**A Full Line of Commercial, Industrial,
and Institutional Cleaning Equipment**

MINUTEMAN INTERNATIONAL

The Minuteman International group of companies is a desired Brand of commercial, industrial, and chemical cleaning products. Our product offering provides the most up to date, and innovative technology to suit your cleaning needs. Minuteman International produces a vast product line ranging from carpet extractors, warehouse sweepers, to graffiti remover.

MINUTEMAN

Minuteman offers a complete line of commercial and industrial maintenance products for today's cleaning industry. Our wide range of products includes walk-behind and ride-on auto scrubbers, critical filter vacuums, air vacuums, floor machines, battery and propane burnishers, commercial vacuums and industrial tank vacuums for dry or wet/dry application, carpet vacuums and extractors, and sweepers. There is a Minuteman machine for every application.

MULTI-CLEAN

Multi-Clean is a manufacturer of high performance cleaning and floor maintenance products, incorporated since 1946, with a history of producing quality janitorial chemicals, including floor finish, floor strippers, cleaners, disinfectants, sanitizers, restroom cleaning products, carpet cleaners and stain removers. Multi-Clean also offer concrete sealers, industrial degreasers, wood gym floor finish, and a complete line of liquid hand soap and foam soap. Multi-Clean is a Green Cleaning Leader through green products, knowledge, education and training.

POWERBOSS

PowerBoss is a full line manufacturer of sweepers, scrubbers and combination sweeper/scrubbers for industrial applications. PowerBoss has been an innovator and leader in the industrial market since 1984. The PowerBoss full line of industrial sweepers and scrubbers will handle your most challenging jobs. Whether you have a congested area inside, or wide open spaces outside, our products meet your needs.

MISSION STATEMENT

"To provide a complete range of cleaning equipment and solutions for commercial and industrial applications that deliver exceptional VALUE and exceed customer desires."

WHY CHOOSE MINUTEMAN?

Easiest company to do business with
High quality
Full line of state of the art product
Strong commitment to the environment
Innovate solutions
Service and support
Customer-driven

INNOVATION AND TECHNOLOGY

Minuteman prides itself on understanding the wants and needs of the industry and being able to provide innovative solutions. With this in mind, we offer the Aqua-Stop system, maintenance free gel batteries, on-board chargers, simplified controls and many other advancements that support our customers and the green movement.

NOT JUST CLEAN, IT'S GREEN

Minuteman is not just about clean, we are also about Green! New and innovative equipment and cleaners meet or exceed environmental green cleaning standards. Our V Series uprights and X17 models have been awarded CRI certification. We are dedicated to providing safe equipment and chemicals, with a low impact on both the operator and the environment. We are also dedicated to going green within our facilities and manufacturing processes. Minuteman and green cleaning go hand in hand.

AQUA-STOP

Aqua-Stop is specifically designed to allow a significant reduction in water and chemical usage, and an increase in productivity by improving run time per tank and the overall cleaning result. Test results prove that Minuteman scrubbers that are equipped with Aqua-Stop use less water and chemical and still clean better when compared to equipment not equipped with Aqua-Stop. (Testing conducted by the University of Illinois, Urbana-Champaign.) On average, Aqua-Stop will save Minuteman customers a total of \$31.55 per thousand square feet facility size. Aqua-Stop provides lower overall costs due to increased productivity and a consistent, high-quality clean. It will help your scrubber reach its optimum cleaning potential.

EQUIPPED WITH AQUA-STOP

HIGH STANDARDS

High standards mean that you get peace of mind when you buy Minuteman equipment. We ensure that the most stringent standards of quality are met. We also have a staff of dedicated quality control managers to see that our products are made to the highest standards.

SERVICE AND SUPPORT

We're here to help. Our knowledgeable and friendly staff members, from customer service, product managers, service technicians and sales, are here to support you from selection of equipment to after-sales support.

Please call us at 800-323-9420 or visit our website at www.minutemanintl.com

E Series Scrubbers

The E Series machines form Minuteman's new and innovative walk-behind scrubber series. With advanced technology and new green clean features, these scrubbers have been engineered to change the way you clean floors. It's scrubbing, reinvented.

E17/E20

- 8 different configurations possible on same frame
- 17" (43 cm) or 20" (51 cm) scrub paths
- Traction or brush drive options
- 12 Gal. (45 L) solution tank
- 13 Gallon (49 L) recovery tank
- .75 HP (560 W) brush motor
- .60 HP (450 W) vac motor
- 45" vacuum water lift
- Up to 3 hours of run-time single charge
- 180 RPM disc brush speed
- E20 available in cylindrical scrubbing system (600 RPM)
- Equipped with Aqua-Stop deck surround
- Polyurethane squeegee blades standard
- On-board charger
- Also available in 220V

E24/E26

- 24" (60 cm) cylindrical scrubbing system
- 26" (65 cm) disc scrubbing system
- 850 RPM cylindrical brush speed
- 19 Gallon (72 L) solution tank
- 19.5 Gallon (74 L) recovery tank
- 65" vacuum water lift
- 180 RPM disc brush speed
- Quiet operation
- E26 is a disc model equipped with Aqua-Stop brushes
- Polyurethane squeegee blades standard
- On-board charger

ECO 26

- 26" (65 cm) disc scrubbing system
- 12 Gallon (45 L) solution tank
- 13 Gallon (49 L) recovery tank
- 45" vacuum water lift
- 180 RPM disc brush speed
- ECO 26 equipped with Aqua Saver technology, which can make a 12 gal. tank act like a 24 gal. tank
- Polyurethane squeegee blades standard
- On-board charger
- Also available in 220V

E28/E30

- 28" (71 cm) cylindrical scrubbing system
- 30" (76 cm) disc scrubbing system
- 850 RPM cylindrical brush speed
- 180 RPM disc brush speed
- 23 Gallon (87 L) solution tank
- 23 Gallon (87 L) recovery tank
- 65" vacuum water lift
- E30 is a disc model equipped with Aqua-Stop brushes
- Polyurethane squeegee blades standard
- On-board charger

E33

- 33" (85 cm) disc scrubbing system
- 180 RPM brush speed
- 30 Gallon (113 L) solution tank
- 30 Gallon (113 L) recovery tank
- .85 HP (640 W) vac motor
- 65" vacuum water lift
- E33 is a disc model equipped with Aqua-Stop brushes
- Polyurethane squeegee blades standard
- On-board charger

ES 28/32

- Interchangeable decks in 28" (71 cm) and 32" (81 cm) options disc or cylindrical
- 32 Gallon (121 L) solution tank
- 35 Gallon (132.5 L) recovery tank
- Easy to use control panel
- Auto retract squeegee in reverse
- Also available in 220V

Automatic Scrubbers

Minuteman's Automatic Scrubbers have always offered a complete range of sizes to meet your cleaning needs. From the Port A Scrubs for small and quick cleanup, the E Series walk-behinds, the H Series scrubbers specifically designed for hospitals and healthcare facilities, to the ERide rider scrubbers for large applications.

P Series

Portable Scrubbers

P12 Port A Scrub®

- Quick and portable scrubber for smaller areas
- 12" (30.5 cm) cleaning path
- Cleaning up to 3,770 sq. ft./hr (350 sq. m.)
- Brush speed 650 RPM
- 1 HP motor at 7.5 Amps
- Operates at low 69 dB noise level
- Also available in 220V
- TUV listed to UL standards

P14 & P14B Port A Scrub®

- Quick and portable scrubber for smaller areas
- Available in battery or electric
- 14" (35.5 cm) cleaning path
- Cleaning up to 7500 sq. ft./hr. (700 sq. m.)
- Brush speed 780 RPM
- 2.5 Gal (10 L) solution tank
- 3 Gal (11 L) recovery tank
- Squeegee recovers solution in forward and reverse
- Folding handle for tight storage
- P14 electric model also available in 220V
- TUV listed to UL standards

H Series

Hospital Scrubbers

Specifically Designed for Hospitals and Healthcare Facilities

- Anti-microbial recovery tanks
- Virus kill claims available
- Silence mode for 66dB quiet operation cleaning

H20

- 20" (51 cm) scrub path
- 12 Gallon (45 L) solution tank
- 13 Gallon (49 L) recovery tank
- Brush motor .75 HP (560 W)
- 180 RPM
- Up to 3 hours of run-time on single charge
- Equipped with Aqua-Stop deck surround
- Polyurethane squeegee blades standard
- On-board charger

H26

- 26" (65 cm) scrub path
- 19 Gallon (72 L) solution tank
- 19.5 Gallon (74 L) recovery tank
- Brush speed 180 RPM
- Brush motor (2) .75 HP (560 W)
- 65" vacuum water lift
- Standard on-board tool caddy
- H26 is equipped with AquaStop brushes
- On-board charger

E Ride Series

The E Ride rider scrubbers are Minuteman's answer for large areas of coverage. These state-of-the-art rider scrubbers are equipped with Aqua-Stop in disc models and new features have been added.

E Ride 26

- Available in disc and cylindrical
- 26" (65 cm) cleaning path
- 27 Gallon (102 L) solution tank
- 27 Gallon (102 L) recovery tank
- 1 HP 3 stage tangential bypass vac fan
- On-board off-aisle wand available
- Recovery tank clean-out port
- 1.25 HP dual right angle with gearbox brush drive motor on disc head
- (2) .75 HP brush drive motors on cylindrical head
- E Ride 26 disc model is equipped with Aqua-Stop brushes
- Also available with 220V charger

E Ride 30

- Available in disc and cylindrical
- 30" (76 cm) cleaning path
- 30 Gallon (113.5 L) solution tank
- 30 Gallon (113.5 L) recovery tank
- Cleaning up to 51,666 sq.ft./h (4,800 sq. m.)
- (2) 1 HP brush drive motors
- 110 lbs. brush pressure
- E Ride 30 disc model is equipped with Aqua-Stop brushes

E Ride 28/32

- Interchangeable 28" (71 cm) or 32" (81 cm) cylindrical or disc scrub decks
- 32 Gallon (121 L) solution tank
- 38 Gallon (144 L) recovery tank
- Variable transport speeds
- On-board off-aisle wand available
- Recovery tank clean-out port
- 1 HP 3 stage tangential bypass vac fan
- All new cast aluminum/stainless steel assembly-unmatched water pick-up
- E Ride 28/32 disc models are equipped with Aqua-Stop brushes
- Also available with 220V charger

Floor Machines and Burnishers

Minuteman offers a variety of floor machines in your choice of 13" - 20" pad diameters and single or dual pad speeds. Our burnishers range from 17" - 28" pad diameters. Burnisher models are available in cord electric, battery, or propane so that you can choose which best fits your needs. Optional dust control systems available on 2400 and Lumina burnishers.

1500 Front Runner

- Pad speed: 1500 RPM
- Pad diameter: 20" (51 cm)
- Carbon brush indicator light
- Cast aluminum housing
- 1.5 HP motor
- 50 foot power cord
- Also available in 220V
- UL listed

Front Runner™ Floor Machines

- Pad speed: 175 RPM & Dual speed 175/300 RPM
- Available in 17" (43 cm) or 20" (51 cm)
- Pad driver included
- Triple planetary gear
- 50 foot power cord
- Also available in 220V
- ETL listed to UL standards

2400 Burnisher

- Pad speed: 1500 RPM, 2400 RPM and
- Easy to operate and maneuver
- Standard with PAMS® (Passive Air Management System)
- Cast aluminum pad housing
- 50 foot power cord
- Also available in 220V
- UL listed

Mirage Kawasaki Propane Burnisher

- Engine speed: 3600 RPM
- Pad speed: 1700 - 2000 RPM
- Pad diameter: 28" (71 cm)
- EPA & CARB certified
- Catalytic mufflers for low emissions

Lumina™ 20 & Lumina™ 20 TD

- Pad speed: up to 2000 RPM
- Pad diameter: 20" (51 cm)
- Standard with PAMS® (Passive Air Management System)
- Battery operated
- Easy to read control panel

Kleen Sweep Series

The Kleen Sweep Series is your answer for quick dust-controlled sweeping. Whether the job is indoor or outdoor, large or small, one of the Kleen Sweep machines is right for the application.

Kleen Sweep® 27M

- Sweeping width: 27" (67 cm)
- Coverage: 31,000 sq ft /hr (2,880 m²)
- On-board handle makes removal of the debris hopper simple and ergonomic
- Adjustable brush pressure
- Includes main and side broom
- Handle is easily removable for storage
- Front caster wheel design makes maneuverability a breeze

Kleen Sweep® 25W

- Sweeping path: 25" (63.5 cm)
- Excellent performance on carpeted or hard floor areas
- Overthrow hopper for maximum capacity
- 24V gel battery system
- On-board charger
- One touch operation
- Quiet operation at 63dB or less

Kleen Sweep® 40R

- Sweeping width: 40" (101 cm)
- Coverage: 61,354 sq ft /hr (5,700 m²)
- Ideal for hard or carpeted surfaces
- 3 wheel design allows for optimal maneuverability
- KS 40R is standard with one side broom
- Forward and reverse operation
- Operator entrance on either side of unit
- Ergonomic steering and comfort seat

Kleen Sweep® 47R

- Sweeping width: 50" (127 cm)
- Coverage: 77,500 sq ft /hr (7,200 m²)
- Ideal for hard or carpeted surfaces
- 3 wheel design allows for optimal maneuverability
- KS 47R is standard with two side broom
- Forward and reverse operation
- Operator entrance on either side of unit
- Ergonomic steering and comfort seat

Carpet Restorative/Recovery

When your carpets are in need of more than daily maintenance, Minuteman offers restorative and recovery machines. From spot removal to rider carpet extractors, these machines can make dirty carpets look new again.

Ambassador™ Junior Carpet Extractor

- 14" (35.5 cm) scrub path
- Removable recovery tank
- Heavy duty 14-3 jacketed power cord
- Constructed of non-corrosive polyethylene that won't dent, corrode or rust
- Helical brush design
- 3 way solution control switch
- Also available in 220V
- UL listed

X17 Carpet Extractor

- 17" (43 cm) scrub path
- Removable recovery tank
- Bucket fill or built-in faucet fill
- Constructed of non-corrosive polyethylene that won't dent, corrode or rust
- 3 quick disconnect spray jets allow for simple maintenance
- CRI certified
- Also available in 220V
- ETL listed to UL standards

Ambassador™ 20 Carpet Extractor

- 20" (51 cm) scrub path
- 43" turning radius, best in class
- 25 Gallon (95 L) solution tank
- 25 Gallon (95 L) recovery tank
- All electric design
- 75 foot, 14-3 power cord
- Sprays, scrubs and extracts in one easy pass

Gotcha!® Portable Spot Removal System

- 2 Gallon (7.5 L) solution tank
- 2 Gallon (7.5 L) recovery tank
- Equipped with GFCI
- Lightweight / portable for quick and efficient spot removal
- 1.12 hp vac motor
- Portable when rolled on 4" wheels or carried via the built-in strap or handle
- Also available in 220V

X12 & X12PRO Portable Carpet Extractors

- 12 Gallon (45.4 L) solution tank
- 12 Gallon (45.4 L) recovery tank
- Model available with or without heating system
- Large 12" stair climbing wheels
- On-board storage for hoses
- Comes standard with a 15 foot vacuum & solution hose and easy glide wand
- Also available in 220V
- UL listed

Carpet Restorative/Recovery

When your carpets are in need of more than daily maintenance, Minuteman offers restorative and recovery machines. From spot removal to rider carpet extractors, these machines can make dirty carpets look new again.

XRide 28 Rider Carpet Extractor

- 28" (71 cm) cleaning path
- 27 Gallon (102 L) solution tank
- 27 Gallon (102 L) recovery tank
- Off-aisle recovery wand and 25 foot hose mounted on-board
- Cylindrical scrubbing cleans both sides of carpet
- Interim and restorative modes
- Convenient drain port for recovery tank clean-out
- Small, compact design allows for cleaning even in tight spaces
- Also available in 220V

RapidAir™ Carpet Blower

- Stackable design
- 1 HP motor
- Offset balance handle
- Convenient built-in cable wrap
- Operates at 0, 45, or 90 degree angle
- Three speed model is also available in 220V

V Series

Commercial Dual Motor Vacuums

V14 Pro Dual Motor Upright

- 14" (36 cm) sweeping path
- Powerful 150 watt brush motor and 1000 watt vacuum motor
- Telescoping wand and on-board tools included
- Quiet operation at 68dB and extra quiet mode at 62dB
- CRI certified
- ETL listed to UL standards

V14 and V17 Pro Plus Dual Motor Uprights

- 14" or 17" (36 or 43 cm) sweeping path
- Powerful 220 watt brush motor and 1150 watt vacuum motor
- Telescoping wand and on-board tools included
- Quiet operation at 68dB and extra quiet mode at 62dB
- CRI certified
- ETL listed to UL standards

Carpet Preventive Maintenance

Minuteman offers an option for daily maintenance on any size carpet. Our vacuums range from a 13" path up to a 30" path. From the convenience of a back pack to the efficiency of a wide area, there is a vacuum for your needs.

KS25W Carpet Sweeper

- 25" (63.5 cm) sweeping path
- Excellent performance on carpeted or hard floor areas
- Quiet operation at 63dB or less
- 24V gel battery system
- On-board charger
- One touch operation

V10 Back Pack Vacuum

- 11" (30 cm) sweeping path
- Comes standard with easy roll floor tool, crevice tool and telescopic wand
- 50 foot power cord
- 3 stage filtration/HEPA model available (See critical filter section)
- CRI certified
- ETL listed to UL standards

MPV® - 31 Wide Area Vacuum

- 30" (76 cm) sweeping path
- Telescopic wand and on-board tools
- 50 foot power cord
- Handle folds for compact storage
- On-board tools and telescopic wand
- Lightweight and low-profile
- Clean air filtration system
- Multiple brush height adjustments
- Extra-large wheels glide across carpet
- Also available in 220V

747 Wide Area Vacuum

- 24" or 29.5" (61 or 75 cm) sweeping path
- 1 HP motor
- Battery operated
- Helical brush design
- 9 cubic foot capacity filter bag allows more fill between changeouts
- A needle felt bag breathes to allow greater amounts of clean air to pass through the bag, meaning increased air flow and greater suction

Vacuums

Minuteman vacuums come in many sizes, ranging from 6 gallon to 55 gallon, and versions of dry only and wet/dry. Many models are available. The TRS 14 is a specialty vacuum that provides touchless cleaning with a combination pressure washer and wet/dry vacuum.

290 Wet/Dry Vacuum

- 6 - 15 Gallon (22 -57 L) tank sizes available
- Comes complete with wet/dry tool kit
- Optional wide area Big Gulp™ squeegee
- Simple one-switch operation
- Heavy-duty, 14-3 jacketed power cord
- Convenient drain port located at the base of the machine
- Also available in 220V
- UL listed (not all models)

390 Wet/Dry Vacuum

- 6 or 15 Gallon (22 or 57 L) tank sizes available
- Available in polyethylene or stainless steel
- Optional wide area Big Gulp™ squeegee
- Designed with a self-sealing intake for a positive vacuum seal
- Easily adaptable to any tool kit
- Self-cleaning cloth filter bag
- Full bag indicator light
- UL listed (not all models)

390-55 Gallon Wet/Dry Vacuum

- 55 Gallon (208 L) tank size
- 3 motor options available
- Designed with a self-sealing intake for a positive vacuum seal
- Easily adaptable to any tool kit
- Self-cleaning cloth filter bag
- Full bag indicator light

TRS 14 Total Recovery System

- 14 Gallon (53 L) solution tank
- 14 Gallon (53 L) recovery tank
- Provides touchless cleaning
- Fully adjustable chemical metering system
- Gate valve is designed to dump into any standard toilet or floor drain from any faucet
- 400 PSI combination pressure washer with chemical metering system and wet/dry vacuum
- Faucet fill hose lets you fill the machine
- 25' vacuum hose, solution hose and blower hose

705-6 Air Vacuum

- 6 Gallon (22 L) tank size
- Wet capacity: 3.5 Gal (13 L)
- Dry capacity: .46 cu ft (.01 m3)
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- Uses compressed air and the venturi principle to create a vacuum of exceptionally high flow and high static lift
- Ideal for areas where standard voltage is not available
- Capable of lifting or moving an extensive variety of solid or liquid materials
- 180" of waterlift
- Tool kits available for commercial or industrial use

705-15 Air Vacuum

- 15 Gallon (57 L) tank size
- Wet capacity: 10 Gal (38 L)
- Dry capacity: 1.86 cu ft (.05 m3)
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- Uses compressed air and the venturi principle to create a vacuum of exceptionally high flow and high static lift
- Ideal for areas where standard voltage is not available
- Capable of lifting or moving an extensive variety of solid or liquid materials
- 180" of waterlift
- Tool kits available for commercial or industrial use

705-55 Air Vacuum

- 55 Gallon (208 L) tank size
- Wet capacity: 45 Gal (170 L)
- Dry capacity: 7.16 cu ft (.20 m3)
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- Uses compressed air and the venturi principle to create a vacuum of exceptionally high flow and high static lift
- Ideal for areas where standard voltage is not available
- Capable of lifting or moving an extensive variety of solid or liquid materials
- 180" of waterlift
- Tool kits available for commercial or industrial use

Critical Filter Vacuums

Minuteman offers many sizes and configurations of Critical Filter Vacuum Systems for safely trapping and containing asbestos, lead, mold, mercury, nuclear waste, and other potentially hazardous materials. Minuteman Critical Filter Vacuums are the safest and most reliable way to collect contaminants.

X829 Series

Wet/Dry HEPA Vacuum

- 6 and 15 Gallon (22 - 57 L) tank size
- Safe recovery of asbestos, lead, mold, hexavalent chromium and other hazardous materials
- Operates at 72dB
- Polyethylene tanks are durable, non-corrosive and dent-proof
- Patented, self-sealing intake ensures a positive vacuum seal
- Patented safety interlock system ensures that the filter is properly installed
- UL listed (not all models)

CRV™

Clean Room Vacuum

- 4 Gallon (15 L) tank size
- ULPA filtration
- 99.999% efficient @ 0.12 microns
- UL listed (not all models)

Explosion Proof

Dust Ignition Proof Vacuum

- 15 or 55 Gallon (57 - 208 L) tank size
- Ideal for pick-up of hazardous material such as flammable liquids, finely pulverized dust and more
- Class I - Group D and
- Class II - Group F & G
- Static conductive casters and wheels
- Available in 4 models
- Optional HEPA filtration
- 22-gauge, non-sparking stainless steel tank
- Operates at 72dB
- 50 foot STWA safety cable
- UL listed

Lead Vacuum

- 6 Gallon (22 L) tank size
- Dry Capacity: .46 cu ft (.01m³)
- For the recovery of lead, dust, paint chips and other hazardous materials
- Polyethylene tanks are durable, non-corrosive and dent-proof
- Dry recovery unit vacuums directly into a disposable collection bag
- Operates at 72dB
- Convenient 50 foot cord
- UL listed

Flammable Liquid Recovery Vacuum

- 55 Gallon (208 L) tank size
- Wet capacity: 45 Gallon (170 L)
- Dry capacity: 7.16 cu ft (.20m³)
- Air operated, non-electric safe recovery of hazardous liquids
- Comes standard with lid assembly
- No moving parts to replace
- Locking lid latches
- Standard with an explosion-proof tool kit with 14" floor squeegee tool
- Sturdy all-steel dolly with 5" conductive wheels for easy transporting
- UL listed

V10 Pro Plus

HEPA Back Pack Vacuum

- 11" (30 cm) sweeping path
- Top fill large capacity dust collection
- Comes standard with easy roll floor tool, crevice tool and telescopic wand power switch located on belt
- Left or right hand interchangeable operation
- 99.97% efficient @ 0.3 microns
- Integral cord restraints and on board tool holders
- 50 foot power cord
- Waist pad switch, easy ON/OFF operation
- CRI certified
- ETL listed to UL standards

Mercury Recovery System

- 15 Gallon (57 L) tank size
- Available in 5 models
- Optional HEPA filter
- Allows for safe, affordable clean-up of liquid mercury and mercury contaminated soil and air
- Large capacity activated carbon filter
- Standard with tool kit
- U.L.P.A. filters are 99.999% efficient @ 0.12 microns
- Also available in 6 Gallon size
