Integrated Solutions

NOVA's Commitment

NOVA Solutions is committed to providing "The Right Solutions™" for working or learning environments in multiple market segments. We're focused on using innovation, creativity, and extensive capabilities to produce quality furniture to fit almost any end-user's needs. Integrating the latest Visual Display Options into our product lines gives NOVA the exceptional value of providing unique technology solutions.

Audio/Visual Lecterns

Providing a complete solution for instructors, presenters, facilitators, and trainers is the goal of the Audio/Visual Lecterns series. NOVA has designed a unique set of multi-functional lectern products (standing and seated height) that accept today's latest technology products. Incorporating document cameras, visual presenters and digital projectors is now easier than ever. Add one of NOVA's patented Visual Display Options to create the most comprehensive A/V lectern solution available.

Computer-based Training

Computer-based Training products were designed with both the user and the network administrator in mind. With three distinct styles (workstations with Total Access™ modesties; workstations with iMod™ modesties; and tables with iMod™ modesties), these products are ideal for the classroom and training facility environments. The Total Access™ removable modesty, provides network professionals complete access to computer cables and wiring. The iMod™ is a unique built-in wire management compartment. With a removable modesty cover in laminate or metal, the iMod™ provides full access to the back of your computer hardware. Cables and wires for your computer's electrical and data requirements are neatly tucked inside the compartment. Both modesty options provide easy access, making networking a breeze. With every square foot of space so valuable, adding a Visual Display Option allows you to create flexible, multi-tasking learning centers. The Downview Technology or The Trolley™ Personal Monitor Arm System with Intelligent Motion Technology™ secures your flat panel monitor below your work surface, which is the ideal solution for any reconfigurable, space-constrained workspace.

Tables

Do you need flexible, lightweight solutions for your learning, training, or conference room environments? NOVA's Table solutions, ranging from nesting to conference tables, give you the tools and flexibility to create ideal configurations for any need. You'll discover an extensive list of diverse products that include a mix of laminate and metals to create the perfect design for all types of environments, from traditional to trendy.

Library

From study carrels to bookshelves, the Library series offers an extensive array of products specifically selected for learning resources facilities. Add one of NOVA's patented Visual Display Options to study carrels or a circulation desk, and you've created a comprehensive, clutter-free work center. Choose from a number of options and styles to meet the specific needs of students, staff, faculty, and other library patrons.

Office

Our Office series demonstrate our commitment to offer quality laminate furniture layouts, with or without Visual Display Options. From entry level to the executive office, you can tailor your work space to fit your specific needs and budget. Select from a variety of suggested layouts and upgrades or create your own unique office environment.

Environmental Accountability

NOVA Solutions takes our environmental accountability seriously with regards to our daily processes and products we produce. It is our corporate responsibility to our employees, customers, and community. We maintain the highest sensitivity and follow-through in preserving our natural resources today, and more importantly, for our future generations.

We have chosen suppliers that share this same commitment. Particleboard, the foundation of our furniture design, is manufactured from 100% recycled post-industrial materials. We ensure it is low formaldehyde emission particleboard, use water-based adhesives that are non-toxic in lamination, and band any exposed edges to seal the substrate.

To reduce materials in landfill sites, we integrate remaining cuttings into smaller products or packaging material. Our sawdust is recycled for use on local farms. We use recycled cardboard in all our packaging. NOVA also recycles cardboard, paper, plastics, steel, and aluminum. Even our Visual Display Options (Downview technology and The Trolley™) are completely recyclable.

NOVA continually evaluates all initiatives for improving our environmental accountability while providing the highest quality products to our customers.

GENERAL SERVICES ADMINISTRATION

ORDER PLACEMENT

Nova requires that all orders be in writing and accompanied by a layout/drawing. This is to insure that orders are complete, avoid errors, and avoid duplication. Please order products by model numbers specified to avoid any possible error. Telephone orders will not be processed for production without proper written confirmation. Nova cannot be held responsible for errors, omissions, and order duplication due to non-compliance with this procedure.

WARRANTY PROVISION

Nova Solutions warrants that its products are free from defects in materials and workmanship given normal use and care for the lifetime of service; proof of delivery being the only official document accepted by Nova for any claim. In the event that a product is used more than normal use, the applicable warranty period may be reduced. This warranty is made by Nova Solutions to the original customer for as long as the original customer owns and uses the product. Nova Solutions' warranty is only valid if the products are given normal and proper use, and installed in accordance with Nova Solutions' installation and/or application guidelines, and installed by an authorized Nova Solutions' dealer or agent. Nova Solutions assumes no responsibility for repairs to products sustaining damages resulting from end-user modifications, attachments to a product, misuse, abuse, alteration, or negligence. This warranty is subject to the limitations, exclusions, and other provisions provided below:

- Twenty-five years: Thermofused laminate
- Twenty years: Drawer slides
- Ten years: Locks
- Five years: Downview technology with flat panel monitor, Flat Panel Display Security Arm, high pressure laminate, castors, fabrics, metal frame doors, electrical components, PVC extrusions, adjustable surface mechanisms, and accessories.
- Five years: The Trolley E-Class and H-Class with Intelligent Motion Technology: Two years for parts and repair labor; third, fourth and fifth year for parts only. Additional installation labor charges may not be covered by this warranty. Variation in finishes is characteristic, in terms of color & texture, and does not constitute a defect. As your manufacturer, we stand behind our quality products and will do everything possible to resolve any problems that might arise within the terms of this warranty. For more information, or to file a warranty claim, please contact Nova's Customer Support at 800-730-6682.

DIMENSIONS/SPECIFICATIONS/FINISHES

All dimensions are approximate and may vary due to technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult Nova's customer service department for these specification sheets. Nova reserves the right to make changes in dimensions, style, or specifications if Nova believes these changes will improve the goods' quality or appearance.

CANCELLATION POLICY

Prior to production, no charges to the customers. After this period, the Federal customer will be charged all actual costs incurred if items are not sold within a six month period.

RETURN POLICY

Nova Solutions, Inc. will not accept the return of any merchandise for any reason unless prior written approval, including a Returned Material Authorization number (RMA), is issued by Nova Solutions, Inc. Special order items may not be returned for credit. If merchandise is approved for return, the restocking fee of 25% will be applied. No returns will be allowed after sixty (60) days from the ship date. Upon receipt, all returned merchandise will be thoroughly inspected, and any discrepancies will result in an adjustment in the amount of credit issued.

RESULTS AND ALLOWANCES

Nova will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances may be authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Nova will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number.

ORDER ACKNOWLEDGEMENT

The acceptance of an order by Nova Solutions, Inc. is final and binding and not subject to change or cancellation without prior approval from Nova Solutions, Inc. The acknowledgement is the final agreement between the customer and Nova Solutions, Inc. and is the exclusive statement of the terms thereof. Please notify Nova immediately of any discrepancies in your order acknowledgement. The customer assumes all responsibility for order accuracy. Nova does not assume responsibility for errors caused by miscommunications from the customer.

Terms & Conditions

GENERAL SERVICES ADMINISTRATION

UNCARTONED OR BLANKET WRAPPED

Nova Solutions, Inc. uses the finest packing and cartoning. No blanket wrapped orders will be allowed.

NOVA'S PERFORMANCE OF ITS OBLIGATION

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of God, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of Nova shall excuse for the period of the delay Nova's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

DAMAGED MERCHANDISE

All merchandise is carefully packed and thoroughly inspected prior to shipment. Responsibility for its safe delivery is assumed by the carrier. Please inspect the merchandise immediately upon receipt. If shipment arrives short or obviously freight-damaged, notate immediately on freight bill so claim can be filed with the carrier. In the event of concealed damage, **notify the carrier within 7 days of receipt** and request immediate inspection. All cartons and packaging must be kept with the merchandise at the delivered location. Failure to comply will void any recourse to Nova Solutions or the carrier. Failure to report damage within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claim.

SPECIAL ORDERS

Any order which deviates from the specifications in the Nova catalog, including but not limited to non-stock optional color combinations, are special orders. Pricing will be in accordance with a quotation from Nova Solutions, Inc. Once the government has accepted the quotation and placed the order, the order may not be cancelled. Nova reserves the right to require partial or full payment prior to scheduling the order. Quotations are valid for a period of (90) ninety days.

CHANGES

Upon acknowledgement of an order, Nova Solutions, Inc. may not be able to accept a change order. Every attempt to make the requested change will be made and the following conditions apply:

- 1) Change orders must be submitted in writing.
- 2) Additional charges for materials, labor and administrative costs may be charged.
- 3) Completion dates will be rescheduled as required by delays that the change may cause.

SHIPPING INFORMATION

Nova Solutions products are shipped via contract carriers. Nova's product pricing is based on standard delivery between normal business hours Monday through Friday, excluding weekends and holidays. Any charges arising from failure to meet shipments, rerouting while in transit, or carrier shortage charges are the responsibility of the customer. Customer pick ups are handled on an appointment basis. Please contact Nova Customer Service to schedule appointment.

Loss, Damage or Delay: Nova shall not be liable for loss, damage or delay resulting from causes beyond its reasonable control, including but not limited to fire, strike, inclement weather, accidents, or delay in transportation. In the event of a delay, due to any such cause, the delivery date will be postponed.

Shortages: If the shipment is not delivered in accordance with the quantity of cartons and packages shown on the Bill of Lading and/or Freight Bill, do not accept it until such shortages are noted on both documents.

SHORTAGE FEES

Orders where shipment is delayed by the customer beyond 30 days after the original acknowledgement ship date are subject to a 3% weekly storage fee for storage beyond the initial 30 days. Such transfer to storage will be deemed delivery to purchaser for all purposes including invoicing and payment. Customer must provide notification of "shipment delay" at least two weeks prior to the originally scheduled ship date.

GOVERNING LAW

This contract shall be construed and governed in accordance with the laws and regulations of the state of Illinois. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Effingham County, Illinois or the United States District Court for Marion, Illinois. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counter-claim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

ATTORNEYS' FEES

Customer shall be responsible for all expenses and cost in connection with the enforcement by Nova of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

REMEDIES

The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

LIMITATION OF LIABILITY

Nova shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. Nova's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of Nova as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

MITIGATION

If Nova repossesses the goods prior to payment by the customer of all amounts due hereunder, Nova may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

INTEGRATION

These terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgement, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between Nova and the customer with respect to the purchase of the goods.

Product Benefits

Integrated Furniture Features

Extensive Product Portfolio

NOVA Solutions is proud to offer a diverse product portfolio in high-quality laminate, targeting markets that include office, education, training, hospitality, and health care. GSA and State Contracts allow government agencies to participate in NOVA's extensive offering. Architects and designers are critical contacts and liaisons for specifying "The Right Solutions™" from NOVA's unique product portfolio.

Exceptional Quality

Quality furniture shipped complete and on time is the standard of excellence required with customers to even be considered a viable offering. NOVA partners with quality suppliers that demand this same philosophy. NOVA's extensive investment in the latest state-of-the-art machining technology provides unlimited flexibility while insuring we exceed our promised fit and finish. Attention to detail at every level in the manufacturing process is a requirement. "Would I spend my money to buy that finished product?" is the final quality check.

Durable Construction

Durability and strength are necessities for utmost value in quality furniture. Our durable thermofused laminate components provide that strength, coupled with our metal-to-metal hardware assembly. Added rigidity is integrated through framed and recessed back panels. Our first-class engineering ensures every product's design includes maximum durability and strength.

Integrated Technology

Visual Display Options are now unique solutions that differentiate NOVA from every furniture manufacturer. The Trolley™ Personal Monitor Arm System with Intelligent Motion Technology™ is the latest addition to the family. The Trolley is a mainstream solution allowing you to view your flat panel display in its normal position. With the pull of the lever or push of a button, your monitor emerges from below the work surface. The Downview technology positions your flat panel display or CRT monitor below the work surface at the natural 34° reading angle. In our many of our series, we offer the Surface Mount Arm that allows you to secure your display in an upright position.

Quality Look

Attention to detail integrated throughout our product portfolio creates a quality look. Overlapped drawer and door designs in our office solutions products ensure the proper fit for every function. Matching edge banding on all surfaces allows a seamless view that accentuates the product's clean lines. Our Computer-based Training Series gets high marks for providing a clear, crisp design that allows our Visual Display Options to blend in perfectly.

Multiple Selections

NOVA Solutions' comprehensive product portfolio confirms your only limitation is your imagination. Impress others with a vast variety of components with multiple options that fit your every need — from the back room to the boardroom. Now you can maintain a consistent company image that matches your facility and its function. Make your furniture an essential element of your productive environment!

Unlimited Flexibility

Throughout each product offering, unlimited flexibility gives you colors and shapes that can be mixed or matched to fit your style in any working or learning environment. Enjoy the freedom to create your own environment!

Customer Friendly

The majority of NOVA Solutions' furniture is shipped assembled, ready-to-install in your working or learning environment. Those components that require some assembly are designed to fit together with simplicity and minimal effort.

Raise your expectations.

The Trolley™ E-Class

- ① Push the “up” button and ② the display emerges from its self-contained housing beneath the work surface with all cables and cords neatly hidden. ③ A retractable, automatic access door closes around the base, providing a clean, uncluttered work space.

The Trolley™ H-Class

- ① Pull the lever and ② the display emerges from its fully recessed compartment beneath the work surface with its cables neatly hidden. ③ Hinged, manually operated access doors can be closed around the base to provide a clean, uncluttered work space. ④ Unit can be locked to provide security when not in use.

The Trolley™ E-Class and H-Class

This unique “Personal Monitor Arm System” (featured in the photos above) provides innovative security, privacy, and flexibility in any working or learning environment.

Downview Solutions
