

Fast-Flexible-Functional

Modular Framing System

Products & Services

www.faztek.net

Machine Guarding & Enclosures

- Safety & Protection
- Guard from debris, dust, liquids and moving parts
- Lockout switches available
- Cost effective & light-weight

Machine Bases

- Heavy-duty materials
- No welding or painting
- Completely modular
- Customize for any application

Work Stations & Workbenches

- Easily customized for specific needs
- Clean and organized appearance
- Ergonomic, efficient design
- Cost effective

Material Handling

- Reduce fatigue, increase efficiency
- Part racks, shelving, material carts
- Add casters for mobility
- Custom storage solutions

Factory Automation Systems

- Endless applications
- Extremely versatile
- Increase productivity
- Conveyors, feeders, automated assembly modules

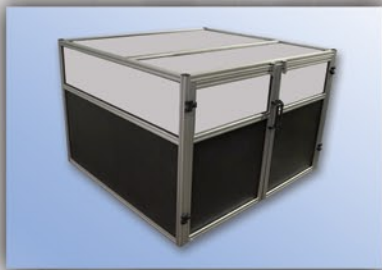

Other Applications

Office Cubicles

CNC Machine Guard

Protective Enclosures

Pneumatic Hide-away Scale

- Automotive
- Machine Builders
- Machine Repair
- Pharmaceutical
- Aerospace
- Tool & Die

Custom Carts

FrameCreator™

Drastically reduce your design time with FrameCreator. This free piece of software is available to anyone interested in saving time, money, and reducing human error. Build your guard, workbench, machine base, or just about anything else using Faztek's full inventory of aluminum extrusions and components.

- Easy to use
- Reduce design time
- Compatible with AutoCAD© 2000i-current
- Automatically updated (Internet connection required)
- Generate a full bill of materials and 3D drawings
- Packaged extrusions are tagged according to drawings and bill of materials

Visit www.FrameCreator.net for more information and to request your FrameCreator CDROM.

ECONOFRAMES™

This simple, economically designed guarding system is perfect for those who need a quick solution without the hassle of browsing through catalogs, drawing, designing and assembling components.

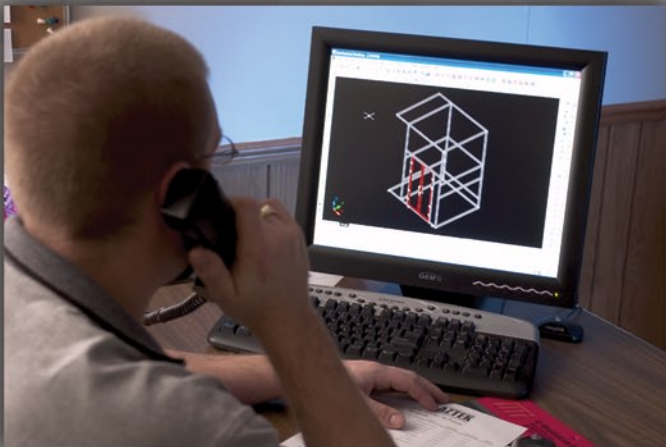

- Guards are pre-assembled
- Substantial cost savings
- Fast, easy installation
- Fast, reliable service
- Quick shipments
