APPLICATION & FINISHES INDEX

Collection	Page #s	Lavatory	Roman Tub	Tub & Shower	Kitchen	Bar	Laundry	Utility
Vilea	5	N/A	N/A	N/A	  	N/A	N/A	N/A
Vincia	7	  	 	  	  	  	N/A	N/A
Shoreside	9	  	  	  	  	  	N/A	N/A
Avia	11	 	N/A	N/A	 	 	 	N/A
Heritage	12-13	 	N/A	 			N/A	N/A
Traditions	14-20		N/A					

 = Chrome  = Brushed Nickel  = Oil Rubbed Bronze

- Some finishes may only apply to select faucet models and may not apply to the entire series. See catalog for details.
- Brushed Nickel and Oil Rubbed Bronze trim kits include color matching sleeve for interchangeability with Heritage shower valves.
- For Avia tub/shower needs, Shoreside offers similar style.
- Shoreside and Vincia series tub/shower complete trim/valve sets are pressure balancing design.
- Heritage shower valves available with or without stops.
- Use of abrasive or chemical cleaners may damage the finish of the faucet. Clean faucets with a soft cloth moistened with water.

WARRANTY

Vilea, Vincia, Shoreside and **Avia** faucets include a 5 year limited warranty on parts; 1 year limited warranty on finishes.

Heritage and **Traditions** faucets include a 1 year limited warranty on parts and finishes.

REPLACEMENT PARTS

Replacement parts for our collections can be obtained from your local B&K Faucets dealer or by calling the service center numbers listed below.

Vilea, Vincia, Shoreside, Avia and **Heritage Collections**: 1-866-584-5828. Hours: Monday – Friday, 8am – 8pm EST; Saturday, 9am – 6pm EST.

Traditions Collection: 1-800-782-2385. Hours: Monday – Friday, 8am – 6pm EST. Hours: Monday – Friday, 8am – 6pm EST.

The International Association of Plumbing and Mechanical Officials (IAPMO) Shield is applied to products that are certified by IAPMO as complying with both the product's performance standard and the Uniform Plumbing Code (UPC).

ADA (Americans with Disabilities Act) compliant faucets must be operable with one hand, without tight grasping or twisting, and should be activated using a maximum of five pounds of force. Hand-operated metering faucets must remain open for at least 10 seconds.

This symbol ensures that the conditions of California's AB 1953 and Vermont's S-152 have been met. These new legislature actions require that select plumbing products wetted surfaces contain less than .025% lead content.

The Canadian Standards Association (CSA) symbol is applied to products to inform consumers an authorized CSA testing laboratory has evaluated the product to determine that it meets applicable national standards. The CSA tests and certifies plumbing products for safety, performance, and health effects to ensure that they comply with applicable standards.

This symbol identifies those B&K Faucets that feature the highest levels of water conservation and efficiency. Faucets noted with this symbol provide the reliable performance you expect but with the added benefit of reducing water consumption by approximately 30% over traditional faucets.

6 COLLECTIONS TO FIT YOUR STYLE & BUDGET

PEACE OF MIND

B&K Faucets offer you environmentally conscious, safe and reliable products. Faucets are quality tested at the factory, backed by recognized industry approvals, and conform to current federal specifications for water conservation and low lead, with many compliant to the new California and Vermont “lead-free” requirements. Select styles are also designed to meet the requirements of the physically challenged.
