# Merchandising Solutions

*Using a combination of millwork, refrigeration and stainless steel.*

**EAGLE**  
GROUP

*Profit from the Eagle Advantage®*

## Yes, there are many Custom Fabricators that can build a salad bar, so why choose Eagle?

### *We Make it Easy for You*

*First* – we did our homework so you don't have to. With more NSF and UL approvals than any other equipment manufacturer in the field, we make sure our equipment meets or exceeds industry standards and is manufactured with health and safety codes in mind.

*Second* – the process of submitting a quote has been streamlined to ensure the process is as quick and efficient for our customers as well as our SpecFAB® team. The process starts by a phone call or an e-mail sent to [quotes@eaglegrp.com](mailto:quotes@eaglegrp.com).

*Third* – prompt, efficient delivery. We do our best to ship your counters and bars fully assembled and crated. We work with manufacturing schedules to meet stringent deadlines and offer on-site installation services.

*Director's Choice® Modular Cafeteria Line*

*hot and cold combo*

Eagle offers **personalized branding** through graphic designs as an option. Select from stainless steel, various plastics, laminates, solid surface man-made and naturally occurring materials, woods, magnetic sheets and designer aluminum. We provide a 3D rendering of your logo or design prior to production.

*Another Eagle Advantage*

### *First class customer service*

***The most sophisticated equipment and the highest grades of material would get lost without an excellent customer service team.***

Recognizing that Customer Service is as much about personal relationships as getting answers and solving problems, we take extra care to ensure our customers are treated special. That means you will speak directly with people, voice mail is not an option. Real-time access to the status of your order, instantaneous direct order entry and order processing are available at the time of your call. Real-time access, whether it be inventories, manufacturing schedule, shipping status, or delivery date. It is part of our commitment to provide the industry's best service as well as equipment.

### *Lots of Options:*

#### Cold Pans –

- 3 to 14 full pan sizes available
- Remote or self contained refrigeration

#### Food Guards –

- Tempered glass or plastic composition
- Hinged or tilted food guards
- Available in stainless, chrome, brass or blended epoxy colors
- Fluorescent or LED lighting

#### Tray Slides –

- Different shapes
- Different materials from stainless steel to natural woods

#### Front Veneers –

- From dramatic patterns to subtle lighting and materials

#### Countertops –

- High polished stainless steel or decorative inspired solid surface

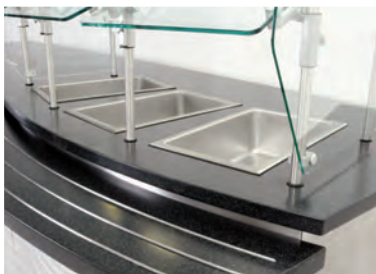

#### Optional Soup Station –

- 7 and 11 quart hot soup wells with manifolded drains and recessed controls

### *Product Details Set Us Apart*

Product details start as an idea.... ideas that we build on. Using the latest computerized tools, our Design Engineering team takes these ideas to reality in a way that ensures they'll work best for our customer and can be manufactured to the highest standards at competitive prices.

Depending on our customer's needs, we can build custom configurations from scratch, or we can design superior modular components using our standard product offering with modifications and options.

*SpecFAB® Elite Series Custom Counter*

For custom configuration or fabrication needs, contact our **SpecFAB® Division**.

## SUSTAINABILITY COMMITMENT

**Eco-Built™** is how we at Eagle describe our efforts to manufacture our products in an environmentally conscious way, the same way our customers are focusing their attention on their environmental impact. It's an ongoing commitment to incremental improvements in our manufacturing processes and facilities to conserve materials and energy while reducing emissions.
