

Tool trolley

The Lista trolley is at home in every workplace

With its handy size the Lista tool trolley is at home in every workplace. It is available in three different drawer configurations. This means it can hold larger hand and electrical tools. Practical accessories can be hung on its sides so that everything is within easy reach. The impact resistant powder coating is available in a choice of 12 standard colours.

Well-organised and mobile

Using the Lista Trolley, tools and working materials are always mobile and within reach.

i Benefits

- Certified quality with a ten-year guarantee
- Ergonomic and secure storage for working materials
- Individual fitting options with practical accessories
- Impact resistant powder coating in 12 standard colours, other colours on request
- Corrosion protection of drawers thanks to electrophoretic dip-painting
- Supplied in three different standard versions

With the Lista tool trolley I can move around with my tools and always have everything handy. Depending on what is needed I can just hang accessories on it, and so I am ready to face any challenge.

Tool trolley 20

Mobility

Wheels

The Lista tool trolley is fitted with two pairs of black, easy movement castor supports, with two fixed castors and two swivel castors (all with solid rubber tyres) with brakes.

Moulded cover

The moulded plastic cover includes practical storage compartments. The integrated push handles on either side ensure full mobility with a maximum load capacity of 20 kg.

Flexible protection of edges

The rounded edges, made from a double layer of abrasion resistant plastic, act like bumpers and minimises any damage caused by collision with other objects.

Everything always within reach

Ergonomic and organised

Full extension/quiet movement

The easy-slide drawers can be fully extended. This means that even the parts stored at the back are always within easy reach. The drawers have a load capacity of 20 kg.

Drawer partition

The well-designed and flexible partition material allows you to organise all the stored items perfectly.

Lista Script

With Lista Script, the practical and free labelling software the handles can be simply and clearly labelled.

Security

Safety blocking system

As soon as one drawer is opened all the others are blocked. This prevents the cabinet from tipping over.

Central locking

The Lista tool trolley is fitted, as standard, with a central locking system which locks all the drawers at once.

i Benefits

- High mobility in limited space thanks to its handy dimensions and stable construction
- Improves working practices by always having working materials close at hand
- Simple configuration of drawers thanks to standardised, organised partition material
- Construction and accessories which are flexible in use and well thought-out

Practical accessories

Easy to hang

The Lista tool trolley can be equipped with useful accessories which are simply hung on its sides and can be changed at any time. Depending on its use, each trolley can be customised with many optional accessories.

Paper roll holders and waste containers

Flexible supports to hold and change the rolls of paper.

Spray can holder

Spray cans are held safely and are always at hand.

Additional rack

If the storage shelf on the trolley is insufficient then the additional rack can provide a flexible extension of the anti-slide storage.

Perforated board with door

Frequently-used tools are held securely on a perforated board which has a lockable door.

Power supply strips

With a connection for a PC, tools or measuring equipment to be plugged in you have an energy supply right where you are working, including a storage option.

Benefits

- All accessories made from high-quality sheet steel
- A useful complement to many applications
- Simple hanging system
- Customised equipment for the trolley, depending on needs

Colours

12 standard colours

All colour-variable products are available in the 12 standard colours at no extra charge.

The three-digit colour code (e.g. **.010**) is an element of the article number.

Always add the desired colour code to the end of the item codes in your order (e.g. **70.701.010**).

Housings and drawers can also be ordered in each of the different colours.

These colour samples may deviate from the original colour due to the printing process.

Your choice of colour on request

i Benefits

- Impact- and abrasion-resistant housing surface thanks to environmentally friendly powder coating
- Total corrosion protection of drawers thanks to electrophoretic dip-painting
- In addition to the standard colour range, any colour can be created for your desired products.
