V E R S A T I L I T Y A T W O R K

Electrorack's Matrix Series enclosures are built on the foundation that one size does not fit all. It takes a rugged, versatile enclosure system to meet the demanding needs of today's design and instrumentation packaging engineers. The Matrix Series is ideally suited for a wide range of equipment, applications and diverse operating environments. Our unitized welded construction provides incredible strength, durability and access allowing simple integration and equipment protection - even when shipped loaded. Create the enclosure that's right for your environment - the Matrix.

- any application
- any environment
- one source

■ FEATURES

- Millions of combinations available
- Ships completely configured to your requirements
- ISO9001/AS9100 certified quality
- 19", 23" or 24" panel openings
- Unitized/welded construction
- Heavy-duty 14 ga. cold-rolled steel
- Aluminum or 12 ga. steel option available
- #10-32 tapped or .375 square hole EIA mounting angles
- Stand-alone or ganging option
- Multiple base options
- Wide range of power and cooling options
- Standard - 6 heights, 2 widths, 3 depths
- **Lifetime Guarantee**

MATRIX

E N C L O S U R E S

■ COMPLETE INTEGRATION - ELIMINATES COSTLY ON-SITE ASSEMBLY

Matrix enclosures arrive fully assembled with all components installed and ready for use, reducing equipment deployment time and overall costs.

■ HEAVY-DUTY 14 GAUGE CONSTRUCTION

Our standard 14ga. welded steel frame offers improved durability over conventional 16 ga. racks. Optional 12ga. steel or aluminum are available for extreme conditions.

■ SIDE PANEL OPTIONS

The M2 models offer louvered or solid removable side panels allowing simple access to equipment. Select appropriate style with or without locks based on ventilation and security requirements.

■ CLEAN/FINISHED APPEARANCE - EVEN WITH NO DOORS!

Matrix corner posts are punched with holes only when doors are ordered. Units without doors are not punched providing a clean, finished look for the equipment.

■ VERSATILE BASE SELECTION

A wide selection of bases is available to accommodate any application. Riser Base with Levelers shown in main photo at right.

■ INTEGRATED GROUND STUDS

Every Matrix frame is equipped with a 1/4-20 ground stud, easing the earthing process for your enclosure systems.

■ THERMAL PROTECTION

A wide selection of top panels, blowers, fans and doors are available to ensure adequate ventilation is provided to the equipment loads, keeping them at optimal operating conditions.

■ 180° DOOR SWING WITH SELF-CONTAINED HINGES

Self-contained 180 degree hinges used on our surface-mount doors have no removable pins that can be lost! These hinges eliminate aisle blockage when loading or performing maintenance on equipment without removing the door.

■ SECURITY

Doors include locking handles to prevent unauthorized access and tampering. Side panels are also available with locks.

■ FLAT FRAME BOTTOM

In bolt-down applications where no base is desired, the flat frame bottom rests directly on the floor preventing any steel or enclosure deformation when anchors are firmly secured.

■ INTEGRATED LEVELER NUTS IN FRAME BOTTOM

Integrated leveler nuts enable levelers to mount directly to the frame minimizing overall height while eliminating the need for a separate base.

■ FULLY ADJUSTABLE, PLATED MOUNTING ANGLES

The Unistrut design of our horizontal members allows infinite front-to-back rail adjustment utilizing standard hardware. Plating our 11 gauge tapped rails enhances thread quality, eliminating paint build up while improving grounding properties.

■ CUSTOM OPTIONS

The Matrix frame construction is easily modified to allow us to provide you with the solution you need. Don't see exactly what you need, give us a call to design it for you!

define your style

■ SELECT FRAME STYLE

■ M1

- Stand-alone/non-ganging
- Sides and Tops are non-removable
- Fan or Solid Top option
- Open or Closed Frame Bottom
- Most Economical

■ M2

- Ultimate Flexibility/Changeability
- Sides and Tops are removable
- All Sides, Tops and Bottom open - configure as required with removable panels
- Gang Multiple Units together

■ SELECT SIZE

- Height – in Rack Units (U's) – 1U = 1.75"
- Width – EIA equipment – 19", 23" or 24"
- Depth – nominal frame depth – 25", 30" or 36"

■ SELECT MOUNTING ANGLES AND BASES

- Mounting Angles - Tapped #10-32 Plated or 0.375 Painted
- Open (cable entry or airflow) or Closed Frame Bottom
- Mobility = Casters – select base for terrain
- Anchoring = no base

■ SELECT DOORS & PANELS

- Doors – Determine if required and style based on security & ventilation
- Top Panels (M2 Series Only) – Based on ventilation & cable entry requirements
- Side Panels (M2 Series only) – Lift-off

■ SELECT ACCESSORIES & COLOR

- Color - Choose from standard colors (see page 31) or we'll match your color!
- Shelves, Filler Panels, Power, Grounding, Buss Bars – all mounted to your specifications!

M1 standalone frames

M1 models consist of a unitized structure, including the frame, top and sides. The integral nature of the components and the fully welded construction minimizes visible seams while providing increased security. As all of these components are fixed in position, this renders them non-removable, and thus the M1 units can not be ganged together. The M1 is ideal for individual units. Do not use the M1 model if you require side access, attaching multiple enclosures together or handling large cable bundles from overhead.

- Stand-alone/non-ganging
- Sides and Tops are non-removable
- Most economical

M1 Standalone Frames

- Solid Side Panels and Top Panels are integral to the structure and non-removable
- EIA Mounting Angles (pg. 10) ordered separately
- Levelers/Base options (pgs. 12-13), and doors (pgs. 18-19) ordered separately
- Specify Open Frame Bottom when cable access and/or airflow is required from below
- Static Frame Load Capacity is 2,000 lbs.
- Fully welded construction – 14 GA (0.075") steel
- Integrated 1/4-20 x 1" Ground stud at base of enclosure
- Includes 1/2 - 13 threads in frame bottom for optional levelers
- Top corners of frames include holes (with caps) for optional Lifting Eye Kit (pg. 30)
- Frame bottoms include (4) 1/2" diameter holes for attaching bases or anchoring directly to floor. See page 30 for Anchoring Kit
- Fan top frames include (4) cut-outs for 6" diameter fans and two (2) covers
- Order fans separately. See page 26 for selections

PART NUMBER

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

M2 models offer the ultimate in flexibility, interchangeability and access. Consisting of a fully welded frame, the optional top panels and side panels are removable allowing simple integration of equipment and cabling into an enclosure. The open frame structure allows cabling or other equipment to pass between multiple units ganged together. Finishing side panels are placed at the end of a row, providing a clean, finished appearance. The M2 is ideal for attaching multiple units, allowing side and top access, handling larger cable bundles from overhead, or for open four-post rack systems.

- Ultimate flexibility/changeability
- Side and Top access
- Gang multiple units together

RA24-2	RA24T-2	2U	2
RA24-3	RA24T-3	3U	2
RA24-4	RA24T-4	4U	2
RA24-5	RA24T-5	5U	2

- Allows 19" equipment to be mounted in a 24" EIA enclosure
- Material: 11 GA (0.120") tapped; 12 GA (0.105") square holes
- Kit includes 2 adapter plates - if 4 post mounting, order 2 sets
- Color: Black

Rack Unit Labels

Part Number	Size	Description	Kit Quantity
U-LBL-1	60U	Adhesive Rack Unit Label	1
MAG-45	45U	Magnetic Rack Unit Label	1

- Adhesive backed labels allow easy equipment alignment during installation
- 1 kit covers one mounting angle - order 4 to do all 4 mounting angles
- Magnetic strip allows alignment during installation and removal to another rack after complete

Panel Screw Kits

Part Number	Color	Description	Quantity
S1B-1032-50	Black	10-32 x 5/8" w/Nylon Washer	50
S1N-1032-50	Nickel	10-32 x 5/8" w/Nylon Washer	50
S1N-M6-50	Nickel	M6 Panel Screws	50

- Decorative low profile truss head with phillips drive
- Nylon washers reduce vibration noise and prevent scratches to the face of your equipment

Cage Nut Kits

Part Number	Color	Description	Quantity
CN12-1032-50	Silver	10-32 Cage Nuts	50
CN12-M6-50	Silver	M6 Cage Nuts	50

- Allows mounting of hardware on 0.375 square hole mounting angles
- Select appropriate thread to match panel screw kits

Cage Nut Installation Tool

Part Number	Description
CN-TOOL	Cage Nut Installation Tool

- Simplifies and speeds installation of cage nuts
- Comfortable, wide grip
- Stainless Steel

Unistrut® Nut Kit

Part Number	Color	Description	Quantity
UN-1420-10	Silver	1/4-20 Bolts & Uni-strut Nuts	10

- Allows additional equipment or accessories to be mounted to front-to-back Unistrut members
- 1/4-20x3/4" serrated hex head bolts included in kit, but not shown in the photo

bases - 1 bay

Levelers Only

- Allows leveling of frame on uneven surfaces
- Includes (4) heavy-duty isolation pad levelers & lock nuts (not shown)
- Install directly into bottom of pre-threaded frames
- One kit supports (1) frame

Levelers	Part Number	Description
	LVL-4	Levelers - 1/2-13 Thread with isolation pad (set of 4)

Riser Base with Levelers

- Adds minimum 3.25" to the overall frame height
- 2" high skirt
- 12 GA (0.105") steel construction
- Includes (4) 1/2-13 heavy-duty isolated non-marking levelers
- Bolts directly to a single frame (1 bay unit)
- Frame width and depth must match base width and depth

Riser w/Levelers	Part Number	Fits Nominal Overall Frame Size (WxD)
	M-B1925R-*	24"x25.50"
	M-B1930R-*	24"x30.75"
	M-B1936R-*	24"x36.00"
	M-B2425R-*	29"x25.50"
	M-B2430R-*	29"x30.75"
	M-B2436R-*	29"x36.00"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Riser Base with Levelers & Casters

- Adds 4.85" to the overall height of the frame
- 2" high skirt
- 12 GA (0.105") steel construction
- Includes (4) 1/2-13 heavy-duty isolated non-marking levelers - lower after rolled into position to keep in place
- Includes (4) 3.5" Dia. swivel non-locking casters - 400 lbs. capacity each
- Bolts directly to a single frame (1 bay unit)
- Frame width and depth must match base width and depth

Levelers & Casters	Part Number	Fits Nominal Overall Frame Size (WxD)
	M-B1925RC-*	24"x25.50"
	M-B1930RC-*	24"x30.75"
	M-B1936RC-*	24"x36.00"
	M-B2425RC-*	29"x25.50"
	M-B2430RC-*	29"x30.75"
	M-B2436RC-*	29"x36.00"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Dolly Base

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- 12 GA (0.105") steel construction
- Includes (4) 4" Dia. casters - (2) swivel locking and (2) swivel non-locking - 550 lbs. capacity each
- Includes cable opening - 8" x 8" with removable cover (cover not shown)
- Bolts directly to a single frame (1 bay unit)
- Frame width and depth must match base width and depth

Dolly Base	Part Number	Fits Nominal Overall Frame Size (WxD)
	M-B1925D-*	24"x25.50"
	M-B1930D-*	24"x30.75"
	M-B1936D-*	24"x36.00"
	M-B2425D-*	29"x25.50"
	M-B2430D-*	29"x30.75"
	M-B2436D-*	29"x36.00"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Extended Dolly Base

Extended	Part Number	Fits Nominal Overall Frame Size (WxD)
	M-B1925DE-*	24"x25.50"
	M-B1930DE-*	24"x30.75"
	M-B1936DE-*	24"x36.00"
	M-B2425DE-*	29"x25.50"
	M-B2430DE-*	29"x30.75"
	M-B2436DE-*	29"x36.00"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- Extends 6" in front of frame and fits flush with rear of frame
- 12 GA (0.105") steel construction
- Includes (4) 4" Dia. casters - (2) swivel locking and (2) swivel non-locking - 550 lbs. capacity each
- Includes cable opening - 8" x 8" with removable cover (cover not shown)
- Bolts directly to a single frame (1 bay unit)
- Frame width and depth must match base width and depth
- Extended bases offer tread strip along extension

Extended Dolly Base with Forklift Tunnels

Extended w/ Forklift	Part Number	Fits Nominal Overall Frame Size (WxD)
	M-B1930DEF-*	24"x30.75"
	M-B1936DEF-*	24"x36.00"
	M-B2430DEF-*	29"x30.75"
	M-B2436DEF-*	29"x36.00"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- Extends 6" in front of frame and fits flush with rear of frame
- Allows lifting/handling of enclosure via a forklift
- Forks enter from side of unit (1 bay units)
- Base blocks the open bottom of a frame
- 12 GA (0.105") steel construction
- Includes (4) 4" Dia. casters - (2) swivel locking and (2) swivel non-locking - 550 lbs. capacity each
- Bolts directly to a single frame (1 bay unit)
- Frame width and depth must match base width and depth
- Extended bases offer tread strip along extension

- Only compatible with open frame bottoms
- 16 GA (0.060") steel construction

bases-multiple bay

Dolly Gang Base

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- 12 GA (0.105") steel construction
- 2 Bay bases Include (4) 4" Dia. swivel casters - (2) locking and (2) non-locking casters - 550 lbs. capacity each
- 3 Bay bases Include (6) 4" Dia. swivel casters - (2) locking and (4) non-locking casters - 550 lbs. capacity each
- One 8" x 8" cable cut-out with removable cover for each bay at rear of base (cover not shown)
- Frame width and depth must match base width and depth

Dolly Gang Base	2 Bay	3 Bay	Fits Nominal Overall Frame Size (WxD)

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Dolly Gang Base with Forklift Tunnels

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- Allows lifting/handling of enclosure via a forklift
- 12 GA (0.105") steel construction
- 2 Bay bases Include (4) 4" Dia. swivel casters - (2) locking and (2) non-locking casters - 550 lbs. capacity each
- 3 Bay bases Include (6) 4" Dia. swivel casters - (2) locking and (4) non-locking casters - 550 lbs. capacity each
- Base blocks an open bottom of a frame
- Frame width and depth must match base width and depth

Forklift Tunnels	2 Bay	3 Bay	Fits Nominal Overall Frame Size (WxD)

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Extended Dolly Gang Base with Forklift Tunnels

- Adds 6.25" to the overall height of the frame
- 4" high skirt
- Extends 6" in front of frame and fits flush with rear of frame
- 12 GA (0.105") steel construction
- 2 Bay bases Include (4) 4" Dia. swivel casters - (2) locking and (2) non-locking casters - 550 lbs. capacity each
- 3 Bay bases Include (6) 4" Dia. swivel casters - (2) locking and (4) non-locking casters - 550 lbs. capacity each
- Frame width and depth must match base width and depth
- Extended bases offer tread strip along extension

Extended Forklift	2 Bay	3 Bay	Fits Nominal Overall Frame Size (WxD)

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Drop Down Dolly Gang Base with Forklift Tunnels

- Drop Down Gang Bases are customizable based on application. Contact Application Specialist to configure your solution
- Drop Down Gang Bases minimize overall enclosure height when using heavy duty large casters
- Allows lifting/handling via a forklift
- Base blocks an open bottom frame
- 12 GA (0.105") steel construction
- Frame width and depth must match base width and depth
- Frames bolt directly to base

- Each part number includes one side panel and adds 3/4" to overall width
- Compatible with M2 Frames only
- 18 gauge steel construction
- Locking or non-locking available
- Unique ball stud/key hole attachment system
- Includes 2 handles per side for easy removal
- Allows bolt-on security from inside of frame to prevent removal (hardware included)
- Side panel must match height and depth of frame

- Formed on all four sides for added strength
- Top Panel sits flush with top of frame
- 16 GA (0.060") steel construction
- Includes (1) 550 CFM 10" diameter fan and finger guards
- Fans are individually corded with 24" cords and a (2) prong 15A plug
- Available with or without (2) 3" cable ports
- Reversible for cable ports at front or rear
- Must match frame width and depth

Surface-Mount Door Specs

- Front or rear mounting
- Add 1" to overall frame depth (excluding handle and hinges); Louvered = 1.25" added
- 16 GA (0.060") steel construction
- Includes Lift & Turn swing handle with keylock
- Shorter height doors can be used in conjunction with Door Sill Panel (PDS-19-1-* or PDS-24-1-*)
- 180 degree, self contained lift-off hinges
- Frames are only predrilled for surface-mount doors at time of order. Future retrofit requires frame/field drilling
- All part numbers showing are for left-hinged doors. For right-hinged doors, specify "M-DR" in part number replacing "M-DL".

Surface-Mount Door

Swing Handle

180 Degree Lift-Off Hinge

Application Notes:

Solid

- Utilized for concealing interior contents and preventing airflow from entering or exiting
- Typically used in a bottom to top airflow pattern with fans

Louvered - Full

- Includes (2) double rows of louvers
- Louvers are 0.875" apart and 0.180" high x 2.75" long
- Utilized for concealing interior contents while allowing air to enter and/or exit
- Typically used in a bottom to top airflow pattern with fans

Louvered - Bottom Only

- Includes (2) double rows of louvers 12" high at the bottom of the door
- Louvers are 0.875" apart and 0.180" high x 2.75" long
- Utilized for concealing interior contents while allowing air to enter and/or exit from the bottom of the door(s)
- Typically used in a bottom to top airflow pattern with fans

Mesh

- Mesh is welded to steel door
- Mesh is 16 GA (0.060") - 0.25" dia. on 0.312 staggered centers
- Utilized for securing interior contents while allowing maximum air to enter and/or exit
- Typically used in a front-to-back airflow pattern mesh on front and rear

Plexiglas

- Only available in surface-mount
- 1/4" thick tinted Lexan®
- Utilized for viewing interior contents while preventing airflow from entering or exiting
- Typically used in a bottom to top airflow pattern with fans

Plexiglas with Vented Perimeter

- Only available in surface-mount
- Vent pattern is 16 GA (0.060") - 0.25" dia. on 0.312 staggered centers
- 1/4" thick tinted Lexan®
- Utilized for viewing interior contents and allowing airflow to enter
- Typically used on front with either a bottom to top airflow pattern with fans or front-to-back with mesh rear door

shelves & drawers

Cantilevered Shelves - Solid

- Ideal for small, light non-rack-mount devices
- 2-post mounted
- 16 GA (0.060") steel
- Black

19"	24"	HxD	Weight Capacity
CS1-2	CS1-2412-2	1U x 12"	50 lbs.
CS2-2	CS2-2415-2	2U x 15"	100 lbs.
CS3-2	CS3-2415-2	3U x 15"	100 lbs.

Cantilevered Shelves - Vented

- Ideal for small, light non-rack-mount devices
- Vented for improved airflow and/or strapping down equipment
- 2-post mounted
- 16 GA (0.060") steel
- Includes rack-mount hardware - (4) #10-32 screws and (4) cage nuts
- Black

19"	24"	HxD	Weight Capacity
CSV1-2	CSV1-2412-2	1U x 12"	50 lbs.
CSV2-2	CSV2-2415-2	2U x 15"	100 lbs.
CSV3-2	CSV3-2415-2	3U x 15"	100 lbs.

Fixed Shelves - 4 Point Rack-mount

- Ideal for heavier non-rack-mount devices
- Vented for improved airflow and/or strapping down equipment
- Includes adjustable mounting ears
- Includes rack-mount hardware (8) #10-32 screws and (8) cage nuts
- 14 GA (0.075") steel
- Black

19"	24"	HxD	Required Mtg Angle Space	Weight Capacity

SS3V-1930-2	SS3V-2430-2	1U x 30"	24" - 31"	300 lbs.

drawers & accessories

Drawers - 2 post mounted

Part Number	HxD	Rackmount Compatible	Weight Capacity
UD2-1915-*	2U x 15"	19"	50 lbs.
UD4-1915-*	4U x 15"	19"	50 lbs.

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Ideal for light-duty concealed storage
- Includes mounting ears and slides
- Includes rack-mount hardware (4) #10-32 screws and (4) cage nuts
- 14 GA (0.075") steel

Drawers - 4 post mounted

Part Number	HxD	Rackmount Compatible	Weight Capacity
DR2-1915-*	2U x 15"	19"	100 lbs.
DR3-1915-*	3U x 15"	19"	100 lbs.
DR4-1915-*	4U x 15"	19"	100 lbs.

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Ideal for heavier-duty concealed storage
- Includes mounting ears and slides
- Includes rack-mount hardware (8) #10-32 screws and (8) cage nuts
- 14 GA (0.075") steel

Chassis Support Angles

Part Number	Depth	Required Mtg Angle Spacing	Weight Capacity
CA-18	18"	18.1"-22.0"	200 lbs.
CA-20	22"	20.1"-24.0"	200 lbs.
CA-24	24"	24.1"-28.0"	200 lbs.
CA-26	26"	26.1"-30.0"	200 lbs.

- Only compatible with Combo/Offset Mounting Angles
- 1.75"H x 3"W - each angle
- Provide added support for heavy 2-post mounted equipment
- Includes 2 support angles
- Includes rack-mount hardware (4) #10-32 screws and (4) clip nuts
- 11 GA (0.120") steel
- Zinc plated

Writing Surface

Part Number	Description	Rackmount Compatible
WS19-*	1U Slide Out Writing Surface	19"

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Slides out of 19" rack to provide solid surface for writing
- Includes rack-mount hardware (8) #10-32 screws and (8) cage nuts
- Surface includes adjustable slides and mounting hardware
- Black

Document Pocket

Part Number	Description	Kit Quantity
DOC-1	Document Pocket, Black	1

- Allows ready access to documentation inside a particular rack
- Great for installation or maintenance manuals
- Adhesive backed pocket typically mounts to interior of door
- Compatible with surface or flush-mount doors
- Pocket is formed 16 GA (0.060") steel

keyboard shelves & drawers

15" Keyboard

Part Number	Description	Rackmount Compatible
KBD-15	Keyboard, 15" - 104Keys, PS/2 Connection, Integrated Touchpad	19"

- Keyboard Dimensions - 16.3"L x 7.6"W
- 104 Keys, Windows Compatible
- Includes integrated touchpad and (2) mouse buttons
- PS/2 Compatible
- MTBF > 113,500 hours

Compact Keyboard Drawer

Part Number	Description	Rackmount Compatible
KD-1ULK-*	Keyboard Drawer for compact keyboard, less keyboard	19"

- Drawer allows mounting of most 15" compact keyboards
- Keyboard not included
- Drawer includes adjustable slides and #10-32 mounting hardware

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Swivel Keyboard Drawer

Part Number	Description	Rackmount Compatible
KDS-2U-2	Keyboard Drawer-Swivel for standard keyboards	19"

- Allows a full-size keyboard to mount in a 19" format
- Drawer includes adjustable slides and #10-32 mounting hardware
- Keyboard not included
- Black

Rack-mount LCD

- 15" High Resolution (1024x768) TFT Display
- 83 Key Keyboard with glide point touchpad and (2) mouse buttons
- Internal Power Supply - 100 - 250V, 50-60 Hz, Single Phase
- LCD Drawer Dimensions: 19"W x 17"D x 1.75"H (1U)
- Laptop Style design protects screen
- Maximum mounting angle spacing: 35.5"
- Drawer includes slides and mounting hardware
- Black

Part Number	Description	Rackmount Compatible
KMD-1U	1U Monitor/Keyboard Drawer	19"

Vertical Lacing Bars - Aluminum

- 2" Wide with Velcro Straps or 3.5" Wide
- Material: 14 GA (0.075") steel
- Slots allow Velcro or other cable straps to neatly organize cable bundles
- Includes hardware to mount to front-to-back members
- Color: Black

Horizontal Lacing Bars

Part Number	Rackmount Compatible
LBT-19-2	19"
LBT-24-2	24"

- Ship in packs of 10
- Material: 14 GA (0.075") steel
- Slots allow Velcro or other cable straps to neatly organize cable bundles
- Includes #10-32 hardware to mount to EIA mounting angles
- Color: Black

Horizontal Cable Managers

Part Number	Rackmount	Rackmount Height
HC1-19-2	19"	1U
HC2-19-2	19"	2U

- 1U or 2U versions available
- Dimensions: 1Ux19"Wx3.25"D; 2Ux19"Wx3.25"D
- Material: 14 GA (0.075") steel
- Neatly organizes cables horizontally across rack space
- Includes #10-32 hardware to mount to EIA mounting angles
- Color: Black

Straps & Cable Rings

Part Number	Description
VT-10	Velcro Ties (pack of 10ea)
CR-10-2	Cable Rings, 2"W x 3"D, pack of 10
VCS-24	24" cinch straps, pack of 10

- Velcro Straps are 8" long; packs of 10
- Cinch straps are 24" long with loop to pull secure; packs of 10
- Color: Black

filler panels

Filler Panels - Aluminum - Solid

- Panels provide finished look while functionally blocking or directing airflow
- Material: 0.125" thick aluminum
- Aluminum allows easy field modification for cable ports, or other connection devices
- Includes #10-32 mounting hardware
- PA-KIT includes (2) 1U, (2) 2U, (2) 3U, and (1) 4U panel

Filler Panels - Steel - 0.89 Formed Offset

- Offset panels align flush with front of frame when mounting angles are fully forward
- Panels provide finished look while functionally blocking or directing airflow
- Formed flanges provide structural rigidity to panel - formed all 4 sides
- Material: 16 GA (0.060") steel
- Includes #10-32 mounting hardware

19"	24"	Height
P-19-1-*	P-24-1-*	1U

*Specify color: "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Filler Panels - Steel - Solid Flat with Flanges

19"	24"	Height
PSF-1-*	PSF24-1-*	1U
PSF-2-*	PSF24-2-*	2U
PSF-3-*	PSF24-3-*	3U
PSF-4-*	PSF24-4-*	4U
PSF-5-*	PSF24-5-*	5U
PSF-6-*	PSF24-6-*	6U

***Specify color:** "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Panels provide finished look while functionally blocking or directing airflow
- Formed flanges provide structural rigidity to panel
- Material: 16 GA (0.060") steel
- Includes #10-32 mounting hardware

Filler Panels - Steel-Vented Flat w/ Flanges

19"	24"	Height
PSFV-1-*	PSFV24-1-*	1U
PSFV-2-*	PSFV24-2-*	2U

***Specify color:** "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Solid or vented option
- Formed flanges provide structural rigidity to panel
- Vented option allows airflow to pass
- Material: 16 GA (0.060") steel
- Includes #10-32 mounting hardware

Filler Panels - Fan - Flat with Flanges

19"	24"	Height
PSFF-3-*	PSFF24-3-*	3U

***Specify color:** "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Low noise fans (25dB)
- Includes (2) 120V, 4" fans at 110 CFM ea. with finger guards and power cord with 2 prong plug (1-15P)
- Ships completely assembled
- Panels provide finished look while functionally directing airflow
- Material: 16 GA (0.060") steel
- Includes #10-32 mounting hardware

Filler Panels - Hinged - Flat w/ Flanges

19"	24"	Height
PSFH-2-*	PSFH24-2-*	2U
PSFH-4-*	PSFH24-4-*	4U
PSFH-6-*	PSFH24-6-*	6U

***Specify color:** "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

- Hinged option allows quick, tool-less access behind panel
- Panels provide finished look while functionally blocking or directing airflow
- Formed flanges provide structural rigidity to panel
- Material: 16 GA (0.060") steel
- Includes #10-32 captive and mounting hardware

Blowers

Part Number	CFM @ 0" S.P.	Cut-off S.P.	RPM Nominal	Voltage	Amps (Running)	Height	Depth
BL-300-3	300	0.87	3000	115	1.4	3U / 5.75"	7.69"
BL-330-4	330	0.42	1600	115	1.1	4U / 7.00"	10.06"
BL-525-5	525	0.82	1500	115	1.3	5U / 8.75"	11.56"
BL-300-3-2	300	0.87	3000	230	0.7	3U / 5.75"	7.69"
BL-330-4-2	330	0.42	1600	230	0.6	4U / 7.00"	10.06"
BL-525-5-2	525	0.82	1500	230	0.7	5U / 8.75"	11.56"

- All blowers are 19" rack-mount
- Baked Powder Finish
- Stainless steel grills
- Dual inlet blower design
- Permanent filters
- Exhaust guards included
- UL/CSA precision ball bearing motors
- 115V models include a 3' SJT 3-wire power cord and molded plug
- 230V models are supplied without a plug

Fans

Part Number	CFM @ 0" S.P.	Voltage	Diameter
FAN-10	550	115V	10"
FAN-10-2	550	230V	10"
FAN-6	235	115V	6"
FAN-6-2	235	230V	6"

- Tube axial fans
- 10" diameter fan is 3.5" high
- 6" diameter fans are 2" high
- 24" Power cord included - 115V, 2 prong plug; 230V, IEC C-14 plug
- Color is Black
- Includes (2) finger guards

Fan Accessories

Part Number	Description
C45-P	Fan Cord - single 120V with NEMA 1-15 plug
C45-3P	Fan Cord - 3 wire single 120V with NEMA 5-15 plug
C45-2P	Fan Cord - single 230V with IEC C-14 plug
C45-2DC-P	Fan Cord - connects (2) 120V fans to a single NEMA 1-15 plug
C45-2DC-2P	Fan Cord - connects (2) 230V fans to a single IEC C-14 plug
C45-2DC-3P	Fan Cord - 3 wire connects (2) 120V fans to a single NEMA 5-15 plug

- Fan cords are 24" long
- C45-2DC-P shown

grounding & isolation

Copper Bus Bar - Vertical

Isolated	Non-Isolated	Height
CBI-20	CBB-20	20U
CBI-25	CBB-25	25U
CBI-30	CBB-30	30U
CBI-35	CBB-35	35U
CBI-40	CBB-40	40U
CBI-45	CBB-45	45U

- Isolated or non-isolated versions
- Holes are tapped #10-32 spaced on 2U (3.5" centers)
- Material: 1" x 0.25" thick copper bar
- Isolated versions include insulating spacers and nylon bolts to provide electrical isolation
- Includes hardware to mount front-to-back members
- Includes provisions for attaching 1/4" double-hole lugs

Copper Bus Bar - Horizontal

Isolated	Non-Isolated	Rackmount Compatible
CBIH-19	CBBH-19	19"
CBIH-24	CBBH-24	24"

- Isolated or non-isolated versions
- Holes are tapped #10-32 spaced on 2U (3.5" centers)
- Material: 1" x 0.25" thick copper bar
- Isolated versions include insulating spacers and nylon bolts to provide electrical isolation
- Includes #10-32 hardware to mount to EIA mounting angles
- Includes provisions for attaching 1/4" double-hole lugs

Grounding Straps

Part Number	Description
GRD-G-1-18	18" #6 cotton jacket
GRD-B-1-18	18" braided strap

- Braided flat straps or #6 AWG green cotton jacketed copper
- 0.281" diameter ring terminals at each end
- Additional lengths available upon request
- Includes (1) strap and hardware for both terminals - (2) 1/4" nuts, (2) lockwashers & (2) flat washers

Isolation Pads

Part Number	Description
ISO-24	24"W Isolation Pads
ISO-29	29"W Isolation Pads

- Isolation pads are 3/16" thick insulating material
- Pads are 3"W x 24" or 29" long
- 2 pads per kit
- Holes in isolation pads align with anchoring holes in frame bottom

vertical power

Vertical Power Strips - 120V, 15 Amp - No Switch/No Breaker

Part Number	Length	Use on		Receptacle		Cord Length	Plug Type
		Frame Sizes	Qty.	Receptacle Type			
PW-3606-15-2-0	36"	20U - 45U	6	NEMA 5-15	9 ft.	5-15P	
PW-6010-15-2-0	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-15-2-0	72"	45U	12	NEMA 5-15	9 ft.		
PW-3606-15-2-4	36"	20U - 45U	6	NEMA 5-15	9 ft.	L5-15P (Twistlock)	
PW-6010-15-2-4	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-15-2-4	72"	45U	12	NEMA 5-15	9 ft.		
PW-3606-15-N-N	36"	20U - 45U	6	NEMA 5-15	9 ft.	3 Wire Lead No Cord	
PW-6010-15-N-N	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-15-N-N	72"	45U	12	NEMA 5-15	9 ft.		

- Low profile design minimizes rack space interference
- Profile dimensions (WxD): 1.28" x 0.875" (does not include mounting brackets)
- Receptacles spaced on 6" centers - allows mounting of transformers
- Includes mounting clips, brackets and hardware for attachment to front-to-back members
- UL listed components

Vertical Power Strips - 120V, 20 Amp - No Switch/No Breaker

Part Number	Length	Use on		Receptacle		Cord Length	Plug Type
		Frame Sizes	Qty.	Receptacle Type			
PW-3606-20-2-1	36"	20U - 45U	6	NEMA 5-15	9 ft.	5-20P	
PW-6010-20-2-1	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-20-2-1	72"	45U	12	NEMA 5-15	9 ft.		
PW-3606-20-2-5	36"	20U - 45U	6	NEMA 5-15	9 ft.	L5-20P (Twistlock)	
PW-6010-20-2-5	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-20-2-5	72"	45U	12	NEMA 5-15	9 ft.		
PW-3606-20-N-N	36"	20U - 45U	6	NEMA 5-15	9 ft.	3 Wire Lead No Cord	
PW-6010-20-N-N	60"	35U - 45U	10	NEMA 5-15	9 ft.		
PW-7212-20-N-N	72"	45U	12	NEMA 5-15	9 ft.		

- Low profile design minimizes rack space interference
- Profile dimensions (WxD): 1.28" x 0.875" (does not include mounting brackets)
- Receptacles spaced on 6" centers - allows mounting of transformers
- Includes mounting clips and hardware for attachment to front-to-back members
- UL listed components

Vertical Power Strips - 120V, 15 Amp - with Switch & Breaker

Part Number	Length	Use on		Receptacle		Cord Length	Plug Type
		Frame Sizes	Qty.	Receptacle Type			
PT-3612-15-4-0	36"	20U - 45U	12	NEMA 5-15	15 ft.	5-15P	
PT-7224-15-4-0	72"	45U	24	NEMA 5-15	15 ft.		

- Low profile design minimizes rack space interference
- Profile dimensions (WxD): 1.5" x 1.5"
- 15 Amp breaker
- Rocker on/off switch with cover to prevent accidental shut-off
- Receptacle spacing: 36" long = 2.625"; 72" long = 2.875"
- Includes mounting clips and hardware for attachment to front-to-back members
- UL listed

Vertical Power Strips - 120V, 20 Amp - with Switch & Breaker

Part Number	Length	Use on		Receptacle		Cord Length	Plug Type
		Frame Sizes	Qty.	Receptacle Type			
PT-7224-20-4-1	72"	45U	24	NEMA 5-15	15 ft.	5-20P	L5-20P
PT-7224-20-4-5	72"	45U	24	NEMA 5-15	15 ft.		

- Low profile design minimizes rack space interference
- Profile dimensions (WxD): 1.5" x 1.5"
- 20 Amp breaker
- Rocker on/off switch with cover to prevent accidental shut-off
- Receptacle spacing 2.875"
- Includes mounting clips and hardware for attachment to front-to-back members
- UL listed components

19" Rack-mount Power Distribution Units - NEMA Receptacles

Part Number	Voltage	Amps	Height	Receptacle Qty.	Cord Length	Receptacle Type	Plug Type
PDU10N-15-0	125V	15	1U / 1.75"	10	15 ft.	NEMA 5-15	5-15P
PDU10N-20-5	125V	20	1U / 1.75"	10	15 ft.	NEMA 5-15	L5-20P (Twistlock)

- Universal mounting system allows 19" rack-mounting or vertical mounting on equipment angles
- 1U x 19" wide x 2" deep
- 15 ft. cord length
- Includes breaker
- Includes mounting hardware for attachment to EIA mounting angles
- CSA approved to UL60950 specification

19" Rack-mount Power Distribution Units - IEC Receptacles

Part Number	Voltage	Amps @ 120/240V	Height	Receptacle Qty.	Receptacle Type	Cord/Plug Type
PDU8-20	120/240V	20/16	1U / 1.75"	8	IEC C-13	Order Separate
PDU12-20	120/240V	20/16	1U / 1.75"	12	IEC C-13	Order Separate

- Universal mounting system allows 19" rack-mounting or vertical mounting on equipment angles
- 1U x 19" wide x 2" deep
- Auto-sensing 110-240V based on input options
- Input power cord ordered separately
- Includes breaker
- Includes mounting hardware for attachment to EIA mounting angles
- CSA approved to UL60950 specification

Power Cords for Power Distribution Units with IEC Receptacles

Part Number	Voltage	Cord Length	Plug Type
PDUC-15-L520	120V	15 ft.	L5-20P Twistlock
PDUC-15-L620	220V	15 ft.	L6-20P Twistlock

- Select appropriate cord based on required voltage output requirement of PDU
- IEC C-19 Plug end connects to 19" PDU's with IEC receptacles
- 12/3 SJT

outlet/plug guide

Multi-Bay Hardware Kit

- Bolts two frames together
- Special serrated head bolts and lock nuts

Part Number	Color	Description	Quantity
ER2-MBK	Silver	1/4-20 Serrated Bolts & Nuts	8 ea.

Lifting Eyes

- Attaches to Matrix Frames to allow overhead lifting
- Kit includes (4) 1/2 - 13 heavy-duty lifting eyes and (2) 12 GA (0.105") angles
- Angles run front to back on the interior of the frame
- Field retrofitable
- Lifting eyes straight pull working load limit = 2,600 lbs. each

Part Number	Description	Kit Quantity
LE-4-25-*	Lifting Eyes Hardware Kit and Angles, 25"D Frames	4 (Eyebolts)
LE-4-30-*	Lifting Eyes Hardware Kit and Angles, 30"D Frames	4 (Eyebolts)
LE-4-36-*	Lifting Eyes Hardware Kit and Angles, 36"D Frames	4 (Eyebolts)

***Specify color:** "2" = Black; "3" = Charcoal; "4" = Slate; "5" = Flint Grey; "6" = Royal Blue; "8" = Beige; "9" = Platinum; "X" = Special - See page 31 for finish selections.

Anchoring Kit

- Kit includes (4ea.) 3/18 - 16 x 3" threaded rod, washers, nuts and expansion inserts
- Allows UBC compliant anchoring of loads up to 1,000 lbs on a concrete slab
- Anchors require pre-drilling of concrete slab

ENCLOSURE SOLUTIONS FOR

AUDIO/VIDEO BROADCAST & BROADBAND • NETWORKING & DATACOM • MILITARY/ENVIRONMENTAL • OEM/CUSTOM

Electrorack is an ISO 9001 and AS9100 Certified electronic enclosure manufacturer located in Anaheim California. Utilizing our 50 years experience in designing electronic enclosures to exacting performance requirements, Electrorack has developed many innovative, pre-engineered solutions for industry standard needs.

At Electrorack we pride ourselves in being an engineering based manufacturer. Our design capabilities include: Parametric 3D Modeling, In-House Parallel Design Support, and Web Based Design Reviews.

Consistent growth is a testament to our process of listening to our customer's needs and designing solutions for their problems. We offer diverse solutions for the Datacom, Industrial Electronic, Military, Broadcast and OEM markets. Our knowledgeable in-house staff of design engineers and sales associates are available to answer technical questions for any application or environment. Give us a call!
