CHOOSING THE RIGHT MAT

YOUR MAT SELECTION SHOULD BE BASED ON FUNCTION-ALITY (SCRAPE-N-CLEAN, ANTI-FATIGUE, SAFETY), ENVIRONMENT (WET, DRY), QUALITY, AND VALUE.

Products featuring the MicroStop™ logo are made with a unique anti-microbial rubber compound that inhibits the growth of microorganisms such as bacteria, and fungi that can cause odor, stains, and product deterioration. Unlike anti-microbial treatments, MicroStop™ is incorporated directly into the mat during the manufacturing process so it cannot be washed off or wear away over time Floor matting products with MicroStop™ should be used in conjunction with standard cleaning and disinfecting practices in order to provide a cleaner and healthier work environment.

Products featuring the GreenTRAX™ logo are top-rated for use in “Green Cleaning” applications

A uniquely engineered anti-slip backing that virtually eliminates the slipping and sliding of NOTRAX® floor mats on all types of smooth floor surfaces such as vinyl composite tile, painted or epoxy coated concrete, vinyl sheet flooring, carpet, and ceramic tile.

LOCATION AND MAT RECOMMENDATION

LOCATION	GOOD BETTER BEST SUPERIOR SPECIALTY	DESCRIPTION
1 Main Entrance (Outside)	#231, 266**, 340**	**All weather mats to withstand the elements
2 Main Entrance (Inside)	#117, 118, 132, 136, 138, 139, 141, 146, 150, 161, 166, 370, Logo Mats	For functionality & Aesthetics in high traffic areas
