BLOOD TRAIL ENHANCER

Most successful hunts start and end with tracking. And while hunting technology has continued to move forward, new tracking advancements have been slow to come. Our Blood Trail Enhancer is a breakthrough for efficiently tracking wounded game after the initial shot. Designed with deer and elk in mind, the spray is made to highlight any potential blood spots on the trail. It works on both fresh or dried blood, day or night, in all types of vegetation, terrain and weather. Now, there's no guess-work. You're on the right path.

MYTH™ COMPACT FIXED BLADE

An updated take on a small fixed blade paring knife, the Compact Fixed Blade marries the modern design cues of the Myth™ hunting series with the precision and craftsmanship of the classic Gerber Pixie. Its small profile and comfortable, soft rubberized grip make small quarter and cavity work effortless. It comes with a durable hard plastic sheath outfitted with a built-in carbide sharpener for sharpening on the go. The Myth™ Compact Fixed Blade is a minimal field-dressing knife that's on track to becoming a Gerber hunting classic.

MYTH™ E-Z OPEN The E-Z Open Gutting Knife boasts the same slim design and comfortable, soft rubberized handle as the rest of the Myth™ series. Built with a lightweight body directly molded onto the full tang stainless steel blade, the E-Z Open is the ideal tool for long, clean upward cuts. A hard plastic ball overmold tip ensures that you never puncture your game or yourself. Created with quick field dressing in mind, the E-Z Open comes sheathed in a durable hard plastic case complete with a built-in carbide sharpener for sharpening on the go.

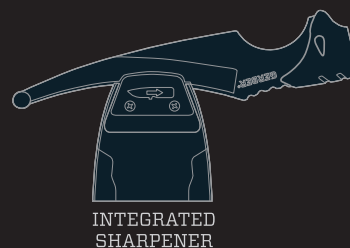

FEATURES

- Textured Rubber Handle
- Sheath with Integrated Sharpener
