

Small Domestic Appliances

Collection 2011

Welcome to the world of Havells India Limited, a leading company in electrical consumer durable and power distribution equipment manufacturer with a strong global footprint. With total turnover exceeding billion-plus dollars, Havells enjoys an enviable market dominance across a wide spectrum of products and services, including Industrial & Domestic Circuit Protection Devices, Cables & Wires, Motors, Fans, Power Capacitors, CFL Lamps, Luminaires for Domestic, Commercial & Industrial Applications, Modular Switches, & Electric Water Heaters.

Powered by leading brands and strong service and delivery network

Havells owns some of the prestigious global brands like Havells, Crabtree, Sylvania, Concord, Luminance & Standard as part of its portfolio. Its global network constitutes of 91 branches and representative offices with over 8000 professionals in over 50 countries across the globe. Its twelve state-of-the-art manufacturing plants in India located at Haridwar, Baddi, Noida, Sahibabad, Faridabad, Alwar, Neemrana and six plants located across Europe & Latin America churn out globally acclaimed products, which are synonymous with excellence and expertise in the electrical industry.

Backed with its 20000 strong global distribution network, Havells continuously strives to set new benchmarks in prompt delivery and service to its customers – powering their smiles like none other electrical brand!

Recognised by world quality leaders

Havells and its products & processes have acquired a number of International quality certifications, like BASEC, CSA, KEMA, CB, CE, ASTA, CPA, SEMKO, SIRIUM (Malaysia), SPRING (Singapore), TSE (Turkey), SNI (Indonesia) and EDD (Bahrain) – thus complying with stringent quality norms at even the most testing markets, worldwide.

Today, Havells and its various brands, have earned the distinction of being the preferred choice of electrical products for discerning individuals and industrial consumers both in India and abroad and is all set to keep powering the world with its state-of-the-art innovations and energy-efficient solutions.

Havells Small Domestic Appliances

Havells, India's fastest growing electrical consumer durable and power distribution brand, launches its premium Small Domestic Appliances range. This range is designed to enhance the overall consumer experience in the modern kitchens and homes. All the appliances are truly international in technology and design and the range offers different product categories like Garment Care (Steam Iron, Dry Iron), Cooking (Pop-up Toaster, Sandwich Toaster, Induction Cooker, Electric Cooker), Brewing (Kettles), Food Preparation (Juicer, Mixer Grinder, Blender), Home Comfort (Room Heater).

Havells Pro-Hygiene range of appliances:

In the past few years, home appliances have seen tremendous advancement in their features and aesthetics. They have become more powerful, more automated, better looking and even more efficient. However one aspect that has not received as

much attention is the maintenance of high standard of hygiene in appliances.

For instance, toasters may offer many innovative features but don't offer the ease of dealing with dust or bread crumbs. While steam irons may have progressed to provide multiple temperature settings but have no means to clear sediments and corrosion particles that get accumulated. In fact, the list can be endless and this is an area of extreme relevance, given the fact that these appliances handle pretty much all that we eat, drink or wear on a daily basis.

When Havells created its appliances, it not only strived for the best performance, features, efficiency and aesthetics but also had a special focus towards hygiene. This focus started right from the designing and materials to ensure the appliances are able to maintain the highest level of cleanliness and hygiene with ease. Ensuring that users only get the best out of these appliances, while still being easy-to-clean. All this happens as a consequence of sophisticated designing, additional hygiene-focused features and the use of the best food grade coatings and materials. Simply put, Havells extensive range of appliances would add ease and quality in fabric care, food processing and preparation. They come with multiple best-in-class features which are not exclusive only to the top range but are offered across most models.

Havells brand endeavor is to offer unique features across all appliances like the Digital Steam Iron, Perfect Point Steam Iron, Vetro Glass Kettle, Dual -voltage Travel-mate Kettle, Max cookers with three dimensional heating, Indianised cooking panel in the induction cooker, unique Pizza Pan Tray in OTGs, LED lit pop up toasters and many more.

All products are designed and manufactured with world class quality & performance and come with a 2 year warranty. Our pan-India service setup is committed to offer the best service, if and when, there may be a need.
