

KABA®

Kaba Access Control Simplex Catalog

Effective November 2010

Why Is Simplex Everywhere?

Easy to Install, Use
and Maintain!

MADE IN THE USA

- No Wiring
- No Batteries
- No Computer
- No Downtime
- No License Fees
- No Software
- No Hassle

Simplex—Access Control Without Complication!

KABA®

Simplex Products Are Made in the USA

Simplex products are manufactured and inspected by detail-oriented associates with decades of Simplex experience in our ISO 9001 Certified 150,000 square foot factory located in Winston-Salem, North Carolina*

A Simplex lock begins as raw materials at one end of the factory, and then after passing through several manufacturing and assembly processes, a complete lock comes off the assembly line at the other end of the building.

*Simplex LD (Light Duty) products are not made in the USA facility.

IF YOU'D LIKE A FACTORY TOUR SO YOU CAN SEE IT AS IT HAPPENS, PLEASE CONTACT 336-725-1331 x298

To attend one of our Kaba certification classes, please contact our certified factory trainer and licensed locksmith at 336-725-1331 x280.

Get Electronic Access Control Without Wires or Batteries

- No Wires to Install or Get Pinched
- No Batteries to Replace
- Environmentally Friendly

How to Order

To order any of the products in this catalog, a part number must be provided. In most situations the part number has to be assembled to specify the desired product, as various options are available.

**41—refers to one lock per cardboard box*

Door Handing

Some locks also require you to specify door handing. To determine handing, face the door from the exterior (access) side and select the corresponding diagram below.

Where to Order

 Contact your local supplier or call
1.800.849.8324 or 1.336.725.1331

General Terms and Conditions of Sale

General Terms and Conditions of Sale

1. **ENTIRE AGREEMENT:** This Agreement constitutes the entire agreement between KABA ILCO Corp. dba Kaba Access Control ("KABA") and the Purchaser, and contains all of the terms and conditions relating to the sale of the product(s). This agreement supersedes all prior agreements, previous catalog terms and conditions, and other documents unless expressly incorporated herein
2. **PAYMENT TERMS:** Unless otherwise stated, terms are net 30 days from the date of invoice. KABA reserves the right to charge interest at 1.5% per month (18% annually) on any overdue amounts. If KABA discovers that the Purchaser's financial condition does not warrant the above payment terms, then KABA, in its absolute discretion, may demand that the Purchaser pay in advance, pay cash upon delivery, or refuse Purchaser's order. In the latter case, KABA cannot be held liable for any damages of any nature whatsoever for its refusal to deliver goods in whole or in part.
3. **PRICES:** The product price(s) shall be according to KABA's price list in effect at the time of acceptance of the purchase order or according to its authorized quotation in force at the time of acceptance of the applicable purchase order.
4. **TAXES:** The price does not include any amounts for U.S. or International Federal Custom Duties, Canadian, U.S. or International Federal, Provincial, State, Local Excise, Goods and Services, Sales or Use, or Value added taxes. However, should KABA be obligated to pay any of the foregoing taxes, the Purchaser, upon demand, shall, within fifteen (15) days, reimburse KABA the total amount disbursed in respect thereof.
5. **MINIMUM ORDER REQUIREMENTS:** The minimum order amount for all orders accepted is **\$400 USD**, excluding the shipping charges. This does not apply to cut keys.
6. **PRODUCT INFORMATION:** Unless expressly stated in this Agreement, all information contained in the product brochures, pamphlets, or information circulars, are for reference purposes only and based on the best information available at time of publication. KABA reserves the right to make reasonable changes in its products from time to time and to deliver the modified products.
7. **INSTALLATION:** Unless otherwise expressly stated, the costs and materials required for installation are not included in the prices and/or quotations.
8. **POINT OF DELIVERY & SHIPPING:** Delivery points and terms are FOB KABA warehouses in the USA and Canada for KABA products. Should Purchaser request a shipping method or carrier different than KABA's standard, then the full amount of the shipping cost will be invoiced to the Purchaser. Drop shipments to a third party are subject to a \$25 surcharge, which is invoiced to Purchaser.
9. **DELIVERY TERMS:** KABA will notify the Purchaser if for any reason, it is unable to deliver the products as scheduled and cannot be held liable for any damages of any nature resulting from these delays.
10. **FORCE MAJEURE:** Should a delay in delivery be caused by a Force Majeure event, the time of delivery shall be extended by a reasonable amount of time with regard to all applicable circumstances. Upon mutual agreement, the parties shall set a new date for delivery. Except as to payments due hereunder, neither party shall be liable for failure to perform hereunder for the duration of and to the extent such failure is occasioned by a Force Majeure event, which is defined as follows: war, riots, insurrections, fire, flood, explosions, strikes and other labor or industrial disturbances, inevitable accidents, Government, State, Provincial or Municipal regulations and/or ordinances, an act of God, embargoes, blockades, delay in obtaining materials, legal restrictions, currency regulations, or any cause or condition beyond the reasonable control of the parties. Where such conditions continue for more than three (3) months, either party shall be free to terminate the Agreement. In the case of termination, KABA shall be paid the value proportionate to the Agreement price for the finished product and/or the work-in-progress as of the date of termination and the supportable costs.
11. **FAILURE TO ACCEPT DELIVERY:** If Purchaser fails to accept delivery at the scheduled time, the purchase price shall become due and payable in accordance with the original payment schedule and all risks associated with the product or parts of the product to be delivered, shall be borne by the Purchaser. Purchaser shall be responsible for all storage and handling costs incurred and to be incurred as a result thereof.
12. **TITLE:** Unless otherwise stipulated in this Agreement, ownership of the goods shall remain with KABA until full payment of the sale price has been received. Until complete payment has been received, Purchaser undertakes to warrant and keep the goods free and clear of all liens, other charges or encumbrances.
13. **RETURN POLICY:** Purchaser must obtain a Return Goods Authorization (RGA) number from KABA's Customer Service by calling in North America: (800) 849-8324 or Worldwide: (336) 725-1331, before returning any products whatsoever. The Purchaser must have the product serial number and invoice number pertaining to the original purchase available to give to the Customer Service Agent. KABA will send via Facsimile the Return Goods Authorization form, which includes the RGA number along with the "Ship To" address and RGA return instructions. RGAs expire after sixty (60) days from date of issuance. Returns of product by Purchaser are FOB KABA.
- 13.1 KABA warrants its new products free from design, material or workmanship flaws. Specific new product warranties vary according to products and are listed in the respective product section of the Access Control catalog or the respective product installation manual. Third party product(s) sold by KABA are warranted only to the extent provided by the original manufacturer's warranty and Purchaser must refer to the original manufacturer's warranty in such case. Refurbished or reconditioned KABA products are warranted for a ninety (90) day period from date of shipment. Failure of the Purchaser to notify KABA within the time limit set in the section shall constitute Purchaser's waiver to have the malfunction or damage remedied.

—continued

General Terms and Conditions of Sale (continued)

- The express warranties as set out herein, are the exclusive warranties provided under this Agreement and are in lieu of any other warranties, expressed or implied, statutory or otherwise, including but not limited to warranty of fitness for a particular purpose and merchantability. No distributor, dealer, sales representative and alike is authorized to bind KABA to any other warranty Agreement.
 - KABA will, at their discretion and at no charge, either repair, exchange or replace the product provided it is returned complete to KABA during the warranty period. However, purchaser is responsible for the labor to remove and reinstall the product(s) from Purchaser's premises.
 - Defective parts, which have been replaced, become the property of KABA who may dispose of them in any manner. Replacement parts become the property of the Purchaser upon their delivery.
 - KABA is not liable for any defects in materials, designs, drawings or information provided by the Purchaser, nor for information which is missing and could not be reasonably identified as such, by KABA.
 - KABA does not warrant the following:
 - (a) Normal wear and tear from use;
 - (b) Printer ribbons, batteries, key cards and other consumable parts used or supplied with the product;
 - (c) Damage of any nature to hardware finishes;
 - (d) Faulty or defective product operation(s) caused by unusual or unforeseeable use or conditions;
 - (e) Improper installation, operation or maintenance of the product;
 - (f) Any product or system in which KABA's product(s) is incorporated;
 - (g) Force majeure as defined by section 11 of this Agreement;
 - (h) Repairs or alterations carried out by anyone other than KABA;
- 13.2 **VARIANCE:** Any claims that the quantity and description of goods delivered and the quantity and description of goods ordered do not conform to this Agreement are waived unless the Purchaser advises KABA's Customer Service department in writing, within fifteen (15) days from the date of receipt of the product(s).
- 13.3 **RETURNS FOR CREDIT:** In order to return new merchandise, the Purchaser must obtain a Returned Goods Authorization (RGA) number from KABA Customer Service department. There is a twenty-five percent (25%) restocking charge applied to all returns of new product. Custom products cannot be returned for credit for any reason other than product failure. Credit will not be offered for product that is returned incomplete or damaged.
14. **LIMITATION OF LIABILITY:** The total liability of KABA for all claims of any kind, whether in contract, liability or otherwise, arising out of, connected with or resulting from KABA's performance or breach of this Agreement or services furnished hereunder shall in no event exceed the total purchase price expressed in this Agreement. KABA shall not under any circumstances be held liable for loss of profits or revenues, loss of use of product or any other product software, system, or facility, loss of data or information, lack or loss of productivity, interest charges or cost of capital, cost of substitute product, software, systems or services, cost of purchases or replacement power, downtime costs, or for any special, indirect or consequential damages of any nature.
15. **ASSIGNMENT:** KABA may assign this Agreement in whole or in part, to any parent, subsidiary or affiliated corporation. Subject to the prior written approval of KABA, Purchaser may assign the present Agreement to any parent, subsidiary or affiliated corporation.
16. **DAMAGES:** If Purchaser does not fulfill its obligations or is in default or breach of contract by the terms of this Agreement, KABA may then terminate the agreement by notice in writing as set out on the face of KABA's acknowledgement. KABA has the right to claim compensation for any loss it incurs as a result of Purchaser's default.
17. **APPLICABLE LAW:** This Agreement shall be governed by and construed in accordance with the laws of the State of North Carolina, USA.
18. **TERMINATION:** If the Purchaser terminates this Agreement, in whole or in part, by written notice, KABA will, upon receipt of the termination notice, cease the performance of the contract according to the instructions of the Purchaser. In such a case, Purchaser shall be invoiced for costs incurred depending on the nature of the product.
19. **SEVERABILITY:** Any term, condition or provision of this Agreement, or any part thereof, which is or may be found to be prohibited or unenforceable in any jurisdiction shall, as regards such jurisdiction and to the extent of such prohibition or unenforceability, be deemed to be severed from this Agreement, and the remaining terms, conditions and provisions of this Agreement shall remain in full force and effect.
20. **WAIVER:** Any act or omission by KABA will not constitute or be deemed to be a waiver of the rights granted to KABA by the terms of this Agreement.
21. **SPECIAL CLAUSES FOR KEY CONTROL PRODUCTS:**
 - (a) For combined products, master keying is included in the product price.
 - (b) KABA will only accept orders for key blanks, cut keys and combined cylinders if the appropriate and current authorizations are enclosed, which depend upon the product and key section.
 - (c) Cylinders should be ordered in multiples of 10.
 - (d) Failure to use genuine KABA components will void all warranties.
 - (e) Laser cutting key blanks void all warranties.

Disclaimer: While reasonable efforts were made to ensure the accuracy of this document at the time of printing, Kaba assumes no liability for any errors or omissions. This information is subject to be revised without notice, and changes may be incorporated in future releases.

5 and 6-pin Medeco/ASSA cylinders require a special knob spacer (Included in Package).
- ⁺⁺⁺ **Lockout Option**
This field can be left blank if no optional features are required.

Items Supplied with the Lock

- Installation Manual
- Full-Scale Template
- Required Installation Hardware

Note: Knob locks are factory handed for left hand operation unless otherwise pre-arranged with manufacturing facility (minimum quantity required).

- PIN Access
- Mechanical Pushbutton Lock
- Single Access Code
- Cylindrical
- Lever

Features

Access Control:	Mechanical pushbutton lock—eliminates problems and costs associated with issuing, controlling, and collecting keys and cards. Provides exterior access by combination, while allowing free egress.
No Battery:	Fully mechanical lock eliminates the material and labor expense of battery replacements
Locking Device Options:	Cylindrical latch with 3-hour UL/ULC fire rating on "A" labeled doors
Number of Codes:	Single access code—one easy to manage code for all users
Programming:	Lock is easily programmed via keypad without removing lock from the door
Handing:	Factory-handed; not field reversible
Key Override (Optional):	Small format interchangeable cores, large format removable cores
Operation Modes:	Single credential-access Passage (select models)—Allows access without using the lock entry code Feature activated from the inside with a thumbturn or key (included with all passage feature models) Privacy (select models)—Disables the lock from the inside so that the entry codes can not be used to gain access. Access is permitted using the key override only when in this mode.
Economical:	A cost effective access control solution

Mechanical Features

Construction:	Heavy-duty cylindrical lock housing with cast front housing, unified trim plate, and fixed ADA-compliant levers
Numeric Keypad:	Vandal resistant, solid metal pushbuttons
Handing:	Factory-handed; not field reversible
Standard Finishes:	Satin Chrome 26D (626), Antique Brass 05 (609)
Optional Finishes:	Bright Brass 03 (605), Bright Chrome 026 (625)
Backset:	2 ¾" (70 mm), 2 ⅜" (60 mm)
Latch:	½" (13 mm) throw latch; ¾" (19 mm) throw latch (optional)
Minimum Stile Recommended:	5" (127 mm)
Weight:	8.25 lbs. (3.7 kg)
Strike:	Standard strike plate; ASA strike plate

Key Override

Interchangeable Cores:	Small format–Best and equivalents (6 or 7-pin length)
Removable Cores:	Large format–Medeco/ASSA/Yale (5 or 6-pin length), Corbin Russwin, Schlage, and Sargent

Installation

Door Preparation:	Easily installs on wood or metal doors. ASA 161 door preparation with additional through holes
Door Thickness:	1 ³ / ₈ " (35 mm) to 2 ¹ / ₄ " (57 mm)–Pre-assembled to accommodate 1 ⁵ / ₈ " (41 mm) to 2" (51 mm) doors
Items Supplied Include:	Lock assembly, installation manual, full-scale template, combination change plug and access key, and required installation hardware

Certification and Testing

Accessibility Standard:	Americans with Disabilities Act (ADA)
Durability:	Compliance with D.O.D. 5220.22M; highly weather resistant
Fire Rating:	3-hour UL/ULC fire rating for "A" labeled doors

Warranty

Warranty:	3-year warranty

- Cannot be used with surface-mounted Exit Devices with counterclockwise rotating hubs, with thumb-operated Mortise design Exit Devices, or most vertical rod Exit Devices**

ATTENTION: Compatibility is subject to change if modifications are made by Exit Device manufacturers without Kaba Access Control's knowledge

Exit device not included (sold separately)

- PIN Access
- Mechanical Pushbutton Lock
- Single Access Code
- Fits Narrow Stile Aluminum Glass Doors
- Thumbturn

Features

Access Control:	Mechanical pushbutton lock—eliminates problems and costs associated with issuing, controlling, and collecting keys and cards. Provides exterior access by combination.
No Battery:	Fully mechanical lock eliminates the material and labor expense of battery replacements
Locking Device Options:	Adams Rite 4510/4710/4910 mortise latch
Number of Codes:	Single access code—one easy to manage code for all users
Programming:	Lock is easily programmed via keypad without removing lock from the door
Handing:	Non-handed; Required drive assembly is factory handed—not field reversible
Key Override:	Accepts Maximum Security (MS) mortise cylinders; can be used to override the lock combination and gain access using a key. Allows facilities to initiate or maintain a master-keyed security system (keyed alike or keyed differently).
Operation Modes:	Single credential—access Passage—Allows access without using the lock entry code. Feature activated from the outside using cylinder override key. Lockout—Disables the lock so that entry codes cannot be used to gain access. Access is permitted using the key override only. This is activated from the outside using the cylinder override key.
Economical:	A cost effective access control solution

Mechanical Features

Construction:	All metal cast front housing, force-proof, clutch-protected fixed thumbturn
Numeric Keypad:	Vandal resistant, solid metal pushbuttons
Handing:	Non-handed; Required drive assembly is factory handed—not field reversible
Finishes:	Satin Chrome 26D (626); 55 (695) Duranodic
Backset:	Model 3010: Right Hand; Right Hand Reverse— $31\frac{1}{32}$ " (25 mm) Model 3020: Left Hand; Left Hand Reverse— $31\frac{1}{32}$ " (25 mm) Model 3030: Right Hand; Right Hand Reverse— $1\frac{1}{8}$ " (29 mm) or $1\frac{1}{2}$ " (38 mm) Model 3040: Left Hand; Left Hand Reverse— $1\frac{1}{8}$ " (29 mm) or $1\frac{1}{2}$ " (38 mm)
Latch:	Purchased separately (Adams Rite)
Stile Width:	$1\frac{7}{8}$ " (48 mm) minimum, required for mounting
Door Thickness:	$1\frac{3}{4}$ " (44 mm) maximum
Weight:	4 lbs. (1.8 kg)
Strike:	Purchased separately (Adams Rite)
Items Supplied Include:	Installation instructions, full-scale template, combination change key, and screwdriver

Items Supplied with the Lock

- Installation Manual
- Full-Scale Template
- Required Installation Hardware

- PIN Access
- Mechanical Pushbutton Lock
- Single Access Code
- Cylindrical
- Thumbturn

Features

Access Control:	Mechanical pushbutton lock—eliminates problems and costs associated with issuing, controlling, and collecting keys and cards. Provides fully mechanical exterior access by combination, while allowing free egress at all times by interior knob.
No Battery:	Fully mechanical lock eliminates the material and labor expense of battery replacements
Locking Device Options:	Cylindrical latch with 3-hour UL/ULC fire rating for “A” labeled doors
Number of Codes:	Single access code—one easy to manage code for all users
Programming:	Lock is easily programmed via keypad without removing lock from the door
Handing:	Factory-handed left; easily field reversible
Operation Modes:	Single credential—access
Economical:	A cost effective access control solution

Mechanical Features

Construction:	All metal cast front housing, force-proof, clutch-protected exterior thumbturn, unified interior trim plate, fixed interior knob
Numeric Keypad:	Vandal resistant, solid metal pushbuttons
Handing:	Factory-handed left; easily field reversible
Finishes:	Hard durable powder paint finishes: Gold Tone (60), Almond (67), Black (85), and Gray (86)
Latch:	½" (13 mm) throw latch, floating or flat face plate (light-duty or UL listed options)
Backset:	2 ¾" (70 mm) or 2 ⅜" (60 mm) backset
Minimum Stile Recommended:	5" (127 mm)
Weight:	4.5 lbs. (2 kg)
Strike:	Standard strike plate

Installation

Installation:	ASA 161 door preparation with 2 additional through bore holes. Lock can be inverted if the existing auxiliary lock obstructs installation
Door Thickness:	1 ⅜" (35 mm) to 2 ¼" (57mm); wood or metal
Items Supplied Include:	Installation manual, full-scale template, combination change tool and required installation hardware

Certification and Testing

Fire Rating:	3-hour UL/ULC Fire rating for “A” labeled doors (select models—see latch options)
Durability:	Highly weather resistant

Simplex®

9600 Series

SIMPLEX®

- PIN Access
- Mechanical Pushbutton Lock
- Single Access Code
- Deadbolt/Spring Latch
- Thumbturn

Features

Access Control:	Mechanical pushbutton lock—eliminates problems and costs associated with issuing, controlling, and collecting keys and cards. Uses same proven combination system as our other pushbutton access controls, and are specifically designed for cabinet doors, desk drawers and similar applications. Ideal for use in many locations: medicine chests, liquor cabinets, gun boxes, courier pick-up boxes, home entertainment units, cleaning supply cabinets, tool chests, private files, audio-visual cabinets, and petty cash drawers.
No Battery:	Fully mechanical lock eliminates the material and labor expense of battery replacements
Locking Device Options:	Flat deadbolt Round deadbolt Round spring latch bolt
Number of Codes:	Single access code—one easy to manage code for all users
Programming:	Lock is easily programmed via keypad without removing lock from the door
Handing:	Non-handed
Operation Modes:	Single credential—access
Economical:	A cost effective access control solution
Key Override (Optional):	Select models

Mechanical Features

Construction:	All metal cast face plate; force-proof protected exterior knob
Numeric Keypad:	Vandal resistant, solid metal pushbuttons
Handing:	Non-handed
Finishes:	Bright Brass 03 (605), Satin Brass 04 (606), and Satin Chrome 26D (626); black trim plate (optional)
Weight:	1 lb. (0.5 kg)
Bolt:	End-throw/cross-throw deadbolt (must be manually relocked); End-throw/cross-throw spring latch (with automatic relock) Double-throw bolt (Sheet metal, end throw only)

Installation

Door Thickness:	Wood doors: $\frac{5}{8}$ " (16 mm) to $\frac{7}{8}$ " (22 mm)
	Sheet metal applications: 14 to 20 gauge
Installation:	Horizontal or vertical. Two-step mortise installation using router or $5\frac{1}{2}$ " (140 mm) x 1" (25 mm) slot with trim plate (for wood applications).
	Punched slot or series of $\frac{7}{16}$ " (11 mm) drilled holes (for metal applications)

File Guard FG10, F2500, F2570, F2580 Series

SIMPLEX®

- **PIN Access**
- **Mechanical Pushbutton Lock**
- **Single Access Code**
- **Fits Standard 2, 4, and 5 Drawer Cabinets**
- **Thumbturn**
- **Special lengths available**

Features

Access Control:	Mechanical pushbutton lock—eliminates problems and costs associated with issuing, controlling, and collecting keys and cards. Ideal for turning an ordinary filing cabinet into a security cabinet. Meets U.S. Department of Defense requirements for storage of secret and classified material when used with an appropriate lock.
No Battery:	Fully mechanical lock eliminates the material and labor expense of battery replacements
Locking Device Options:	Self contained tubular deadbolt
Number of Codes:	Single access code—one easy to manage code for all users
Programming:	Lock is easily programmed via keypad without removing lock from the door
Handing:	Non-handed
Operation Modes:	Single credential—access
Economical:	A cost effective access control solution
Options:	Model FG10: Pushbutton lock File Guard Model F2500: For use with a padlock (not included) Model F2570: For use with a padlock (not included) Model F2580: Built in 5-pin key lock (Schlage “C” or Weiser keyway) in a rugged steel housing

Mechanical Features

Construction:	Heavy-duty steel channel bar
Installation:	Model FG10, F2500, F2580: Attach mounting pins ($\frac{3}{8}$ " steel bolts) to cabinet Model F2570: Attach mounting pins ($\frac{3}{8}$ " steel bolts) and hinges to cabinet
Control (for pushbutton):	Model FG10: Screwdriver (not included) Model F2580: Key lock
Numeric Keypad:	Vandal resistant, solid metal pushbuttons
Handing:	Non-handed
Finishes:	B—Black
Items Supplied Include:	Mounting hardware: Notch pins, clevis pins, lock washers, screw nuts, and screws as required (as applicable)

Warranty

Warranty:	1-year warranty
