SAFETY EYEWEAR | WELDING PROTECTION | HEAD PROTECTION | HEARING PROTECTION

THE PYRAMEX PROMISE.

At Pyramex, our promise to our customers is to provide the best possible products, the best possible service, and most importantly an attitude of making our customers' lives easier on a day-to-day basis. Our values challenge us toward a commitment to truth and to deliver what we promise.

WHY PYRAMEX?

A GLOBAL MARKET LEADER IN INNOVATION. With distribution in over 60 countries, Pyramex has become one of the world's leading providers of safety products by delivering innovative and stylish product lines, exceptional attention to customer service, and a mindset that we succeed when you succeed. Before a single Pyramex product leaves our plant, we listen to the needs and observations of our distributors and end users, invest countless hours in research, design, and testing, and work to make sure our products meet the highest industry safety standards. When you place a Pyramex product on your shelves, you can do so with confidence, knowing we stand behind everything we produce.

A MINDSET TOWARD OTHERS. As a business owner, nothing is more important to you than the satisfaction and peace of mind of the people you serve — your customers. For more than 20 years, we have cultivated our environment with you and your business in mind. We have become an industry leader by doing things the right way, whether it's taking extra measures to manufacture an exceptional product or double-checking a rush order to a client on the other side of the world. If it's important to your business, it's important to ours.

A PASSION FOR EXCELLENCE. We continually seek better methods of delivering product and service. We believe that every time we touch a customer's life, we should provide added value for that customer. Pursuing excellence means we must know our customers, understand their needs and expectations, regularly listen to them, and adjust our processes and procedures to more effectively serve them.

SERVING OTHERS. We value what our customers can teach us. Once you become a Pyramex distributor, our customer service specialists work closely with you to understand your business goals and look for ways we can help you achieve them. Service to our customers comes first.

- No automated answering service – we answer your call directly, so that we can act immediately. Each customer has an assigned in-house rep to serve your business.
- Most orders ship the same day.
- Private labeling programs are available.
- We actively pursue opportunities to bring new business to you.

SUPERIOR PRODUCTS. Pyramex's products have long been recognized as a market leader when it comes to protection, style, comfort and innovation. Before we introduce a new product, we listen to our distributors and their customers.

- Safety. All of our products meet or exceed the highest industry safety standards and are independently tested.
- Style. The more stylish a personal protective product looks, the more likely it will be worn.
- Comfort. We design products that are maximized in comfort so that the user can wear it all day long.
- Innovation. We continually offer products that are unique to the marketplace to insure our customers have a competitive advantage and maintain healthy profit margins. Try on a Pyramex product and you will see and feel the difference.

Imprint program

Imprint your logo or your customer's logo on Pyramex Safety Glasses or Safety Helmets. Contact your sales representative for further details.

Safety standards

Pyramex constantly tests its products to meet the following standards or requirements. Please call your representative for detailed test results.

Safety Spectacles

 ANSI Z87.1 High Impact
 Cert. Mod. - CAN/CSA Z94.3-07
CE CE EN166
 AS/NZS 1337

Safety Helmets

 ANSI Z89.1-2009
 Cert. Mod. - CSA Z94.1-05

Hearing Protection

 ANSI S3.19
CE CE EN-352-2:2002

All Factories are ISO 9001 Certified

LENS COLORS

LENS SELECTION CHART

NOTE All polycarbonate lenses provide 99% protection against harmful UV-A and UV-B rays. Gray lenses are NOT to be used in welding applications or environments. Filter lenses are clearly marked with the degree of protection.

CLEAR

General purposes for indoor applications that require impact protection.

GRAY

Commonly used in outdoor applications. Offers protection from excessive glare.

GRADIENT GRAY

Commonly used in outdoor applications. Protects against glare and allows user to read clearly.

AMBER

Commonly used in indoor, low light applications. Enhances contrast.

SHOOTER'S AMBER

Offers high contrast in low light conditions with minimal strain on the eye.

MANGO

Offers high contrast for low light applications.

ORANGE

Offers high contrast and low light image resolution.

SUN BLOCK BRONZE

Bronze color lens is molded from UV400 polycarbonate for 100% protection against harmful UV-A and UV-B rays. Blocks the blue light of the spectrum. Offers brighter view on cloudy, hazy or foggy days.

COFFEE

Commonly used in outdoor applications. Best for enhancing depth perception.

SANDSTONE BRONZE

Commonly used in outdoor applications. Offers contrast in low light conditions.

PURPLE HAZE

Commonly used in medium to low light conditions. Enhances contrast.

INFINITY BLUE

Commonly used in indoor applications where there is an excessive amount of yellow or sodium vapor light. Offers a high level of contrast.

INDOOR / OUTDOOR MIRROR

Clear UV400 polycarbonate lens provides 100% protection from harmful UV-A and UV-B rays. Coated with a light gold mirror finish to reduce glare. Commonly used where it is required to move between indoor applications to outdoor applications.

BLUE MIRROR

Gray polycarbonate lens with blue mirror coating. Commonly used in outdoor applications. Reduces glare.

SILVER MIRROR

Gray polycarbonate lens with silver mirror coating. Commonly used in outdoor applications. Reduces glare.

GOLD MIRROR

Gray polycarbonate lens with gold mirror coating. Commonly used in outdoor applications. Reduces glare.

SKY RED MIRROR

Gray polycarbonate lens with a double layer of silver and red mirror coatings. Commonly used in outdoor applications.

ICE ORANGE MIRROR

Gray polycarbonate lens with a double layer of silver and orange mirror coatings. Commonly used in outdoor applications.

ICE BLUE MIRROR

Gray polycarbonate lens with a double layer of silver and blue mirror coatings. Commonly used in outdoor applications.

ARC

Blocks 75% of IR radiation. Ideal for use in welding areas. Designed for those who are NOT exposed to direct IR radiation.

3.0 IR FILTER

Commonly used around welding sites or for light brazing or cutting.

5.0 IR FILTER

Commonly used around welding sites or for medium to heavy cutting and medium to heavy gas welding.

GRAY POLARIZED

Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.

PHOTOCHROMATIC

Changes from clear to dark, after exposed to direct UV light. Changes from dark to clear, after removed from UV light. Transitions between 85% - 24%.

PINK

Provides increased definition and contrast in low light and flat light conditions.

H2X™ LENS TREATMENT

H2X anti-fog technology blocks out fog, mist, sweat and steam. With H2X, vision will remain optically clear in any weather element. H2X anti-fog, anti-scratch coating is bonded to the lenses, and will continue to be effective even after repeated cleanings. H2X technology is available in select models of Pyramex Safety eyewear.

I-FORCE FEATURES

SEALED EYEWEAR

H2X

Sporty, lightweight design eliminates the bulkiness and weight of a goggle.

Quick Release Interchangeable
Temples and Strap.

Vented foam carriage provides maximum dust protection, as well as sufficient airflow outlet for heat.

- **Dual pane lens** provides the ultimate anti-fog performance by isolating the temperature difference inside and outside of this eyewear, provides 99% protection against harmful UV rays.
- **Outer polycarbonate lens** protects against the environment, while **inner acetate lens** is designed to prevent fogging. The **thermal system** provides anti-fog protection in the worst weather conditions or extreme-temperature working environments.
- **Outside lens is coated with H2X™ Anti-fog Technology** for even more resistance to fogging, due to extreme temperatures.

Lab
Forestry
Marine
Braiding
Woodworking
Refinery
Mining

PMXCEL FEATURES

Sporty, lightweight design eliminates the bulkiness of a goggle.

Anti-fog lenses provide 99% protection against harmful UV rays.

Durable frame features straight temples with detachable strap.

Inner foam padding is flame resistant and provides excellent sealed protection from wind, dust and other debris.

PMXCEL LENS OPTIONS

-  **SB7310DT** (Anti-fog)
Clear Lens with Matte Black Frame/Strap
-  **SB7320DT** (Anti-fog)
Gray Lens with Matte Black Frame/Strap

SB7321DT (Anti-fog)
Gray Polarized Lens with Glossy Black Frame/Strap

Polarized lenses eliminate glare, which distorts the true color of objects and makes them harder to distinguish. It also causes a mirror-effect on wet surfaces so that objects below the water's surface cannot be clearly distinguished. Glare can be uncomfortable causing eye fatigue from squinting.

PMXCEL APPLICATIONS

NEOCASE

Zippered Neoprene Case

ROTATOR FEATURES

Flexible rubber temples generate a soft cushion for pressure-free fit behind the ear, and secure the eyewear from shifting out of place.

Wrap-around, single lens design, with high quality optics provides a clear panoramic view without obstruction.

Maximum eye protection, and ultra-light design ideal for all-day versatility.

Provides 99% protection against harmful UV rays.

Thin, soft flange of the extra wide nosepiece distributes weight of the glass evenly across the bridge, eliminating pressure on the nose.

To take up minimal space in your pocket or vehicle, the temples rotate to a compact, closed position, making the safety eyewear easy to store.

SB5621D***
Gray Polarized Lens with Black Frame

Polarized lenses eliminate glare, which distorts the true color of objects and makes them harder to distinguish. It also causes a mirror-effect on wet surfaces so that objects below the water's surface cannot be clearly distinguished. Glare can be uncomfortable causing eye fatigue from squinting.

ZTEK ARC®

S25ARCS*

Lens Coating blocks 75% of IR Radiation

Designed for peripheral personnel and visitors who are NOT exposed to direct IR radiation.

Great for use under the welding helmet – allows welder to see his work clearly without suffering “welders flash burn” from surrounding welders.

Enhanced VLT (Visible light transmission) allows 58% of visible light to pass through the lens. Doesn't distort color like green IR lenses.

INTRUDER FEATURES

Economical lightweight glass offers superior protection.

CAPSTONE 600 SERIES

G604T2*** (Anti-Fog)

Modern co-material goggle provides superior protection against dust entry and chemical splash.

Thermoplastic (TPE) body with universal nose bridge is flexible and contours to the user's face.

Polycarbonate lens provides impact resistance against flying particles.

Indirect ventilation system prevents fogging by providing a sufficient outlet for body heat.

Includes interchangeable cloth and neoprene straps.

Meets MCEPS GL-PD 10-12.

RX600 Rx Lens Insert

Insert slides up and down for perfect placement.

Rx lens insert easily snaps securely into place above nosepiece.

Extremely lightweight for comfort.

Includes micro-fiber storage case for protection.

**Take insert to local optometrist for Rx lens installation.*

CAPSTONE DUAL LENS

G504DT*** (Anti-Fog)
Gray Direct/Indirect Goggle
with Clear Dual Lens

Indirect-vent frame provides protection against splash and dust.

Soft vinyl goggle body conforms to facial contours for a comfortable, custom fit.

High Impact Resistance protects against flying particles.

Double lens consists of polycarbonate lens on the outer side with acetate anti-fog lens on inner side.

Dual lens ensures ultimate anti-fog performance.

Ideal for use over long periods of time.

The thermal system provides anti-fog protection in extreme weather conditions.

Fits over prescription glasses.

Fully adjustable elastic band.

Polycarbonate lenses filter out more than 99.9% of harmful UV rays.

CAPSTONE 500 SERIES

GG504T** (Anti-Fog)
Gray Direct/Indirect Goggle
with Clear Lens

GC504TN** (Anti-Fog)
Chemical Green Direct/Indirect Goggle
with Neoprene Strap with Clear Lens

Dual purpose goggle adaptable to many different applications.

Removable vent caps allow the user to remove when more ventilation is required or leave in place for unsurpassed chemical splash resistance.

Cylinder lens is coated to prevent fogging.

Soft PVC body conforms to facial contours for comfort fit.

Fits over prescription glasses.

Meets MCEPS GL-PD 10-12.

Exceeds ANSI Z87.1 High Impact Requirements;
*CE EN166 Certified; *Exceeds CAN/CSA Z94.3-07 Standards

Capstone face shield with IR3 lens goggle

GG504TSHIELDIR5* (Anti-Fog)
Capstone face shield with IR5 lens goggle

NOTE Only the goggle for GG504TSHIELDIR3 and GG504TSHIELDIR5 contains IR dye. Due to the nature of the vented holes, the shield is only green tinted and does not contain the IR resin.

CAPSHIELD*
Ratcheting shield includes strap and clips allowing the user to add to either of the Capstone 500 Series goggles.

- Goggle incorporated with removable shield provides full face protection.
- The shield with ratchet allows user to open or close in 3 positions for adjustment; 4 ventilation holes provide appropriate airflow.
- The polycarbonate shield conforms to the face offering increased impact & dust protection.
- Indirect-vent frame provides protection against splash and dust.
- Soft vinyl goggle body conforms to facial contours for a very comfortable fit.
- High Impact resistance against flying particles.
- Optically correct polycarbonate lens.
- Fits over prescription glasses.
- Fully adjustable elastic band.
- Polycarbonate lenses filter out more than 99.9% of harmful UV radiation.

VPACK6

Pack of 6 clear disposable, tear-off visors, suitable for high dust or muddy working environments.

V2G-XP™

Exceeds ANSI Z87.1 High Impact Requirements: *CE EN166;
*CSA Z94.3-07; *AS/NZS 1337; MCEPS GL-PD 10-12

V2G-XP FEATURES

Multi-functional goggle with 180° vision, protects against chemical splash, sun glare, dust, flying particles, wind, and 99% of harmful UV rays.

Special indirect ventilation system located at the top and bottom of frame allow air flow and heat release.

Outer polycarbonate lens protects against the environment, while an inner lens prevents fogging. **Inner lens** is made from acetate, separated by a thin spacer of air, sealed together with foam.

Thermo Lens System provides excellent resistance to fogging caused by temperature difference between indoor and outdoor or between on-site and ambient environment.

TPU frame features excellent resistance to cold and heat and provides perfect facial seal.

Includes a **wide adjustable elastic strap** with quick release system for secure fit.

Stylish protective earmuffs featuring a durable, padded nylon headband and large, soft foam ear cups packaged for retail.

Individually packed disposable ear plugs are also available.

COMBO PACKS

Provides a combination of vision and hearing protection in one convenient package.

Meets ANSI Z80.3-2001; *CE EN1836 Certified

DV30®

IMPROVING ACCURACY

Yellow tinted lenses preserve color recognition while improving your percentage of depth perception and contrast.

HIGHER PROTECTION

DV30 lenses provide protection against UV Radiation up to 400nm. The UV absorbing lenses protect eyes from harmful neon and halogen light.

LESS FATIGUE

High definition lenses block out 65% of blue light. This will enhance the sharpness of objects which reduces eye fatigue, tired, or sore eyes, that can lead to headaches.

GREATER COMFORT

Anti-reflective coating decreases computer glare and overhead fluorescent glare.

RECOMMENDED FOR OFFICE

Artificial light in an office environment quickly leads to eye fatigue, and working on the computer puts a strain on the eyes. It's particularly important to use anti-reflective coatings to protect your eyes while working.

DV30*
Anti-Reflective Lens

RECOMMENDED FOR DRIVING

Enhanced color recognition provides you with improved safety & faster recognition of potential hazards on the road, especially at night. The reflections of street lamps and headlights on your lenses are virtually eliminated.

HIGH DURABILITY

Anti-reflective coatings enhance the quality and extend the lifetime of your lenses by providing superior scratch resistance, durability and resistance to dirt and water.

Meets ANSI Z80.3-2001 and CE EN1836 Standards.

HEAD PROTECTION

Meets ANSI Z89.1-2009 Standards, Type I, Class C, G, and E *CSA Z94.1-05

HARD HAT FEATURES

Shell constructed from High Density Polyethylene materials.

Low profile design.

Rain trough on sides and back of helmet channel moisture away.

Universal accessory slots fit cap mounted ear muffs and accessories. Hats also accommodate chin straps.

Snap Lock suspension features "tuck away" adjustments for all day, hassle free wear.

Ratchet suspension is easy to adjust and allows the wearer to modify the fit while wearing hard hat.

Cap style is available with 4 and 6 point nylon suspensions – Snap Lock and Ratchet styles.

Full Brim style is available with 4 point and 6 point nylon ratchet suspensions.

Soft brow pad is replaceable. Replaceable suspensions and headbands also available.

Meets ANSI Z89.1-2009, Type 1, Class C, G, and E for industrial head protection.

BUMP CAP FEATURES

Shell constructed from lightweight, thermal plastic.

Air holes on both sides of cap for ventilation.

Provides protection for low-risk work environments such as Automotive Repair, Utility Meter Reading, Food & Beverage Processing, Fruit Harvesting, Pest Control, etc.

4 point standard suspension is easy to adjust.

This cap is not designed to meet the ANSI Z89.1-2009 class C, G, & E standards for industrial head protection.

Use only to protect from minor bumps and scalp lacerations.

HEAD PROTECTION

Meets ANSI Z89.1-2009 Standards, Type I, Class C, G, and E

SLEEK SHELL FEATURES

Polyethylene materials.

Offers impact and penetration resistance.

Ridgeless low profile design.

No rain trough - prevents pooling of liquids.

Ideal for linemen - meets ANSI Type 1, Class E Standards.

Soft brow pad absorbs perspiration.

Custom imprinting available on all hard hats.

Meets ANSI Z89.1-2009 Standards, Type 1, Class C, G and E.

HGB

Black Ratchet Headgear

Constructed from durable nylon
Universal pegs will accommodate a wide variety of face shields
Ratchet style adjustment for easy fit
Pivoting action allows user to lift face shield while wearing
Crown Width 4"
Universal sizing

HHAB

Black Hard Hat Adapter

Cap style
Constructed from durable nylon with protective plastic coated tension spring
Universal sizing fits on the brim of most hard hats and accommodates a variety of face shields

HHABW

Black Hard Hat Adapter

Full brim style
Constructed from durable nylon with protective plastic coated tension spring
Universal sizing fits most full brim hard hats and accommodates a variety of face shields

HHAN

Black Hard Hat Adapter

Totally dielectric-constructed from 100% nylon materials
Universal sizing fits on the brim of most hard hats and accommodates a variety of face shields

HHAH

Aluminum Hard Hat Adapter

Constructed from lightweight aluminum
Universal sizing fits on the brim of most hard hats and accommodates a variety of face shields

HHAAD

Aluminum Hard Hat Adapter

Deluxe aluminum construction
Designed to fit more rounded cap style hard hats
Accommodates a variety of face shields

HHAAW

Aluminum Hard Hat Adapter

Designed to fit full brim style hard hats
Deluxe aluminum construction
Universal sizing fits most full brim style hard hats and accommodates a wide variety of face shields

Polyethylene Face Shield

Dark Green PETG Shield 8" x 15" / .040 thick

NOTE The shield is only green tinted and does not contain IR resin.

S1040

Polycarbonate Face Shield

Aluminum bound PC face shield

S1060

Wire Mesh Face Shield

PETG shield 8" x 15"

NOTE This shield meets only ANSI Z87.1 High Impact Requirements.

BACK SUPPORT

EB100

Stabilizes the spine, supports the abdomen and lower back to prompt proper lifting techniques

Constructed from lightweight, durable material

Contoured shape allows flexibility and complete freedom of movement

Features breakaway suspenders

Plastic support stays

2 overlap style adjustable panels

Washable and shrink resistant

Conveniently packaged

Available in sizes S-3XL

HEARING PROTECTION

All hearing protection meets or exceeds ANSI S3.19 Requirements ;

*CE EN 352-2:2002 Certification

PM4011

Level Dependent Electronic Ear Muff

Level dependent electronic hearing protector with built-in microphone and electronic amplification circuits, which can amplify ambient sound.

Automatically shuts down the electronic function when ambient sound exceeds preset safety level (83 db).

NRR 20db when used in neutral position.

Includes 3.5 mm jack to connect to MP3.

Ideal for noisy industrial environments as well as outdoor activities, such as hunting.

Amplifies surrounding voices, important signals and warnings.

Soft, padded head band for all day comfort.

Foam-filled padded ear cups fit securely and comfortably over the ear.

Batteries not included (requires 2 AAA batteries).

Individually packaged.

Meets ANSI S3.19:1974 Hearing Protection Standard.

Disposable Uncorded Earplugs

DP1001*

Disposable Corded Earplugs

DP1000 / DP1001 FEATURES

NRR 31 db

CE EN-352-2:2002 Certification.

Contoured fit disposable polyurethane ear plugs.

Plug gently expands and self adjusts to all size ear canals.

Available corded or uncorded in convenient dispenser box.

Uncorded plugs – 200 per box / 10 boxes per case.

Corded plugs – 100 per box / 10 boxes per case.

RP2001*

Reusable Earplugs

RP2001 FEATURES

NRR 23db.

Constructed of flexible rubber wrapped around a pocket of air for superb comfort.

Three flanges of flexible rubber form a cozy seal for all size ear canals.

Packaged in a convenient dispenser box – 100 corded pair per box.

PD500
 Ear Plug Dispenser

Convenient dispenser holds 500 pair of disposable earplugs.

Quick and easy use for workers.

Durable plastic design has easy twist knob and catch basin to prevent plugs from falling to the ground.

500 pair of disposable earplugs are included.

Replacement bag of earplugs is available for easy refill.

NRR 31db

PD500R
 500 Pair of
 Replacement Plugs

EPC12
 Earplug Clip

Black plastic clips secure corded ear plugs to spectacle and also act as a lanyard.

Sold in quantities of 12 pair

BP1000 / BP2000 FEATURES

BP1000 – NRR 18db.

BP2000 - NRR 22db.

Flexible band keeps ear buds in place and helps make the hearing protector easy to find.

Round ear caps of BP1000 are ideal for all-day wear.

BP2000 is formed in conical shape for superior comfort and fit.

Safe and non-irritating. Replacement buds included.

40 pair per box.

DPD1001 FEATURES

NRR 31db.

Disposable corded ear plugs are embedded with an iron ball for metal and magnetic detectability.

Plug gently expands and self adjusts to all size ear canals.

The soft foam earplugs provide all day comfort.

Packaged in convenient dispenser box - 100 pair per box.

RPD2001 FEATURES

NRR 23db.

Reusable metal detectable corded plugs offer three flanges of soft rubber polymers, forming a cozy seal for all size ear canals.

The pre-molded earplug is constructed of flexible rubber wrapped around a pocket of air for superb comfort. Contains no latex.

Packaged in convenient dispenser box - 100 pair per box.
