## COMPANY PROFILE

mil Lawrence Mustee would be proud. The company he founded in 1932 to produce "side arm" water heaters, hot plates and incinerators, has grown to become a category leader in many of the product lines it produces.

When it came to his business, E. L. Mustee insisted that any product bearing his name must deliver the highest quality and service life. We are proud to state that our founder's passion for quality, functionality and dependability is a part of every product that leaves our plants and warehouses.

Much has changed in the E. L. Mustee & Sons, Inc. product line which testifies to the company's ability to envision new product designs or enhancements to existing products. The company's expertise for molding fiberglass, thermoplastics and other materials has driven Mustee's product line growth and diversification.

E. L. Mustee & Sons' quality, innovation, durability and performance serves countless loyal customers in the residential, commercial, healthcare, institutional and industrial markets.

## A New Standard of Measure in Bathtub Design Excellence... Exclusively from E. L. Mustee & Sons
