See page 37 for all available ottoman styles.

Expecting company and need extra seating or just want a new look for your room? With our push-away corner unit, you can join your reclining sofa and loveseat together for instant sectional seating. Suffering from back pain and stress? If so, doctors have a surprising suggestion ...
just recline!

Relieves back pain

Seven out of 10 primary care physicians agree that sitting in a reclined position at home can help decrease back pain, and 2 out of 3 are likely to recommend that patients sit in a reclined position to help alleviate back pain.

Reduces stress

An overwhelming 94% of doctors say about an hour a day of relaxation at home is important to relieve stress, and 96% agree that sitting at home in a reclined position promotes relaxation. Maybe that's why 3 out of 5 doctors own reclining furniture themselves!

The American Chiropractic Association has endorsed La-Z-Boy reclining furniture.

At La-Z-Boy, we invented the first reclining chair over 85 years ago, and we haven't been sitting still since. Today La-Z-Boy employs thousands of dedicated workers in 5 manufacturing plants across North America. Tolerates rough housing... even if you don't.

50% stronger than fabric

Not only is leather good-looking, it's naturally durable. Ideal for homes with children and pets, leather outlasts fabric four to one.

It's beautiful and ages well

Natural oils in the leather help prevent cracking and tearing and special dyes provide deep, rich color and help keep its beauty from fading.

Year round comfort

Leather's porous surface lets it "breathe" so it stays cool in the summer and warm in the winter.

...and it's easy to clean

Leather simply requires a mild dusting or wiping to help keep it looking good. Now who wouldn't love that?
