Statement of Quality Policy

FAI Automotive plc sources, procures, stores, packs and distributes replacement automotive parts under an all-makes programme with the FAI and Camtec brands, covering European and Japanese passenger cars and light vans. Also Kartline brand name for parts and tyres for Karts.

The Directors are committed to maintaining a registered Quality Management System that meets the requirements of ISO 9001:2008.

We place particular emphasis on obtaining customer satisfaction by:

- Treating customer with respect and in a professional manner.
- Responding promptly and accurately to customers' enquiries and orders.
- Maintaining and improving on the quality of the products and services that the company supplies to its customers.
- Ensuring that management and staff are trained to meet the requirements of the company and its customers.
- Constantly striving to meet and where possible exceed customers' expectations.

We operate by setting objectives and targets for the Quality Management System. Management periodically reviews achievements against these objectives and targets and continually seek to improve the effectiveness of the system and enhance customer satisfaction.

Our Quality management System is defined in the Quality Manual, Quality Operating Procedures and supporting documents.

This Quality Policy is communicated to and understood by personnel within the Company. It is periodically reviewed for continuing suitability to satisfy the needs of the company, customers, other interested parties, and ISO 9001.

1st March 2010

Managing Director

CERTIFICATE

Management system as per
BS EN ISO 9001:2008

In accordance with TÜV UK Ltd procedures, it is hereby certified that

FAI Automotive plc
The Chiltern Trading Estate
Grovebury Road
Leighton Buzzard
Bedfordshire
LU7 4TU
United Kingdom

applies a management system in line with the above standard for the following scope:

The sourcing, procuring, storing, packing and distribution of replacement automotive parts under all makes programme with the FAI, Valve Train and Camtec brand names, covering European, Asian and Japanese passenger cars and light commercial vehicles.

The sourcing, procuring, storing, packing and distribution of Kartline brand parts and tyres for karts.

The storage and distribution of specific Goodyear, Lucas and Motorad brand name products.

Certificate No.: GB00454

Audit Report No.: 2010/ 06815

Valid until: 21/06/2011

Initial certification: 22/06/2005

PR Blackwell
Signed for and on behalf of TÜV UK Ltd,
the Certification Body

London, 19/05/2010

This certificate, which remains the property of TÜV UK Ltd, was issued in accordance with the TÜV UK Ltd auditing and certification procedures as amended from time to time and its validity is subject to regular surveillance audits.

START WITH **FAI** ...

FAI springs are made using highest quality German steel and the latest cold coiling technology. FAI has a principle of achieving recognised quality standards in every detail by conforming to national and international requirements. All stages from spring coiling to packaging are observed and controlled in accordance with the requirements of TS 16949:2002 / ISO9001:2000 Quality Management System.

The materials used in manufacturing must meet the standards (TS 2500, DIN 17223, DIN 17224) and inspections are carried out at the factory to check

- Wire diameter
- Breaking strength and chemical analysis in accordance with technical specifications, compression measurement
- Spring diameter, length and coiling

It is important to note that springs should always be replaced in pairs. Different springs on the same axle can have a negative effect on the handling.
