DYMO
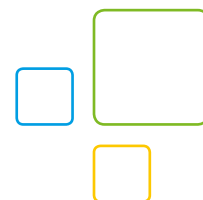

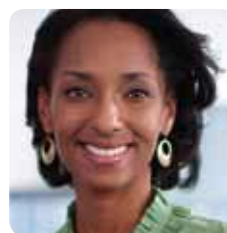

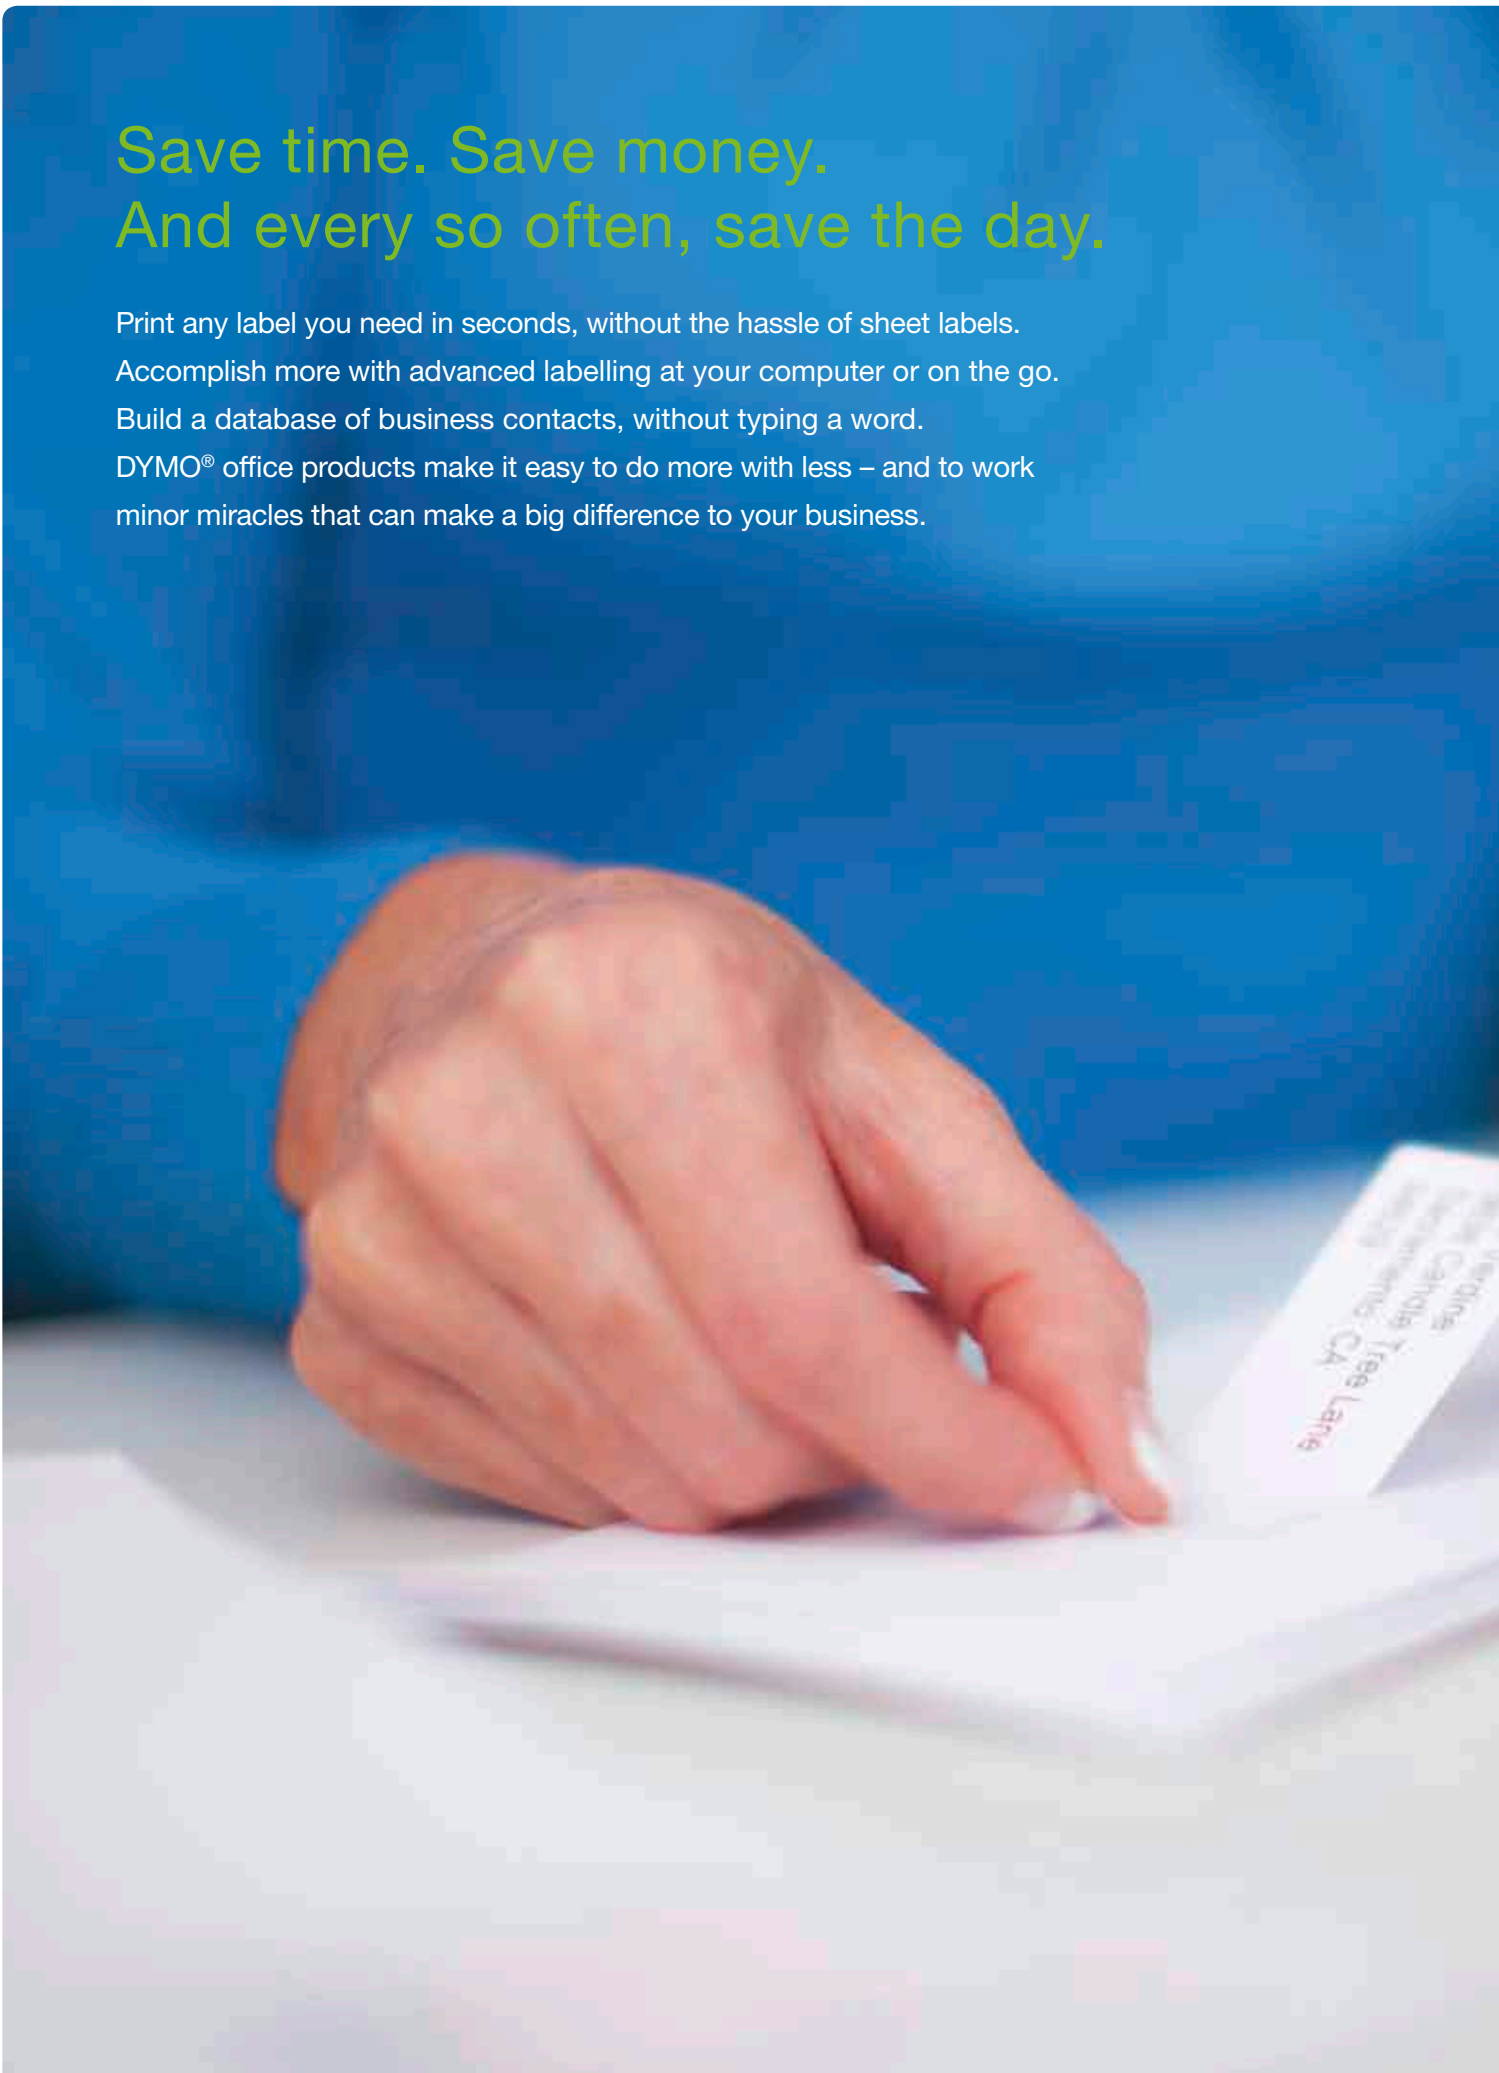

Catalogue 2011

Outwit the routine.

Imagine how much more you could accomplish with a little extra help and a little more time, every single day. DYMO® products can give you both. Whether you work in an office, at home or in an industrial workplace, DYMO® has what you need to get organised and complete everyday tasks – in less time and with less effort than they take now.
How clever is that?

Save time. Save money.
And every so often, save the day.

Print any label you need in seconds, without the hassle of sheet labels.

Accomplish more with advanced labelling at your computer or on the go.

Build a database of business contacts, without typing a word.

DYMO® office products make it easy to do more with less – and to work

minor miracles that can make a big difference to your business.

DYMO

Office

Office Labelling Solutions

Mail. Send. Organise. Impress. Save.

If there's a label that can help your business run more smoothly and shrewdly you can print it with DYMO® labelling solutions. They're quick, easy to use and good for business:

Thanks to DYMO® LabelManager™ you can name and identify documentation, filing trays and computer media swiftly and easily with eye-catching labels. CD/DVD cases, files and other articles that quickly pile up can be colour-coded to show what kind of material they contain or confidentiality status.

With DYMO® LabelManager™, you can make sure that valuable products come back to you whenever they are borrowed.

DYMO® LabelWriter™ uses thermal printing technology, so it never needs ink or toner. Label, mail, and file smarter with proprietary DYMO Label v.8 software, which enables you to create and print address, shipping, file, folder and barcode labels, plus name badges and more – all without the extra work and hassles of printing sheet labels on a standard desktop printer.

Address your mail

Print clear, accurate, professional address labels, and the postage that goes with them at speeds up to 71 labels a minute*.

LW LABELS

Label your media

Put away your marker – label CDs, DVDs and other media with neat, easy-to-read, professional looking labels.

LW LABELS

Manage visitors

Impress visitors and enforce security with personalised name badges – including your company logo.

LW LABELS

Organise your files and archives

Find any file more quickly with black-and-white labels for file folders, hanging folders, filing cabinets and drawers.

LW LABELS

* 4-line address label

Quickly label anything

Standard D1 Labels are perfect for most labelling and organising jobs – files, binders, storage areas and more.

D1
LABELS

Label hard-to-label surfaces

Flexible High Performance D1 Labels feature a permanent adhesive that stays put on curved, textured or uneven surfaces.

D1
LABELS

Label permanently

Permanent High-Performance D1 Labels combine permanent adhesive with scratch and water-resistance – for labels that stay in place and remain legible.

LabelWriter™ Series

Label faster. Mail smarter. Look sharp!

Connect a DYMO® LabelWriter™ label printer to your PC or Mac® and you're ready to print address labels, dispatch labels, file labels, name badges and much, much more. Choose the LabelWriter™ 450 for basic label printing, or a model that also prints additional label sizes and styles. LabelWriter™ printers make it easy to get first-class results. Thermal printing technology eliminates the cost of ink or toner and the hassle of sheet labels from label printing, forever. Improved resolution graphics mode delivers crystal clear text, graphics and barcodes. Sleep mode conserves energy. Put it anywhere – its new, compact design fits in any modern workspace.

LabelWriter™ 450 Turbo

High-speed label printer for PC and Mac®

The LabelWriter™ 450 Turbo prints impressive labels at very high speeds, taking the outstanding performance of the LabelWriter™ 450 to another level.

- Offers superior label quality and flexibility with the power and speed to save you time and money
- Prints at high speed - up to 71 labels a minute (4-line address label)
- 40% faster than our entry-level printer
- Includes proprietary DYMO Label™ v.8 Software that provides more than 100 label styles and layouts

71 labels/min

LabelWriter™ 450 Series

LabelWriter™ Software

DYMO Label™ v.8 Software for PC and Mac®

Get great labelling results with a lot less work

Included with every LabelWriter™ 450 label printer, DYMO Label™ v.8 Software simplifies every labelling job – whether you print one label or hundreds.

- DYMO Label™ v.8: Create and print your favourite layouts from your PC or Mac®
- Multi-application: Create labels directly from Microsoft® Word, Outlook®, Excel® and CardScan®, without retyping your text
- Built-in address book: Print labels straight from your contact list or from your Outlook® or Mac® Address Book
- QuickPrint widget: Print a single label quickly and easily
- Choose from more than 100 pre-designed, customisable label templates
- Add logos, graphics, shapes and more to your labels

System requirements for all LabelWriter™ label printers

PC: Windows® XP, Windows Vista®, or Windows® 7
Mac: OS® 10.4 or later

USB port, 50MB of hard disk space, and CD-ROM drive

New

DYMO® LabelWriter™ Print Server

Network adapter for DYMO® LabelWriter™ label printers

- Connects everyone on your shared computer network to any of the LabelWriter™ 400 or 450 series label printers
- Simple installation: just connect the Print Server to your LabelWriter™ printer (USB) and the network (Ethernet) and you can share all the benefits and features you already enjoy with everyone in your office
- Software available in English, French, German, Dutch and Italian

SDK

DYMO® Software Development Kit

Use DYMO® Software Development Kits (SDKs) to easily and quickly integrate DYMO label printing into any Windows®, Mac® or Linux® application.

- The DYMO® SDKs offer printing support for the full range of DYMO® printers, including the LabelWriter™ 400 and 450 series, the 4XL, the LabelManager™ 420P, 450D and PnP.
- Download the SDKs for free from www.dymo.com (developer program)

DYMO® LabelWriter™ Labels

DYMO® LabelWriter™ Labels use a thermal transfer printing process – so you never need to bother with messy, expensive ink or toner cartridges. And because they're packaged in continuous rolls, you can print one label or hundreds with ease – no sheet label jams, no layout hassle and no waste.

We have four label grades:

- Permanent white paper labels: Ideal for most labelling jobs
- Removable white paper labels: For non-permanent labelling – leave no residue when removed
- Permanent transparent plastic labels: Allow the surface being labelled to show through – giving the appearance of printing directly onto the surface
- Non-adhesive cards: appointment cards or name badges for usage in combination with badge holders or badge clips

= Permanent   = Removable   = Non-Adhesive

Contact Management

Record every contact. Seize every opportunity.

With the CardScan® Contact Management System, acquiring contact data is as easy as scanning a business card – or dragging and dropping text from e-mails, web pages and other online documents.

The Award-winning CardScan® technology enters the data into the correct fields in a digital contact file. Build an invaluable business contact database without typing a word.

Use the CardScan® Contact Management Software, bundled with the system, to quickly find and categorise contacts, generate bulk mail shots or e-mail shots and much more.

CardScan® Executive

Advanced contact management system for PC and Mac®*

Capture, organise and manage your contacts faster than ever.

Turn contacts into opportunities! Just scan your business cards and the CardScan® software automatically enters the data in the appropriate fields to create an indispensible digital address book.

- Includes a fast and accurate color-capable business card scanner with the NEW CardScan® V9 contact management software.
- Scan contact data directly from business cards, or drag and drop contact data from emails, Web pages and documents.
- NEW Microsoft Outlook® Add-in! Scan business cards directly into your Outlook® Contacts file (Windows® only).
- NEW Save As feature! Save any CardScan® file in .csv (spreadsheet) or .vcf (VCard) format.
- Edit, sort, search, categorize and de-duplicate contacts faster and easier than ever.
- Generate a map of any contact's address with one click.
- Print labels for contacts with one click with your DYMO® LabelWriter™ 400 or LabelWriter™ 450 series label printer (sold seperately).
- Synchronise seamlessly with Outlook®, Outlook® Express, Palm®, Windows Mobile®, Windows Contacts, Act!™ Standard and Premium for Workgroups, and Lotus Notes® (Windows®) or Mac® Address Book (Mac®).

* Mac® only available in English

Includes CardScan v9 Software

LabelManager™ Series

Organise any workspace or storage area in minutes.

DYMO® LabelManager™ electronic label makers are packed with features inspired by consumers:
larger screen with print preview, easy user interface, quick access buttons and more.
In addition, selected LabelManager™ models run on a rechargeable lithium-ion battery that eliminates
the inconvenience, expense and waste of AA batteries. Choose the LabelManager™ that's right
for you – and see just how quickly and easily you can organise the busiest desk,
filing cabinet, cupboard or room.

LabelManager™ PnP

Plug and play label maker for PC or Mac®

Just plug, type and print – it's that easy!

LabelManager™ PnP label makers's built-in software pops up on
your computer screen, and you're ready to create great-looking labels
as fast as you can type!

- Connect via USB to your PC* or Mac®**.
- No software to install – built-in software pops up on your
  computer screen, ready to use.
- Customize your label with any fonts or graphics
  on your computer.
- Uses 6 mm, 9 mm and 12 mm DYMO® D1 labels.
- Lithium-ion battery recharges via USB connection –
  no power adapter or AA batteries required.

* Compatible with Windows Vista®, Windows® 7, Windows® XP
** Mac OS® v10.5.8 or later

[1] 6 mm label cassettes have no back slit

D1 High-Performance Labels

DYMO® has developed two new kinds of labels for demanding applications.

Label cassettes are supplied with DYMO®'s Easy Peel back slit for trouble-free label application.

Available in 12 and 19 mm widths.

Not suitable for DYMO® 1000, DYMO® 3000, DYMO® 4000, DYMO® 4500 and DYMO® 5000 machines.

Flexible labels for curved and textured surfaces

These contour-hugging nylon labels, backed with a permanent adhesive, are perfect for labelling curved or textured surfaces, for flag-marking cables, and for labelling any surface that isn't smooth or flat

Permanent adhesive
Difficult to remove (may leave residue)

For smooth, curved and textured surfaces
Sticks to almost all clean, flat surfaces including plastic, paper, metal, wood and glass. Sticks to lightly textured surfaces, such as computer housings, appliances and filing drawers. Ideal for hard-to-label curved surfaces and heavily textured surfaces, such as pens and computer bags.

Colour	Length = 3.5 m	Width	
		12 mm	19 mm
ABC	black on white	S0718040	S0718050
	Packaging quantity	1/5	1/5

Permanent labels that stay in place

DYMO® D1 permanent polyester labels look just like our standard labels, but are backed with a permanent adhesive that keeps the label indefinitely in place.

Permanent adhesive
Difficult to remove (may leave residue)

For multiple surfaces
Sticks to almost all clean, flat surfaces including plastic, paper, metal, wood and glass

Spend more time enjoying life.

DYMO® has the labelling tools you need to organise your attic storage,
your cellar or shed workshop and everything in between. Everyone in your family will find
things sooner and misplace them less often – which means you'll spend less time looking
for your bits and pieces, leaving more time to do whatever you'd rather be doing.

SARAH

CASPE
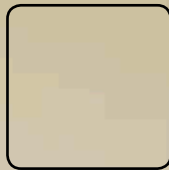

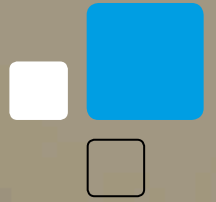

Home

Organise your home.
Make life simpler.

Keep any room, cupboard, cabinet or shelf neat and tidy. Clearly identify clothes, books, tools and any other property you value. Put instructions, notes and reminders away safely for easy reference. Then enjoy the extra time – and peace of mind – that comes with running a tidy and well-organised home.

Organise any storage space in minutes

Label shelves, drawers, cabinets, closets – a place for everything and everything in its place.

Take the stress out of cooking

Identify spices and other ingredients with plastic labels that are easy to read and easy to keep clean.

Label your electronics

Metallic labels are great for accessories, electronics and color coded projects

Mark your property as yours

Make clothing easier to identify and harder to lose with machine-washable, iron-on fabric labels.

Embossers

Omega EM
Home embossing label maker

Easily create embossed labels for your workshop or home office

Comfortable, durable and easy to use, the Omega is the perfect label maker for cost-conscious homeowners, hobbyists and DIY enthusiasts.

- Embosses 49 different characters including special symbols
- Made of tough ABS plastic
- Ergonomic handle with soft-touch grip for comfort
- Balanced to stand on any worktop or workbench
- Cuts labels with easy-peel tabs
- Uses 9 mm wide 3D labels
- Easy turn-and-click character selection
- No batteries needed

S0717950	DYMO® OMEGA SE	Light/Blue	1/6
S0717970	DYMO® OMEGA CYRILLIC	Light/Blue	1/6

Junior EM
Home embossing label maker

Helps children and students keep organised

Junior is the perfect tool (or gift) for children who want to label their toys, books, school supplies, etc.

- Easy to load – just insert label cassette in slot
- Embosses 42 different characters including special symbols
- Last character embossed is always visible – reduces label waste
- Cuts labels with easy-to-peel tabs
- Uses 9 mm wide 3D labels
- Large knob for easy turn-and-click character selection
- No batteries needed

DYMO® 3D Embossing Labels

DYMO® 3D plastic embossing labels stick to any smooth, clean surface – and resist water, corrosion, abrasion and most chemicals. Whether you use them indoors or outdoors, you can count on them to last – and to stay in place.

Available in four colours.

Tab Cut
DYMO® embossing machines are equipped with a tab cut for easy removal of plastic label liner

Leave any job looking better than you found it.

Designed based on input from professional installers, DYMO® industrial labellers and labels are tough, affordable and long-lasting. They're loaded with convenient features that speed up your productivity – and help you save time and money every day.
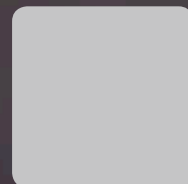

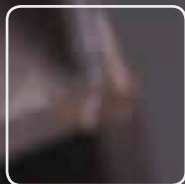

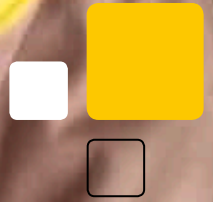

Industrial

Industrial Labelling Solutions

Complete your work with professionalism and pride

No matter what industry you work in, DYMO® Industrial products give your installation work a clean, professional look that enhances your reputation. Our label printers and labels make it easier than ever to get results that meet industry standards – as well as yours. All our products stand up to the toughest conditions your industry can dish out.

Wire / Cable wraps
Advanced wrap function automatically selects the right label and text size, based on the wire gauge or cable diameter.

Panels & Blocks
Instantly format and serialise labels for patch panels, terminal blocks and modular components.

Flags & Vertical Labels
With a press of a button, align text vertically for easy-to-read flags and other relevant applications.

Fixed-Length Labels
Fixed-length key automatically centres and prints fixed-length labels to your requirements.

Library of Terms
Spend less time typing – select and print 150+ terms from a built-in library.

Symbols
Symbol key provides fast access to common datacomm, electrical, pro AV and security symbols, including ohms, earth, phone, data and fax.

HOT KEYS

Industrial Series

Rhino™ 5200

Industrial Handheld Label Printer

Go for the portable, affordable label printer that builds your reputation

Show off your work with Rhino™ 5200 from DYMO® Industrial – the label printer for datacomm, electrical, audio/visual, security, MRO, construction and broadcast professional.

- Meets all ANSI, TIA/EIA-606-A labelling standards
- DYMO® exclusive "hot keys" automatically size, space and format labels for wires and cables, terminal blocks, patch panels, vertical and fixed-length applications
- Pre-programmed symbol library puts industry symbols, punctuation, currency and fractions at your fingertips
- Integrated, slip-resistant rubber grip/bumper protects unit against damage from accidental falls, rough working conditions
- Integral lanyard loop provides option for hands-free portability
- Large two-line-display – backlit for poorly lit locations
- Prints Code 39 and Code 128 barcodes on 19 mm labels
- Uses Rhino™ easy-peel labels with industrial-strength adhesives, available in five (5) materials
- Runs on six (6) AA batteries (not included) – or an optional quick-charging lithium-ion battery to reduce overall AA battery waste and expense
- Automatic shut-off maximises battery life
- Includes 1 x 19 mm white flexible nylon label cassette

IND TAPES **Li-ion**

Rhino™ Labels

Rhino™ labels are developed for harsh environments and provide resistance against abrasion, different temperatures, chemicals, solvents, water and UV. DYMO® offers several specific materials depending on the application, all with a strong adhesive and carefully chosen ribbon for high print quality and resistance.

Water resistant   **Temperature resistant**   **UV resistant**   **Easy Peel backing**

Outdoor	–	√	√	√	√	√

Rhino™ labels include specific material depending on the application.
They all feature super strong adhesives that provide a durable bond in harsh environments, when attached to flat, curved, textured or highly textured surfaces.

Flexible Nylon is specifically designed for wire and cable marking.

Permanent Polyester can be used on a variety of flat, textured or highly textured surfaces and has excellent solvent and chemical resistance.

Clear Permanent Polyester with clearly printed black characters integrate very well with the structure and background of the application.

Coloured Vinyl combines flexibility, strong adhesion and high chemical resistance which makes this label suitable for many types of application where there is a demand for colour.

Heat Shrink Tubing is a non-adhesive yet permanent polyolefin solution simultaneously to identify and protect your wiring and cables. Flame retardant and 3:1 shrink ratio.

Non-Adhesive Tag ideally to be used as an insert for label holders.

More detailed information on the technical datasheet (available upon request)

Rhino™ M1011

Industrial embossing label maker

This robust embossing classic is ready to take on any heavy-duty labelling job

As the M1011 prints on stainless steel and aluminium label, it is ideal for any labelling challenge in the factory, outdoors or even on an oil rig. Its built-in hole-punch enables you to apply labels with cable ties, nails or screws.

- Excellent character legibility
- Embosses 12 mm wide metal or aluminium labels
- Easy to use label cutting handle, even on stainless steel
- Integrated hole-punch for creating hanging labels
- Cable tie slot for cable marking
- Label cutting with rounded edges for your safety
- Measuring gauge included to set the length of your leader and trailer
- Reverse image wheel to print mirror script labels
- Metal labels are available in self-adhesive, plain aluminium or steel
- Aluminium and stainless steel labels have excellent resistance to extreme weather conditions and high UV light levels as well as corrosive marine and industrial environments
- Includes 1 x 19 mm white flexible nylon label cassette

Code	Description	Colour	Pack Quant.
S0720090	M1011	Black	1/3

Kit Includes:

- Rhino™ M1011 industrial embossing tool
- Durable, construction-quality carrying case
- 1 roll 12 mm x 4,80 m aluminium label without adhesive
- 1 roll 12 mm x 6,40 m stainless steel label without adhesive
- 1 reverse image wheel

Rhino™ M1011 Labels

Aluminum and stainless steel labels have excellent resistance to chemicals, extreme weather conditions, high and low temperatures and abrasion. Ideal for marking pipelines, underground cables, engine parts, building materials and much more.

Why Register?

2 + 1 Year Warranty

All DYMO® LabelWriter™, LabelManager™, CardScan® and Scales are covered
by a two-year warranty. However, if you register your DYMO® product on
www.dymo.com, you will be entitled to an extra year's warranty
(extra year warranty not valid for Shipping Scales S50, S100, S180).

1 + 1 Year Warranty

All Rhino™ Industrial label makers are covered by a one-year warranty.
However, if you register your DYMO® product on www.dymo.com,
you will be entitled to an extra year's warranty.

As a registered user you will receive:

• Technical support

• After-sales service in accordance with the warranty conditions that apply to your product

• Automatic notification of software upgrades

• Helpful hints and tips

• Special offers and new product announcements

• A certificate will be sent to you to confirm the extended warranty period for the product
