Notes

Neo-angle Shower Bases

- Innovative, patented manufacturing process yields an extremely durable unit with acrylic-like surface features
- Soft contours, rounded corners and edges along with classic, rippled design produces an attractive, contemporary unit
- Non-porous surface is stain, thermal and shock resistant
- Integrally molded drain included: complete with compression gasket and stainless steel strainer simplifying installation process
- Reinforced for added strength
- Easy to clean special cleaning chemicals not required
- Slip-resistant surface

Our Private Label
Products have a distribution
expertise that is unrivaled.
And our one-stop shopping
for building products is the
height of convenience. But
there is one thing we supply
that building professionals
have come to rely on again
and again for over

50 years – **our people**.

Our associates make certain you can depend on Ferguson – where friendly service, expertise, and a willingness to go the extra mile are never in short supply.

Today more than ever, professional contractors are relying on the benefits that our Private Label products offer. Look to PROFLO, FNW, PROSELECT, LIGHTEK, RAPTOR and Monogram Brass for products that offer high quality construction, great availability, and exceptional value for your next project.

Tubing

Polyethylene

- Non potable HVAC
- · Low density
- Operating temperature range 60 °F to 175 °F
- FDA approved for drinking water
- Used for ice makers, water softeners and many other applications using normal household water pressure
- Resists many acids, alkalis and most organic solutions
- Recommended connectors: plastic or brass inserts with outer sleeves, ferrules, or clamps
- White tubing
- *For available fittings please reference Rough/Brass Adapters & Hose Fittings

Icemaker Drain Kit

Vinyl Tubing

- Includes self tapping saddle/needle valve and 25' of 1/4" plastic tubing
- Connecting from water line to appliance with ¹/₄" compression adapter

No. PFBC96

Distribution Unit

- Provides a simple and positive means to prime multiple floor drains using only one trap priming valve
- Should be mounted level
- The fresh water supply line running from the distribution unit to the trap must be a minimum of 1/2" OD copper tube
- PVC body

No. PFPDUU

Prime-Rite Valve

- Primes: up to 4 floor drains
- Pressure drop of 5 to 10 PSIG (35 to 70 KPA) required to activate the priming valve
- Operating range is 35 to 75 PSIG (245 to 525 KPA)
- Machined from CDA 360 corrosion resistant brass
- Piston operated, contains no springs or diaphragms
- UPC and ASSE 1018 approved
- Made in the USA

 No.

We would like you to know about our commercial / mechanical / industrial brand of plumbing products called FNW. This line features a wide variety of valves, actuation, gauges, hangers, water hammer arrestors and more to meet the specialized needs of mechanical contractors. FNW offers superior technical support, distribution center availability, and of course great value. Let us help you specify FNW for your next project.

Pipe Clamps

Half Clamps

- Gray polypropylene plastic
- Provide fast and easy installation and support for all types of copper tube size piping
- Eliminates contact between the pipe and framing surface
- Insulates against sound
- Can be used with hydronic heating systems
- Includes barb nail
- UPC and IAPMO approved

No.	Size
PF34240	1/2"
PF34241	3/4"
PF34242	1"

Pipe Clamps

Insulated

- · Low density polyethylene
- Provide fast and easy installation and support for all types of copper tube size piping
- Impact resistant to 0 °F
- Maximum temperature 180 °F
- Eliminates contact between the pipe and framing surface
- Insulates against sound
- Can be used with hydronic heating systems
- UPC and IAPMO approved

No.	Size
PF34256	1/2"
PF34257	3/4"
PF34258	1"

Pipe Clamps

Standard

- Gray polypropylene plastic
- Provide fast and easy installation and support for all types of piping
- Permits quick pipe cooling and reduces water noise

 Desired the state of the flow account of the flow
- Design allows piping to be flush mounted to the wall and joists
- Can be used with hydronic heating systems
- UPC and IAPMO approved

No.	Size
PF34253	1/2"
PF34254	3/4"
PF34255	1"
PF34263	1 ¹ /4"
PF34264	1 ¹ /2"
PF34265	2"

Pipe Clamps

Suspension

- Gray polypropylene plastic
- Provide fast and easy installation and support for all types of copper tube size piping
- Can be used as an insulator when running water distribution lines through wooden framing
- Can be used with hydronic heating systems
- UPC and IAPMO approved

No.	Size
PF34250	1/2"
PF34251	3/4"
PF34252	1"
PF34260	1 ¹ /4"
PF34261	1 ¹ /2"

Pipe Support Brackets

Copper Bonded Steel Brackets

- Holes on 4" (101.6mm) centers to position ¹/₂" (12.7mm) and ³/₄" (17.7mm) pipes
- Positions copper water supplies for sinks, water closets, and other fixtures
- 16-gauge, copper bonded steel

No.	Size
PFCB20DF	20"
PFCB26DF	26"

Pipe Support Brackets

Copper Bonded Steel Brackets

- Heavy 16-gauge, copper-bonded steel
- 1/2" (12.7mm) holes on 2" (50.8mm) centers
- Designed to position copper water supplies for sinks, lavatories, and other fixtures

No.	Size
PFCB20D	20"
PFCB26D	26"

Pipe Support Brackets

Copper Bonded Steel Brackets

- Supports ³/₄" (17.7mm) and 1" (25.4mm) copper tubing
- Supports stub-outs for hot water tanks, urinals, and other fixtures
- Heavy 16-gauge, copper bonded steel

No.	Size
PFCB20FG	20"
PFCB26FG	26"

Pipe Support Brackets

Copper Bonded Steel Bracket with Extruded Holes

- PFCBE20D has ⁵/₈" (14.7mm) holes on 2" (50.8mm) centers
- \bullet PFCBE26DF has $^5/8''$ (14.7mm) holes on 2" (50.8mm) centers and two $^7/8''$ (19.8mm) holes on 8" (203.2mm) centers
- Positions copper water supplies for sinks, water closets, and other fixtures
- 16-gauge, copper bonded steel

No.	Size
PFCBE20D	20"
PFCBE26DF	26"

Pipe Support Brackets

Adjustable Length Copper Bonded Steel Bracket

- Rolled side edges and extruded holes
- \bullet Holes on 2" (50.8mm) centers to position $^1\!/\!^2$ (12.7mm) copper pipe
- Holes on 4" (101.6mm) centers to position 3 /4" (17.7mm) and 1" (25.4mm) copper pipe
- Versatile bracket positions sinks, lavatories, flush valves, water heaters, and other fixtures
- 24 gauge copper bonded steel

No.	Size
PFCBRE20DFG	20"
PFCBRE26DFG	26"

Pipe Support Brackets

Copper Bonded Steel Water Line Support

- 16-gauge, copper bonded steel
- Supports both ¹/₂" (12.7mm) and ³/₄" (17.7mm) pipes
- Fits within a 31/2" (88.9mm) wall
- · Positions water supplies for lavatories and other fixtures
- 1/2" (12.7mm) notches provide 4"(101.6mm) , 6" (152.4mm) or 8" (203.2mm) centers
- 3/4" (17.7mm) notches provide 4" (101.6mm) or 8" (203.2mm) centers

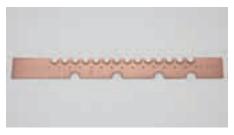

No. PFCHVBDF

Pipe Support Brackets

Copper Bonded Steel Bracket with Extruded Notches

- 16-gauge, copper bonded steel
- Extruded notches run ½" (12.7mm) tubing on 1" (25.4mm) centers and ¾" (17.7mm) tubing on 4" (101.6mm) centers

No.

PFCNB20DF

Pipe Support Brackets

Stub-out Mounting Bracket

- 16-gauge, copper bonded steel
- Positions 1/2" (12.7mm) or 3/4" (17.7mm) copper tube
- \bullet Mounts $^{1}/^{2}{''}$ (12.7mm) stub-outs exactly $6{''}$ (152.4mm) from the floor
- Additional $^{5}/8''$ (17.4mm) holes at $2^{1}/4''$ (54.3mm) and $4^{3}/4''$ (119mm)
- Single ⁷/8" (19.8mm) hole at 3¹/2" (88.9mm) for hose bib, etc.
- Bracket also functions as a nail plate

No. PFCSB6

Pipe Support Brackets

Copper Bonded Steel Water Line Support

- 16-gauge, copper bonded steel
- 1/2" (12.7mm) notches on 1" (25.4mm) centers
- Fits within a 31/2" (88.9mm) wall
- Positions water supplies for lavatories and other fixtures
- 4" (101.6mm), 6" (152.4mm) or 8" (203.2mm) centers

No.

Pipe Support Brackets

Galvanized Steel Brackets

- 20-gauge
- Supports dual lines of ¹/₂" (12.7mm), ³/₄" (17.7mm), or 1" (25.4mm)copper, PEX, or CPVC tubing at 2" (50.8mm) center line height
- Hole pattern on 90° base allows for attachment to any flat surface
- Bracket can be suspended by 3/8" (9.4mm) threaded rod
- Inserts made by other manufacturers

No. PFGABDFG

Pipe Support Brackets

Galvanized Steel Bracket

- Designed exclusively to support CPVC piping
- 20 gauge galvanized steel
- 25 pound load rating
- Rolled edges for extra strength
- Inserts made by other manufacturers

No.

PFGB20DF PFGB26DF

Pipe Support Brackets

Galvanized Steel Bracket with Keyed Holes

- Supports ¹/₂" (12.7mm), ³/₄" (17.7mm) and 1" (25.4mm) copper tubing
- Supports stub-outs for hot water tanks, urinals, and other fixtures
- 14 gauge galvanized steel
- · Inserts made by other manufacturers

No. PFGB20 PFGB26

Pipe Support Brackets

Copper Bonded Steel Bracket

- 16-gauge, copper bonded steel
- Holes on 2" (50.8mm) centers to position ¹/₂" (12.7mm) copper tubing and holes on 4" (101.6mm) centers to position ³/₄" (17.7mm) and 1" (25.4mm) copper tubing

PF42929	3" or 4" Pipe Fit	ABS

Cleanouts

Cleanout Assemblies

- 31/2" IPS barrel threads
- Anti-skid scoriated surface
- ISO 9001
- Medium duty—safe live load between 2000 lbs and 4999 lbs
- Barrel assembly adjusts to meet the finished floor height
- PVC base dimensions and materials meet ASTM D2665
- ABS base dimensions and materials meet ASTM D2661
- Includes 53/4" Brass cover with 6" brass ring

No.	Size	Material
PF42807	4"	PVC
PF42927	4"	ABS

Yard Hydrants

Frost Proof - Standard Duty

- Lever control with variable flow
- Heavy-duty solid brass hose adapter
- Pipe and threads are galvanized to prevent rust
- Head and lever can be padlocked when not in use to prevent unauthorized
- Metal gland and packing nut included
- Drains below the frost line once hydrant is shut off
- Inlet: 3/4" NPT in brass casting
- Outlet: 3/4" brass hose thread
- Graphite packing
- Brass and molded rubber plunger made of self-lubricating material
- 1" galvanized pipe
- Overall length is 28" plus bury depth (bury depth is stenciled on pipe)

Yard Hydrants

Frost Proof - Premium Duty

- ADA, IBC, ICC/ANSI and Canada-Barrier Free Compliant
- Installs Quick and Easy with Velcro®
- Universal flexible design fits virtually all P-Trap assemblies
- Valve & supply has a soft flexible design that allow for over 360° flexibility
- Smooth high gloss finish with UV, antimicrobial/antifungal properties
- Optional non-abrasive snap fasteners offer extra tamper resistance and arereusable
- PVC insulation material is Class A Fire Rated and meets ASTM E84 with a 25 Flame and 450 Smoke rating.

We would like you to know about our commercial / mechanical / industrial brand of plumbing products called FNW. This line features a wide variety of valves, actuation, gauges, hangers, water hammer arrestors and more to meet the specialized needs of mechanical contractors. FNW offers superior technical support. distribution center availability, and of course great value. Let us help you specify FNW for your next project.

Ball Valves

Pump Kit

Simplex Sewage

- \bullet $^{1}/_{2}$ HP cast iron sewage pump (PF93511)
- 2" discharge
- Handles 2" spherical solids
- Vertical float switch
- Non-clogging vortex impeller
- Will handle temperatures up to 120°F
- · Stainless steel fasteners
- UI listed
- Pre-plumbed system includes: ¹/₂ HP cast iron sewage pump (PF93511), 18" X 30" Structural foam basin with cover and 2" X 30" of PVC pipe

No. PF93020

Pump Kit

Remote Sink/Drain

- \bullet $^{1}\!/_{3}$ HP cast iron pump with vertical float switch
- 11/2" Discharge
- Handles 3/8" solids
- Passes laundry lint
- Non-clogging impeller
- Will handle temperatures up to 120°F
- Pumps up to 46 GPM
- Stainless steel fasteners
- 10' Power cord
- UL listed
- Pre-assembled system includes: ¹/₃ HP cast iron sump pump (PF92341), 15" × 13"/2" structural foam basin with cover and 1"/2" check valve (PFCVJH)
- Pre-assembled with an 8" length of PVC pipe. Just connect drain, discharge and vent pipe.

Automatic Sump Pump with Vertical Float

- 1/3 HP thermoplastic automatic sump pump with vertical float
- Submersible sump pump for typical residential applications
- Comes with 10' power cord with piggyback plug (on switch cord)
- 4.1 amps, 486 watts
- · Maximum head of 25 feet
- Maximum flow rate of 40 GPM
- 3450 RPM
- · Permanent split capacitor motor
- SJE Rhombus vertical float switch
- Liquid temperature range 32°-120°F
- Pumps down to 1/2" of the floor
- Handles ¹/₈" solids
- Thermoplastic Sump & Utility Pumps 1-year limited

Cast Iron Sump Pump with Base

- ¹/₃ HP cast iron submersible sump pump with side discharge - vertical float
- Submersible sump pump for typical residential and commercial applications
- Comes with 10' power cord
- 7.6 amps, 912 watts
- · Maximum head of 25 feet
- Maximum flow rate of 60 gpm
- Permanent split capacitor motor
- SJE Rhombus vertical float switch
- 1750 RPA
- Liquid temperature range 32° 120°F
- Discharge size 11/2" FNPT
- Handles 1/2" solids
- Plastic base prevents pump from clogging & switch malfunction

No. Color PF92352PB Polished Brass

Cast Iron Sump Pump with Check Valve and Side Discharge

ABS

- 1/3 HP cast iron submersible sump pump with side discharge vertical float
- Submersible sump pump for typical residential and commercial applications
- Comes with 10' power cord
- 7.6 amps, 912 watts
- Maximum head of 25 feet
- Maximum flow rate of 60 GPM
- Includes check valve, discharge pipe & base
- · Permanent split capacitor motor
- SJE Rhombus vertical float switch
- Liquid temperature range 32°-120°F
- Handles 1/2" solids
- Cast Iron & Utility Pumps 3-year limited warranty

Our Private Label Products have a distribution expertise that is unrivaled. And our one-stop shopping for building products is the height of convenience. But there is one thing we supply that building professionals have come to rely on again and again for over 50 years — **our people**. Our associates make certain you can depend on Ferguson — where friendly service, expertise, and a willingness to go the extra mile are never in short supply.

Cast Iron Sump Pump with Check Valve and Side Discharge

PVC

- · Comes complete with pump, base, check valve & PVC discharge pipe
- 1/3 HP cast iron sump pump with side dischargevertical float
- Submersible for typical residential and commercial
- Comes with 10' power cord
- 7.6 amps, 912 watts
- · Maximum head of 25 feet
- Maximum flow rate of 60 gpm
- Permanent split capacitor motor
- · SIE Rhombus vertical float switch
- 1750 RPM
- Liquid temperature range 32° 120°F
- Discharge size 11/2" FNPT
- Handles 1/2" solids

PFTG92352P

Cast Iron Sump Pump with Side Discharge

- 1/3 HP cast iron submersible sump pump with side discharge - vertical float
- · Submersible sump pump for typical residential and commercial applications
- Comes with 10' power cord
- 7.6 amps, 912 watts
- Maximum head of 25 feet
- Maximum flow rate of 60 GPM
- · Permanent split capacitor motor
- SJE Rhombus vertical float switch
- 1750 RPM
- Liquid temperature range 32°-120°F
- Handles 1/2" solids

No.	Discharge Size
PF92352	1 ¹ /2" FNPT

Cast Iron Sump Pump with Side Discharge

- 1/2 HP cast iron submersible sump pump with side discharge - vertical float
- Submersible sump pump for typical residential and commercial applications
- Comes with 10' power cord
- 7.6 amps, 912 watts
- · Maximum head of 25 feet
- Maximum flow rate of 70 GPM
- Permanent split capacitor motor
- SJE Rhombus vertical float switch
- Liquid temperature range 32°-120°F
- Handles 1/2" solids

Discharge No. PF92511 1¹/2" FNPT

Sump Pump Base Only

- Use instead of bricks to raise pump off bottom of basin
- Mounts directly to pump base
- · Prevents sediment and debris from entering pump
- · Helps prevent switch malfunction
- Made of durable ABS
- · Fits all PROFLO submersible pumps except for sewage

PF99500

Thermoplastic Pedestal Pump

- 1/3 HP thermoplastic pedestal sump pump
- Pedestal sump pump for typical residential applications
- 2.76 amps, 287 watts
- · Maximum head of 20 feet
- Maximum flow rate of 50 GPM
- Fully adjustable, auto switch w/ polypropylene float
- Permanent split capacitor motor
- 1800 RPM
- Air cooled motor
- Handles 3/16" solids
- Thermoplastic Sump & Utility Pumps 1-year limited

Discharge No. 1¹/4" FNPT PF92333

Thermoplastic Sump Pump with Vertical Float

Automatic

- 1/4 HP thermoplastic automatic sump pump with vertical float
- Submersible sump pump for typical residential applications
- Comes with 10' power cord with piggyback plug (on switch cord)
- 3.8 amps, 370 watts
- Maximum head of 25 feet
- · Maximum flow rate of 30 GPM
- 3450 RPM
- Permanent split capacitor motor
- · SJE Rhombus vertical float switch • Liquid temperature range 32°-120°F
- Handles ¹/₈" solids
- Thermoplastic Sump & Utility Pumps 1-year limited

No.	Size
PF92260	1 ¹ /4" MNPT & 1 ¹ /4" FNPT

Thermoplastic Utility Pump

- 1/5 HP submersible utility pump w/ 10' cord
- Submersible utility pump for typical residential & commercial applications
- General water transfer, fountains & ponds, farm use, drain a basement
- 3.6 amps, 352 watts
- Maximum head of 25 feet
- · Maximum flow rate of 26 GPM
- Liquid temperature range 32°-120°F
- Pumps down to 1/4" of the floor
- Handles 1/8" solids
- Thermoplastic Sump & Utility Pumps 1-year limited

No.	Discharge Size

Your Piping Products Source

Since FNW was established in 1979, it has been dedicated to providing quality products for industrial and commercial applications. With a basic philosophy to provide a product suited to the needs of the end user, FNW has built a product offering with an innovative approach to the market and has continued to grow its product range to meet those needs. If you do not see the type or size of item needed for your application, please contact us.

Main Office: 4120 NE Columbia Blvd, Portland, OR 97211 Phone (503) 287-8383, Fax (503) 281-9677

We continue to add products that may not be reflected in this catalog. Therefore, please visit our website at www.FNW.com for updates and the latest additions to our product offerings.

PRODUCTS

Figure 60R KNIFE GATE VALVE FOR ABRASIVE APPLICATIONS

- CAST CS BODY/YOKE/FOLLOWER
- RESILIENT SEAT
- POP-OUT SLEEVE-LINED
- BI-DIRECTIONAL SHUTOFF
- UP TO 100 PSI CWP
- SIZES 3" 30"

Figure 61B LINED KNIFE GATE VALVE, METAL SEATED

- CAST DI BODY/SS LINED
- METAL SEAT
- SS WETTED PARTS
- UNI-DIRECTIONAL SHUTOFF
- ECONOMY VALVE FOR MANY APPLICATIONS
- SIZES 3" 24"

- 33/8" centerset
- Combination union inlet 1/2" threaded or solder
- · Clamp-type mounting
- Solid brass waterways
- Renewable seats and stems
- · Rough brass body
- Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO listed

Two Handle Laundry Faucets

- 33/8" centerset
- Solid brass waterways
- · Renewable seats and stems
- Code pattern gooseneck spout
- Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO listed

Two Handle Laundry Tray Faucets

- · Washerless design
- 4" centerset
- 8" spout
- · Renewable seats and springs
- · Aerator/hose thread connection
- · Solid brass waterways
- Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO listed
- · Available Parts For PF7002A Only:

PF141191PK - Seat and spring set (2 each)

PF141192PK - Hot cartridge PF141199PK - Cold cartridge

PF141342PK - Hot acrylic handle

PF141392PK - Cold acrylic handle PF141344PK - Hot and cold button set

No.	Finish	Handles

PF7002M	Chrome	Metal

Utility Faucets

• 1/2" FIP connection

PROFLO

- Female threaded; with hose end spout
- Solid brass waterways
- Renewable seats and stems
- Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO listed

No. Finish PF760HECP Chrome

Utility Faucets

- 1/2" MIP connection
- Solid brass waterways
- · Renewable seats and stems
- · Male threaded
- Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO listed

No. Finish PF765 Chrome

Utility Service Sink Faucets

- Vacuum breaker
- Integral stops
- 3/4" hose thread on spout
- Solid brass waterways
- Renewable seats and stems
 Meets ANSI: A112.18.1M
- NSF/ANSI Std. 61 compliant
- UPC/IAPMO
- Available Parts:

PF141553PK - Vacuum breaker PF141554PK - Hold/Cold stem

No. Finish PF1118 Chrome

Our Private Label

Products have a distribution expertise that is unrivaled. And our one-stop shopping for building products is the height of convenience. But there is one thing we supply that building professionals have come to rely on again and again for over 50 years – **our people**. Our associates make certain you can depend on Ferguson – where friendly service, expertise, and a willingness to go the extra mile are never in short supply.

Notes	

Distribution Unit

- Provides a simple and positive means to prime multiple floor drains using only one trap priming valve
- · Should be mounted level
- The fresh water supply line running from the distribution unit to the trap must be a minimum of 1/2" OD copper tube
- PVC body

No. PFPDUU

Prime-Rite Valves

- Primes: 1 or 2 floor drains
- Delivers potable water to seldom used floor drains
- Pressure drop of 5 to 10 PSIG (35 to 70 KPA) required to activate the priming valve
- Operating range is 35 to 75 PSIG (245 to 525 KPA)
- · Machined of corrosion resistant brass
- Piston operated, contains no springs or diaphragms
- UPC and ASSE 1018 approved
- Made in the USA

No.	Size
PFP1500	1/2"

Baseboard Registers

- All-steel construction
- 1/3" spaced fins set at 20°
- 7/8" margin turnback
- 15/8" depth when fully opened
- Exceptional free area
- Ideal for shallow duct installations
- Multi-shutter valve
- Screws included
- · Available in white only
- 1-year limited warranty

No.	Size
PSBBR783W10U	10" × 6"
PSBBR783W14U	14" × 6"

Four-Way Sidewall/Ceiling Registers

- Stamped steel welded construction
- 1/2" spaced fins at 40°
- · For both sidewall and ceiling applications
- Ideal for shallow duct installation
- Integral multi-shutter damper
- · Available in white only
- · Screws included
- · 1-year limited warranty

No.	Size
PS4WWUU	6" × 6"
PS4WWXX	$8'' \times 8''$
PS4WW1010	10" × 10"
PS4WW1212	12" × 12"
PS4WW1414	14" × 14"

Four-Way Curved Sidewall/Ceiling Registers

- Stamped steel welded curved blade construction
- For both sidewall and ceiling applications
- Integral multi-shutter damper
- Heights 10" and larger require double valves
- Screws included
- · Available in white only
- 1-year limited warranty

No.	Size
PS4CWUU	6" × 6"
PS4CWXX	$8'' \times 8''$
PS4CW1010	10" × 10"
PS4CW1212	12" X 12"
PS4CW1414	14" × 14"

Four-Way Aluminum Ceiling Diffusers

- All-aluminum face construction
- · Cores flush with margin
- 4-way air diffusion
- Face mount for easy installation
- For sidewall or ceiling application
- Multi-shutter or opposed-blade dampers
- Inconspicuous fingertip lever for air volume control
- Screws included
- · Available in white only
- 1-year limited warranty

No.	Size
PSA4WUU	$6'' \times 6''$
PSA4WXX	$8'' \times 8''$
PSA4W1010	10" × 10"
PSA4W1212	12" × 12"

Round Ceiling Diffusers

- All steel construction
- \bullet Concentric rings deflect air stream 360° for maximum performance
- Available in white only
- 1-year limited warranty
- Screws included

No.	Size
PSRCDWU	6"
PSRCDWX	8"
PSRCDW10	10"
PSRCDW12	12"

Round Dampers

- Screws included
- Available in brown only
- 1-year limited warranty
- Adjustable butterfly damper with removable handle included

No.	Size
PSDBU	6"
PSDBX	8"
PSDB10	10"
PSDB12	12"

Round Ceiling Dampers

- All steel construction
- Controls air volume evenly over entire PSRCD diffuser
- Removable knob operator for adjustment from closed to fully open
- Nylon screw mechanism
- Screws included
- · Available in brown finish only
- 1-year limited warranty

No.	Size
PSRDRU	6"
PSRDRX	8"
PSRDR10	10"
PSRDR12	12"

Duct Rings

- All steel construction
- To be used with PSRCD diffuser for easy installation
- Provides for easy attachment of round duct work
- Screws included
- Available in brown only
- 1-year limited warranty

No.	Size
PSDRU	6"
PSDRX	8"
PSDR10	10"
PSDR12	12"

Baseboard Diffusers

- · All steel welded construction
- Design blankets both wall or window areas
- Lever operated multi-shutter damper
- Screws included
- 1-year limited warranty

No.	Size	Color
PSBBDB18	18"	Brown
PSBBDW15	15"	White
PSBBDW18	18"	White

Aluminum Three-Way Ceiling Diffusers

- All-aluminum face construction
- Cores flush with margin
- 3-way air diffusion
- Face mount for easy installation
- For sidewall or ceiling application
- Multi-shutter or opposed-blade dampers
- Inconspicuous fingertip lever for air volume control
- Screws included
- Available in white only
- 1-year limited warranty

No.	Size
PSA3WUU	6" × 6"
PSA3WXX	$8'' \times 8''$
PSA3W1010	10" × 10"

PROSELECT and RAPTOR products offer high quality, great availability, and excellent value. Make sure PROSELECT and RAPTOR are in your truck and on your jobs.

Floor Diffusers

- All steel welded construction
- Heavy gauge steel construction for floor use
- Multi-angled fin setting
- Foot-operated, opposed blade damper
- Screws included
- Available in white and brown
- 1-year limited warranty

No.	Size	Color
PSFDBK10	2" × 10"	Brown

Condensate Pumps

Medium

Applications

- The PSCP Series is a fully automatic condensate removal pump with ¹/₂ gallon capacity.
- The series features a vertical-type pump with stainless steel motor shaft, rust proof, high-impact ABS volute, tank and motor cover, 3 drain holes, removable ³/₈ O.D. barbed check valve.
- (WS) models include a safety switch that can be connected to shut down the air conditioner condenser or wired to an alarm to warn of possible tank overflow.

Features

- Automatic snap-action switch (WS model)
- 1/2 gallon rustproof, high impact ABS tank
- Removable 3/8" barbed check valve
- · New generation float arm for enhanced reliability
- Reversible tank cover with 3 inlet drain holes for flexible installation
- Intermittent liquid temp. up to 120°F
- Compact design for easy installation
- 6' cord with 3-pronged plug
 Thermal overload protection
- One year limited warranty
- Construction: Discharge 3/8" O.D. barbed
- Housing, Cover & Volute: ABS
- Impeller: Glass filled polypropylene
- Rated for high-efficiency gas furnace applications that produce an acidic condensate
- UL and CSA listed with thermally protected motor

No.	Motor
PSCP15WS	¹ /50 HP, 115V
PSCP20WS	¹ /30 HP, 115V
PSCP20WS230	¹ /30 HP, 230V

Condensate Pumps

Medium with Tubing

- \bullet Includes 20' of $^3/8^{\prime\prime}$ ID vinyl tubing
- Automatic 115 volt snap-action switch
- 1/2 gallon rustproof, high impact ABS tank
- Removable ³/8" barbed check valve
- · New generation float arm for enhanced reliability
- Reversible tank cover with 3 inlet drain holes for flexible installation
- Intermittent liquid temp. up to 120°F
- · Compact design for easy installation
- 6' cord with 3-pronged plug
- Thermal overload protection
- One year limited warranty
- Construction: Discharge 3/8" O.D. barbed
- Housing, cover & volute: ABS
- Impeller: glass filled polypropylene
- Rated for high-efficiency gas furnace applications that product an acidic condensate
- UL and CSA listed with thermally protected motor

Condensate Pumps

Large

- · Galvanized steel tank cover
- ABS tank, volute and switch cover
- 1 gallon tank capacity
- · Stainless steel shaft
- Snap-action switch
- Safety switch
- Thermal overload protection
- 3/8" (9.5 mm) discharge copper tube
- 6' power cord with 3 prong molded plug
- UL/CSA listed

No.	Motor
PSCP45WS	¹ / ₅ H, 115 V

Condensate Pumps

Mini Split, Ductless

- For intermittent operation, maximum 50% duty cycle
- Condensate produced in application must be no more than half the pump's flow rate for any given head
- Use with most mini-split air conditioning units up to
- Self-priming pump can be placed up to 3' (0.9 m) above reservoir
- Kit includes suction tubing, vent tubing, drain tubing, tubing adaptorand safety switch

PSCPMS115 PSCPMS230

Condensate Pump Safety Switch

- Can install switch to activate audible and/or visual alarm
- ABS housing
- Polyethylene float
- · Low voltage
- 72" leads
- Lead wires
- · UR/CSA listing

PSCP72OFSS

Cable Ties

- · High tensile strength
- Manufactured from type 6/6 nylon
- UL181B approved on 36" & 48" ties for HVAC industry

Our Private Label Products have a distribution expertise that is unrivaled. And our one-stop shopping for building products is the height of convenience. But there is one thing we supply that building professionals have come to rely on again and again for over 50 years – our people. Our associates make certain you can depend on Ferguson – where friendly service, expertise, and a willingness to go the extra mile are never in short supply.

Hole Saw Blades

- Cuts through various types of steel sheets & pipes and other materials such as hardwood, plywood and plastics
- 1/6t variable pitch positive rake teeth
- Reduces vibration shock
- · Reistant teeth
- Solid cap
- Cutting depth: 47mm
- Use RAP1L for 5/8" to 11/8" hole saws
- \bullet Use RAP2L for $1^{1}\!/4''$ to 6'' hole saws

Standard Medium Duty Outdoor Extension Cords

- Water Resistant-Jacket will not absorb water that can corrode copper conductors or cause dangerous electrical shocks
- Flame Retardant-Jacket compound is designed to not allow burning to spread. The compound is formulated to cause the flame to burn out before spreading further on the cord
- Superior Flexibility at Sub-Freezing Temperatures—This cord is designed to maintain flexibility and resist cracking in temperatures down to -40°F up to 140°F (-40°C up to 60°C).
- cULus-Tested to both U.S. and Canadian standards

No.	Size	Color	Gauge
RAP31601	50'	Orange	16/3
RAP31602	25'	Orange	16/3

Extra Heavy Duty Outdoor Extension Cords

- Power Indicator Light—Allows user to see when the power is 'on'
- Water Resistant-Jacket will not absorb water that can corrode copper conductors or cause dangerous electrical shocks
- Flame Retardant-acket compound is designed to not allow burning to spread. The compound is formulated to cause the flame to burn out before spreading further on the cord.
- Superior Flexibility at Sub–Freezing Temperatures—This cord is designed to maintain flexibility and resist cracking in temperatures down to -40°F up to 140°F (-40°C up to 60°C).
- OSHA Approved-Meets OSHA requirements for extension cords and adapters for use on jobsites.
- \bullet cULus–Tested to both U.S. and Canadian standards

No.	Size	Color	Gauge
RAP31401	100′	Blue/Yellow	14/3

- Cleans, debur and prepare copper tubing for better soldering adhesion

No.	Size
PF0602	$1^{1/2} \times 5$ yds.
PF0603	$1^{1/2} \times 10$ yds.
PF0604	$1^{1/2} \times 25$ yds.

Sand Cloth

- 120 grit rugged aluminum oxide abrasive grain
- Water resistant urea glue bonding
- Cleans, debur and prepare copper tubing for better soldering adhesion

No.	Size
PFSC10	$1^{1/2}$ " × 10 yds.
PFSC25	$1^{1/2''} \times 25$ yds.

Sand Cloth Blue Waterproof

- 120 grit rugged aluminum oxide abrasive grain
- · Waterproof phenolic resin bonding
- Impervious to degradation by water, cutting oils, grease, chemicals and other solvents
- Cleans, debur and prepare copper tubing for better soldering adhesion

No.	Size
PF0502	$1^{1}/2'' \times 5$ yds.
PF0503	$1^{-1/2''} \times 10$ yds.
PF0504	$1^{1/2''} \times 25$ yds.

We would like you to know about our commercial / mechanical / industrial brand of plumbing products called FNW. This line features a wide variety of valves, actuation, gauges, hangers, water hammer arrestors and more to meet the specialized needs of mechanical contractors. FNW offers superior technical support. distribution center availability, and of course great value. Let us help you specify FNW for your next project.

Notes

Expanding Polyfoam

- · Fills holes and cracks
- Paintable

No. PFGE32300

Interior/Exterior Caulk

- 10.1 oz
- Polybond™ multi-purpose sealant
- May be used as an adhesive as well as a caulk
- Suitable for applications such as boats, tubs, sinks, cabinets, shower and tiles
- Not recommended for use on mirrors, aquariums or under the waterline
- Bonds tenaciously to metal, glass, wood, ceramic tile, formica and other common surfaces

Interior/Exterior Caulk

- 10.1 oz
- · Latex acrylic with silicone
- Vacuumized to remove all microscopic air and to ensure maximum in durability and gunability
- · Paintable with latex or oil based paints
- Soap and water clean-up
- 35 year life expectancy
- Exceeds ASTM Spec. C-834

No. Caulk Color PFL200 White

Interior/Exterior Caulk

- 10.1 oz
- Latex acrylic
- Vacuumized to remove all microscopic air and to ensure maximum in durability and gunability
- Paintable with latex or oil based paints
- Soap and water clean-up
- Mildew protected
- 15 year life expectancy

No. Caulk Color PFL300 White

Kitchen & Bath Acrylic Caulk

- 5.5 oz. acrylic caulk
- Mildew resistant
- Water tight seal that remains flexible
- Use on sinks, counter tops, shower, tubs, tile and fixtures

	Caulk Color
PF21865	Almond
PF23978	White
PF23994	Clear

Sealants

- 10.1 oz 100% silicone
- Fills in and caulk joints in sheet metal stacks, duct work and equipment housing
- Adhere auto and appliance trim including metal, fabric and fabric-backed plastics
- · Bond gaskets in heating and refrigeration units
- Attach screwless brackets or nameplates
- Tacks material to metal
- Bond signs and sign letters
- · Create anti-abrasion coatings

 No.
 Caulk Color

 PFL5501
 White

 PFL55010
 Clear

Specification sheets, parts breakdowns, warranty information and an electronic version of this catalog can be found on the searchable CD located on the back cover. Other detailed information will be supplied upon request.

Contact your local sales associate for additional assistance.

Caulk Notes 10.1 ozAcrylic urethane sealantApplied in caulking gun cartridge • Seals wood, styrofoam, galvanized metal and plaster • Easy application • Free of toxic hazards • Non-flammable • Non-yellowing • Paintable • No obnoxious odor • Soap and water cleanup VOC compliant No. Caulk Color PFL58510 Clear **Tub/Tile Caulk PROFLO** Polybond™ adhesive is excellent for sealing around tubs, wash stands, shower doors, windows and fixtures • For resetting loose tiles; and as replacement grout Also excellent for boat use Not recommended for use underwater **Caulk Color** PFL009 White

Black Electrical Tape

- Pressure-sensitive adhesive used to insulate electrical wires
- For installation purposes
- Low voltage, Phase A

	Size
PFET	$^{3}/4'' \times 60''$

High Density Gas & Max Pipe Thread Tape

- Chemical properties: 100% Polytetrafluoroethylene
- Thickness: 0.1 mm
- Elongation: 25%
- Density: 1.2g/cm3
- Heat resistance: +370°C or 698°F
- Cold resistance: -190°C or 310°F
- Pressure resistance: Up to 30 bars or 435 PSI
- Usage: To be used on insulation, corrosion resistance, anti-aging
- Shelf life: Unlimited

Standard Pipe Thread Tape

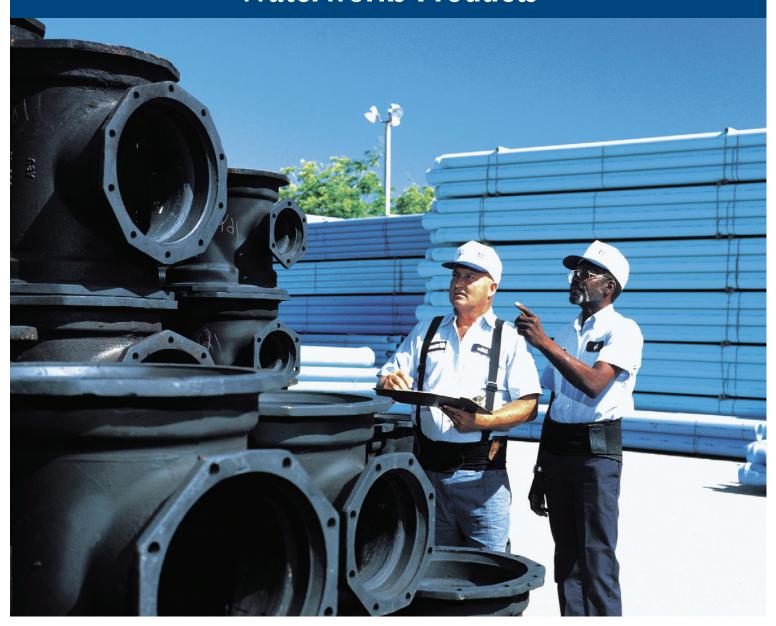

- Standard density
- Thickness: 0.0035", 0.003"
- Width: Nominal width +0.02, -0.02
- Length: Nominal length +20", 0"
- Density: 0.35 or 0.4
- Pressure Rating: up to 10,000-PSI
- Incompatibility: avoid using on molten alkali, certain halogen products and fluorine at high temperatures and pressures
- Temperature: -450°F to +500°F
- Government Standard: Meets MIL-spec T-27730A
- Usage: To be used on all types of threaded fittings for passage of water potable and non-potable, most chemicals, oxygen, gas, hydraulic and high-pressure line

Zinc AWWA Flange Packs - Red Rubber Gasket

- Includes full face red rubber gasket, bolts & nuts
- Cap screws conform to ANSI/ASME B18.2.1 and are threaded in conformance to ANSI/ASME B1.1
- SAE J429 confirmation (Comparable to Grade A [A307])
- Tensile strength (min) PSI 60,000
- · Cap screws are low in carbon steel
- Nuts are Grade 2 (SAE J995) with coarse thread
- Nuts conform to ANSI B18.2.2 and ASTM 563
- Zinc electroplated nuts and screws
- Gaskets are made from synthetic rubber
- Gasket 1/8" thick 150# drilling full face red rubber

Pipe Lubricant

- All purpose lube is used to assemble pipes made of ductile iron, cast iron, concrete, plastic and clay pipe
- Suitable for all types of pipes, including potable water systems
- Can be applied in temperatures from 0°F 150°F
- Contains no petroleum or phosphate and will not support bacteria growth
- NSF-61 compliant
- Biodegrdable

Box Ratchet Wrenches

- Double ended
- Heavy duty ratcheting feature
- Durable construction
- Also known as "dog bone" wrenches

No.	Size
RAP41040	$1^{1}/4'' - 1^{1}/16''$

Curb Stop Wrenches

- Designed to shut off 3/4" 1" curb stops
- Wrench fits directly on tee of curb stops
- Comfort grip handle for improved grip and help resist slippage during use or when wet
- 5/8" round carbon steel for center stem
- 18" long T handle
- 1/4" plate for wrench end

No.	Size
RAP41029	1.5′
RAP41030	3'
RAP41031	4'
RAP41032	5′
RAP41033	6'
RAP41034	8'

Double Socket Ratchet Wrenches

- 3 piece wrench set with case
- Case includes 3 handles: $1^{1/4}'' 1^{1/16}''$ blue handle $^{7}/8'' 3^{4}''$ yellow handle $1^{1/8}'' 1^{5}/16''$ green handle
- For tightening nuts on long bolts or all-thread rod without bottoming out
- For use on bolts, mechanical joints, hex nuts, clamps, couplings & saddles
- Comfort grip handle for improved grip and help resist slippage during use or when wet
- Durable handles built to withstand normal use and resist splitting or cracking
- · Heavy duty construction

No. RAP41003

Double Socket Ratchet Wrenches

- For tightening nuts on long bolts or all-thread rod without bottoming out
- For use on bolts, mechanical joints, hex nuts, clamps, couplings & saddles
- Comfort grip handle for improved grip and help resist slippage during use or when wet
- Durable handles built to withstand normal use and resist splitting or cracking
- Heavy duty construction

RAP41013	22"

Hex Digging Bar

- Heavy duty
- · Solid cast carbon steel
- Ideal for prying, digging and tampering
- Paddle shaped on one end with bottom tapered to narrow point
- · Rounded head with flat top

Hydrant Setter

- · Spreader bars to help with stability
- Carbon steel tube
- · Heavy duty chain
- Used to easily maneuver and set fire hydrants into place
- Fits most hydrant designs

RAP41039

Hydrant Wrenches

- · Adjustable to fit most hydrant operating nuts
- Forged steel handle
- Textured end to provide surface for gripping
- Nut is cast component, de-burred for smooth seating
- Used on pentagon nuts and pumper or steamer caps

RAP41002

284

Man Hole Cover Hooks

- Used to pry loose conventional manhole covers
- The head is designed to provide extra leverage while opening any cover
- The rocker design and pointed chisel will help with the toughest lids
- Rotated handle providing firm grip

No.	Size
RAP41014	28"
RAP41015	36"

Meter Box Lid Lifter

- Simple tool used to hook and lift the lid of a meter box
- Stainless steel construction
- Cushioned handle on top end
- Hooked end on the other end
- Attached wrist strap for easy carrying

Don't see the item you need? Contact your sales associate for assistance.

Standard Gate Wrenches

- Comfort grip handle for improved grip and help resist slippage during use or when wet
- Rugged construction
- Square socket end
- Open access between top of box and end of center stem to facilitate removal of soil, rock & debris

No.	Size
