Wiper Blade Replacement

Throughout the year there are common signs that indicate windshield wiper blades need replacing:

- **Streaking** - a condition caused by dry rubber that has hardened and cracked.
- **Chattering** - caused by the permanent set or curve in the rubber that some wiper blades develop.
- **Worn Rubber** - caused by long service, usually signified by a general rounding of the wiping edge.
- **Split Rubber** - a condition often found on older wiper blades.
- **Bent Refill Vertebrae/Bent Wiper Frame** - sometimes caused by ice scrapers, automatic car washes or vandalism.

When any one of these conditions occur, it is time to change the wiper blades.

And when customers do, they should choose Motorcraft®.

Motorcraft® offers a full line of quality wiper blades including All-Season Blades, Winter Blades and the new Premium Wiper Blades with Wear Indicator.

All-Season Wiper Blades

Easy Installation!

Motorcraft® blades are carefully engineered and manufactured to fit specific wiper arm types. The wiper blade's receptor matches the arm style of the vehicle, eliminating the need for adapters. Complete installation in 10 seconds or less. No need for complicated instructions! Just slide in the wiper blade, click it in place, and you're ready to go.

Superior Packaging

Motorcraft's clear clamshell package provides easy identification and inspection. The rigid clamshell protects the blade during shipment and storage and is resealable.

Original Equipment Quality

All-Season Wiper Blades are identical to original equipment on most Ford-built cars and trucks.

Winter Wiper Blades

The superior features of Motorcraft's Winter Wiper Blades mean added performance in rough weather:

- Neoprene anti-icing boot helps prevent icy build up
- 4, 6 or 8 pressure points (depending on the blade length) provide even pressure on the windshield
- Polymer superstructure helps prevent corrosion and rusting
- Extruded squeegee is designed to provide superior performance
- Available in seven popular sizes: 15", 16", 18", 19", 20", 22", 24"

Premium Wiper Blades with Wear Indicator

- Innovative Wear Indicator turns from black to yellow indicating diminished blade performance
- Synthetic rubber body and natural wiping edge provides superior wiping performance
- All-metal frame performs in all weather conditions
- 14 part numbers provides full line vehicle coverage

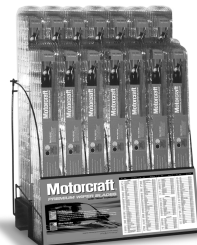

Call 1-800-525-2887 to place your order for the Motorcraft® Display Rack or Display Tub.

Displaying Motorcraft® Wiper Blades

Currently Motorcraft® offers three displays for wiper blades.

Our eye-catching **Display Rack** with its easy-to-use application chart will assist your customers in making the right choice . . . **Motorcraft® Wiper Blades.**

Unique **Countertop Rack** specifically designed to hold 70 Premium Wiper Blades with Wear Indicator in the write up area or customer lounge. Handy application chart mounts on the front of the rack making it easy to find just the right size blade! The countertop rack is available through the dealer "e-store" on FMCdealer.com.

The Wiper Blade **Display Tub**, will capture your customer's attention and remind them to have their wiper blades serviced. This uniquely designed tub is mobile and can fit almost anywhere in your service drive.

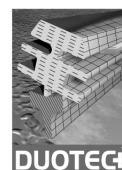

PREMIUM WIPER BLADES

with Wear Indicator

- Designed, engineered and recommended by Ford Motor Company
- Feature an innovative wear indicator that changes from black to yellow, indicating diminished performance and time for blade replacement
- 100% Ford, Lincoln and Mercury vehicle coverage

DuoTec+™ Design

- A synthetic rubber body and a natural wiping edge provides a quiet wipe and reduces chatter
- Synthetic Rubber Body...The most flexible component in the upper part of blade enables sharp reduction of noise and provides good elasticity, even at extreme temperatures.
- Natural Rubber Wiping Edge...enables better wiping quality and improved durability
- Optimized rubber profile provides superior wiping performance in all weather conditions
- Co-extruded natural and synthetic rubber helps ensure consistent performance in extreme temperatures
- Combination of an all-metal frame with an advanced rubber formulation provides superior durability
- All-metal frame with corrosion protection from the elements

Point-Of-Sale Materials

- Poster (featuring Lenticular Motion Technology)
 - Distinctive printing process means poster “switches” between two images – the “bad” windshield and the “good” windshield. A real attention getter!
- Wiper Blade Display Rack
 - Merchandises wiper blade products and features application chart on display rack front

Here's where to go

- All POS elements featured are available through “E-store”
- Supplies are limited...order today!

Take advantage of this great sales opportunity!

Get your POS materials and more information at FMCdealer.com

Lenticular Poster featuring “changing” image shows the difference between the performance of ordinary blades and Motorcraft Premium wiper blades.

Countertop Rack has comprehensive application chart and eye-catching focus on Wear Indicator feature.

Designed, engineered and recommended by Ford Motor Company.

Wire Splice Tool Kit

Part Number 164-R5903

**Integrated Wire Splice Tool Kit for
the maintenance and repair of
electrical wiring harnesses.**

Designed, engineered and recommended by Ford Motor Company

Wire Splice Tool Kit

Rotunda Part #: 164-R5903

Ford has identified through testing and engineering analysis the optimal repair procedure for solderless wire splicing.

In support of this new wire repair procedure, Ford is pleased to release to the field the new integrated Wire Splice Tool Kit. This unique kit was designed by Ford Engineering to provide all dealers access to all the approved application tools and components required to complete a repair that meets Ford Motor Company engineering specifications.

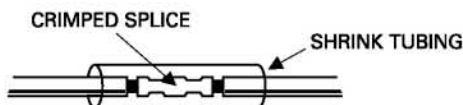

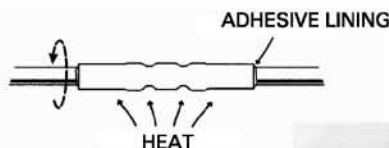

- 164-R5901 Ratchet Action Crimp Tool (3 crimp cavities)
- 164-R5902 Shielded Flameless Heat Gun with deflector, stand and spare orifice
- Assortment of 20 pcs. of 22-18, 20 pcs. of 16-14 and 15 pcs. of 12-10 AWG butt splices (55 pcs. in total)
- Adhesive-lined Heat Shrinkable Tubing - 2" cut pieces (55 pcs.)
- 1 each of WT-56814, WT-56815 and WT-56816 Motorcraft® Wire Splice/Shrink Tubing Package
- Metal carrying box with metal latch and a foam insert to protect and secure application tools
- Rotunda / Motorcraft® graphic labels
- Inside matrix label with illustration and replenishment part numbers
- Crimp/Heat Shrink Wire Splice Procedure Instruction Sheet
- Crimp Tool and Heat Gun Instruction Sheets
- Plastic storage containers for butt splices (3) and heat shrink tubing

To order call 1-800-ROTUNDA, Select Option # 2

**Motorcraft®**

22-18 AWG-Order WT-56814

16-14 AWG-Order WT-56815

12-10 AWG-Order WT-56816

**Motorcraft® Wire Splice/Shrink Tubing Packages**

■ The new Motorcraft® wire splice/heat shrink packages are to be purchased as replenishment parts for the new ROTUNDA Wire Splice Tool Kit. They contain 5 uninsulated butt splices, 5 pieces of dual wall adhesived-lined heat shrink tubing and the new instruction sheet detailing the approved wire splice procedure as defined by Ford Motor Company.

■ The package will construct five complete splice repairs and are available in three wire ranges:

Motorcraft® Part #: Wire Range

WT-56814 22-18 AWG

WT-56815 16-14 AWG

WT-56816 12-10 AWG

Expanded wire gauge applications for these splices can be found in TSB 03-11-6

■ Ford Engineering has determined that the combination of the crimped uninsulated butt splice insulated with a 2" piece of adhesive-lined heat shrink tubing has proven superior in terms of strength, durability, and corrosion resistance. When heated, the tubing shrinks and the adhesive lining melts and flows to form a rugged, environmentally sealed barrier against corrosion, and eliminating the potential deterioration and integrity of the vehicles electrical wiring harness.

■ As separate components, these butt connectors and heat shrinkable tubings are known for their superior quality and performance. Combined, you can not achieve better results, and this is precisely why Ford Motor Company has chosen this combination for repairing wiring harnesses.

Recommended Application Tools:

164-R5901 Ford Approved Crimp Tool

164-R5902 Shielded Flameless Heat Gun

Refer to Technical Service Bulletin Number 03-11-6

Chemicals and Lubricants

Recommended Chemicals and Lubricants

The following pages contain Motorcraft® Chemicals and Lubricants that are related to servicing the vehicle systems within this Catalog for the user's convenience.

Motorcraft® Chemicals & Lubricants have been specifically engineered to fulfill your automotive needs; they are custom designed to complement the style, function, and appearance of your vehicle. Each product is made from high quality materials that meet or exceed Ford Motor Company's rigid specifications. For best results, only use Ford Motor Company approved products.

Dealers and Ford Authorized Distributors Please Note:

The use of Ford or Motorcraft® brand parts or products is mandatory on all repair claims paid by Ford Motor Company unless otherwise specified in Emissions, Safety Recalls, Owner Notification Programs, TSB's or other Ford Motor Company publications. The cost of non-Ford/Motorcraft® products used for a warranty or ESP/ESC, or AWA repair without justifying their use, (i.e., emergency repair or National Out-of-Stock) is not reimbursable and is subject to chargeback.

Further information on these Chemicals & Lubricants, including the related Material Safety Data Sheets, can be found on the <http://www.qcdealer.com> website by clicking on "Parts" section and then "Chemicals and Lubricants". The website is searchable by part number, MSDS number, or a direct on-line link to products organized by class. The site also contains regulatory information pertaining to health, safety, and the environment.

For Ford Authorized Distributors, the <http://web.mcdistributor.ford.com/> website is another resource for Chemical & Lubricant product info as well as unique distributor benefits such as the Truckload Ordering Program.

Chemicals and Lubricants

Premium Windshield Washer Concentrate

Features

- **Concentrated formula you mix with water as needed**
- Sub-zero protection in the windshield washer system
- Cleans off bugs, dirt and road film fast
- Use full strength to remove wax buildup on windshield wipers
- Label displays handy application chart showing water mixing volumes to obtain appropriate freeze protection and volatile organic compound (VOC) concentration
- Contains a bittering (taste adversant) agent

NOTE: State and/or local regulations may limit the concentration of volatile organic compounds (VOC's) in windshield washer fluid mixtures; check before mixing

Specifications

Part Number	ZC-32-A	ZC-32-B	ZC-32-C
Specifications Number	WSB-M816-A2	WSB-M816-A2	WSB-M816-A2
Size	16 fl. oz.	32 fl. oz.	55 gal.
Internal Reference Number	163339	163339	163339
Unit Pack	12 (case qty.)	12 (case qty.)	1

Glass Cleaners

Features

- Non-streaking, foaming aerosol and liquid cleaners
- Removes smudges, film and smears
- Not harmful to painted surfaces or dash and door panels
- Formulated for automotive and household use
- Great for new car/truck preparation – excellent for removing transit coating from all glass surfaces
