" series of surge protectors are engineered and manufactured to the exacting standards of the life safety industry.	
<a href="#">DTK-IBNC Series</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's inline coaxial surge protectors are designed for applications where a dedicated ground is impossible or impractical.	
<a href="#">DTK-LVLP Series</a>	Low Voltage Voice/Data	Low Voltage Signal/Voice - Screw Terminal Connections Screw Terminal Signal/Voice	DITEK's Low Voltage Line Protector series of signal, data and loop circuit surge protectors provide strong protection in a compact hard wire package.	
<a href="#">DTK-MB10</a>	Low Voltage Voice/Data	Low Voltage Voice/Data/ Signal - Replaceable Modules Modular Voice/Data	The MB10 is the mounting base for DITEK's 2MHLP and 2MHTP modular surge protectors.	
<a href="#">DTK-MRJ Series</a>	Low Voltage Voice/Data	Low Voltage Voice/Signal/Power - RJ Connections	DITEK's MRJ series protects vital data lines and computerized systems from surge-induced damage. Convenient RJ connections protect one, two or four voice/data/signal pairs, depending on model.	

Product	Category	Sub Category	Description	Image
<a href="#">DTK-MRJ31XSCPWP</a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's '31X' series of surge protectors are designed and built for professional alarm panel installers.	
<a href="#">DTK-MRJ45C5E</a>	Low Voltage Voice/Data	Low Voltage Data/Ethernet/VoIP	The MRJ45C5E provides protection of high speed data, up to CAT5e, without degrading the data signal.	
<a href="#">DTK-MRJPOE</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's MRJPOE protects circuits that use state-of-the-art Power Over Ethernet connections.	
<a href="#">DTK-MRJTLC Telecenter VI Surge Protector</a>	Low Voltage Voice/Data	Low Voltage Specialty	Power outages, surges, and voltage transients on data lines can be deadly to critical data/comm equipment. DITEK's DTK-MRJTLC surge protector is designed specifically to protect the Rauland-Borg TelecenterVI communications/safety system.	
<a href="#">DTK-MT25P</a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - RJ21X Mass Termination	DITEK's MT-25P blends state-of-the-art surge protection with the convenience of RJ21X termination, making it the perfect choice for large telephone systems and building-to-building wire runs.	
<a href="#">DTK-P Series</a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - Hardwired Punch Down	DITEK's P series is designed to protect the most common low voltage surge application, incoming telco blocks.	
<a href="#">DTK-PVP27B</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's PVP27B protects all the sensitive feeds to fixed cameras, not just the video cable.	
<a href="#">DTK-PVP27BTPV</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's PVP27BTPV protects all the sensitive feeds to fixed cameras, not just the video cable.	

Product	Category	Sub Category	Description	Image
<a href="#"><u>DTK-PVP27C</u></a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's PVP27C protects all the sensitive feeds to Pan-Tilt-Zoom cameras, not just the video cable.	
<a href="#"><u>DTK-PVPIP IP Camera Surge Protector</u></a>	CCTV & CATV	CCTV-Power, Video, Data	IP Video is becoming the favored method for transmitting surveillance camera video to NVRs and monitoring stations, and more installers are taking advantage of its lower cabling and installation costs.	
<a href="#"><u>DTK-RM12C5</u></a>	Low Voltage Voice/Data	Low Voltage Data/Ethernet/VoIP	DITEK's RM12C5 is perfect rack-mount protection for CAT5e network data.	
<a href="#"><u>DTK-RM12POE</u></a>	Low Voltage Voice/Data	Low Voltage Data/Ethernet/VoIP	NOW AVAILABLE! DITEK's RM12POE protects circuits that use state-of-the-art Power over Ethernet connections.	
<a href="#"><u>DTK-RM12TLC Telecenter System Protection</u></a>	Low Voltage Voice/Data	Low Voltage Specialty	Power outages, surges, and voltage transients on data lines can be deadly to critical data/comm equipment. DITEK's DTK-RM12TLC 1U, rack mount patch panel/surge protector is designed specifically to protect the Rauland-Borg TelecenterVI communications/safety system.	
<a href="#"><u>DTK-RM16C5</u></a>	Low Voltage Voice/Data	Low Voltage Data/Ethernet/VoIP	The RM16C5 from DITEK is rack-mount protection for CAT5e network data.	
<a href="#"><u>DTK-RM16NM Series</u></a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's rack mount surge protectors for CCTV video inputs are the choice of top professionals.	
<a href="#"><u>DTK-RMAC12</u></a>	AC Power		DITEK's DTK-RMAC12 is the solution to today's plethora of rack-mounted servers, call systems, controllers, and CCTV equipment.	
<a href="#"><u>DTK-S</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - 66 Block Snap On	DITEK's Snap-It quick connect line protector is designed specifically for Voice/Data professionals.	
<a href="#"><u>DTK-SIGB</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - 66 Block Snap On	The SiGB is recommended for use with multiple Snap-It or Snap-Lite units.	

Product	Category	Sub Category	Description	Image
<a href="#"><u>DTK-SL</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - 66 Block Snap On	The Snap-Lite 66 block line protector is designed specifically for Voice/Data professionals.	
<a href="#"><u>DTK-TPKL8 Eight-Line Telephone Protection Kit</u></a>	Low Voltage Voice/Data	Low Voltage Voice/Signal - 66 Block Snap On	The Telephone Protection Kit from DITEK is designed for telecom professionals specializing in small commercial and small office / home office (SOHO) installations.	
<a href="#"><u>DTK-TPV Series</u></a>	CCTV & CATV	CCTV-Power, Video, Data	Twisted pair video connections are increasingly popular.	
<a href="#"><u>DTK-TSS1 Fire Alarm System Protection</u></a>	Total Surge Solutions	Total Surge Solutions	DITEK's Total Surge Solution (TSS) is a range of products that provide total surge protection for addressable and conventional alarm systems. The TSS1 protects 120V AC power and two to ten pairs of SLC, IDC, NAC and dialer circuits.	
<a href="#"><u>DTK-TSS2</u></a>	Total Surge Solutions	Total Surge Solutions	The TSS2 is ideal protection for conventional fire alarm systems, NAC booster panels, control cabinets, and other systems that mix 120V AC power and data or measurement inputs.	
<a href="#"><u>DTK-TSS3</u></a>	Total Surge Solutions	Total Surge Solutions	The TSS3 is a perfect fit for building notifier and communications runs.	
<a href="#"><u>DTK-TSS4</u></a>	Total Surge Solutions	Total Surge Solutions	The TSS4 protects 120V system power.	
<a href="#"><u>DTK-VSPA Coax Surge Protection</u></a>	CCTV & CATV	CATV Video & Power	DITEK's VSPA video surge protectors combine state-of-the-art circuit technology with F Type connectors to protect a variety of video devices.	

Product	Category	Sub Category	Description	Image
<a href="#">DTK-VSPBNCA</a> <a href="#">Video Surge Protection</a>	CCTV & CATV	CCTV-Power, Video, Data	DITEK's VSPBNCA video surge protectors utilize state-of-the-art hybrid circuit technology to protect a variety of video devices.	
<a href="#">DTK-VSPN Series RF Antenna Surge Protection</a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's VSPN series of video surge protectors combine state-of-the-art hybrid circuit technology with N type connectors to protect a variety of coaxial devices.	
<a href="#">DTK-VSPNH Antenna Surge Protection</a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's VSPN series of video surge protectors combine state-of-the-art hybrid circuit technology with N type connectors to protect a variety of coaxial devices.	
<a href="#">DTK-VSPU VHF/UHF Antenna Surge Protection</a>	Low Voltage Voice/Data	Low Voltage Specialty	DITEK's VSPU radio surge protector combines state-of-the-art hybrid circuit technology with UHF connectors to protect a variety of coaxial devices. Whether the need is for protection on UHF or Broadband equipment, DITEK's VSPU provides optimum protection without signal loss.	
<a href="#">DTK-WH5PLUS</a>	AC Power	Power - Residential Surge Protection	DITEK's WH5PLUS whole house surge protection kit provides builders and contractors an additional, valuable service to their customers.	
<a href="#">DTK-WH8PLUS</a>	AC Power	Power - Residential Surge Protection	DITEK's WH8PLUS whole house surge protection kit provides builders and contractors an additional, valuable service to their customers.	
<a href="#">Z100 Series</a>	AC Power	Power - Industrial Surge Protection	DITEK's 100kA industrial surge protective devices (SPD's) are designed to provide power system suppression in the most demanding environments.	

Product	Category	Sub Category	Description	Image
<a href="#"><u>Z120 Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 120kA industrial surge protective devices (SPD's) are designed to provide power system suppression in the most demanding environments.	
<a href="#"><u>Z160 Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 160kA industrial surge protective devices (SPD's) are designed to provide power system suppression in the most demanding environments.	
<a href="#"><u>Z160M Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 160kA industrial surge protective devices (SPD's) are designed to provide robust electrical system suppression in the most demanding environments.	
<a href="#"><u>Z200 Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 200kA industrial surge protective devices (SPD's) are designed to provide power system suppression in the most demanding environments.	
<a href="#"><u>Z200M Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 200kA industrial surge protective devices (SPD's) are designed to provide robust electrical system suppression in the most demanding environments.	

Product	Category	Sub Category	Description	Image
<a href="#"><u>Z400M Series</u></a>	AC Power	Power - Industrial Surge Protection	DITEK's 400kA industrial surge protective devices (SPD's) are designed to provide power system suppression in the most demanding environments.
