Drivers Made in 

Part # 151NAS

Our Original bit load driver is our most popular. Loaded with 7 double end professional quality bits, this assortment provides the 14 most popular tips for driving screws.

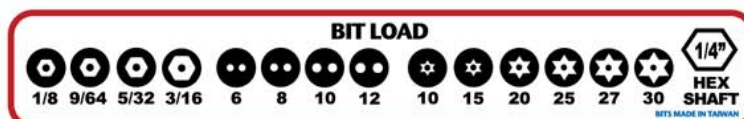

The shaft opening serves as a 1/4" hex driver! Hence "15in1".

Part # 151TP

This 15in1 is a must for all commercial/industrial tradesmen i.e. electricians, locksmiths, telephone technicians, maintenance personnel, etc. The Tamperproof assortment includes the most popular security bits, including Spanners, Hex Pins and Torx Pins. The shaft opening serves as a 1/4" hex driver!

Part # 151SL44

New bit design.
Patents Pending

Locking shaft eliminates the danger of bits falling out of the shaft when getting partially "stuck" in the fastener.

SHAFTLOK™ 6" & 10" Locking Extensions

Locks into ShaftLOK™ Driver shaft providing a slim profile into those hard to reach places. 0.375" (9.6mm) min. clearance.

Link multiple extensions together for extra long reach.

6"  Part # 6EXT-SL6

10"  Part # 6EXT-SL10

Shaftlok will pass through a 3/8" (0.375"/ 9.6mm) diameter opening.

HVAC

14 bit tips featuring Schrader Valve Stem bit, Square Awl Reamer bit and DoubleLOK Phillips #2 Combo bit (which can be used in any 1/4" quick change chuck).

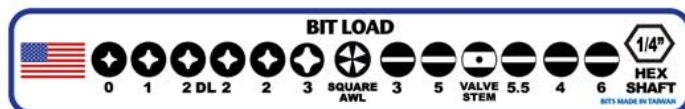

Separate bit load for USA and Canada.

Part # 141HVAC-C

Part # 141HVAC-U

STAINLESS STEEL
ELECTROLESS NICKEL PLATED BITS

Part # 151SS

The Stainless driver is ideal for the outdoor environment, including boating, camping, hiking, 4 wheeling, etc. The driver has a stainless steel shaft and features 7 double end electroless nickel plated bits with the 14 most popular tips for driving screws. The shaft opening serves as a 1/4" hex driver.

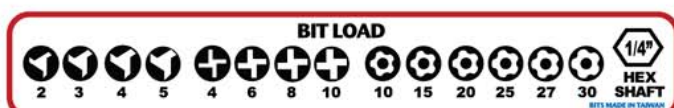

TAMPERPROOF[®] 2
SECURITY BITS

Part # 151TP2

Our new Tamperproof 2 Driver features an additional selection of 14 different security fastener driver bits. Included are TRI-WING, TORQ-SET, and TORX PLUS TAMPER RESISTANT. The shaft opening serves as a 1/4" hex driver!

15in1 HEX

Part # 151HX

The Hex (Allen) driver features the 8 most popular standard hex drive tips and the 6 most popular metric hex drive tips. Great for working on technical equipment, bicycles, motorcycles, skis, musical instruments and ready to assemble furniture. The shaft opening serves as a 1/4" hex driver.

All bits - S2 industrial grade steel. Made in Taiwan

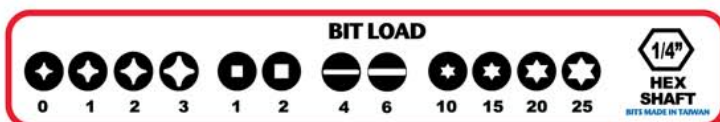

13in1

Made in

Part # 211R2C36RD

Rubberized Cushion Grip Handle

Features patent pending ZAD 8 Zinc Alloy SOLID-CORE™ ratchet that delivers over 225 inch lbs of torque strength. Precision 28-Tooth ratchet design makes driving fasteners faster and easier.

AUTOMOTIVE DRIVERS

Made in

Part # 141AUTO

Loaded with the most popular bits used in automotive work, including a 1/4" socket adapter, this driver is a must for the professional mechanic or anyone who works on their car or truck. The valve stem bit is also a standard bit-type in the HVAC industry. The shaft opening serves as a 1/4" hex driver.

Made in

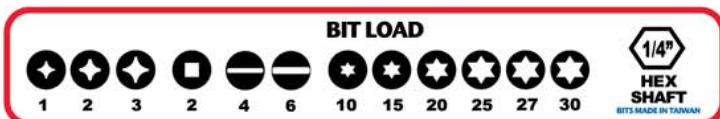

Part # 211R1C36RD

STRONG MAGNETIC PICKUP

Rubberized Cushion Grip Handle

Features standard 1" insert Bits.

Shaft is made from Stainless Steel 303. The Shaft opening serves as a 1/4" hex driver. 12-1 inch insert bits made from S2 industrial grade steel.

All bits - S2 industrial grade steel. Made in Taiwan

NEW

MEGAPRO DRIVER LOADED WITH AUTHENTIC PL ROBERTSON® BITS

PL Robertson has created 4 special double end bits for Megapro.

These bits are designed to be compatible with most megapro drivers. All authentic Robertson® TIPS are manufactured from a specially modified tool steel and carefully heat treated to provide maximum wear and torque.
