TERMS AND CONDITIONS

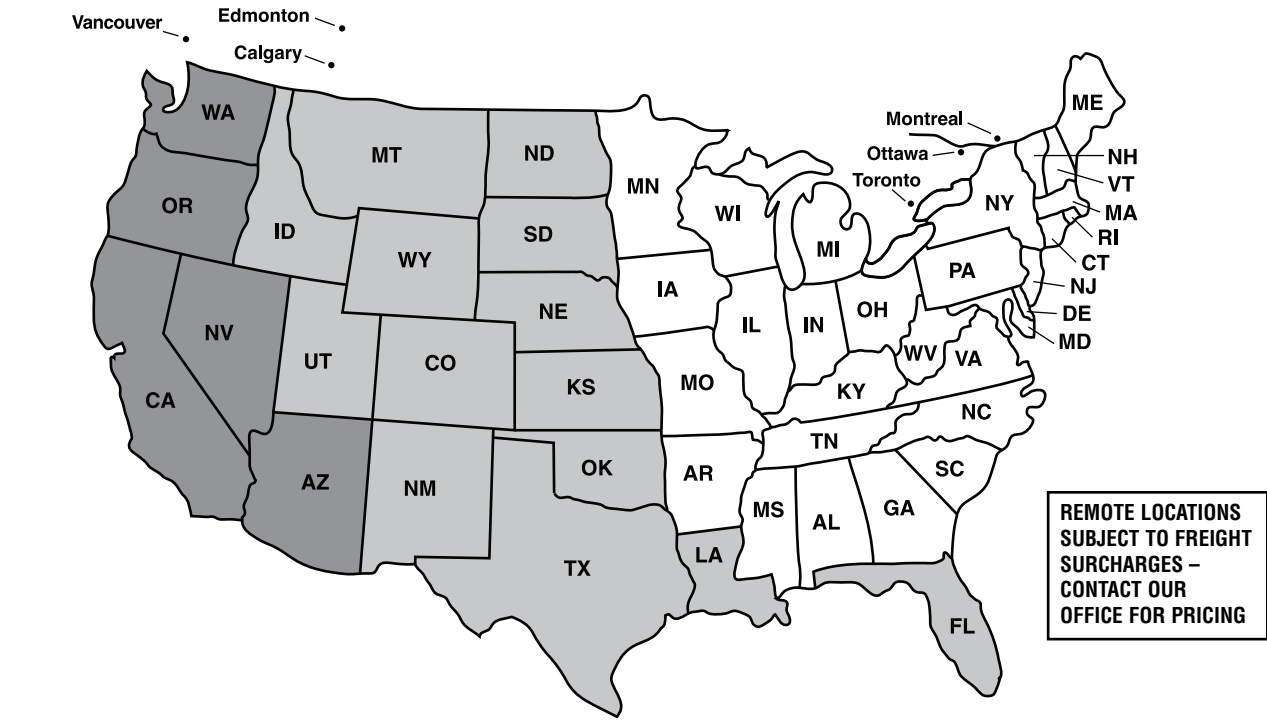

PRICES	- Prices are list, FOB our factory in Toronto, Canada. - Packaging (if required) is additional - contact our office for pricing. - Prices are subject to change without notice. - U.S. shipments are customs cleared and related fees paid by Prismatique.
TERMS	- New customers without established Prismatique payment history must 100% prepay prior to shipment on first three orders. 50% due at time of PO receipt. - Customers will be accorded terms subject to credit reference approval following first three orders. - Prismatique reserves the right to invoice an order at time of completion regardless of shipment date. - Custom orders require 50% deposit at time of PO receipt regardless of customer terms. - Orders exceeding \$10,000 net require 50% deposit at time of PO receipt regardless of customer terms. - Interest of 1 1/2% per month will be charged on overdue accounts.
ORDERS	- Orders will not be scheduled - lead time calculation does not start - until all items, finishes, pricing and approval drawings (where required) are final and received by customer service. - An ORDER CONFIRMATION document will be sent once order has received a ship date estimate.
CHANGES or CANCELLATIONS	Changes or cancellations to received purchase orders are subject to Prismatique approval and terms. Prismatique reserves the right to charge for material and labor costs incurred. Changes may result in delayed ship date.
RETURNS	Prismatique furniture is custom made and packaged and returns are not allowed under any circumstances.
SHIPPING	- Freight charges are extra. Guaranteed Freight / Pack Program applies to all U.S. and partial Canadian destinations - Packing costs are added when we are unable to ship blanket wrapped – please inquire.
CLAIMS	- All furniture is given to the carrier and signed for in good condition. - At this point, the merchandise becomes the property of the customer. - Claims for damages or shortages must be placed with the carrier.
STORAGE	- If customer cannot accept delivery of goods when ready for shipping, Prismatique may transfer merchandise to storage at customer's expense - Shipments into temporary storage locations must be inspected upon arrival.
WARRANTY	- All standard products manufactured by Prismatique are warranted to be free of material and workmanship defects for five years from the date of delivery. Warranty is non-transferable and applies to original purchaser only. Prismatique will replace or repair (at our discretion) without cost to our customers any item found to be defective due to materials or workmanship. Prismatique retains the right to decline repair or replacement of items that have been abused (including exposure to climate variations in temperature or humidity) or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must be pre-approved by Prismatique or warranty is voided. In no event shall liability under this warranty exceed the original purchase price. - The following exceptions are included in the above warranty: a) Customized products – any item deemed “custom” will not qualify for full warranty. Limited warranty may be available but must be negotiated prior to order acceptance and clearly stated on the order. b) Electrical components – warranty limited to one year from date of delivery; c) Functional Mechanisms – warranty limited to three years from date of delivery; d) Plastic Laminates – warranty is covered by specific laminate manufacturer, not covered under Prismatique warranty; e) Wood Veneers / Finishes – the natural variations of wood are beyond the control of Prismatique and are therefore not considered defects under this warranty. All veneers are carefully selected for uniformity of color and grain. Light finishes do not mask the characteristics of most wood species; often pieces of the same wood product will not look matched. The natural color of lightly stained veneers also causes variations in the overall appearance of the products. f) Painted Back Glass – As a third party manufactured material, glass can include some inherent imperfections (eg. scratches, small dirt particles) often located within the layers of the glass. The degree of visual impact once painted can vary based on location and color selected. We strive to minimize this presence on our finished tabletops but because it is the nature of glass, these imperfections may appear but are not considered a material defect and therefore not subject to replacement under warranty.
SPECIFICATIONS	- All weights and dimensions are approximate. - Product design and related specifications are subject to change without notice.

GUARANTEED FREIGHT / PACKING RATE PROGRAM

This program is based on TOTAL LIST PER ORDER. The product will ship on air-ride moving van, blanket wrapped. Crating for glass and stone tables is extra with pricing noted on individual product pages. Prismatique reserves the right to choose the mode of transportation carrier and packaging specifications. Shipments are to loading dock only. Site shipments can be arranged depending on load size, site access and other variables. Freight / Pack Program charges are net.

- Fuel surcharges are included in rates below.
- For GTA (Toronto) factory pickup by customer.

SURFACE FINISHES

WOOD VENEERS • HARDWOOD EDGES

General Info

Veneer tops and hardwood edges are available in flat cut species of Maple, Cherry and Walnut. Top surfaces are book matched Architectural Grade A Veneers; lesser quality veneers are bonded to underside of tops for balance. Top finish is semi-open, medium sheen, clear catalyzed lacquer. Refer to VENEER CARD for standard finishes.

Custom Stains and Veneers

Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Premium veneers such as Sycamore, Anigre, Bird’s Eye Maple and Curly Maple are available at an upcharge.

Maintenance

Clean with mild soap and water. Wipe dry with pattern direction. Do not use abrasive cleaners or wax.

PLASTIC LAMINATES

General Info

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, please call us for a quote. Laminate tops with COLORA or wood edge feature an 1/8” dia. COLORA Inlay; no inlay is an option – please inquire.

Samples

Actual samples are available direct from laminate manufacturers. Their standard offerings change frequently. For samples and availability contact:

Pionite	800 746-6483
Nevamar	800 638-4380
Wilsonart	800 433-3222
Formica	800 FORMICA

Vinyl Edge

Flat or Reeded Vinyl edges are available in 13 standard colors – refer to VINYL EDGE CARD. Custom color charge is \$520.00 NET.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners or wax.

COLORA

General Info

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. All table tops in plastic laminates, veneers and COLORA with COLORA edge profiles feature 1/8” dia. inlay in matching or contrasted COLORA color. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners or wax.

STONE

General Info

Standard marble and granite varieties are shown in the STONE CARD. Prismatic will make available most stones specified by customer, often at no upcharge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish. All stone tops are supplied with black painted plywood subtops.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners. Regular waxing of marble (only) surfaces is recommended.

GLASS

General Info

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected.

Maintenance Clean with commercial glass cleaner only.

TOP-EDGE CONFIGURATIONS

VENEER TOPS are 1” thick (3/4” for Whitby and Parsons) medium or high density particleboard core edged with hardwood or COLORA colors.

Konverse		GOSH!, Infinity, Parsons	
	RB Wood Edge Reverse Bevel		Reeded Wood Edge
	RB COLORA Edge (1/8” dia. COLORA Inlay) Reverse Bevel		Square Wood Edge (1/8” dia. COLORA Inlay)
	RAD Wood Edge (1/8” dia. COLORA Inlay) Radius - 1 1/2” thick		Angle Wood Edge
Whitby		Whitby	
	Square Wood Edge		Bevel Wood Edge

LAMINATE TOPS are 1” thick (3/4” for Whitby and Parsons) medium or high density particleboard core edged with hardwood, vinyl or COLORA colors.

Konverse		GOSH! & Infinity	
	RB COLORA Edge (1/8” dia. COLORA Inlay) Reverse Bevel		Reeded Vinyl Edge
	RAD COLORA Edge (1/8” dia. COLORA Inlay) Radius - 1 1/2” thick		Flat Vinyl Edge
	RAD Wood Edge (1/8” dia. COLORA Inlay) Radius - 1 1/2” thick		Angle COLORA Edge (1/8” dia. COLORA Inlay)
Whitby			Reeded Wood Edge (1/8” dia. COLORA Inlay)
	Square Wood Edge (1/8” dia. COLORA Inlay)		Square Wood Edge (1/8” dia. COLORA Inlay)
	Bevel Wood Edge (1/8” dia. COLORA Inlay)		Angle Wood Edge (1/8” dia. COLORA Inlay)

COLORA TOPS are 1” thick (3/4” for Whitby and Parsons) high density particleboard with self or hardwood edges.

Konverse		Whitby, Parsons	
	RB COLORA Edge (1/8” dia. COLORA Inlay) Reverse Bevel		Square COLORA Edge
	RAD COLORA Edge (1/8” dia. COLORA Inlay) Radius - 1 1/2” thick		Bevel COLORA Edge
	RAD Wood Edge (1/8” dia. COLORA Inlay) Radius - 1 1/2” thick		

STONE TOPS are 3/4” thick with same or built-up edges

Konverse & Occasionals		Konverse	
	3/4” RB Edge Reverse Bevel		1 1/2” BN Edge Bullnose
	3/4” BN Edge Bullnose		1 1/2” SQ Edge Square, Eased
Occasionals			1 1/2” RB Edge Reverse Bevel
	3/4” SE Edge Square, Cased		
	3/4” TB Edge Top Bevel		

PAINTED BACK GLASS TOPS are 1 1/4” thick with starphire glass adhered to MDF subtop available in any color - clear or matte finish. Matte finish is a custom option, requires quotation.

Vidro

OTHER GLASS TOPS are 1/2” or 3/4” thick and are clear or sandblasted

Occasionals	
	1/2” or 3/4” Square Chamfered Edge

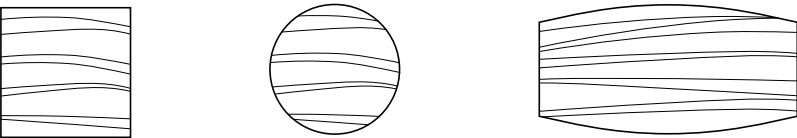

WOODGRAIN DIRECTION ON VENEER and LAMINATE TOPS

Grain directions on wood veneer and wood pattern laminate table tops vary according to size, shape and configuration. Every effort is made to ensure continuation of wood grain direction and pattern, and consistency of stain and sheen on sectioned-top meeting tables and ganged configurations of modular tables.

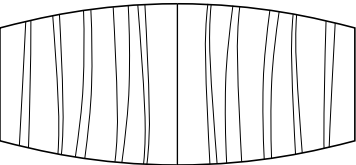

MEETING TABLES

All shapes of table tops that are 96” or smaller have Length Grain – wood grain runs parallel to length of top. Table tops in one or more sections, 108”L or larger have Width Grain – wood grain runs across the width of top. Sectioned tops utilize Same-Flitch Veneers to ensure consistent grain pattern.

LENGTH GRAIN TOPS

WIDTH GRAIN TOPS

INFINITY ARTICULATING TABLES

Articulating table tops are uniformly Length Grain. 144” and 180”L tops are sectioned and End-Matched as close as possible.

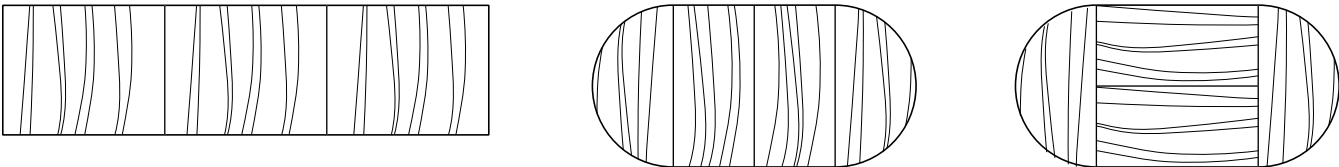

LENGTH GRAIN TOPS

MODULAR TABLES

Infinity, GOSH! and Whitby modular tables utilize Same-Flitch Veneers or wood grain laminates with same pattern, color and sheen and are consistently Side- or End-Matched depending on the table configuration. Grain directions and/or Side- or End-Matching can be customized – an upcharge applies.

SIDE-MATCHED TABLE LAYOUTS

END-MATCHED TABLE LAYOUTS

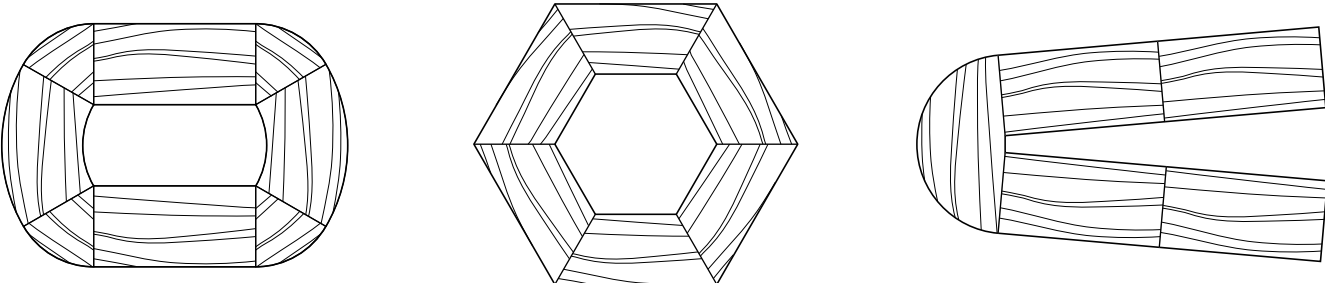

TABLE BASES AND MODESTY PANELS • CONSTRUCTION AND FINISHES

TABLE BASES • METAL

For the most part, table bases incorporate various gauges of sheet, barstock or tubular steel and extruded or cast aluminum components. Tubular steel in square or round profiles are utilized for T-, C- and Cross shapes in GOSH!, Konverse, Parsons, etc. Sheet steel is rolled to form Konverse Drum bases and Occasional Metal Drum Tables. Barstock steel, rolled and welded is used for base elements of Konverse, T and Cross tables and Ronde series. Mounting top plates in various sizes and meeting table underframes are constructed with sheet and tubular steel respectively. Stainless sheets are applied to wood cores in production of Occasional Metal Cube Tables. Infinity series incorporate extruded columns and cast aluminum components in Column, T and C base styles. Konverse Panel base trim and Marker Board frame are extruded aluminum. Steel and aluminum bases, connector plates, top support rails and flip top mechanism are coated with COLORA colors. Certain table series also offer plated finishes on steel.

TABLE BASES • WOOD

Whitby table legs and apron are solid maple available in clear or stained finishes. GOSH! Cube bases are medium or high-density particleboard in COLORA colors or veneers. Wood veneers are laminated to wood core in Occasional Drum tables and steel core in Konverse Drum bases.

MODESTY PANELS

Flat, Flat Folding and J Modesty Panels for Infinity and GOSH!, Articulating, Training and Modular tables are formed or extruded aluminum. Flat Modesty is bolted to underside of top and requires tools for installation and removal. Flat Folding Modesty folds under and parallel to table underside and features an optional wire manager. J Modesty is in ribbed pattern, contains a large wire through and is removable without tools. J Modesty is available up to 10’ long. All panels are finished in COLORA colors to match table bases unless specified otherwise.

FINISHES

Colora

COLORA is a textured polyurethane material applied to steel and aluminum in two steps. It is scratch-resistant and stain proof. COLORA is leather-like in appearance and seamless. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

Plated Finishes • Chrome

Nickel chrome in polished (mirror) or satin finishes is applied to steel base components where noted.

Stainless Steel

Blade, NEXTT and all Parsons bases are stainless steel construction offered in polished or brushed finish.

Maintenance

COLORA and plated steel surfaces can be cleaned with mild soap solution or glass cleaner and wiped dry with soft cloth. Do not apply abrasive cleaners, polish or lubricants to table bases or mechanical parts.

SELECTED COMPONENT FEATURES and SPECIFICATIONS

Flip Top • Double Base
Rigid and simple to operate heavy duty flip top assembly comprised of tubular and formed steel components painted in same color as bases and 2 levers which operate the double-engaging locking system. Flip top option is available for virtually all modular table shapes and meeting tables up to 8’ long. Flip top tables are shipped assembled.

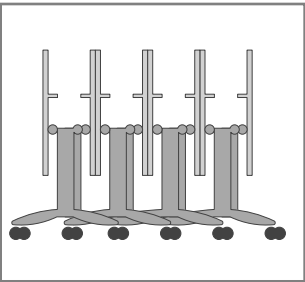

Flip Top • Single Base
GOSH! Multipurpose Round and Square tables are optionally equipped with flip mechanism constructed of steel which hinges open like clam shell upon rotation of handle bar. Safety latch locks top in flat and open positions. Finished in same color as table base.

Nesting 1
Modular/Training tables with Flat Folding Modesty require small amount of space for storage when not in use. Infinity and GOSH!

Nesting 2
Modular / Training tables with J Modesty (or fixed Flat Modesty) require no additional nesting space. Infinity and GOSH!

Nesting 3
Back-to-back table nesting allows storing more tables in less space. Calculate recommended space required for 8 nested tables by 9’ x Table Length.

Folding Base
Heavy duty construction with nylon injected molded frame and an extruded aluminum mechanism. Single press-down lever; can be operated by hand or foot. Positive lock in folded or upright positions. Black finish. Bases lay flat on tables as short as 56”L. Folding base tables are shipped assembled. Infinity and GOSH! Modular and Training.

Folding Modesty
Flat pattern aluminum in 21 COLORA colors. Hinge mechanism provides articulation to fixed or folding (over table bases) positions. Optional plastic wire manager. Dimensions: 9” high x 60” or 72” long. Infinity and GOSH! Modular and Training.

Fixed Modesty
Flat pattern aluminum panel in 21 COLORA colors is bolted to underside of tabletop. Dimensions: 9” high x 42” – 84” long. GOSH! Modular and Training.

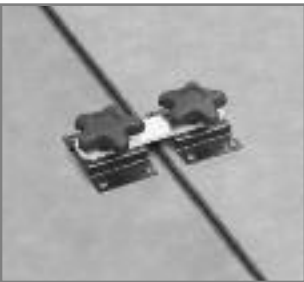

J Modesty
Extruded aluminum in ribbed pattern, features a large divided wire management tray. Removable without tools. Available in 21 COLORA colors. Dimensions: 7 1/2” high x 42” – 120” long. Infinity and GOSH! Modular and Training; Infinity Articulating.

Glides
All table bases (except the Occasionals) provide up to 3/4” height adjustability. Depending on table series, glides are black, 1” to 1 3/4” dia.

Casters
Locking casters are available for most table series. They must be specified at time of order. Caster option does not change height of tables. Infinity: 3” dia., black with silver brake. GOSH!: 3” dia., black. AV Carts, Lectern: 3” dia. Frames: 3” dia., Silver face with black lining and brakes.

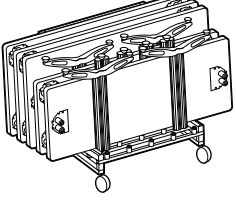

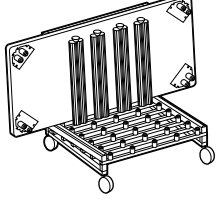

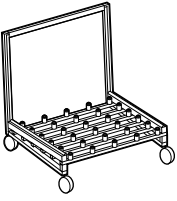

Gang Set
Each set consists of two brackets, a linking bar and two thumb screws. Gang Sets are utilized to link and level multiple table configurations. Ganging 20”, 24”, 30” and 36” sides require 1 set; 42” and over sides require 2 sets. No tools required for adjustment.

Table carts are tubular steel construction in black finish and equipped with 5” dia. wheels.

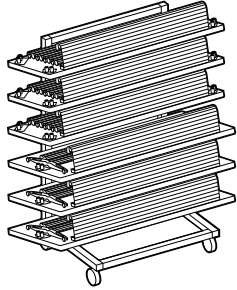

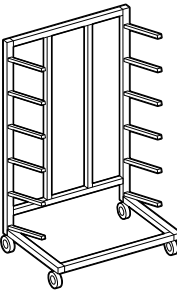

TRH6 CART • INFINITY (removable bases only)
Stores 6 Tables without Modesty Panel. Base connector plates with bumper tipped inner columns remain attached to table undertops to protect tables during storage. Sets of Column or T Bases slide into rubber tipped shafts welded to Cart platform and stay upright between table tops. Dimensions: 36” x 32 1/2” x 36” H
TRH6 CART

QTY1	QTY3	QTY10
1696	1569	1366

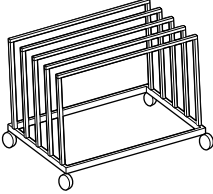

TRV6 CART • GOSH! and INFINITY
Stores 6 Tables with folding T or C bases with or without folding modesty. Also suitable for Tables with J Modesty Panel which user elects not to remove. Infinity Column or T Base store above table undertops. Max. table depth, 36”. Dimensions: 42” x 30” x 71” H
TRV6 CART

QTY1	QTY3	QTY10
1638	1450	1304

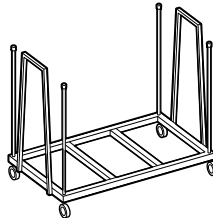

TR4 CART • GOSH! and INFINITY
Stores 4 Folding T or C Base Tables with or without Flat Folding Modesty or 4 GOSH! Folding (2” dia.) Column Base Tables. Cart length and divider heights vary depending on table dimensions. Minimum Door Clearance: 32” wide. Larger carts for 5 or more tables are customized according to door clearance. Dimensions: 36” x 42” x 32” H
TR4 CART

QTY1	QTY3	QTY10
1450	1268	1187

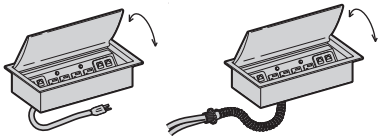

TVA CART • GOSH!
Stores 4 GOSH! Folding 4” dia. Column Base Tables Dimensions: 52” x 30” x 41” H

RETRACT – V	POWER/COMM FOR GLASS TOP	\$2330.00
RETRACT – VH	POWER/COMM FOR GLASS TOP – HARDWIRED	\$2330.00
Recessed power/communication unit mounts beneath table surface. Contains six angled simplex outlets and two angled side faceplates. Box is steel with 9' cord and 15 amp plug. Integral twin aluminum doors retract/telescope within the unit providing optimum access. Black painted and natural silver pearl aluminum door color options: 15" x 9". Faceplates extra (see page 12).		

SURFACE POWER/COMMUNICATION UNITS

ITEM	DESCRIPTION	LIST
UTP	UNDERTOP POWER UNIT	
Preset power/communications unit includes flat bracket for undertop connection. Can also be mounted within continuous undertop IT aprons. Black finish. 6' cord with 15 amp plug.		
UTP – 1 – 1 (one simplex + one RJ45)	3 1/2" x 2 1/4" x 2 1/2" H	\$230.00
UTP – 2 – 2 (two simplex + two RJ45)	6 1/2" x 2 1/4" x 2 1/2" H	\$280.00
UTP – 3 – 1 (three simplex + one faceplate. See page 12)	8 1/4" x 2 1/4" x 2 1/2" H	\$298.00
	ADD FOR SILVER FINISH	\$80.00

TTP	TABLETOP POWER UNIT	
Preset power/communications unit includes angle bracket for undertop connection with table edge location. Black finish. 6' cord with 15 amp plug.		
TTP – 1 – 1 (one simplex + one RJ45)	3 1/2" x 2 1/4" x 2 1/2" H	\$275.00
TTP – 2 – 2 (two simplex + two RJ45)	6 1/4" x 2 1/4" x 2 1/2" H	\$325.00
	ADD FOR SILVER FINISH	\$80.00

INTP – DL – PI	DAISYLINK POWER INFEED CABLES	
4 wire, 2 circuit hardwire power infeed		
	72"	\$104.00
	144"	\$168.00

INTP – DL – IC	DAISYLINK INTERCONNECTING CABLES	\$56.00
	ADD PER INCH OF CABLE	\$1.00/inch

INTP – DL – T	DAISYLINK "T" CONNECTOR	
	Intersection/junction point of interconnecting cables	\$120.00

INTP – DL	PRESET DAISYLINK SMALL INTERACT	\$549.00
INTP – DL – H	PRESET DAISYLINK SMALL HARDWIRED	\$549.00
INTP – DL – S	PRESET DAISYLINK SMALL FOR STONE TOP	\$803.00
INTP – DL – SH	PRESET DAISYLINK SMALL FOR STONE TOP – HARDWIRED	\$803.00
INTP – DL – V	PRESET DAISYLINK FOR GLASS TOP	\$803.00
INTP – DL – VH	PRESET DAISYLINK SMALL FOR GLASS TOP – HARDWIRED	\$803.00
As per INTP except under box simplex is replaced with receptacle for continuous daisy chain capability with use of encased interconnect cables. Provides 4 wire, 2 circuit system without color coded or numeric sequence restrictions. This "No Particular Order" feature allows max (10) INTP units per circuit. Requires added power Infeed and interconnect cables.		

UTP – DL	UNDERTOP POWER UNIT W. DAISYLINK	
As per UTP except unit is modified to receive encased interconnect cables for daisy chain application. Provides 4 wire/2 circuit system. Requires added Power Infeed and Interconnect Cables. Refer to page.		
	UTP –DL – 1 – 1 (DAISYLINK)	\$260.00
	UTP –DL – 2 – 2 (DAISYLINK)	\$310.00
	UTP –DL – 3 – 1 (DAISYLINK)	\$328.00
	ADD FOR SILVER FINISH	\$80.00

VOICE – NETWORK – PRESENTATION PORTS

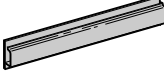

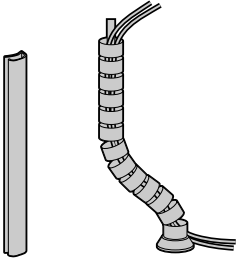

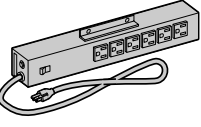

All connector modules listed below are mounted on telecom faceplates which snap into surface power/communication units. Supply cables and/or plugs are not supplied and must be hardwired on location by specialists. If no connectors are specified, faceplates are supplied blank. Faceplate capacity is up to 4 ports; more can be accommodated depending on the types required.

	XLR 4 PIN CONNECTOR • Audio (microphones, etc.) • Female/Solder	\$127.00
	S VIDEO SVHS CONNECTOR • Audio Visual • Female/Solder	\$135.00

SAMPLE FACEPLATES
Telecom faceplates measuring 3 1/8” x 1 3/4” may be specified in a variety of configurations for connections to voice, network, multimedia and presentation equipment. Below are a few samples.

	(1) RJ11 (1) RJ45
	(1) USB (1) S VIDEO (1) RJ45

WIRE MANAGEMENT • ACCESSORIES

	ITEM	LIST
	GROM1 GROMMET • 2 1/4’ dia. (3” dia. Cover). Black or Silver	\$32.00
	GROM2 GROMMET • 1 3/4” dia. (2 3/4” dia. Cover). Black. Grommets are factory installed.	\$32.00
	WHV HORIZONTAL WIRE MANAGER Self stick. Price per foot. Supplied (no charge) with Surface Power/Communication Units.	\$13.00 /ft.
	LWM LARGE WIRE MANAGER Supplied (no charge) with all meeting table series.	\$24.00 /ft.
	SNAKE VERTICAL WIRE MANAGER Flexible wire through in Black or Silver. 2 1/2” dia. X 32” long; 4” dia. Weighted base.	\$194.00
	LM LEG WIRE MANAGER Snap on table legs. Approx. 24” long. Supplied (no charge) with Surface Power/Communication Units. Black.	\$32.00
	PBS POWER BAR • SURPRESSOR Single circuit power bar with six 15 amp outlets, off/on switch with light indicator, surge suppressor and noise filter. Provides maximum protection for computers and other electronic equipment. Metal housing. 6’ cord..	\$345.00

VIDRO BY PRISMATIQUE

CONFERENCE TABLES
PAINTED BACK GLASS

FEATURES

- > 1 1/4” table top composite includes 1/4” starphire glass adhered to M.D.F. sub top.
- > Vidro is the first glass table series offering colors in back painted crystal clear starphire glass (no green pigmentation) providing “true” color without the distortion of thicker glass or laminated films.
- > EDGE PROFILE:

- > Vidro is available in conference, caucus and cafe configurations but is not recommended for training or multipurpose applications where mobility, fliptops or folding performance is a requirement.

POWER + COMMUNICATIONS MODULES and LOCATION GUIDE

- > Refer to pages 10-12 and Konverse section for table top and under table options.

FINISHES

- > Standard Vidro glass colors consist of 21 COLORA options. Customer’s own color match can be done as a custom and requires submittal of color swatch. Custom color charge is \$662.00 Net per color MIX.
- > Vidro Matte substitutes acid washed glass effectively muting color. Vidro Matte is an upcharge and requires a quotation.
- > Vidro Art replaces single color with the option of any image via ceramic frit printing. Vidro Art is an upcharge and requires a quotation.

BASES

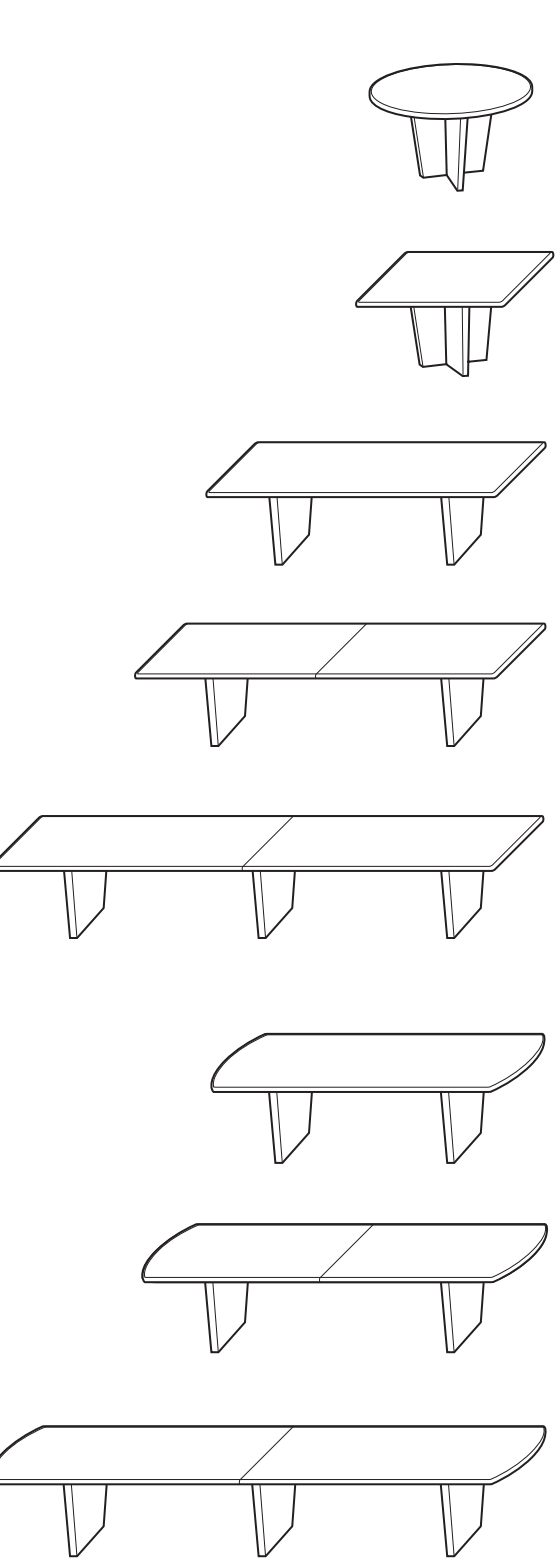

- > Vidro Blade Base
- Vidro NEXTT: T-Base & Cross Base
- Vidro: Drum Base; Panel Base; T-Base & Cross Base
- Vidro Parsons: 2” x 2” Square Frame profile
- Vidro Plate: Beveled Round; Beveled Square
- Vidro Custom: Other bases will be evaluated and quoted on a custom quotation basis.

WARRANTY DISCLAIMER

- > Painted Back Glass – As a third party manufactured material, glass can include some inherent imperfections (eg. scratches, small dirt particles) often located within the layers of the glass. The degree of visual impact once painted can vary based on location and color selected. We strive to minimize this presence on our finished tabletops but because it is the nature of glass, these imperfections may appear but are not considered a material defect and therefore not subject to replacement under warranty. Refer to page 2 for complete warranty details.

VIDRO BLADE BASE TABLES • PAINTED BACK GLASS TOP

See COLORA CARD for standard Vidro tabletop color choices. Customer’s own color must be pre-approved through custom quotation. Refer to Vidro Feature & Specifications for product details and select electrical/communications units from Options page 2. Bases standard in COLORA see WOOD CARD for optional base upgrades. Polished and Brushed Stainless optins upcharged. Tables are 29” high. **Vidro Matte and Vidro Art options are upcharged.**

WOOD

STONE

FEATURES

- > Laminate, COLORA and Wood Veneer tops are 1” thick medium or high density particleboard core edged with various materials and profiles.
- > All large table tops are supported by tubular steel underframes to ensure stability.
- > Table top to base connection is metal to metal with factory supplied machine screws. Tops are shipped pre-drilled, complete with zinc inserts.
- > Wood core tops 120” and over or stone tops over 35 square feet are fabricated in two or more sections.
- > Surface Power and Communication Units, wire management and other options are listed on pages 10 & 11.

FINISHES

Plastic Laminates

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, please call us for a quote.

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. All table tops in plastic laminates, veneers and COLORA with COLORA edge, or plastic laminates with wood edges feature 1/8” dia. inlay in matching or contrasted COLORA color. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

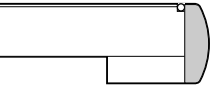

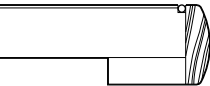

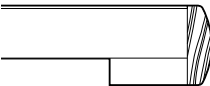

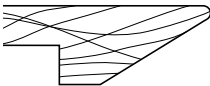

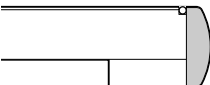

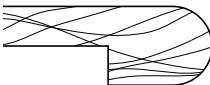

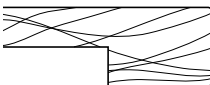

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatique offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Stone

Standard marble and granite varieties are shown in the STONE CARD. Prismatique will make available most stones specified by customer, often at no upcharge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish. All stone tops are supplied with black painted plywood subtops.

KONVERSE BASE FINISHES AND SPECIFICATIONS

TABLE BASES • CABLE MANAGEMENT

Drum Base

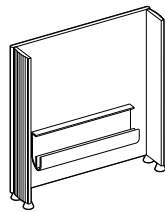

- Rolled steel sheet metal reinforced with tubular steel inner rings
- Removable and reversible 6" wide access panel

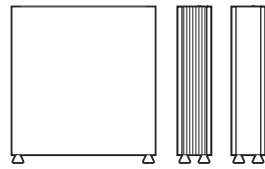

- Dimensions: 18", 22", 24" and 28" dia.
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors
 - Wood Veneers (wrapped on steel)

Panel Base

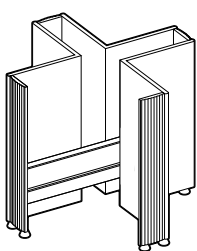

- 6" thick panel design
- Wire bin for excess cables
- Removable Side Panel
- 1 1/4"h black adjustable glides

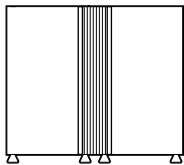

- Removable Side Panel
- 22", 26" and 32" wide
- Finished in COLORA colors or Wood Veneers
- Fixed aluminum trim panels in ribbed pattern and finished in COLORA colors

Cross Panel Base

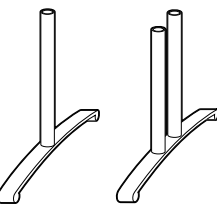

- (1) Removable and (3) fixed Side and (4) fixed Trim Panels
- 1 1/4"h black adjustable glides
- Wire bin for excess cables
- 26", 32" and 38" wide

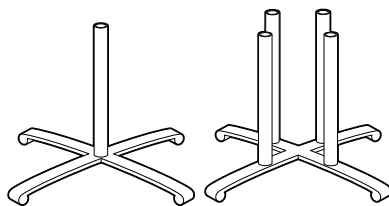

- L Shape Side Panels (one Removable) and available in COLORA colors or Wood Veneers
- End Trim Panels are aluminum in ribbed pattern and finished in COLORA colors

T Base

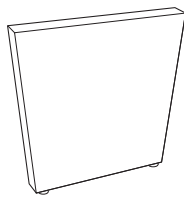

- Rolled barstock steel (2 1/2" x 3/4") with 2 1/2" dia. tubular steel center column(s)
- Dimensions: 26", 32" and 38"
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors

Cross Base

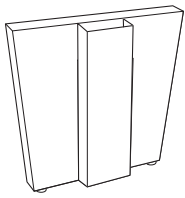

- Rolled barstock steel (2 1/2" x 3/4") with 2 1/2" dia. tubular steel center column(s)
- Dimensions: 26", 32" and 38"
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors

Blade Base

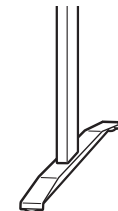

- 2 1/2" thick solid core panel with 4" downward taper
- Flinished in COLORA colors, veneer or stainless steel clad (polished or brushed)

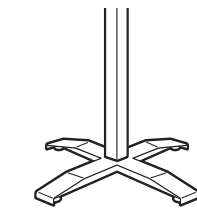

- 11"W x 1 1/4"D vertical infeed panel/wire manager can be mounted to any Blade base

Nextt T Base

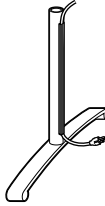

- 2 x 4 1/2" vertical with removable access panel on one side
- Stainless steel (polished or brushed) or in COLORA colors

Nextt Cross Base

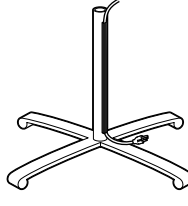

- Standard without access door (available at upcharge)

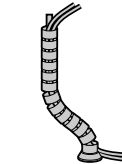

Vertical Wire Management

- Snap-on black PVC wire manager

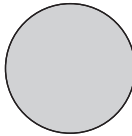

- Snap-on black PVC wire manager

- Snake Wire manager
- Black or silver flexible PVC wire channel, 2 1/2" dia. and 32" long. Steel weighted base is 4" dia.

Konverse Tables are designed to accommodate the ever increasing demand for power and communications. Drum and Panel bases provide ample footprints to conceal floor monuments. Cables can be routed within base cavities and are easily accessible through removable base panes. T Base tables utilize external Snake or Snap-on Leg Wire Managers. At the tabletop level, power and communication wires are carried horizontally within the Large or Small Wire Management channels. Factory installed Surface Power/Communication Units provide convenient access to power, voice, data and presentation outlets. Daisychaining reduces the need for multiple core drills. Optionally, these units as well as sensitive electronic equipment can plug into surge suppressed Power Bar which mounts to Top Support Rail. The Undertop Power Unit can be field installed close to top edges or housed within bases.

KONVERSE CROSS and PANEL BASE TABLES • STONE TOP

See KONVERSE FINISHES, and refer to COLORA , VENEER and STONE CARDS for selection of top and base finishes. Standard base finish is COLORA; trim and side panels can be specified in different colors. Veneer side panels upcharge is shown below. Tables are 29" high. Crate charges apply to stone tops.
Note: 60" wide marble tops are subject to availability – please inquire. Specify: model number – stone top variety – edge profile – base trim and side panel finishes – power and comm. options, see pages 10 & 11.

panel finishes – power and comm. options, see pages 10 & 11.

The image displays technical line drawings of various table bases. It is organized into four main sections: Round (top), Square (second), Rectangle (third), and Arced Rectangle (bottom). Each section shows a top-down view and a perspective view of the base. The bases are designed with multiple vertical supports (glides) and are shown in different configurations, including single, double, and sectioned (multiple) top sections. The drawings are detailed, showing the structural elements and the placement of the glides.

KONVERSE T and CROSS BASE TABLES

See KONVERSE FINISHES, and refer to VENEER and COLORA CARDS and laminate manufacturers' sample boards for selection of top, edge and base finishes. All table tops, except for veneer with wood edge feature inlays between top surface and edge in matching color to either top or edge unless specified otherwise. Standard base finish is COLORA colors; chrome base upcharges are shown below. Tables are 29" high.

Specify: model number – top finish – edge profile and finish – inlay color (if applicable and in contrast color) – base finish – power and comm. options, see pages 10 & 11.

CABINETS BY PRISMATIQUE

STORAGE & SERVING CABINETS

AV & SERVING CARTS

LECTERNS

VISUAL BOARDS

FINISHES

Plastic Laminates

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, please call us for a quote.

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops, edges and cabinet cases. All table tops in plastic laminates, veneers and COLORA with COLORA edge profiles feature 1/8” dia. inlay in matching or contrasted COLORA color. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges and cabinet cases are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208 NET for set-up and \$46.00 NET per unit. Prismaticque offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Stone

Standard marble and granite varieties are shown in the STONE CARD. Prismaticque will make available most stones specified by customer, often at no up-charge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish.

MEETING ROOM CABINET UNITS

FEATURES AND OPTIONS

- > Cabinets are designed to match or compliment all Prismatic meeting and training room tables. Cabinet tops can be specified in same finish and edge profile as the selected table series. Storage components are modular and available in two, three, four or five door configurations. Typical conference and training room accessories and electronic equipment can be housed in wire-managed storage cabinets.
- > Storage units are constructed with 3/4” thick medium or high density particleboard and finished in COLORA colors or in wood veneers. Cabinet interiors and backs are fully finished to match the exterior surfaces. Veneer doors and drawers are equipped with European hinges and full-extension slides and are book matched across their width.
- > Each storage section is equipped with one adjustable shelf.

Metal Base Trim

Cabinets are equipped with tubular steel base trim finished in COLORA colors or optional Pol. or Satin Chrome, or Veneers.

Levelling Glides

Cabinets can be levelled from inside with an L key (supplied).

Door and Drawer Pulls

Drawers are equipped with Flap or Bar Pulls. Doors are touch latch but can be specified with Flap or Bar Pulls at an upcharge.

Flap Pull

	Colora	\$22.00
	Pol. Chrome	\$22.00
	Satin Chrome	\$32.00

Bar Pull

A black and white photograph of a modern, curved conference table. The table has a central cutout and is supported by casters. The background is a plain, light-colored wall.

 **INFINITY BY PRISMATIQUE**

MULTIPURPOSE & TRAINING TABLES

FEATURES

- > Laminate, COLORA and Wood Veneer tops are 1” thick medium or high density particleboard core edged with various materials and profiles.
- > All large table tops are supported by tubular steel underframes to ensure stability.
- > Table top to base connection is metal to metal with factory supplied machine screws. Tops are shipped pre-drilled, complete with zinc inserts.
- > Meeting table tops 120” and over are fabricated in two or more sections.
- > Surface Power and Communication Units, wire management and other options are listed on pages 10, 11.

TABLE TOPS • FINISHES

Plastic Laminates

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, please call us for a quote.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatique offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

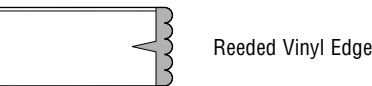

Vinyl Edges

Applied to laminate tops, 1 1/8” vinyl edge is in Reeded or Flat profiles and is available in 13 standard colors - refer to VINYL EDGE CARD. Custom color charge is \$520.00 NET.

TABLE TOP – EDGE CONFIGURATIONS

Training, modular and rectangle meeting table tops in laminate have **small radiused corners**; veneer tops have **square corners**. All other meeting tables, both in laminate and veneer, feature 6” radius rounded corners.

Plastic Laminate Top

Veneer Top

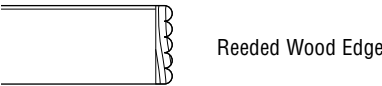

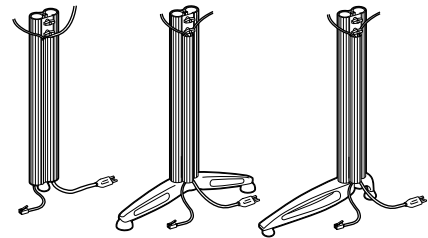

TABLE BASES • FEATURES

Combined with extruded and cast aluminum components. Infinity column, T and C Bases are state-of-the-art design and engineering incorporating the following features:

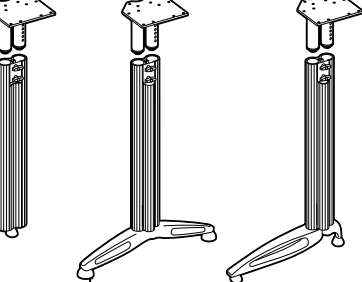

Integral Wire Management

Dual cavity column with vinyl concave or convex vinyl cover strip, both in matching color and ribbed pattern.

Removable Bases • Adjustable Height

Connector plates stay fixed while bases are removed with handknobs. Optional Pin adjustable, 27” to 31” H.

Mobility

3” dia. locking casters.

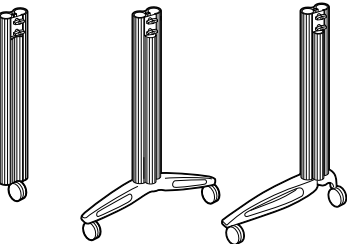

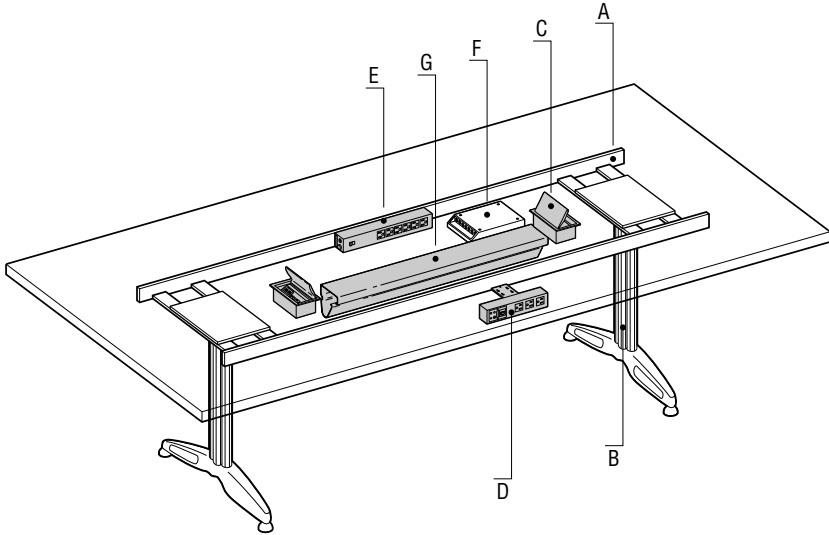

TABLE BASES and MODESTY PANEL • FINISH

Colora

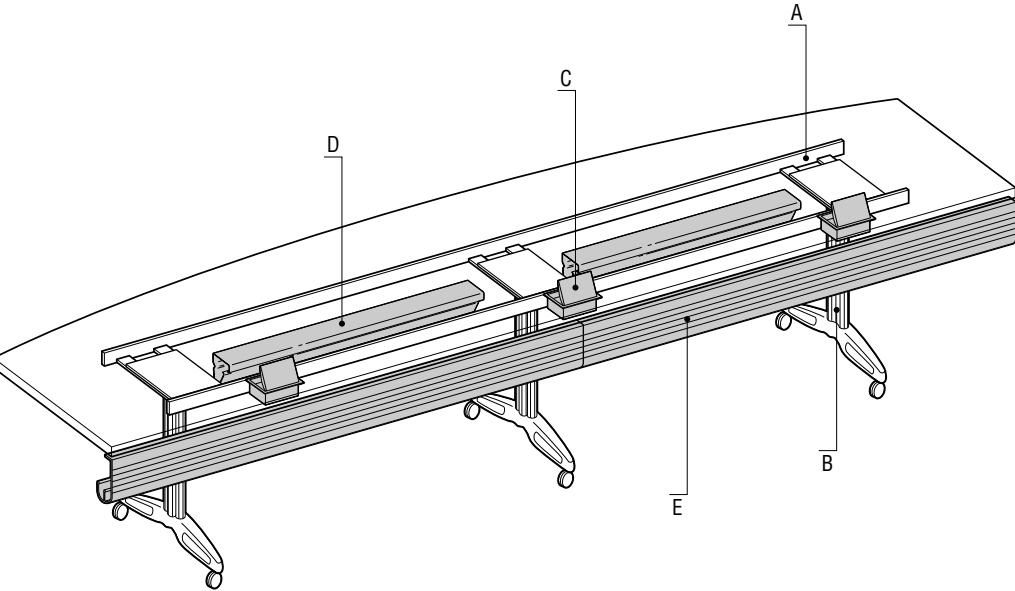

Infinity Column and T bases and Modesty Panel/Wire Trays are extruded or cast aluminum finished in 21 standard COLORA polyurethane color finishes. Base element of T bases and glides are textured for extra durability. Glides can be specified in contrast color. Refer to COLORA CARD. Custom color charge is \$289.00 NET per color (not units).

Infinity T or Column Base Meeting Tables are designed to accommodate the ever increasing demand for power and communications. Cables can be routed within base cavities and are accessible through flexible plastic cover strips. At the tabletop level, power and communication wires are carried horizontally within the Large or Small Wire Management channels. Factory installed Surface Power/Communication Units provide convenient access to power, voice, data and presentation outlets. Daisychaining reduces the need for multiple core drills. Optionally, these units as well as sensitive electronic equipment can plug into surge suppressed Power Bar which mounts to Top Support Rail. The Undertop Power Unit can be field installed close to the top edges.

 - C Surface Power Unit
 - D Large Wire Manager
 - E J Modesty/Wire Bin

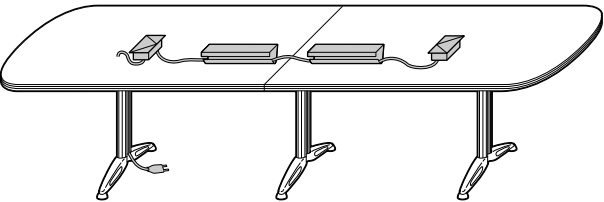

Centered surface power unit cables are channeled to nearest leg with integral wireway.

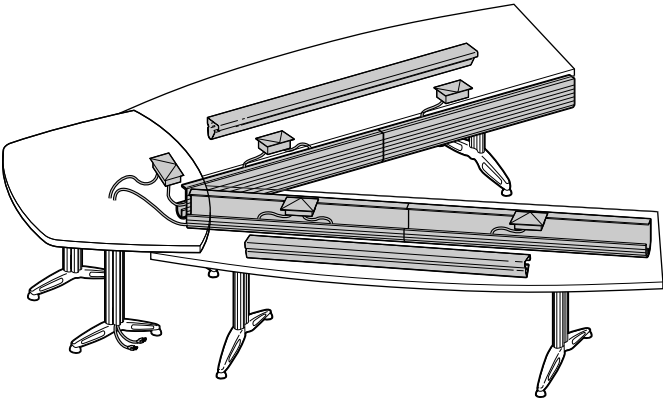

Cables from two surface power units are routed to separate table legs. Large Wire Manager holds communication wires.

Two surface power units daisychained – single core drill. Horizontal cabling within Large Wire Managers.

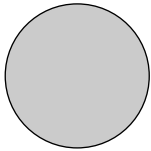

Multiple surface power units are daisychained in two groups and cables run through a single base. Large Wire J Modesty panels provide ample space for power and communication wires.

Training and Modular Tables in fix or folding base and flip top configurations offer convenient access to power, voice and data outlets and incorporate vertical and horizontal wire management components. Cables are accommodated within the base cavities, removable plastic cover strips allow access to wireways. Small and Large Wire Managers and J Modesty/Wire bin provide horizontal wire routing. Daisychaining available with most factory installed surface power/communication units reduce the need for multiple core drills.

Surface power units in various positions and cabling components are illustrated for various modular shapes.

Training Tables featuring power units and leg wire management require single or multiple floor plugs depending on extent of daisy chaining.

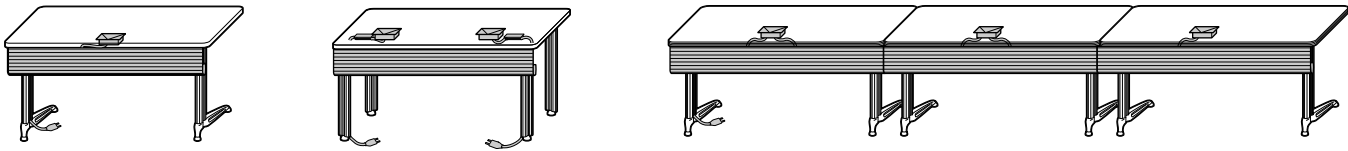

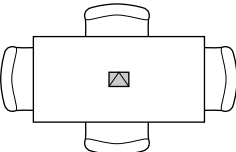

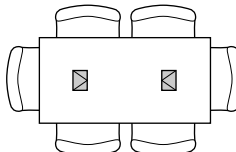

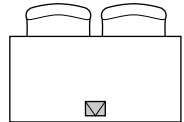

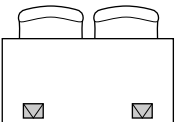

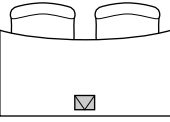

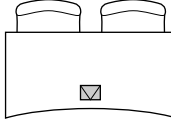

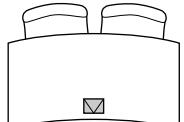

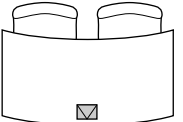

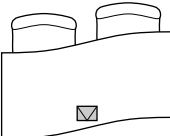

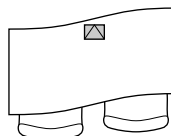

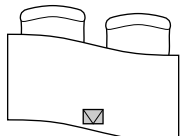

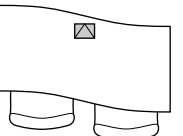

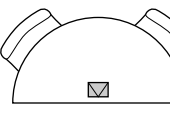

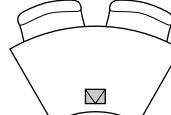

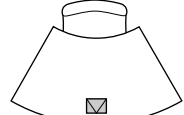

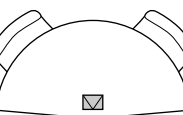

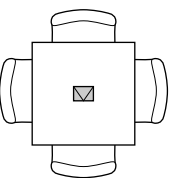

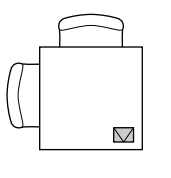

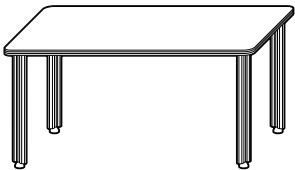

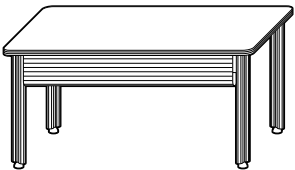

TABLE TOP POWER AND GROMMET LOCATION GUIDE
To specify power/communication units and/or grommets on table tops, simply indicate illustration code and number of units. Alternate locations are available. All units are factory installed.

GOSH! BY PRISMATIQUE

MULTIPURPOSE & TRAINING TABLES

GOSH! TOP FINISHES AND SPECIFICATIONS

FEATURES

- > Laminate, COLORA and Wood Veneer tops are 1” thick medium or high density particleboard core edged with various materials and profiles.
- > All large table tops are supported by tubular steel underframes to ensure stability.
- > Table top to base connection is metal to metal with factory supplied machine screws. Tops are shipped pre-drilled, complete with zinc inserts.
- > Meeting table tops 120” and over are fabricated in two or more sections.
- > Surface Power and Communication Units, Wire management and other options are listed on pages 10 & 11.

FINISHES

Plastic Laminates

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, please call us for a quote.

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. All table tops in plastic laminates,with wood or COLORA edges feature 1/8” dia. inlay in matching or contrasted COLORA color. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

Wood Veneers, Wood Edges

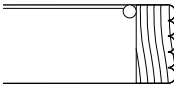

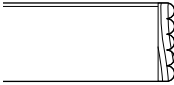

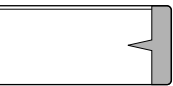

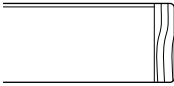

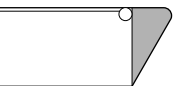

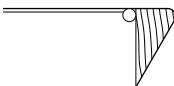

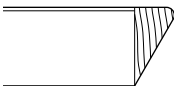

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut, offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatic offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Vinyl Edges

Applied to laminate tops, 1 1/8” vinyl edge is in Reeded or Flat profiles and is available in 13 standard colors - refer to VINYL EDGE CARD. Custom color charge is \$520.00 NET.

TABLE TOP – EDGE CONFIGURATIONS

Plastic laminate tops with vinyl edge have **radiused corners**; laminate tops with wood or COLORA and self-edge, and veneer tops with wood edge have **square corners**.

Plastic Laminate Top	Plastic Laminate Top	Veneer Top
 Reeded Vinyl Edge	 Reeded Wood Edge (1/8" dia. COLORA Inlay)	 Reeded Wood Edge
 Flat Vinyl Edge	 Square Wood Edge (1/8" dia. COLORA Inlay)	 Square Wood Edge
 Angle COLORA Edge (1/8" dia. COLORA Inlay)	 Angle Wood Edge (1/8" dia. COLORA Inlay)	 Angle Wood Edge

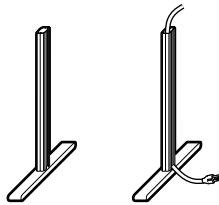

- Laminate tops with self edge available at same pricing as vinyl edge.

GOSH! BASE FINISHES AND SPECIFICATIONS

TABLE BASES • CABLE MANAGEMENT

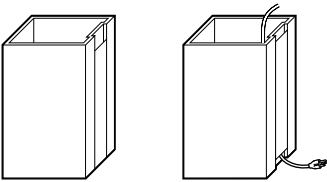

All bases are equipped with adjustable glides or optional casters, and connector plates for mounting to table tops. Machine screws attach bases to tops which are predrilled and equipped with zinc inserts.

MEETING TABLES

Kable T Base

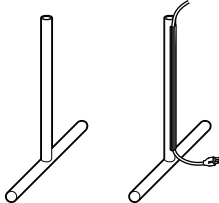

Leg is 2” x 1” steel in 12 gauge with bullnose ends. Column consists of four 16 gauge steel rods and removable ribbed plastic cover strips. Finish is COLORA colors – cover strips can be specified in contrast color. Wires are managed internally.

Cube Base

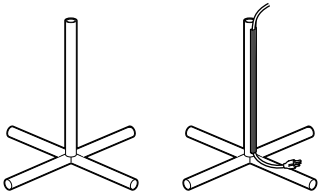

Constructed of MDF and reinforced with steel brackets. Open at top and bottom. Wire access through removable side panel which can be slightly raised at floor level to allow cable exit. Finished in COLORA colors or in veneer.

GENERAL PURPOSE and MODULAR TABLES

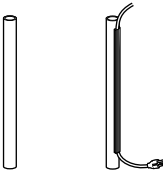

Tubular T Base

Leg and column are 2” dia. 14 gauge steel with welded end caps. Available in COLORA colors, optional polished or satin chrome. Black PVC external wire manager.

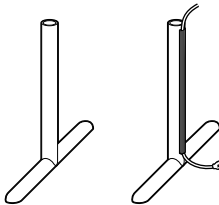

Tubular Cross Base

Leg and column are 2” dia. 14 gauge steel with welded end caps. Available in COLORA colors, polished or satin chrome. Black PVC external wire manager.

Column Bases

2”, 2 1/2” or 4” dia. columns in 16 gauge steel finished in COLORA colors, polished or satin chrome. External wire manager is black PVC.

Half Round T Base

3” dia. leg and column in 14 gauge steel with half bullnose end caps. Finishes are COLORA colors, polished or satin chrome. External wire manager is black PVC.

Half Round Cross Base

3” dia. leg and column in 14 gauge steel with half bullnose end caps. Finishes are COLORA colors, polished or satin chrome. External wire manager is black PVC.

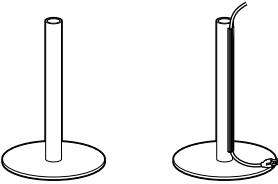

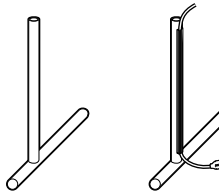

Plate Base

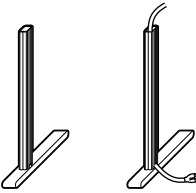

3/8” thick steel with 16 gauge spun steel cover plate and 14 gauge steel column 3” or 4” dia. Finishes are COLORA colors, polished or satin chrome. External wire manager in black PVC.

TRAINING TABLES

Tubular C Base

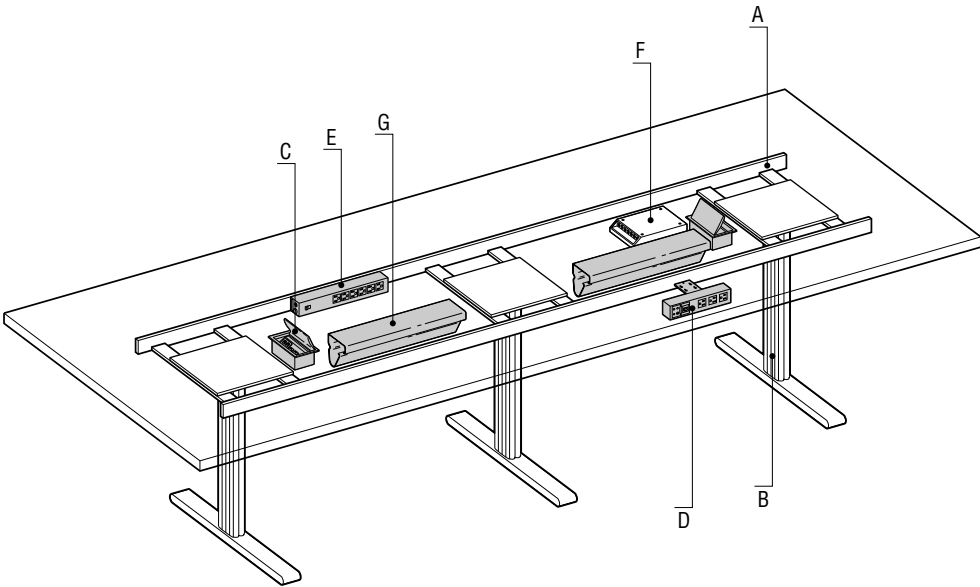

2” dia. leg and column in 14 gauge steel with welded end caps. Available in COLORA colors, polished or satin chrome. External wire manager is black PVC.

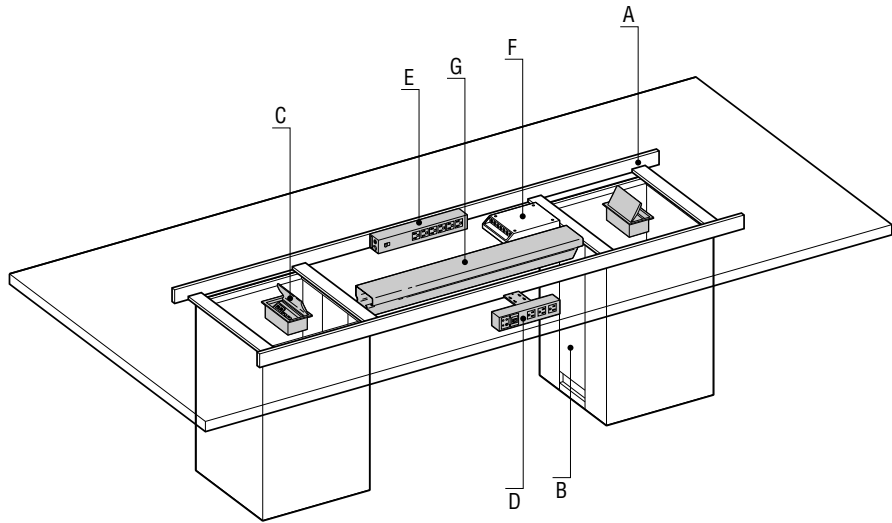

Kable C Base

Leg is 2” x 1” steel in 12 gauge with bullnose ends. Cantilevered column consists of four 16 gauge steel rods and removable ribbed plastic cover strips. Available in COLORA colors – cover strips can be specified in contrast color. Wires are managed internally.

GOSH! Meeting Tables are designed to accommodate the ever-increasing demand for power and communications. Cube bases provide ample footprints to conceal floor monuments. Cables can be routed within Cube base cavities and are easily accessible through removable base panes. T bases incorporate flexible ribbed plastic cover strips for access to integral wireways. At the tabletop level, power and communication wires are carried horizontally within the Large or Small Wire Management channels. Factory installed Surface Power/Communication Units provide convenient access to power, voice, data and presentation outlets. Daisychaining reduces the need for multiple core drills. Optionally, these units as well as sensitive electronic equipment can plug into surge suppressed Power Bar which mounts to Top Support Rail. The Undertop Power Unit can be field installed close to top edges or housed within Cube bases.

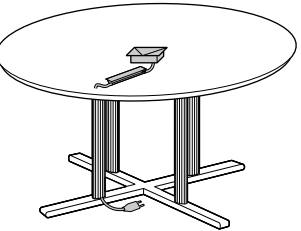

Kable T Base
A Table Top Support Rail

G Large Wire Manager

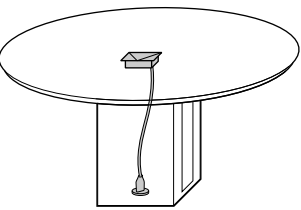

Cube Base
A Table Top Support Rail
B Removable Base Access Panel
C Surface Power Unit
D Under top Power Unit
E Surge Protected Power Bar
F Data Hub (client supplied)
G Large Wire Manager

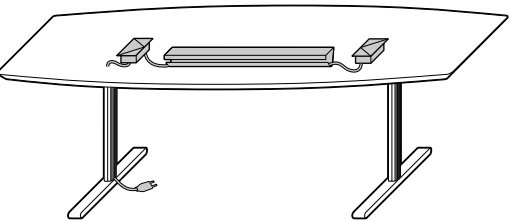

Centered surface power unit cables are channeled to nearest leg with integral wireway.

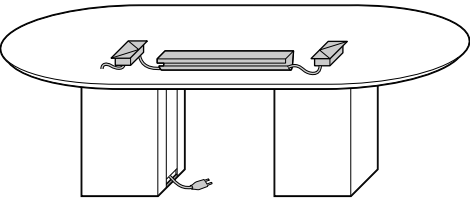

Cabling through base cavity. Floor monument within base.

Two surface power units daisychained – single power in-feed required. Large Wire Manager provides horizontal cabling.

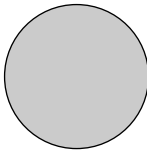

Two surface power units daisychained. Core drill within or adjacent to base. Large Wire Manager for power and communication wires.

Cables from two surface power units utilize small wire managers and vertical Snake.

Diagrams below show the recommended locations and quantity of Surface Power and Communication Units. Simply specify the illustration code and desired number of units. Alternate locations can be accommodated depending on table base position and top size limitations. These diagrams can also be utilized for grommet positions and floor monument locations. Core drills can be kept to a minimum due to daisy chaining of most Surface Power Units.

KABLE T AND CROSS BASE

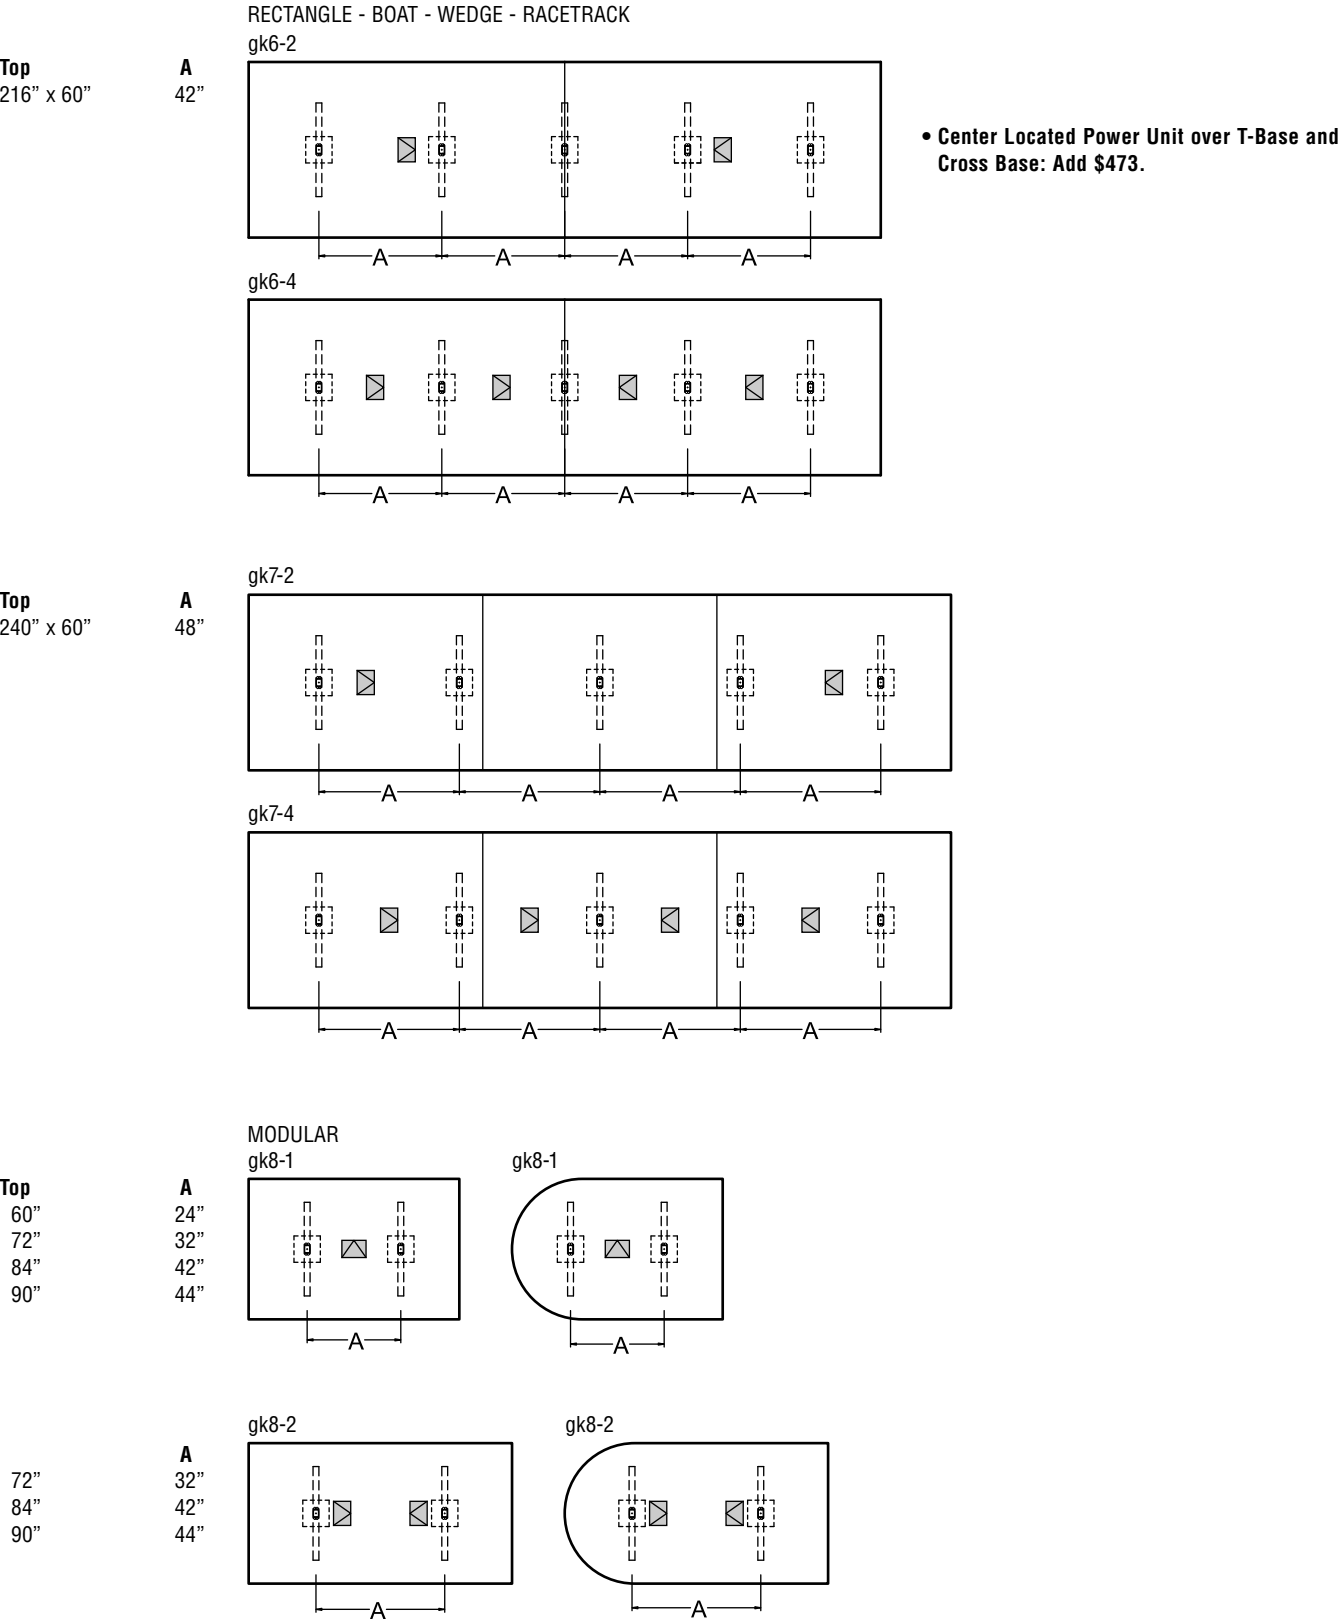

• Center Located Power Unit over T-Base and Cross Base: Add \$473.

GOSH! CUBE BASE TABLES • MEETING

See GOSH! FINISHES, and refer to VENEER, COLORA and VINYL CARDS and laminate manufacturers' sample boards for selection of top, edge and base finishes. Laminate tops with wood or COLORA edge feature 1/8" dia. vinyl inlay in COLORA between top surface and edge. Please inquire for feasibility and pricing for tops without inlays. Standard base finish is COLORA colors. Tables are 29" high.

Specify: model number – top finish – edge profile and finish – inlay color (if applicable) – base finish – options, see opposite below

• Self Edge Laminate available at same price as Vinyl Edge.

POWER AND COMMUNICATION MODULES • CABLE MANAGEMENT COMPONENTS

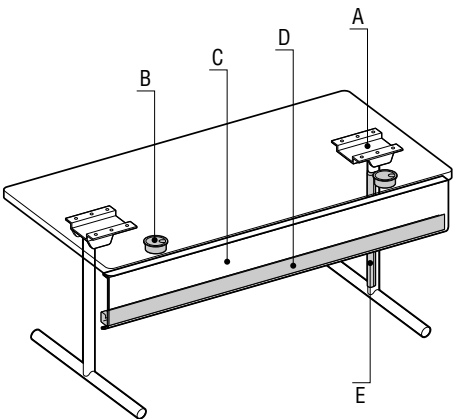

Training and Modular Tables in fix or folding base and flip top configurations offer convenient access to power, voice and data outlets and incorporate vertical and horizontal wire management components. Cables are accommodated within the base cavities, removable plastic cover strips allow access to wireways. Small and Large Wire Managers and J Modesty/Wire bin provide horizontal wire routing. Daisychaining available with most factory installed surface power/communication units reduce the need for multiple core drills.

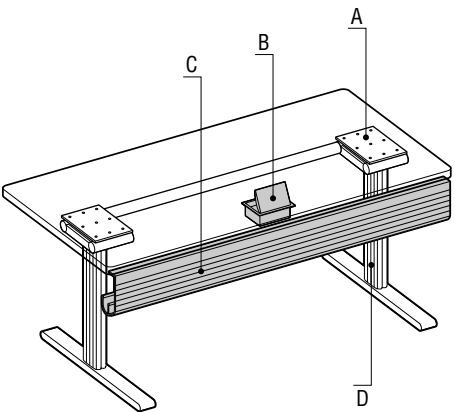

Tubular C Base • Fixed

GOSH! TRAINING and MODULAR

Surface power units in various positions and cabling components are illustrated for various modular shapes.

Training Tables featuring power units and leg wire management require single or multiple floor plugs depending on extent of daisy chaining.

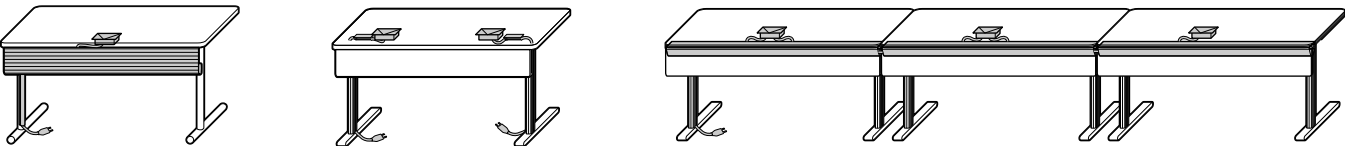

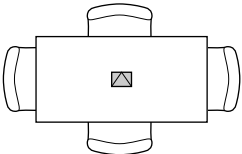

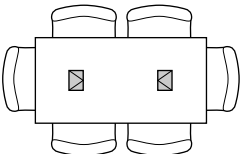

TABLE TOP POWER AND GROMMET LOCATION GUIDE

To specify power/communication units and/or grommets on table tops, simply indicate illustration code and number of units. Alternate locations are available. All units are factory installed.

- Self Edge Laminate available at same price as Vinyl Edge.
- Black Lockable Casters (3” dia.): \$42.00 per C Base. Always recommended for Flip Top tables.
- Option: Infinity Lockable Casters: \$92.00 per C Base.
- Standing Height, 40" or 42": \$139.00
- *• 60” long folding tables have narrow range of suitable Surface Power Units based on location(s) and quantity - please inquire

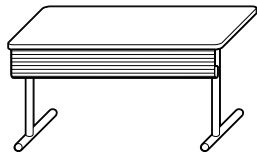

GOSH! TUBULAR C BASE TABLES • TRAINING

See GOSH! FINISHES, and refer to VENEER, COLORA and VINYL CARDS and laminate manufacturers’ sample boards for selection of top, edge and base finishes. Laminate tops with wood or COLORA edge feature 1/8" dia. vinyl inlay in COLORA between top surface and edge. Please inquire for feasibility and pricing for tops without inlays. Standard base finish is COLORA colors; polished and satin chrome are available at upcharge. Modesty panels are in COLORA colors. Tables are 29" high.

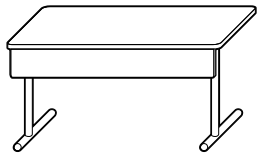

Specify: model number – top finish – edge profile and finish – inlay color (if applicable) – base finish – modesty finish – options, see opposite below

ITEM	DIMENSIONS	
WITHOUT MODESTY PANEL		
981-4220	42" x 20"	
981-4820	48" x 20"	
981-6020	60" x 20"	
981-7220	72" x 20"	C-Bases located 6" from end of table (non-folding only)
981-4224	42" x 24"	
981-4824	48" x 24"	
981-6024	60" x 24"	
981-7224	72" x 24"	
981-4830	48" x 30"	
981-6030	60" x 30"	
981-7230	72" x 30"	

WITH J MODESTY PANEL (REMOVABLE)		
Extruded aluminum modesty panel in ribbed pattern features a large wire management tray. 7 1/2" high. Removable (without tools) for folding base tables.		
982-4220	42" x 20"	
982-4820	48" x 20"	
982-6020	60" x 20"	
982-7220	72" x 20"	C-Bases located 6" from end of table (non-folding only)
982-4224	42" x 24"	
982-4824	48" x 24"	
982-6024	60" x 24"	
982-7224	72" x 24"	
982-4830	48" x 30"	
982-6030	60" x 30"	
982-7230	72" x 30"	

WITH FLAT FIXED MODESTY		
Flat aluminum modesty panel fixed to table top, 9" high.		
985-4220	42" x 20"	
985-4820	48" x 20"	
985-6020	60" x 20"	
985-7220	72" x 20"	C-Bases located 6" from end of table (non-folding only)
985-4224	42" x 24"	
985-4824	48" x 24"	
985-6024	60" x 24"	
985-7224	72" x 24"	
985-4830	48" x 30"	
985-6030	60" x 30"	
985-7230	72" x 30"	

WITH FLAT FOLDING MODESTY		
Utilized with Folding Base or Flip Top options - add costs. Flat aluminum modesty panel is 9" high and folds over bases in folded position or over table underside with flip top option.		
984-6024	60" x 24"	C-Bases located 6" from end of table (non-folding only)
984-7224	72" x 24"	
984-6030	60" x 30"	
984-7230	72" x 30"	

BRIDGE TOP - Connector plates included		
90-deg PIE		
996-20	20" R x 20"	
996-24	24" R x 24"	
996-30	30" R x 30"	

45-deg PIE		
997-20	20" R x 20"

WHITBY BY PRISMATIQUE

SPECIALTY TABLES

FEATURES

- > Laminate, COLORA and Wood Veneer tops are 3/4” thick medium or high density particleboard core edged with hardwood or self-edged (Colora tops) available in two profiles.
- > Table bases are solid maple, offered in clear or stained finishes or sprayed in COLORA colors.
- > Whitby leg to apron connections feature steel brackets to ensure durability.
- > Surface Power and Communication Units, wire management and other options are listed on pages 10 & 11.

FINISHES

Plastic Laminates

High Pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and at standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers, such as Laminart or Abet, please call us for a quote. Laminate tops have Square or Bevel profile wood edge with 1/8” dia. COLORA inlays.

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. All table tops in plastic laminates, with wood edges feature 1/8” dia. inlay in matching or contrasted COLORA color. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$289.00 NET per color mix.

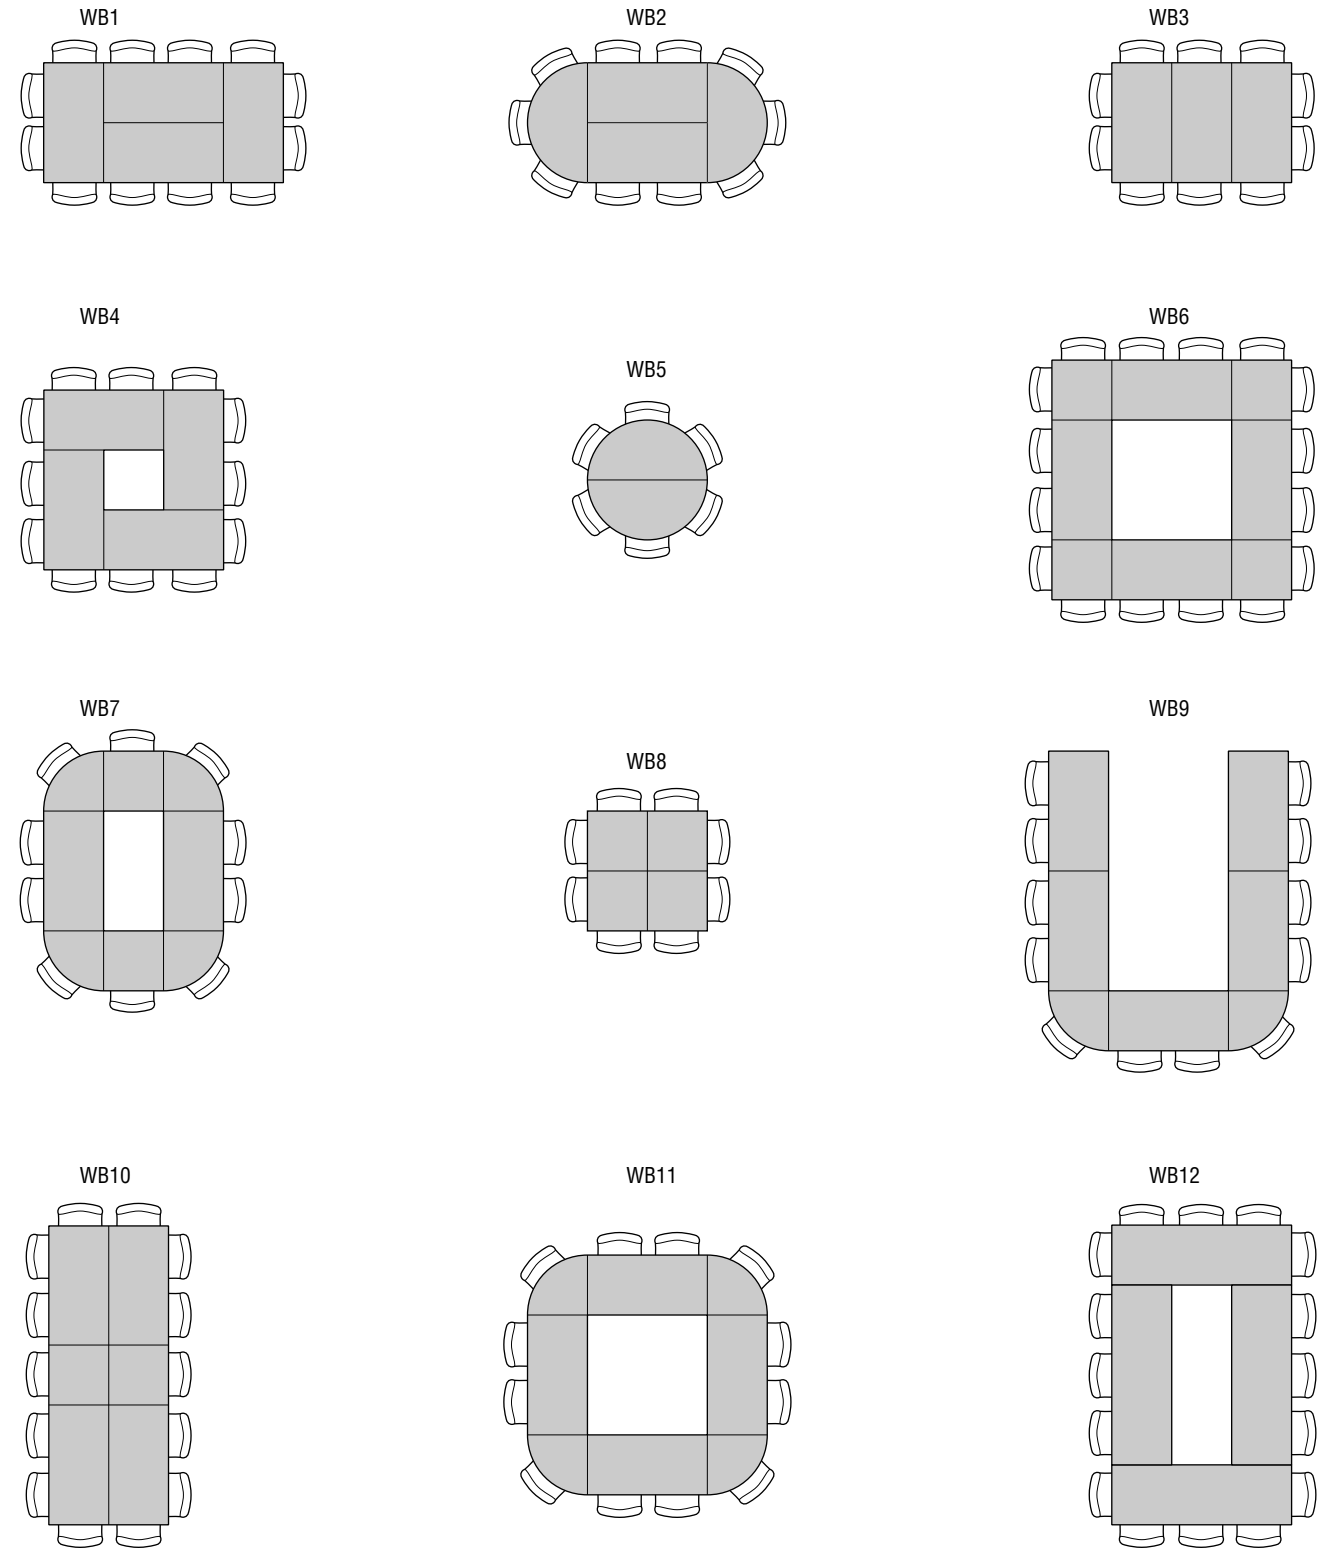

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatic offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

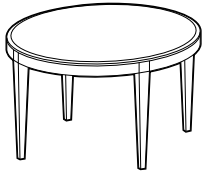

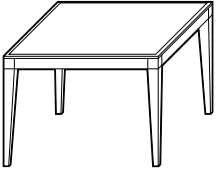

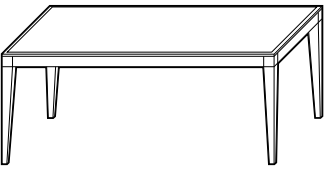

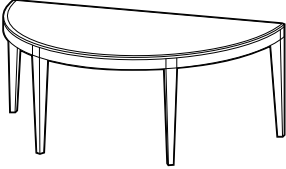

TABLE TOP – EDGE CONFIGURATIONS

COLORA Tops, 3/4” Thick		Laminate Tops, 3/4” Thick		Wood Veneer Tops, 3/4” Thick	
	Square COLORA Edge		Square Wood Edge 1/8” dia. COLORA Inlay		Square Wood Edge
	Bevel COLORA Edge		Bevel Wood Edge 1/8” dia. COLORA Inlay		Bevel Wood Edge

Seating capacity based on 24”or 25” wide chairs, 4” to 5” apart. Scale: 1/8” - 1”

Whitby base is solid maple stained to match veneer top or wood edge of laminate top or may be specified in COLORA colors. See VENEER and COLORA cards and laminate manufacturers' sample boards to select finishes. Table tops in COLORA, veneer and laminates are available in Square or Bevel edge profiles. Chair clearance is 26" H.
Specify: model number - top and base finish(es) - edge profile - if applicable, inlay finish - power and comm. options, see pages 10 & 11

FINISHES - TABLE TOPS

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$263.00 NET per color mix.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatique offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Glass

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Prismatique offers 1/2” or 3/4” thick glass tops which are clear or sandblasted. Also painted back glass (PBG) consisting of 1/4” starphire glass silicone adhered to 1” thick MDF subtop. Available with clear and matte color finish.

Stone

Standard marble and granite varieties are shown in the STONE CARD. Prismatique will make available most stones specified by customer, often at no up-charge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish.

FINISHES - BASE METAL PRODUCTS

Occasional table bases and metal drums are made of high grade steel, buffed and plated or sprayed in COLORA colors. Plated finishes include polished or satin chrome. Metal cube tables are stainless steel sheets applied to wood cores. Metal drums are available in stainless steel for quantity orders. Custom COLORA charge is NET \$289 per match.
