# | Table of Contents |

Minka-Aire® invites you to view our ceiling fan collection designed to fit today's varying lifestyles.

Within our Designer Series, you will find designs of contemporary flair, elegant grace in transitional timeless spirit from the most recognized designers in our industry.

The architectural trend toward Great Rooms has led Minka-Aire® to redesign some of our most popular styles with enlarged bodies and longer blades to circulate more air and complement the spaciousness of these rooms.

With our Outdoor Series of ceiling fans, an al fresco lifestyle no longer has to mean comfort at the expense of style. Your patio or gazebo can now be as attractive and welcoming as your living room, with the circulation of air.

Whatever your lifestyle or style preference, Minka-Aire® offers a design for every application in your home.

We are privileged to partner with the most recognized designers in the home furnishing industry. Our Designer Series combines a unique blend of style with performance. All of the unique designs exemplify elegance and a timeless spirit that is the hallmark of Minka-Aire®

George Kovacs

A true visionary in the lighting industry for more than 50 years, George Kovacs was recognized worldwide for setting the benchmark for unique contemporary designs.

Founder and CEO of Kathy Ireland Worldwide, Kathy Ireland is committed to *"...finding solutions for families, especially busy moms"* with designs of exceptional quality and style.

Kathy Ireland

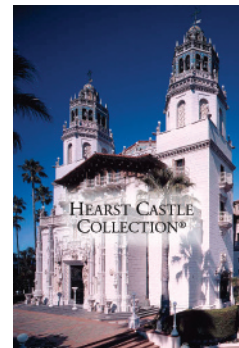

Jessica McClintock

Jessica McClintock, world renowned fashion designer and entrepreneur, draws inspiration from the special moments in people's lives to capture the excitement and romance that exemplify her designs.

Atop a hill along California's central coast, overlooking the Pacific Ocean, sits Hearst Castle®. Once home to publisher and film producer William Randolph Hearst, the Castle holds a vast and diverse collection of fine and decorative art, inspiring designs reminiscent of bygone eras.

# Wing

**Winner of the 2010 Chicago  
Athenaeum: Museum of Architecture  
and Design's Good Design Award.**

Minka-Aire® is proud to present the George Kovacs® Collection of ceiling fans.

We remain committed to the same ideals embraced by the late George Kovacs: visionary modern designs, exceptional quality and “fan”tastic function.

The numerous award-winning fans in the George Kovacs® Collection reflect our continuing commitment to the design sensibility innate to the George Kovacs® brand.

Gauguin™ by Minka-Aire®

## Indoor/Outdoor Collection

Minka-Aire® recognizes a need in today's al fresco lifestyle by offering an Outdoor Series of ceiling fans. All are UL Listed for wet location usage, making these fans perfect for patios, porches and other exposed areas. Motor housings and blades are fully protected against water and all weather conditions. Particular models have a combined waterproof light kit to provide additional lighting outdoors. These fans feature various designer finishes to complement your patio furniture.

Now you are able to enjoy a wonderful breeze on your patio, in your gazebo or over your outdoor spa! Of course, you may use all of these models indoors as well.

- ♦ Includes One (1) Hand Held Remote Control, Wall Holster and Canopy Mounted Receiver
- ♦ Wireless Remote Operation
- ♦ Operates at Distance of 40'
- ♦ Can be Used in Conjunction with WC213 Wall AireControl®
- ♦ 12 Volt Battery Included

U.S. Patent(s): D533,514; D551,008  
Additional U.S. Patent(s) Pending

RC400

### RC400 AireControl® Remote System

- ♦ For F823 Fans Only
- ♦ Six Speed Fan Control in Forward and Reverse
- ♦ Includes One (1) Hand Held Remote Control, Wall Holster
- ♦ Wireless Remote Operation
- ♦ Operates at Distance of 23'  
Distance Depends on Quality/Materials Used in Construction of Room/  
Building Fan is Hung In

AireControl®  
by Minka-Aire®

Full Function Hand Held  
Remote Control

An ultra-thin design exclusive to Minka-Aire®, the remote enables the user with one finger to control all functions of Minka-Aire® ceiling fans.

AireControl® by Minka-Aire® controls all functions: reverse, uplight (where applicable), fan light, speed control, as well as off-on. (RCS212 and WCS212)

RCS213, RCS223, WCS212, WCS213 and WCS223 controls do not include the reverse function.

Included is a holster if you want to wall mount the control for your convenience.

#### Please Note:

**256 Bit remote systems are not compatible with 32 Bit remote systems.**

### WC105-WH Speed Control

- ♦ Four Speed Fan Control
- ♦ 2-Wire Installation

WC105-WH White

### WC106-WH Speed Control

- ♦ Four Speed Fan Control
- ♦ Full Range Dimmer
- ♦ 3-Wire Installation

WC106-WH White

### WC110 Speed Control

- ♦ For F510 Fans Only
- ♦ Four Speed Fan Control
- ♦ Full Range Dimmer
- ♦ 3-Wire Installation

WC110

### WCS212 AireControl®

- ♦ Same Features as RC212 Hand Held
- ♦ Includes Ivory and White Finish Inner/Outer Plates

U.S. Patent(s): D533,514  
Additional U.S. Patent(s) Pending

WCS212 - 256 Bit

### WCS213 AireControl®

- ♦ Same Features as RCS213 Hand Held
- ♦ Includes Ivory and White Finish Inner/Outer Plates

U.S. Patent(s): D533,514  
Additional U.S. Patent(s) Pending

WCS213 - 256 Bit

### WCS223 AireControl®

- ♦ Same features as RC223 Hand Held
- ♦ Includes Ivory and White Finish Inner/Outer Plates

U.S. Patent(s): D533,514  
Additional U.S. Patent(s) Pending

WCS223 - 256 Bit

**Please Note:**  
**256 Bit remote systems are not compatible with 32 Bit remote systems.**

All component parts and hardware supplied with your Minka-Aire® ceiling fan have been designed and engineered to assure proper and safe installation of your new ceiling fan. Substituting parts or hardware, such as, but not limited to the hanger ball and the hanger bracket, not supplied with your ceiling fan by Minka-Aire®, will void the Minka-Aire® Warranty.

## Minka-Aire® 45° Slope Ceiling Adapter Kit (SCA)

Minka-Aire® SCA Kit was designed to meet the needs of the home building industry as demand increases for higher, more steeply angled ceilings. Minka-Aire® A245 SCA is used with 3/4" I. D. DR5 Series Downrod.

The above kit as shown includes the mounting bracket, the angled ball assembly and locking pin. For fans that weigh in excess of 35lbs, simply use the hanging bracket that comes with the fan in the box (75lbs rating standard) and the kit's angled ball assembly and locking pin. (Fan model numbers F528, F529 and F531 do not apply because of their unique Downbridge™ hanging systems)

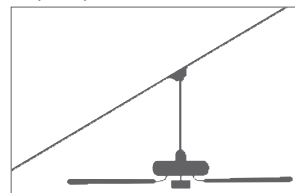

When ordering SCA specify finish to match your needs.

### Finishes available:

ABR, ACS, AG, BCW, BG, BI, BK, BN, BNW, BS, CBR, CC, CF, CH, CPBR, CT, DBB, DKG, DRB, FB, FLB, FLP, GBZ, GL, HC, HT, IBR, IO, KA, LN, MCG, MG, MP, MW, ORB, PBL, PI, PN, PR, PW, RD, RRB, SDBK, SI, SL, STW/GOW, SWH, TSP, VB, VP, VRT, WH, WHF

(PR, Primer finish ready for painting to match your ceiling)

Sloped Ceiling Application with standard hanging systems for slopes up to a maximum of 29°

### Sloped Ceiling Installation

Minka-Aire® ceiling fans equipped with universal hanging systems may be hung from standard or vaulted ceilings up to 29° pitch.

**Downrod Coupler**  
DR500 (3/4" I. D.)

For those occasions when you need to hang your ceiling fan on a longer than 72" downrod, simply use one of our downrod couplers (DR500) available in finishes to match all our fans and downrods. The coupler enables you to couple our 3/4" downrods together and hang fans on total downrod lengths of up to 144".

Dimensions A and B were measured with the shortest downrod enclosed with the fan.

Minka-Aire® ceiling fans are suitable for year-round use and can contribute to your comfort in the summer and winter. With our reverse switch, in the winter you will be able to move the heat from your ceiling and circulate the air in your living area. In the summer you will save energy by recirculating air from the outside into your room and also if your air conditioning is used, save on energy costs.
