## STOPOUT® Look 'n Stop Compact Group Lock Box

Small, portable group lock box goes with you on the job - from the office to the production floor. Set on a desk, mount on wall, or simply take with you. Safely store keys securely from lockout. Specially designed to lid hinges closed with a twist. Turn it 15° for added security-prevents unauthorized pry access or tampering when padlocks are in place. With the holes lined up after close and turn, secure the box with up to 17 padlocks (sold separately). The lid only opens after removal of the last padlock. Reverse twist lid to open, and remove keys. Slots in clear view lid to insert and store locked-out keys. 7 3/4" x 7 3/4" x 4" octagon-shaped box in durable, impact-resistant red conveys STOP.

**Item #KCC620 \$18.45**

## STOPOUT® Look 'n Stop Group Lock Box

Look to view the keys and padlocks in a secure lock box that is shaped to say STOP. Internal 16 aluminum hooks to hang keys - identifiable through the clear front cover. Once closed, holes and slots along the edges of box and cover align. Secure with up to 44 padlocks (sold separately). Plus, there is a hole on the left backside for a supervisor's padlock. Cover pry-guard edge provides security when using minimal padlocks. Front cover slides to hinge open and close. 13" x 13" x 1/2" box made of durable, impact-resistant plastic, designed for industrial environments. Each padlock represents a worker on the lockout project. Each padlock removed signifies the worker has completed their portion of the project. Yet there is no access to the keys of the locked out devices until the last padlock is removed. Additional features include: top carry handle for portability and two rear keyholes for wall mounting.

**Item #KCC624 \$64.75**

## Safety Padlock Covers for A1100/6835 Series

Seals at shackle and keyway to help keep out dust and grime in extreme environments. Rugged TPE (thermoplastic elastomer) weather resistant cover. Silicone free cover. Works with safety padlock A1100 Series and 6835. 12 per pack.

**Item #S101 \$24.75/PK**

**Master Lock**

## Safety Padlock Covers for 411 Series Locks

Seals at shackle and keyway to help keep out dust and grime in extreme environments. Rugged TPE (thermoplastic elastomer) weather resistant cover. Silicone free. Works with 411 Series locks. 12 per bag.

**Item #411COVERS \$24.75/BG**

**Master Lock**

## Safety Lockout Shackle Collar

Master Lock® safety lockout shackle collar. Fits 7/32" diameter shackles and smaller. Furnished with rivets for attaching to shackle. Great to use for 410, 411, A1105 and A1107 series padlocks. For OSHA compliance. 12 per pack.

**Item #71SC8 \$9.10/PK**

**Master Lock**

## Photo I.D. Labels For Safety Padlocks

Master Lock® photo I.D. labels for Safety Padlocks. Allows you to take a picture of the employee and apply it to the lock. A Polaroid I Zone or digital camera can be used. Simply cut picture to size and apply to label. A top laminate then seals the picture into the label. Six labels per pack. Sold by the each.

**Photo I.D. Labels For 411 Series Padlocks**  
**Item #04115705** Size: 1" W x 2-3/8" H **\$4.75**

**Photo I.D. Labels For A1105 and A1107 Series Padlocks**  
**Item #68355700** Size: 1-1/4" W x 1-3/4" H **\$4.25**

**Master Lock**

## Safety Lockout Brass I.D. Tags w/ Ring

Master Lock® safety lockout engravable brass identification tag with ring. Tags attach to padlocks with shackle collars 71SC8 sold separately. Ring easily attaches to shackle collars. Provides for individual worker identification. 12 per pack.

**Item #71TAG \$13.20/PK**

**Master Lock**

## Safety Lockout Steel Chain

Master Lock® safety lockout zinc plated steel chain with chain holder attached. Keeps padlocks close to equipment. Fits all Master Lock® collars. Shackle collars must be ordered separately. Lightweight. 9" total length. For OSHA compliance. 12 per pack.

**Item #71CS \$14.90/PK**

## Safety Padlock Caddy w/ Labels

Master Lock® safety padlock caddy with labels. Keep safety padlocks near appropriate machinery. Holds up to twelve padlocks based on number of lockout points. Includes product labels in English, Spanish, and French. When locking out, conveniently carry caddy to all lockout points. When all padlocks are gone, all lockout points have been met. All safety locks sold separately. Red.

**Item #S125 \$7.25**

**Master Lock**

## STOPOUT® Aluma-Tag™ Labeled Lockout Hasp

Two red anodized, .090" aluminum plates make up this high-strength, versatile hasp. When closed the holes align to accommodate up to six padlocks (sold separately). Jaws are offset to cross over one another when closed to prevent tampering of the hasp from being pried apart. 1 1/2" diameter round reach jaw end - Double-Cross version has 1 3/4" and 3/4" diameter jaw ends. Lockout hazard message labels on both sides- and space to write in.

**Aluma-Tag Hasps: "DANGER DO NOT OPERATE"**  
**Item #KDH642** Hasp: 6-3/4" x 3-1/8" **\$15.85**

**Aluma-Tag Hasps: "DANGER LOCKED OUT DO NOT OPERATE"**  
**Item #KDH644** Hasp: 6-3/4" x 3-1/8" **\$15.85**

**Aluma-Tag Hasps: "DANGER DO NOT START"**  
**Item #KDH648** Hasp: 6-3/4" x 3-1/8" **\$15.85**

**Double-Cross Hasps: "DANGER DO NOT OPERATE"**  
**Item #KDH731** Hasp: 7" x 3-1/8", Body: 2-3/4" **\$16.85**

**Double-Cross Hasps: "DANGER LOCKED OUT DO NOT OPERATE"**  
**Item #KDH733** Hasp: 7" x 3-1/8", Body: 2-3/4" **\$16.85**

## Heavy Duty Lockout Hasp

Durable pry resistant steel jaw with vinyl coated red handle. Simply attach device to energy disconnect switch to keep equipment inoperative while repairs or adjustments are made. Lockout by multiple workers at each lockout point. Control cannot be turned on until last worker's padlock is removed from hasp. Holds up to six padlocks.

**Item #AL080** **\$5.85**  
 Lock: 1-3/4" x 4-1/2", Jaw: 1"

**Item #AL0802** **\$7.50**  
 Lock: 2-3/8" x 5", Jaw: 1-1/2"

## Heavy Duty Lockout Hasp

Master Lock® heavy duty lockout hasp. Heavy gauge steel jaw with vinyl coated red handle. Simply attach device to energy disconnect switch to keep equipment inoperative while repairs or adjustments are made. Lockout by multiple workers at each lockout point. Control cannot be turned on until last worker's padlock is removed from hasp. Holds up to six padlocks.

**Item #420HASP** **\$5.85**  
 Lock: 1-3/4" x 4-1/2", Jaw: 1"

**Item #421HASP** **\$6.85**  
 Lock: 2-3/8" x 5", Jaw: 1-1/2"

## Pry Proof Lockout Hasp

Master Lock® heavy duty lockout hasp. Durable pry proof steel jaw with steel body. Simply attach device to energy disconnect switch to keep equipment inoperative while repairs or adjustments are made. Lockout by multiple workers at each lockout point. Control cannot be turned on until last worker's padlock is removed from hasp.

**Item #418M** **\$8.10**  
 Lock: 2-3/8" x 3-1/4", Holds 4 Locks

**Item #419** **\$8.15**  
 Lock: 2-3/8" x 6-5/8", Holds 8 Locks

## Snap-On Aluminum Lockout Hasp

Master Lock® Labeled snap-on hasp combines multiple person lockout and tag out identification. Easy to apply snap-on advantage fits more lockout points than alternative rivet hinged hasps. Anodized aluminum and stainless steel construction for combined corrosion resistance and strength. 2-7/8" x 7". Holds up to 5 Padlocks.

**Item #427** **\$9.60**

## Heavy Duty Steel Lockout Hasp

Polyester coated red body with tabbed steel jaw. Easily attaches to energy disconnect switch to keep equipment inoperative while repairs or adjustments are made. Lockout by multiple workers at each lockout point. Control cannot be turned until last worker's padlock is removed from hasp. Holds 6 padlocks.

**Item #T210** **\$5.25**  
 1" Hasp, 4" Length

**Item #T215** **\$6.25**  
 1-1/2" Hasp, 4" Length

## Dual Jaw Aluminum Lockout Hasp

Master Lock® dual jaw spark resistant aluminum lockout hasp. Simply attached device to energy disconnect switch to keep equipment inoperative while repairs or adjustments are made. Lockout by multiple workers at each lockout point. Control cannot be turned on until last worker's padlock is removed from hasp. 2" x 5-7/8" total size. 1" x 1-1/2" inside jaw diameter.

**Item #429** **\$8.45**

## Steel Lockout Hasp

Master Lock® 4mm steel lockout hasp. Designed to fit smaller lockout points. Features a steel shackle with plastic body. Can be used with S100 lockout leash lanyard. 2-1/4" x 3" total size. 1" inside jaw diameter. Holds up to two padlocks.

**Item #S430** **\$5.50**

## M-Safe® Heavy Duty Lockout Hasp

M-Safe® heavy duty nylon lockout hasp. Provides a safe, proven method of locking out energy sources. Durable nylon construction is flexible, durable and heat and cold resistant. Holds up to six padlocks.

**Item #MS01** **\$3.80**

## Portable Electrical Safety Lockout Kit

Master Lock® portable electrical safety lockout kit. Group kits are for multiple workers. Include permanent write-on labels (English, French, and Spanish) that allow instant on-site customization and identification for each worker. Kits include high-use components, satisfying most applications. Lightweight safety lockout carrying case with modular, translucent storage compartments for improved organization and fast component selection.

## LatchTight® Portable

LatchTight® portable red group lock box. Durable power-coated red finish with an easy grip, ergonomic handle. Ensures that keys cannot be accessed until the last lock is removed. Secure each lockout point on a piece of equipment with just one designated lock. Accommodates up to 12 workers, more with the use of lockout hasps.

**Item #498A \$55.00**

**Master Lock**

## Wall Mount Lockout Box

Brady® wall mount lockout box. Made of acrylic plastic with transparent front cover. Pre-drilled holes in back for easy wall mounting. 9"H x 6"W x 4"D. Red lockout box with clear front face.

**Item #LG097E \$58.75**

**BRADY**  
WHEN PERFORMANCE MATTERS MOST™

## Two Prong Plug Lockout

Master Lock® two prong plug lockout. Patented plug lockout grips prongs of 110-120 volt plugs. Fits two prong plug with and without ground. Use with your existing lockout padlocks or lockout hasps. Includes labels in English, Spanish, and French.

**Item #S2005 \$7.75**

**Master Lock**

## Rotating Electrical Plug Lockout

Master Lock® rotating electrical plug lockout. Features an outward/ inward rotation that allows for easier application and storage, surround the electrical plug and protects against accidental reconnection. Patented rotating design allows for easier installation in confined space applications. Complete with high-visibility permanent safety labels (English, French, and Spanish). Tough, lightweight, dielectric thermoplastic bodies withstands chemicals. Performs effectively in extreme conditions.

**For Use with most 110 & many 220 volt plugs**  
**Item #487 Size: 2¼" x 3¼" \$13.20**

**For Use with most 220 & many 550 volt plugs**  
**Item #488M Size: 3" x 6" \$10.30**

**Master Lock**

## Electrical Plug Lockout

Brady® electrical plug lockout. Avoid electrical accidents by applying lockouts to prevent plugs from being inserted into a wall outlet. Use when plug will not remain under the exclusive control of the person performing service or maintenance. Made of rugged polypropylene. 1 English, French and Spanish Danger label provided.

**Item #65674 \$16.80**  
Voltage: 110V, Cable Hole: 1/2"  
Size: 2" H x 2" D x 3½" W

**Item #65675 \$19.85**  
Voltage: 220/500V, Cable Hole: 1"  
Size: 3¼" H x 3¼" D x 7" W

**BRADY**  
WHEN PERFORMANCE MATTERS MOST™

## E-SAFE™ Lock-A-Plug

The lock-a-plug completely encloses the electrical plug from any accidental reconnection. The locking system avoids usage of unauthorized personnel during critical times. Fully dielectric, good low-temperature resistance and 300°F (149°C) flashpoint.

**Single entry, plug lock 110 Volts**  
**Item #LP110 \$8.75**  
1¾" H x 3¼" L x 1¾" W

**Multiple entry, plug lock 220 Volts**  
**Item #LP550 \$10.10**  
3" H x 6¾" L x 3" W

**Honeywell**

## 3-in-1 Electrical Plug Lockout

Brady® prinzing three-in-one plug lockout. Accommodates high and low-voltage plugs up to 3" in diameter and 5½" in length. 2 sliding top lids can be used to individually or together to fit small, medium and large diameter cords up to 1¼". Plug lockout is made of bright yellow thermoplastic material. Visual label supplied in English, Spanish bilingual format.

**Item #PL023 \$16.25**

**BRADY**  
WHEN PERFORMANCE MATTERS MOST™

**Honeywell**

## Electrical Breaker Lockout Pouch

Ripstop nylon, abrasion resistant zippered pouch with double belt loop for portable access to lockout devices.

Kit includes:

- 11 circuit breaker lockouts
- 3 electrical switch lockouts
- 1 single entry electrical plug outlet

**Item #LK112F**

**\$78.75**

## STOPOUT® Slide 'n Lock Handle Circuit Breaker

This versatile lockout device prevents the accidental activation of large or up to three individual circuit breakers and can work on a wide variety of flip lever style handle switches. Slide-n-Lock™ is constructed of red dielectric ABS plastic and incorporates the octagon shape to convey STOP. The Slide-n-Lock™ consists of three parts: Mounting Rail, Slide Set, and Stop Bar. It installs quickly and easily with no drilling required, and no binding onto the breaker handle. Additional Mounting Rails allow the removable parts of the Slide-n-Lock™ for use onto several electrical panels without removing the Mounting Rail. Mounting Rail: 5"L x 3/4"W x 1/4"L. Slide Set: 2"L x 2"W x 1-3/8"D. Stop Bar: 5"L x 1"W x 1"D.

**Item #KDD280** Handle Circuit Breaker **\$7.50**

**Item #KDD282** Additional Mounting Rail **\$3.80**

## STOPOUT® Circuit Breaker Lockout

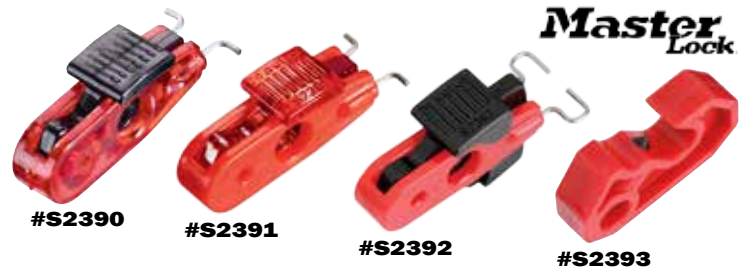

Circuit Breaker Lockout, for 120/240 volt breakers. This unique design allows for fastest lockout application time and quick and easy removal as well. The unit uses metal jaws for optimum secure grip. The Circuit Breaker Lockout is a visible safety red to call attention to the locked out switch. Fast secure application with bar clamp action design and quick release tab. Easy operation even with just one hand if needed. Accommodates up to 9/32" diameter padlock shackles (sold separately).

**Item #KDD160** Single Pole **\$10.95**

**Item #KDD161** Double Pole **\$13.50**

**Item #KDD162** Triple Pole **\$14.50**

## Miniature Circuit Breaker Lockout

Master Lock® miniature circuit breaker lockout. Locks out most miniature ISO/DIN circuit breakers throughout the world. Works with all Master Lock and American Lock® safety padlocks and hasps.

**Item #S2390** Pin Out, 11mm or less **\$4.95**

**Item #S2391** Pin Out, 11mm to 13mm **\$5.20**

**Item #S2392** Miniature, Pin In **\$5.10**

**Item #S2393** Universal Miniature **\$5.10**

## Grip Tight™ Circuit Breaker Lockout

Fits virtually all circuit breakers you will find in a lockout situation. 506SET includes one 491B and one 493B Grip Tight™ circuit breaker lockouts. Grip Tight™ circuit breakers work with simple thumb turn and clamping handle. Innovative patented Grip Tight™ design effectively locks out circuit breakers. Adjust to breaker with simple thumb turn and then close clamping handle for a tight grip on the toggle. Great strength with universal fit. 491B fits wide or tall breaker toggles typically found on hi-voltage/hi-amperage breakers. 493B fits standard height and tie-bar toggles typically found on 120 and 240 volt breakers. Compact device is easy to carry and easy to store. Accepts all American Lock and Master Lock safety padlock shackles and lockout hasps. Durable construction with powder coated steel and reinforced polymer for operation in harsh environments.

**Item #491B** Hi-Voltage Circuit Breaker **\$6.95**

**Item #493B** Low-Voltage Circuit Breaker **\$5.25**

**Item #506SET** Kit **\$10.60**

## C-SAFE™ Circuit Breaker Lockout

**Honeywell**

Requires a switch breaker with a recessed hole in it. Fully dielectric and resists temperatures up to 300°F (149°C). Good low temperature resistance.

**Single Pole Circuit Breaker** **\$5.40**

**CB01** Size: 2-3/10" L x 17/20" H x 1-1/10" W

**Double Pole Circuit Breaker** **\$8.95**

**CB-02** Size: 2-5/8" L x 1-7/8" H x 1" W

**Single Pole Circuit Breaker** **\$5.10**

**CB-03** Size: 2-3/10" L x 3/4" H x 1" W

**Double Pole Circuit Breaker** **\$5.10**

**CB-04** Size: 2-5/8" L x 1" H x 1-173/200" W

## Fuse Lockout Devices

Brady® Fuse lockout devices. Constructed on non-conductive, heavy-duty plastic, these lockout devices have a unique locking mechanism that prevents the device from being accidentally removed from the fuse block. Easily attaches with nylon cable ties in order to prevent unexpected startup during maintenance. These lockout devices cannot be easily removed. Red. Six per pack.

**Item #65750** **\$59.75/PK**  
Small, 13/32" diameter

**Item #65751** **\$61.50/PK**  
Large, 9/16" diameter

## Fuse Blockout Devices

Brady® Fuse Blockout devices. Constructed of non-conductive, heavy-duty plastic, unique locking mechanism prevents device from being accidentally removed from fuse block. Easily attaches with nylon cable ties in order to prevent unexpected start up during maintenance. These blockout devices can easily be removed. Red. Six per pack.

**Item #65690** Small **\$5.45/EA**  
Blocks Out 1/4", 9/32", 11/32" & 9/16" Fuses

**Item #65691** Large **\$11.10/EA**  
Blocks Out 13/16" & 1-1/16" Fuse & Blade Type Fuses

## Extech Infrared Thermometer

Extech Wide Range Mini IR Thermometer. 12:1 compact infrared thermometer with laser pointer. IR temperature range: -58 to 1200°F (-50 to 650°C). High resolution of 0.1° up to 199.9°. High/Low setpoints with audible alarm. 0.10 to 1.00 adjustable emissivity for better accuracy on different surfaces. Built-in laser pointer for easy targeting. Large backlit LCD display. Data hold and min/max, overrange indicator, auto power off. Complete with 9V battery and pouch case.

**Item #42510A** **\$99.99**

## Rotary Switch Cover & Bases

Prohibits access to a switch or control. #S2151 Includes (1) cover, (1) new install base, and (1) retrofit base with double-faced adhesive tape. **Lock not included.**

**Item #S2151** **\$16.10/EA**

### Replacement Install Bases

**Item #S2152AST** 12/PK **\$4.10/PK**

### Replacement Retro Fit Bases

**Item #S2154AST** 12/PK **\$13.90/PK**

## Wall Switch Lockout

Brady® prinzing wall switch lockout, clear. Wall switch lockouts may be used with most wall-mounted switches and are simple to install using existing plate screws. Made of clear polycarbonate with a patented non-hinge design. Temperature range -40°F to 250°F.

**Item #WSLO** **\$9.60**

## Universal Toggle & Paddle Wall Switch Lockout

Master Lock® universal wall switch lockout. Locks out both toggle, Decora™ and paddle switches. Patented design assures switch stays locked on or off. Hinges open for unobstructed normal operations of switch. Includes English/Spanish, and English/French labels.

**Item #496B** **\$5.90**

## Ideal® Fuse Puller

Ideal® Fuse Puller. Handy and convenient for removing or replacing cartridge-type fuses. Fully insulated, high dielectric, glass filled polypropylene construction. Non-slip gripping surface and protective finger stops for added safety. Clearly marked amperage ranged.

Item #	Size	Fuse Puller

## Vol-Test® Solenoid Voltage Tester

Ideal® Vol-Test® Solenoid voltage tester. Extremely rugged and reliable. Features a solenoid indicator and neon test lamp that provide double protection. Independent circuitry provides a built-in backup safety system. Replaceable leads with shielded probe tips. Tests 80V to 600V AC/DC (25 to 60Hz). CAT III - 600V.

**Item #61065** **\$55.15**

## Non-Contact AC Voltage Detector

Extech non-contact AC voltage detector for 100VAC to 600VAC. For use on 50/60Hz circuits. Features a flashing red LED light, push button ON/OFF, and audible beeper indication. Tip fits into outlets or against wire insulation. Locates breaks in power cables. UL approved. Convenient size with pocket clip and 2 AAA batteries. 6" total length. CAT III 600V.

**Item #40130** **\$10.70**

## Stopout® Twist 'N Lock Cinch Cable Hasp

Run the cable through various devices; then, with a quick twist of the hasp, cinch the cable to prevent unauthorized access. Easy to use cable, add padlock(s) and cinch lockout hasp solution. Polycarbonate, compact hasp comprised of two 1-1/2" diameter x 3" width rotating halves with 6-ft red plastic coated steel cable. Visible red octagon shape reinforces the STOP message. To use, insert the cable through the devices to lock out, then pull the cable taut. Short 15° turn of the hasp halves tightens down to cinch the cable in place. Pin pops up to hold the device in the secured position and lines up for the four padlock holes. Place lockout tag and up to four padlocks (available separately) in the open holes to secure in place. When the Lockout situation is finished, simply remove padlock(s), push the pin in, twist the device in the opposite direction to release, and pull the cable out.

Item #KDD637

**\$17.90**

## Adjustable Cable Lockout

Master Lock® durable, adjustable cable lockout. Pull-tight cable adjusts for a secure fit every time. Integrates safety hasps with a cable lockout. Ideal for multiple circuit breakers or side-by-side gate valve lockouts. Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating (PVC free). Feed the cable end through the points to be locked out, then to remove any slack with the patented locking feature. Tough, lightweight thermoplastic body withstands chemicals. Performs effectively in extreme conditions. Includes high-visibility, write on safety labels (English, French and Spanish).

Item #S806CBL3	3' Cable
Item #S806CBL4	4' Cable
Item #S806	6' Cable

## All Purpose Cable Lockout w/ Sheathed Cable

Brady® all-purpose cable lockout with 8' sheathed cable. Cable lockouts are incredibly versatile making them perfect for all of your unusual energy isolating devices that are difficult to lockout. Compact, lightweight body is made of rugged impact modified glass filled nylon giving them superior chemical, corrosion and temperature resistance properties. Sheathed metal cable is 4/16" diameter including vinyl coating. Ergonomic design makes it a "cinch" to tighten cable-hold device in one hand and cinch tight with the other! Built-in cable loop keeps cable neatly coiled when stored and prevents it from dangling loose when device is being used. 4 lock holes in handle accommodate most lock shackles and hasps.

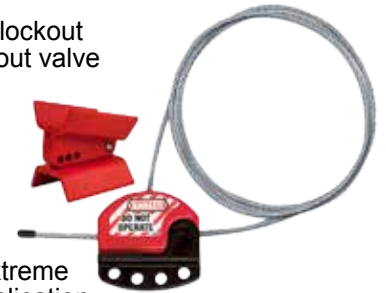

Item #50943	Lockout w/ Cable
Item #50947	Cable Only

**\$48.75**  
**\$10.65**

## Butterfly Valve Lockout w/ Adjustable Cable

**Master Lock**

Master Lock® butterfly valve lockout with adjustable cable. Locks out valve in seconds by feeding S806CBL3 cable lockout device through desired eyelet and around valve. Durable, lightweight thermoplastic material that is chemical resistant and performs effectively in extreme environments. Directional application arrows allow for ease of installation and minimize user error. Stainless steel rivet allows device to smoothly pivot open and closed to ensure proper fit.

Item #S3920	Butterfly Lockout Only
Item #S3921	Butterfly Lockout w/ Cable

**\$14.70**  
**\$34.75**

## Circuit Breaker Compact Padlock

Master Lock® circuit breaker compact padlock. 3/16" diameter cable shackle allows padlock to properly lock all types of circuit breakers lockout devices. Flexible cable allows the compact lock body to be positioned so most panel doors can be closed. Fits the tight space constraints within circuit breaker shutoff boxes. 1-1/8" wide x 3/4" deep steel body x 5" flexible steel cable.

#7C5RED	Keyed Diff.	<b>\$10.60</b>
#7KAC5RED	Keyed Alike	<b>\$11.25</b>

## Plug & Hoist Control Lockout Cover

**Master Lock**

Master Lock® over-sized plug and hoist control lockout cover. Effectively locks out odd size and large electrical connectors and hoist controls. The cinch sack offers broad application solutions. Insert PVC tubing to block access to hoist control buttons. Flexible and durable rip-stop nylon bag fits easily in safety tool boxes. Accepts up to 6 padlocks or hasps. Trilingual lock out warning printed on bag.

Item #453L	6-1/4" x 17"	<b>\$21.75</b>
Item #453XLM	10" x 26"	<b>\$26.50</b>
Item #453XXL	14" x 36"	<b>\$27.75</b>

## Original Cable Lockout

Brady® Original cable lockout. Patented cable lockout device is perfect for your difficult lockout situations such as large gate valves or oversized devices. Simply squeeze device to tighten cable, insert your padlock to secure the handle and you're done! Body is made of impact modified nylon. Standard lockout device comes with 6" x 1/8" diameter cable. Red.

Item #65318	<b>\$44.00</b>
-------------	----------------

## Rotating Gate Valve Lockout

Master Lock® Rotating Gate Valve Lockout. Features an outward/inward rotation allows for easier installation and storage. Surrounds the valve operating handle to protect against accidental valve opening. Unique patented rotating design allows for easier installation in confined space applications. Rotates into itself and nests into the next larger size to save space in safety tool boxes. Center knockout can be removed for rising stem gate valves. Multiple workers can apply their personal safety locks. Complete with high-visibility permanent safety labels (English, French & Spanish) that can be written-on to identify the responsible person. Tough, lightweight, dielectric thermoplastic bodies withstand chemicals. Performs effectively in extreme conditions.

## Seal Tight™ Handle-off & Handle-on Ball Valve Lockout

Master Lock® Seal Tight™ handle-off ball valve lockout. Patented innovative design eliminates the risk of valve reactivation with removal of handle. Device encloses the valve stem, with the handle removed, to make reactivation virtually impossible. Master Lock® Seal Tight™ handle-on ball valve lockout clamps tight on handle stop. Defies corrosive environments and extreme temperatures. Fits virtually all types of pipe including insulated, PVC and metal. Universal fit-effectively locks out valves from 3/8" to 4". For more info please visit [www.DiValSafety.com](http://www.DiValSafety.com)

<b>Item #S3068</b>	Handle-On Lockout	<b>\$29.90</b>
<b>Item #468L</b>	Handle-Off Lockout	<b>\$22.10</b>
<b>Item #S1000</b>	Lockout Kit	<b>\$49.60</b>

## B-SAFE™ Ball Valve Lockout Device

Valves from 3/8" to 1-1/4". Made of strong polypropylene plastic. Highly resistant to solvents and other chemical products. Excellent resistance to cracking and abrasion. Resistant to extreme temperature changed ranging from -50°F to 360°F. Fully dielectric. Can lock in the open position. Meets ANSI Z353.1 Standards. 0.312 inch lock hole.

<b>Item #BS01</b>	3/8" - 1-1/4"	<b>\$13.75</b>
<b>Item #BS02</b>	1-1/2" - 2-1/2"	<b>\$23.10</b>
<b>Item #BS03</b>	2" - 8"	<b>\$41.70</b>
<b>Item #BS04</b>	12" - 4"	<b>\$52.75</b>

## Adjustable Ball Valve Lockout

**Master Lock**

Master Lock® adjustable ball valve lockout. Easy to use device prevents accidental activation of a closed ball valve. Adjustable design fits 1/2 inch to 2 inch valves. Durable, lightweight thermoplastic material is chemical resistant and performs effectively in extreme environments. Removable insert accommodates a wide range of handle designs and dimensions. Works with S806 cable (order separately) lockout device for the most secure fit. Four locking holes to accept all Master Lock and American Lock safety padlocks.

<b>Item #S3081</b>	<b>\$17.25</b>
--------------------	----------------

## Portable Valve Safety Lockout Kit

Include permanent write-on labels (English, French, & Spanish) that allow instant on-site customization and identification for each worker. Kits include high-use components, satisfying most applications. Lightweight safety lockout carrying case with modular, translucent storage compartments for improved organization and fast component selection.

- (6) Zenex™ padlocks, keyed different
- (1) 1" lockout hasp
- (1) snap-on red hasp
- (1) 6' adjustable cable lockout
- (1) gate valve cover for 1" to 3" handles
- (1) gate valve cover for 2" to 5" handles

<b>Item #1458V410</b>	<b>\$245.00</b>
-----------------------	-----------------

- (1) gate valve cover for 4" to 6.5" handles
- (1) gate valve cover for 6" to 10" handles
- (1) seal tight ball valve lockout
- (1) handle OFF ball valve lockout
- (2) bags of "Danger" tags (24 total)

## Steering Wheel Lockout Cover

Master Lock® steering wheel lockout cover. Reinforced vinyl cover fits standard steering wheels. Provides visual deterrent for vehicle maintenance. Trilingual warning (English, French, and Spanish) notifies employees not to start or move vehicle. Lock in place with 421 hasp and safety padlock (both sold separately) For added security use S806 lockout cable (sold separately) around steering wheel and foot pedals.

## Ladder Shield™ Lockout/Tagout Kit

Attach to fixed ladders on buildings or semi-permanent ladders at job sites to discourage unauthorized climbing. Ladder Shield is made of durable, rust-proof .063" aluminum and fits most ladders. Secure by using a cable-hasp lockout and padlock (both included). Bold, bilingual warning message and accident prevention tag provides additional visual deterrents. 42"H x 13 1/4"W x 2 13/16"D. Hang the U-shaped top over an upper level ladder step blocking access to steps below. Run the cable-hasp lockout through the pre-punched holes in the Ladder Shield, and around the ladder steps. Pull cable tight. Secure the cable-hasp lockout with padlock and tag. Kit includes: Ladder Shield™, cable-hasp lockout, padlock with key, and accident prevention tags.

**Item #KLB426**

**\$89.85**

## Latch Tight™ Wall Mount Lock Box

Masterlock® Latch Tight™ wall mount lock box. Storage device captures keys for effective lockout of large equipment. Exclusive Latch Tight feature ensures that keys cannot be accessed until the last lock is removed. Durable powder-coated color finish with stainless steel. Integrated storage organizes up to 12 keys or hundred bulk of keys. Dual application- wall mount or portable.

## Potable Water Cooler Tape and Labels

Clearly marks potable drinking water cooler container and discourages dipping. Warns drinkers that dipping content from water coolers is strictly prohibited. Space to write in needed documentation regarding water cooler contents, preparation date and time, expiration date and time, as well as preparer's initials, and other important information. Tape is 2 inches x 55 yards. Label is 7" x 6" adhesive vinyl, 25 labels per pack.

- Item #KWC100** Tape
- Item #KWC106** Labels

**\$9.95/RL**  
**\$21.20/PK**

## Compressed Air Pneumatic Lockout Device

Master Lock® pneumatic lockout device. For compressed air machines. Prevents pneumatic fitting from being connected to pressurized air source. Fits virtually all male pneumatic fittings found in manufacturing facilities. Stainless steel construction for corrosion resistance. 1-3/8" wide x 7- 3/4" x 1/8" thick. Accepts any Master Lock or American Lock Safety padlock. Works with lockout hasps for multiple worker lockout.

**Item #S3900** **\$12.10**

## Pressurized Gas Valve Lockout

Master Lock® pressurized gas valve lockout. Surrounds the gas valve handle to protect against accidental valve opening. Works on valves with or without guarding. Fits virtually all valves up to 3" diameter. Works with any Master Lock or American Lock safety padlock or hasp. Multiple workers can apply their personal safety locks.

**Master Lock**

**Item #S3910** **\$12.10**

## Drum Electrical Lockout

Accuform® Electrical Lockout device. Secure standard 55 gallon storage drums around the lip seal. Drum lockout device secures around the "lip" by completely covering bung opening without removing the original seal plug.

- Item #KDD460** **\$72.30**  
Metal Drum, 1-1/2" and 3" OD Seals
- Item #KDD461** **\$72.30**  
Plastic Drum, two 3-1/2" OD Seals

## STOPOUT® Trailer-Lock Glad Hand Lockout

Clamp down to stop and prevent unplanned movement of trailers from the dock and storage areas. Deter unauthorized drive-off of trailers by blocking access to the emergency brake airline, attach the Glad Hand Lockout to the trailer's (red) line connection, and secure with your choice of padlock (sold separately) to control access. Visible red, octagon-shape STOP device is made of durable plastic with a zinc coated steel pin for the hinge. Fits in the palm of the hand, measuring 4" x 3" x 2".

**Item #KDD477** **\$14.15**

## Glad Hand Trailer Pneumatic Lockouts

Keeps the trailer in place, especially while being loaded or unloaded. Apply the glad hand device to lockout access to the trailer's emergency brake (red) connection- preventing it from being removed. In order to move the trailer, the glad hand lockout must be taken off the trailer's air line to connect to a truck, which releases the emergency brakes on the trailer. Also, ideal for use on idle or storage trailers - preventing the trailer and its contents from being moved away or theft.

- Item #KDD475** Keyed Differently **\$29.65**
- Item #KDD479** Keyed Alike **\$29.65**

## Electrical Cable Lockout Message Wrap

Draw attention to and identify cords and cables that should not be used. Cable wraps call attention with red and white hazard stripes. Quick and easy-to-apply adhesive-backed message. Simply peel back scored liner to wrap and stick around various size cables or cords. Displays a two-sided "danger" message with space to write name and date. Wraps are constructed of tear-resistant material that must be cut off for removal. 3" x 8" total size. Sold by the pack, 5 per pack.

## Tags By-The-Roll

Portable, dispenser roll of safety tags for on-the-go lockout requirements. Tags By-The-Roll are contained in octagon-shaped, 7 1/4" x 7 1/4" x 3 1/2" cardboard dispenser. PF-Cardstock tags are die-cut shaped like traditional tags, yet connected end-to-end with perforations spooled on a roll. Simply pull out the tag from the box to easily tear off. The next available tags stay neat and clean together inside the dispenser. 10-mil PF-Cardstock tags are tear-resistant and waterproof 'pulp-free' polyolefin-based synthetic plastic. 6 1/4" x 3 with oversized 3/8" top hole. Writable matte surface is printed on both sides with spaces to fill in. Available in 100 and 250 tags per dispenser roll.

## Energy Source Identification Tag Set (1-10)

Eye-catching symbols and colors draw attention to critical lockout points.

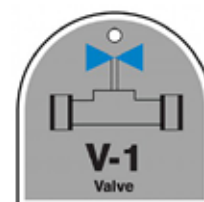

Use Energy Source Identification Tags as part of a comprehensive Lockout procedure to comply with OSHA 1910.147(C)(4). Available in series numbered tags 1 to 10. Identify and support machines with multiple energy sources. Tags measure 2-1/2" x 2-1/2" with 3/16" hole. Vibrant colors and bold graphics are ideal for machine-specific procedures that can be easily and quickly identified.

Durable, thick, rigid plastic protected by 2.5-mil non-glare overlamine. Resists impacts, abrasions, humidity and chemicals. Withstands harsh environmental conditions. Set of 1-10. **\$32.35/Set**

29 CFR 1910.147(c)(4) Energy Control Procedure. Procedures shall be developed, documented, and utilized for the control of potentially hazardous energy...

## Lockout Procedure Station Kit & Accessories

Document, track, and provide easy access for your workers of Lockout/Tagout procedures in one convenient location. The two-color, aluminum backboard measures 20" H x 14" W x .063" thick and has a PVC-coated steel wire rack to hold the 3-ring 1-1/2" binder (included with kit). Record steps to perform proper lockout procedures. Energy source and isolation forms allow you to quickly identify and list energy source type, location of lockout device, and means of lockout. Lockout procedure forms help to educate workers, inspectors and other officials on the proper procedures that should be followed for lockout. These forms are a valuable asset to the workplace and increase awareness about lockout procedures as well as providing information and general instructions on performing lockout or encountering locked out equipment. Record steps to perform proper lockout procedures. Additional lockout procedure forms (KSS144), lockout procedure energy source and isolation forms (KSS151), and binders (KSS146) available.

<b>Item #KSS142</b>	Lockout Procedure Station	<b>\$84.70</b>

### STOPOUT® Twist 'n Lock Cinch Cable Hasp

Run the cable through various devices; then, with a quick twist of the hasp, cinch the cable to prevent unauthorized access. Easy to use cable, add padlock(s) and cinch lockout hasp solution. Polycarbonate, compact hasp comprised of two 1-1/2" diameter x 3" width rotating halves with 6-ft red plastic coated steel cable. Visible red octagon shape reinforces the STOP message. To use, insert the cable through the devices to lock out, then pull the cable taut. Short 15° turn of the hasp halves tightens down to cinch the cable in place. Pin pops up to hold the device in the secured position and lines up for the four padlock holes. Place lockout tag and up to four padlocks (available separately) in the open holes to secure in place. When the Lockout situation is finished, simply remove padlock(s), push the pin in, twist the device in the opposite direction to release, and pull the cable out.

**Item #KDD637** **\$17.90**

### STOPOUT® Slide 'n Lock Handle Circuit Breaker

This versatile lockout device prevents the accidental activation of large or up to three individual circuit breakers and can work on a wide variety of flip lever style handle switches.

Slide-n-Lock™ is constructed of red dielectric ABS plastic and incorporates the octagon shape to convey STOP. The Slide-n-Lock™ consists of three parts: Mounting Rail, Slide Set, and Stop Bar. It installs quickly and easily with no drilling required, and no binding onto the breaker handle. Additional Mounting Rails allow the removable parts of the Slide-n-Lock™ for use onto several electrical panels without removing the Mounting Rail. Mounting Rail: 5"L x 3/4"W x 1/4"L. Slide Set: 2"L x 2"W x 1-3/8"D. Stop Bar: 5"L x 1"W x 1"D.

**Item #KDD280** Handle Circuit Breaker **\$7.50**  
**Item #KDD282** Additional Mounting Rail **\$3.80**

### STOPOUT® Look 'n Stop Compact Group Lock Box

Small, portable group lock box goes with you on the job - from the office to the production floor. Set on a desk, mount on wall, or simply take with you.

Safely store keys securely from lockout. Specially designed to lid hinges closed with a twist. Turn it 15° for added security-prevents unauthorized pry access or tampering when padlocks are in place. With the holes lined up after close and turn, secure the box with up to 17 padlocks (sold separately). The lid only opens after removal of the last padlock. Reverse twist lid to open, and remove keys. Slots in clear view lid to insert and store locked-out keys. 7 3/4" x 7 3/4" x 4" octagon-shaped box in durable, impact-resistant red conveys STOP.

**Item #KCC620** **\$18.45**

## LOCKOUT/TAGOUT TRAINING

The Lockout/Tagout standard covers the servicing and maintenance of machines and equipment in which the unexpected startup of the machines or equipment, or release of stored energy could cause injury to employees.

What to Expect in our course: The Lockout/Tagout training course will help students to identify main and secondary energy sources, and understand a written lockout program. They will know the different types of lockout devices, application of those lockout devices and how to shut down and re-start equipment safely. We will also discuss group lockouts, shift changes and periodic inspections. The information presented in this training will assist the workforce to prevent injuries, illness, and even death, which are hazards common to non-compliance with lockout procedures. Our training will raise employee awareness and strengthen employee skills when performing lockout.
