Sensi-TIG™ Welding Gloves

All Sensi-TIG™ gloves are constructed with a seamless index finger for smooth filler rod control and offer excellent balance between the sensitive touch required for TIG welding and the durability and protection needed in production applications.

0224

0224

- Premium grain kidskin
- Unlined
- Straight thumb
- Kevlar® sewn
- Sensi-TIG™ seamless index finger
- 4" cuff
- Sizes XS-2XL

0218

- Straight thumb
- 2" cuff
- Sizes XS-2XL

0222

- Wing thumb
- 4" cuff
- Sizes S-XL

Sensi-TIG™ is constructed with a seam on the top of the index finger, thereby eliminating bulk at the side or tip of index finger, for smooth rod control.

0218

0222

Kidskin offers the best dexterity, protection and longevity
