Ideas that wear well.[®]

HEARING & RESPIRATORY PROTECTION

Moldex's expertise is hearing and respiratory protection to keep workers safer. This laser like focus results in an offering of innovative world class products.

Our core products are manufactured in the U.S.A.

Moldex is specialized in an age of generalization.

With over 50 patents, Moldex is dedicated to developing innovative solutions that address the hearing and respiratory needs of industrial and healthcare employees.

Some of our industry leading solutions include:

Dura-Mesh provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer, reducing usage and saving money.

Up to three distinct sizes in industrial masks and five sizes in healthcare to address today's diverse workforce.

The unique contoured shape of Meteors follows the curves of the ear canal to create exceptional all-day comfort while still providing serious protection.

HandyStrap masks can be conveniently stored around the neck while on a break, keeping them from getting prematurely thrown away or misplaced.

The first disposable, completely recyclable earplug dispenser, PlugStations hang anywhere earplugs are needed to increase compliance and reduce waste.

EZ-ON is the first and only NIOSH approved single strap respirator for workers who prefer wearing one strap.

An air pocket in the tip of our Rockets reusable earplugs provides incomparable comfort.

The 9000 Series full face respirator's exclusive overmolded technology reduces weight, parts, maintenance and cost.

All Moldex® products and packaging are PVC-Free. A scientific study by Nicholas Anastas, PhD Principal, Poseidon's Trident and Matthew Eckelman, MEng Yale University, Center for Industrial Ecology, confirms that considering the full life cycle of PVC vs. Polyurethane and Polypropylene, the scientific data supports the conclusion that use of Polyurethane or Polypropylene are "green" alternatives to PVC and are ecologically preferred. Toxic chemicals associated with PVC disposal have been linked to a variety of health hazards.

Moldex has taken a leadership position among global PPE manufacturers in minimizing our environmental impact. We began with the complete elimination of PVC which is linked to one of the most environmentally toxic materials in landfill disposal and this initiative has now grown into a corporate culture that constantly looks to manufacture innovative products that minimize environmental impact.

Green products and packaging

- Removal of all PVC from our products and packaging.
- Dura-Mesh® shell on disposable respirators allows fewer respirators to be used and a reduction in the waste stream.
- PlugStation®, Respirator Lockers®, and Pocket-Paks® are all recyclable products.
- Use of recycled paper for all literature and packaging throughout the company.

Hard to Wear.

Easy to Wear.

Let's face it...some respirators are as comfortable as a beard of bees! But now, with the new 7000 half mask and 9000 full face series, respiratory protection has never felt so easy. Unlike others, the 7000/9000 feature lighter weight, fewer parts, less maintenance, wider field of vision, easier cartridge attachment, and are completely PVC-Free and metal-free. All this at an economical price. Compliance just got a whole lot easier.

Sleek, simple, comfortable protection that's just plain EASY TO WEAR. To see what the buzz is all about, visit www.moldex.com or call (800) 421-0668.

DISPOSABLE RESPIRATORS

Cool, comfortable, collapse-resistant

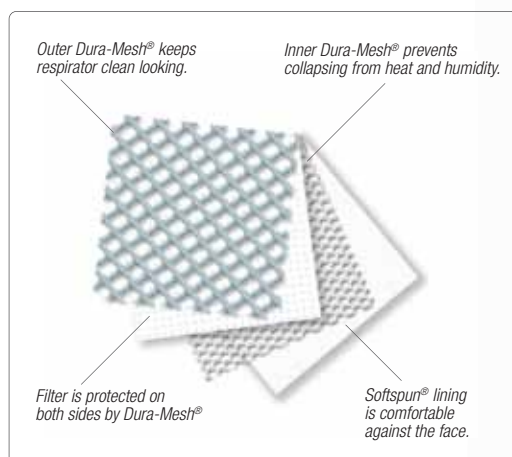

Moldex® respirators have many design innovations that set them apart from the competition.

A pinch-free contour molded nose bridge provides unmatched comfort and eliminates the constant readjustment that is necessary with metal nosebands.

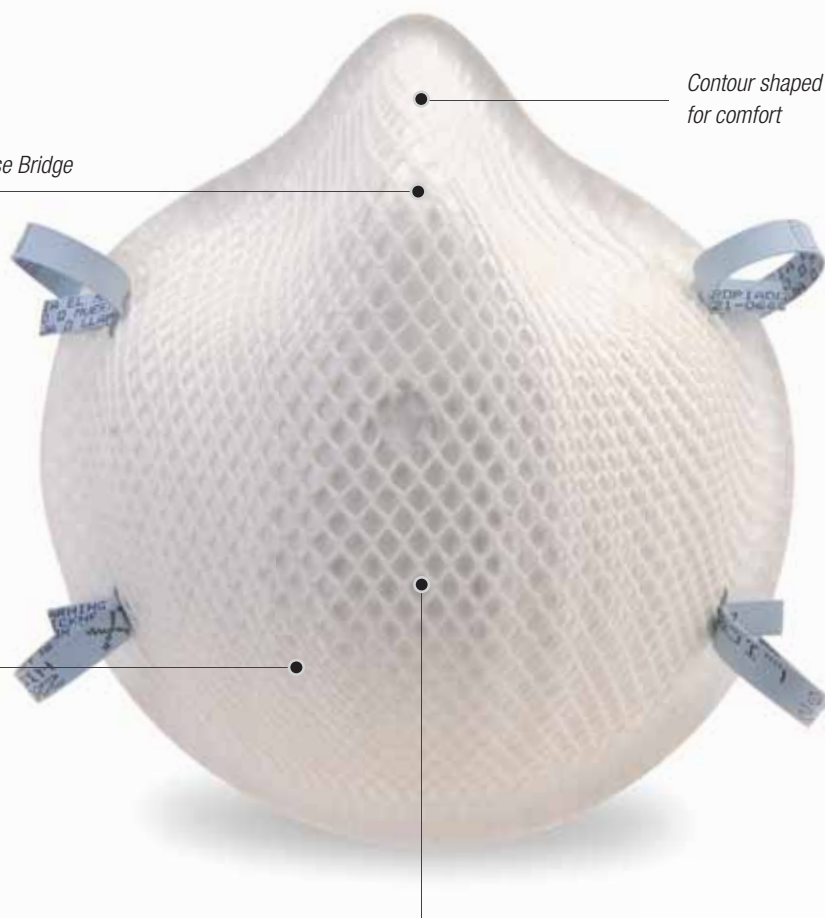

Soft Foam Nose Cushion

Pinch Free Nose Bridge

Dura-Mesh® shells provide bi-directional protection from dirt on the outside and moisture on the inside.

These, and many other proprietary advantages create a family of Moldex respirators that can be worn comfortably for longer periods, increasing compliance while decreasing cost.

Moldex industrial respirators are available in up to 3 color coded, distinct sizes to fit a diverse workforce comfortably.

LOWER YOUR TOTAL COST WITH MOLDEX

Our customers are documenting the savings. The following example shows you how to calculate and document your own cost savings.

Don't take our word for it, do your own trial. Compare your current respirator against the Moldex® Dura-Mesh® respirators by completing the Cost Saving Summary found on the next page and on our website.

Some respirators get dirty easily and collapse from moisture and humidity... and get tossed.

Outer Dura-Mesh® keeps respirator clean looking.

Inner Dura-Mesh® prevents collapsing from heat and humidity.

Filter is protected on both sides by Dura-Mesh®

Softspun® lining is comfortable against the face.

Uncrushable Savings

Our patented Dura-Mesh® shells make our disposable respirators dirt and crush resistant so they can be worn longer. Which is way past the time other respirators get dirty, collapse, and get tossed. So you use fewer respirators and save big dollars.

Break the “take off and toss” habit.

Every break, workers toss their respirators. Every lunch. And every time they leave their work area. They don't know what to do with them when they aren't using them so they toss them. As many as five or six a day.

Plus, some respirators crush and collapse from the heat and humidity. Others just look dirty, so they get tossed. Throwing away respirators before they are used up is a needless cost to your company.

More comfort too.

Our contoured nose bridge seals easily and consistently without a metal noseband that has to be pinched closed. So our respirator is more comfortable too.

DOCUMENTING YOUR SAVINGS

easy as 1-2-3

- 1** Determine a group of employees who will evaluate the Moldex Dura-Mesh® respirators.
- 2** Your local Moldex representative will train these employees on the Moldex® respirators.
- 3** After the trial period, collect the completed evaluation forms and calculate your reduced usage. Then, bottom line savings is calculated and documented on the cost savings summary.

Dura-Mesh® Employee Respirator Evaluation Form

We appreciate you evaluating our Dura-Mesh® respirator.
Please keep track of how many you use per day. Thank you for trying Moldex.

7000/9000 SERIES REUSABLE RESPIRATORS

Comfortable, compact and easy to wear

Compliance just got a whole lot easier.

Moldex designed the 7000 half mask and 9000 full face series to be the most user friendly respirators on the market. The streamlined 7000/9000 feature fewer parts, minimal maintenance, and a wider field of vision. They are both ultra-lightweight, durable, and economical, so maximum comfort with extended use is built-in.

The 7000/9000 series add up to simple, comfortable, and economical respiratory protection that's just plain EASY TO WEAR.

7000 RESPIRATORS

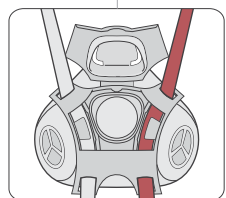

7000 in Drop Down Mode

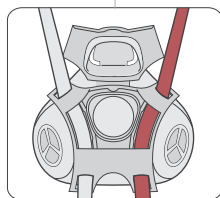

Contoured neck buckles for comfort and quick attachment

Low profile, angled cartridge placement for wider field of vision

The versatile 7000 has optional drop down/lock down strap modes

Lock down mode

Drop down mode

Wide flange fits more facial shapes comfortably

Adjustable head harness for a custom fit

Compact, fits under welding helmets

Attached exhale cover for easy inspection

Easy mount bayonet cartridge/filter attachment

9000 RESPIRATORS

Easy to wear

Lightest weight facepiece of any popular model. Weighs less than 12.7 oz.

Over-molded buckles for secure strap attachment. One finger strap release

Stand away head harness for easy donning

Lens with scratch resistant coating meets ANSI Z87+ for impact protection. Tear away lens protector included

Completely metal-free

Over-molded flange to lens. Eliminates heavy metal clamping frame for less weight and fewer parts

Panoramic lens with peripheral vision side panels

Integrated exhale area with attached cover. Fewer parts, simple maintenance and inspection

Easy mount bayonet cartridge/filter attachment

DISPOSABLE FOAM EARPLUGS

Highest independently tested NRRs

Moldex® hearing protection is designed for all-day comfort and compliance. All of our earplugs are PVC-Free and have been tested as hypoallergenic.

All Moldex® hearing protection is independently tested and our NRR 33 earplugs have the highest independently tested NRRs, tested to ANSI S3.19-1974 by Michael & Assoc., Inc., State College, PA., a truly independent NRR testing laboratory.

Undercut design keeps the earplug secured in the ear canal.

Narrower diameter for the smaller part of the ear canal provides all day comfort.

Large base seals the ear canal for proper fit and maximum NRR 33 or NRR 28 (small) protection.

Mellows™ Foam Earplugs

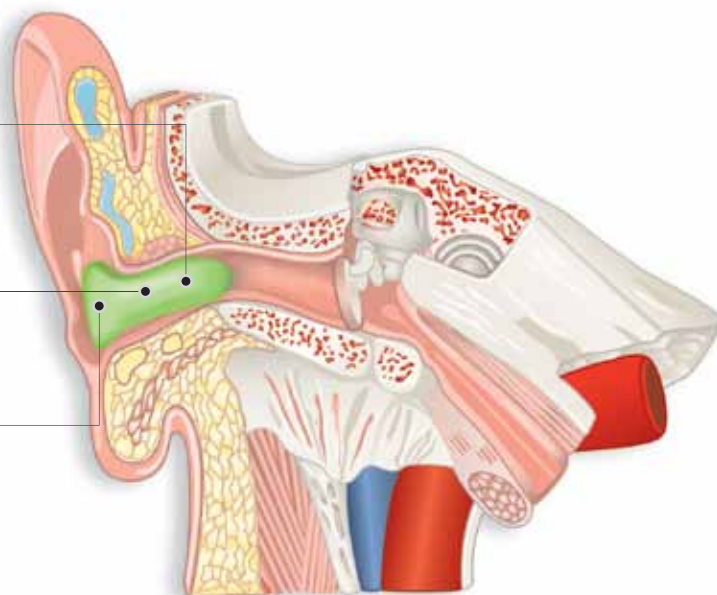

NRR 30dB

- Made of extra-soft, lightweight PVC-Free foam for all-day comfort.
- Tapered for a snug fit while gently conforming to the ear canal.
- Radiant orange color for easy compliance checks.

6820 Mellows, Uncorded

6840 Mellows, Corded

Meteors® Foam Earplugs

NRR 33dB

- The contours follow the shape of the ear canal which means less pressure at the smallest diameter of the ear canal.
- Innovative undercut design affords a secure fit, all day long.
- Bright Moldex Green.†

6870 Meteors, Uncorded

6970 Meteors, Corded

Meteors®, Small Foam Earplugs

NRR 28dB

- Designed for women and other workers with smaller ear canals.
- The contours follow the shape of the ear canal which means less pressure at the smallest diameter of the ear canal.
- Exclusive swirled pattern for compliance.†

6630 Meteors, Small Uncorded

6632 Meteors, Small Corded

SparkPlugs® Foam Earplugs

NRR 33dB

- Distinctive swirled patterns and fun colors in each package spark up hearing protection programs and increase compliance.
- Soft PVC-Free foam and tapered design fit snugly in the ear canal.
- Bright colors provide easy compliance checks.†

6604 SparkPlugs, Uncorded 6654 SparkPlugs, Corded

Pura-Fit® Foam Earplugs

NRR 33dB

- Soft PVC-Free foam for all day comfort.
- Tapered shape for easy insertion.
- Longer length for easy fitting and removal.
- Exclusive bright green color for easy compliance checks.†
- An industry favorite.

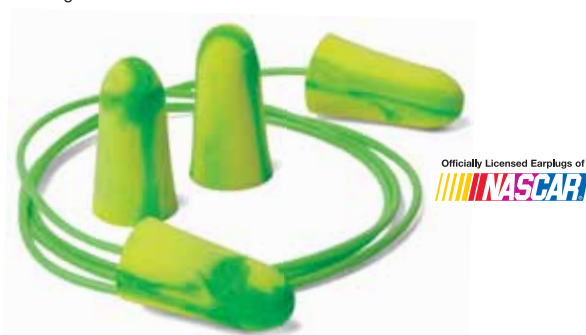

6800 Pura-Fit, Uncorded 6900 Pura-Fit, Corded

Goin' Green® Foam Earplugs

NRR 33dB

- Hi-Vis exclusive green swirled colors for winning compliance.†
- Extra-soft, low-pressure PVC-Free foam for comfort and fit.
- Tapered shape for easy insertion and removal.
- Shaped to fit even very small ear canals.
- Non-irritating smooth surface.
- The perfect earplug for the NASCAR® racing fan and for industrial environments.

6620 Goin' Green, Uncorded 6622 Goin' Green, Corded

Softies® Foam Earplugs

NRR 33dB

- Made of extra-soft, lightweight PVC-Free foam for all-day comfort.
- Tapered for a snug fit while gently conforming to the ear canal.
- Radiant orange color for easy compliance checks.

6600 Softies, Uncorded 6650 Softies, Corded

Metal Detectable Foam Earplugs

NRR 33dB

- Exclusive blue and white swirled colors.†
- Metal detectable earplugs and new metal detectable cord for food processing application.
- SparkPlugs have an enclosed ball bearing that eliminates any exposed metal.
- The ball bearing and cord are in separate holes so that the earplugs remain detectable even if the cord is removed.

6615 Metal Detectable SparkPlugs, Corded

Camo Plugs® Foam Earplugs

NRR 33dB

- Serious protection for serious users.
- A favorite of outdoor enthusiasts.
- Extra-soft, low-pressure PVC-Free foam for comfort and fit.
- Tapered shape for easy insertion and removal.
- Non-irritating, smooth surface.

6608 Camo Plugs, Uncorded 6609 Camo Plugs, Corded

Moldex NRR 33 earplugs have the highest independently tested NRRs, tested to ANSI S3.19-1974 by Michael & Assoc., Inc.

Turn knob counterclockwise to dispense earplugs.

Workers use earplugs when and where they are needed. Eliminates messy packaging waste and pocketful fill ups.

ONE-STOP PLUGSHOP®

0604 One-Stop PlugShop Starter Kit

- One-Stop PlugShop helps employers comply with OSHA 1910.95, which requires that employees be given the opportunity to select their hearing protection from a variety of suitable hearing protectors provided by the employer.
- Increase compliance by placing the One-Stop PlugShop and its high visibility poster in easily accessible areas.
- The One-Stop PlugShop can be customized to fit all Moldex earplugs; foam, reusable, corded, uncorded, high, moderate and low NRRs – choose the Moldex products that best fit your needs.
- The Starter Kit (#0604) contains everything you need to get started in one easy package. Three PlugStations, brackets, hardware, poster and hanging template.

Mounts to wall

REUSABLE EARPLUGS / BANDS / EARMUFFS

A perfect blend of comfort and convenience

Rockets® Metal Detectable Earplugs

NRR 27dB

- Bright blue color.
- Metal detectable earplugs and new metal detectable cord for food processing application.
- Rockets® have an enclosed metal spring that eliminates any exposed metal.
- The spring and cord are in separate holes so that the earplugs remain detectable even if the cord is removed.

6415 Metal Detectable
Rockets Reusable Plugs

Rockets® Earplugs

NRR 27dB

- Easy grip handle for insertion and removal.
- Air bubble tip provides cushioned comfort.
- Soft, flexible flanges provide a superior seal.
- Earplugs can be washed and reused.
- Pocket-Pak® carrying case provides hygienic storage between uses.
- Bright green handle for easy compliance checks.†

6400 Rockets, Uncorded 6404 Rockets, Corded (bagged)
6405 Rockets, Corded 6420 Rockets, with optional cloth cord

Camo Rockets® Earplugs

NRR 27dB

- Camouflage colors are a natural for outdoor enthusiasts.
- Soft, flexible flanges provide a superior seal.
- Easy grip handle lets earplugs slip into the ear.
- Air bubble in the tip provides cushioned comfort.
- Pocket-Pak carrying case keeps plugs ready for action.

6480 Camo Rockets, Uncorded
6485 Camo Rockets, Corded

Comets® Earplugs

NRR 25dB

- Easy insertion and removal with unique finger pocket.
- Air bubble in tip provides all-day comfort.
- Soft flanges adjust to the ear canal to hold the plug in place.
- Bright green color for easy compliance checks.†
- Can be washed and reused.
- Economically priced.

6490 Comets, Uncorded
6495 Comets, Corded

Jetz™ Earplugs

NRR 27dB

- Extra-soft material and triple flange design seal gently and snugly without pressure
- High visibility green swirls plus bright green cord make compliance checks quick and easy†
- Optional cloth cord attaches easily for a variety of working conditions and locks securely to plug
- Plugs can be washed and reused

6450 Jetz, Uncorded
6455 Jetz, Corded

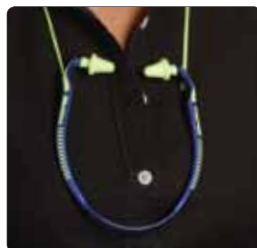

Jazz Band® Canal Cap Hearing Protector

NRR 25dB

- New, band pressure is reduced by 50%.
- Extra-soft tapered foam pods gently conform to the ear canal.
- Hangs easily down around the user's neck with optional breakaway neck cord.
- Jazz Band doesn't interfere with eyewear.

6506 Jazz Band®
6504 Replacement
Pods/Neck Cord

Hangs around neck

Rock Band® Canal Cap Hearing Protector

NRR 22dB

- Soft reusable pods.
- Each box comes with two of each color.
- Bright, fun colors appeal to the new generation of workers.
- Worn under the chin.

6500 Rock Band

Wave Band™ Canal Cap Hearing Protector

NRR 22dB

- Comfortably worn under the chin, the sleek wave design allows the band to float, keeping it away from the wearer's body and clothing creating freedom of movement and reducing the problem of noise transmission.
- Soft foam pods provide exceptional comfort and are angled to the ideal position for the ear canal.
- Innovative design and ultra light weight increase worker acceptance.

6520 Wave Band
6505 Replacement Pods

Unique Floating Design

REUSABLE EARMUFFS

A perfect blend of comfort and convenience

M1 Premium Earmuff

NRR 29dB

- M1 has a black-chrome, spring-steel headband that resists fatigue and won't twist out of shape.
- Folds into a super compact size for easy storage.
- Six adjustment points provide a custom and comfortable fit.
- SoftCoat® covering helps muffle transmitted noise.
- Exclusive iridescent color and sculpted shape for great looks.

6100 M1 Premium Earmuff
6105 Hygiene Kit*

Folds into a super compact size for easy storage.

M2 Multi-Position Earmuff

NRR 26dB (Over-the-Head)

- M2 has special grips on the cups and a durable three position band to make fitting and alignment quick and easy.
- Headband is made of durable, lightweight PVC-Free plastic.
- The cup adjustment is infinitely variable, distributing pressure evenly for a comfortable fit.
- SoftCoat® covering helps muffle transmitted noise.
- Exclusive iridescent color and sculpted shape for great looks.
- Can be worn Over-the-Head, Under-the-Chin or Behind-the-Neck.
- Stabilizing strap included.

6200 M2 Multi-Position Earmuff
6105 Hygiene Kit*

*6105 Hygiene Kit includes cushions and foam inserts.

M3 Cap-Mounted Earmuff

NRR 24dB

- M3 slots easily into hard hat and can be locked into a standby position for storage.
- Fits virtually all models of hard hats.
- SoftCoat® covering helps muffle transmitted noise.
- Exclusive iridescent color and sculpted shape for great looks.

6300 M3 Cap-Mounted Earmuff
6105 Hygiene Kit*

Camo M1 Premium Earmuff

NRR 29dB

- Sleek shape and camouflage colored cups provide protection without attracting attention.
- Black-chrome, spring-steel headband on the Camo M1 is extremely durable and resists fatigue.
- Six different adjustment points provide a custom and comfortable fit for most head sizes.

6109 Camo M1 Premium Earmuff
6105 Hygiene Kit*

Folds into a super compact size for easy storage.

Camo M2 Multi-Position Earmuff NRR 26dB (Over-the-Head)

- M2 has a durable three-position plastic headband to make alignment quick and easy.

6209 Camo M2 Multi-Position Earmuff
6105 Hygiene Kit*

Z2 Multi-Position Economy Earmuff NRR 25dB (Over-the-Head)

- Cost effective Earmuff features a three position headband so that it can be worn Over-the-Head, Under-the-Chin or Behind-the-Neck.
- Special molded grips make fitting and alignment quick and easy.
- Solid black color keeps the Z2 cleaner looking.
- Headband is made of durable, lightweight plastic.

6201 Z2 Earmuff
6105 Hygiene Kit*

TRAIN-THE-TRAINER PROGRAM

- Train and certify a designated employee at your company to perform onsite fit testing for your workers.
- Qualitative & Quantitative Programs.
- Our training program includes a syllabus, Respirator Selection Guide, training certificates and wallet cards.

PORTACOUNT® LOAN PROGRAM

- Quantitatively test a variety of respirator types eliminating the guesswork found with other testing methods.
- For details on our loan program, contact our Technical Service Department at 800-421-0668 ext. 512/550.

EZ TOUCH® POWERED NEBULIZER LOAN PROGRAM

- OSHA accepted automated nebulizer for BITREX.®
- Reduced repetitive motion complaints and injuries. 100 employees will typically require 8500+ manual nebulizer squeezes. EZ Touch® cuts the work by 80% and only requires a touch of the trigger.
