GERBER

Faucets | Drains | Fixtures

gerberonline.com

Gerber's corporate headquarters in Woodridge, Illinois.

GERBER PLUMBING FIXTURES LLC

Providing you with exceptional product quality and enhanced value creation is nothing new at Gerber. We've been doing it for over 80 years and will continue to build our reputation for quality and steadfast loyalty to the trade professional.

At every level, our comprehensive line of plumbing fixtures deliver consistent performance that is unsurpassed. We also take pride in offering beautifully designed products that meet today's consumer décor needs - from contemporary to traditional. On top of matching every style and taste, our full-spectrum of plumbing products is also engineered with superb quality to last a lifetime.

From every perspective, we are focused on helping your business grow and thrive. Being loyal to the trade sets us apart. It also gives us the responsibility to meet and exceed plumbing contractors' highest standards. That is why we are committed to exacting product specifications, fine craftsmanship and product innovation.

These are the guiding principles Gerber follows in bringing you today's most powerful plumbing fixture solutions. You can count on us to be behind you all the way - complete with outstanding value you can build on for generations to come.

This is Gerber's pledge to you. This is professional performance.

*PROFESSIONAL
PERFORMANCE IS:
Outstanding
plumbing faucets
& fittings that will
delight your
customers while
adding more value
to your business.*

Launched in 2006, WaterSense is a partnership program sponsored by the U.S. Environmental Protection Agency (EPA) with the goal of protecting the future of the US's water supply. By promoting and enhancing the market for water efficient products and services, WaterSense makes every drop count by leveraging relationships with key utility, manufacturer and retail partners across the U.S.

Generally, WaterSense labeled products will be about 20 percent more water efficient than their less efficient counterparts in the same category.

Table of Contents

Bathroom Faucets

- 2-3 Abigail™ Collection

NOTES

NOTES

Brass Limited Warranty

LIMITED LIFETIME WARRANTY - CERAMIC DISC CARTRIDGES

GPF warrants that the ceramic disc cartridge (the valve control of the faucet) will not leak or drip for as long as it is owned by the original purchaser. If the ceramic disc cartridge malfunctions or proves defective upon inspection by GPF after the valve has been returned, then GPF will repair or replace such part, at GPF's option, free of charge.

TEN (10) YEAR LIMITED WARRANTY - COMPRESSION/WASHERLESS CARTRIDGES

GPF warrants that the washerless or compression type cartridge (the valve control of the faucet) will not leak or drip for a period of ten (10) years from the date of original purchase, as shown on the original consumer-purchaser's receipt. If the washerless or compression type cartridge malfunctions or proves defective upon inspection by GPF after the valve has been returned, during the 10-year warranty period, then GPF will repair or replace such part, at GPF's option, free of charge.

This Ten (10) Year Limited Warranty only applies to repair or replacement of defective washerless or compression type cartridges. Normal wear of washers, seats, o-rings, sealants and lubricants is not subject to the 10-Year Warranty.

FIVE (5) YEAR LIMITED WARRANTY - ELECTRONIC PRODUCTS

GPF warrants to the original purchaser of electronic products that they will be free from defects in material and workmanship under reasonable use for a period of five (5) years from the date of original purchase, as shown on the original purchaser's receipt.

TWO (2) YEAR LIMITED WARRANTY ON OTHER PARTS

GPF warrants to the original consumer-purchaser of this product that for a period of two (2) years from the date of original purchase, this product will be free from defects in material and workmanship under normal, reasonable use in accordance with product instructions. All mechanical faucets/fittings installed in accepted commercial installations carry a two (2) year limited warranty. All labor, shipping, and freight costs and any other charges incidental to warranty and service are to be borne by the original consumerpurchaser.

As the exclusive remedy for any breach of the above warranties, GPF agrees, at GPF's option, to repair or replace this product or any part thereof, which proves, upon inspection by GPF after such product is returned, to be defective in material or workmanship.

GPF will not be liable for any labor, shipping, freight, or any other costs or charges incurred in connection with removal or replacement of the product or otherwise acting upon the above warranties, or for any costs associated with repair or replacement of any other personal property, building or installation materials. Installation or use of the faucet or valve not in accordance with product instructions, or improper use, abuse or neglect of, or accident to, the faucet or valve, or moving the product from the location of its original installation will void the above warranties.

If the Federal Consumer Product Warranties Act applies to the original purchaser of this product, then any implied warranties which may be applicable under state law, such as any implied warranty of merchantability or any implied warranty of fitness for a particular purpose, are limited with respect to the ceramic disc cartridge to twenty (20) years, washerless or compression type cartridge to ten (10) years and with respect to all other parts to two (2) years.

Other than as described above, Gerber disclaims any and all other warranties, express or implied, including any warranties of merchantability or fitness for a particular purpose. In no event shall Gerber be liable to anyone, including without limitation the original purchaser, for any damages for loss of business opportunities or profits or any business interruption or for any special, incidental or consequential damages.

The above warranties give you specific legal rights, and you may also have other rights which vary from state to state. Certain federal and state laws may limit or disallow disclaimers of incidental or consequential damages and/or limitations on implied warranties.

For technical support, please call 888-648-6466.
