While we offer all the products shown in a wide variety of styles and colors, many items in this catalog can be delivered to you in as little as a few days. Each of these products is indicated with the icon shown above, with a listing of the

models and colors in which it is stocked. Please see your Sales Representative for additional models, colors and options that may be stocked locally.

A listing of INSTOCK product can be found starting on p.220.

GREENGUARD INDOOR AIR QUALITY CERTIFICATION - Global seating and laminate products are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials.

www.greenguard.org

GLOBAL is a proud member and supporter of The Business and Institutional Furniture Manufacturer's Association.

www.bifma.org

Seating items shown with this icon can be custom ordered in hundreds of textiles. Best of all, your finished product will ship from our factories in as little as 5 days! So go ahead - choose the model you want, select a fabric, vinyl or leather and customize your seating to match your office interior. See p.219 for more details.

All Global products are protected by a Limited Lifetime Warranty to be free from defects in material and workmanship for as long as the original purchaser owns the product or for 25 years in the case of a corporate purchaser. See your Sales Representative for further details.

All dimensions are shown in inches. Descriptions, specifications and prices are subject to change without notice.

Errors and omissions are subject to correction. Color samples depicted in this book are as close to actual as modern printing processes will allow.

This catalog is effective May 2009.

#### $ZIRA^{TM}$ | NEW

The new Zira is a contemporary desking solution with extensive options to personalize your work space. For the managerial application or executive office, create a work environment that meets your work surface needs and storage requirements. Then go ahead and personalize it! Select from the following: hundreds of components for any size or shape office, storage components that can tower to 84" high, 17 laminate finishes, 5 edge options, 9 handle options in silver, black, nickel or brass finishes, 4 glazing options on doors and modesty panels, and lastly, work surface grommets and power blocks for your electrical needs. Zira is your most functional solution to work environment efficiency and organization.

Zira shown right in Avant Honey (AWH) with Global Accord (p.78-79) seating in Contract Leather, Dark Brown (D531) and Caprice (p.116-117, 120-121, 165) in Mayer Jumpin' Jacks, Aquamarine (YF47).

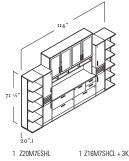

See p.40 for a listing of Zira sample layouts, components, pricing and ordering details.

#### **DETAILS AND EDGE OPTIONS**

**Shown right:** With so many storage components to choose from, everything can truly be stored in its own place. Store it, file it, hide it, hang it or display it anyway you like.

**Shown above and to the right:** The Bicut Edge has a subtle transitional flair and is available in 1" or 1 1/2" top thickness. Also available and shown below are the Fluted Edge and Flat Edge (also available in two top thicknesses).

#### **AVAILABLE EDGE OPTIONS**

Fluted Edge is contemporary and available on all 1 1/2" thick tops.

Flat Edge is clean and crisp and available in two top thicknesses, shown here with 1 1/2" thick top.

Flat Edge is also available with a 1" thick top, as shown here.

Bicut Edge is available with a 1" or 1  $\frac{1}{2}$ " thick top

#### ZIRATM | NEW

The new Zira is ideal for almost any office application, including shared teaming areas and open plan environments. Components can be freestanding for single workstation configurations, or joined together to form multiple work groups.

A beautiful productive office can also be a highly organized office. Storage can be added where needed, whether attached to the work station or designed elsewhere in the work environment. With such an extensive array of components and options, the new Zira can accommodate small spaces through tall spaces - and of course, everything in between.

Zira shown left in Dark Espresso (DES) and Bar Silver (HQ) handles. Ride (p.132-133) and Rest (p.164) seating in Designtex Wire, Neutral Tint (WI82). See p.40 for a listing of Zira sample layouts, components, pricing and ordering details.

**Shown below, right:** By adding vertical storage components to the work surface, you can create added privacy within the office environment. Select options such as pigeon hole storage, closed door hutches, open display shelves, and fabric tack boards to personalize your work space and fulfill all your storage and organizational requirements.

#### ZIRATM WITH DIVIDETM

Turn a generic workspace into a fully functional, multiperson teaming environment by utilizing Zira components with Divide surface mounted panels. The use of Divide panels can provide visual privacy within the office environment, reduce sound levels and define work areas. Simply add transaction counter tops for office interaction or hang off-desk accessories on the horizontal Divide rails for a more usable and productive work space. Panels are available clear ribbed, frosted, laminate or fabric covered with frames finished in Black or Silver.

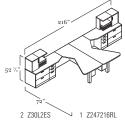

Shown right with 1" tops in Constellation Latte/Tiger Mahogany (CSL/TMA) and Flared Black (HX) handles. Divide Panels shown in Black (BK) frame with Identity Poppy (IDO5) and Frosted Glazing (GF). ObusUltraForme (p.135) seating in Abstract, Ripe Tomato (AB13).

Shown below, right with 1 1/2" tops in Avant Cherry (AWC) with Crescent Black (HO) handles. Divide panels shown in Black (BK) frame with and Ribbed Glazing (RG). Aspen (p.128-129) seating in ArcCom Flora (YF39). See p.40 for a listing of Zira sample layouts, components pricing and ordering details.

For additional DIVIDE applications, see p.12-13.

**DIVIDE** panels are an easy solution to creating personal workspaces, including reception work stations. Panels of varying heights create division and privacy, while transaction counter tops create personal interaction. The use of hanging off-desk accessories (slanted file holder shown) is a great way to save work surface space and keep organized.

#### **CORRELATION®**

Correlation is designed with solid 1 ½" thick tops. Standard, extended height hutches on worksurfaces allow for larger computer monitors and align with all Correlation 72" high storage cabinets. Select the perfect layout for your office, from over 370 components in a multitude of exciting color combinations.

Shown above: Correlation in Dark Espresso (DES) with tackboard fabric in Crescent Lemon (704). Aspen shown in Momentum Russo, Mocha (BR24) seat and headrest and back in Momentum Bravo, Tumbleweed (RS02) with Aluminum finish and Citi Lounge chairs in Volo, Parchment (VL61). Citi Tables in Dark Espresso (DES) with Tungsten legs (TUN).

Shown below, right: Correlation shown in Avant Honey with Fluted Edge (FL) option. Karizma (p.82-83) seating shown in Momenum Ohs, Tranquil (OH11).

See p.57 for information on Correlation Boardroom Tables. See p.40-41 for a listing of Correlation sample layouts, components, pricing and ordering details.

# $\begin{array}{c} \textbf{CORRELATION}^* \\ \textbf{WITH DIVIDE}^{\text{\tiny TM}} \end{array}$

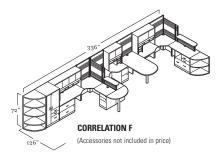

Correlation components can turn a general office area into a fully functional multi-person teaming environment. Correlation's curvilinear worksurfaces and storage components support the flow of people in your office and help you work more productively. The combination of Divide™ desk mounted panels creates visual privacy with the added benefit of off-desk accessories for more usable worksurface space.

See p.8-9 for additional Divide applications.

See p.40-41 for a listing of Correlation sample layouts, components, pricing and ordering details.

Shown above, Correlation with standard edge in Constellation Latte (CSL) with Constellation Vanilla (CSV) worksurfaces. Divide panels shown in Silver (SI) frame with Jenny Russet (JN04) fabric, Clear glazing (GC) and Frosted glazing (GF). Alero (p. 130-131, 119) seating in Momentum Ohs, Warmth (OH12).

#### CORRELATION LAYOUT

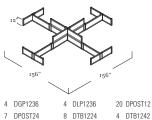

Divide surface mounted panels are available in many finishes to create a personalized work environment. Choose from fabric, laminate, clear, frosted or ribbed.

A built in accessory rail is designed to accommodate off-desk components for workspace organization. Choose from pencil holders, CD holders, binder trays, file hangers, and vertical sorting trays.

## $\begin{array}{c} \mathbf{ADAPTABILITIES}^* \\ \mathbf{WITH} \ \mathbf{DIVIDE}^{\scriptscriptstyle{\mathsf{TM}}} \end{array}$

Divide is easy to specify: Choose the desired panel height/width and its corresponding height divider post(s). Panels are available in 12"-18"-24"-36" heights and can be stacked to produce heights of 12"-18"-24"-30"-36"-42" for a wide variety of configurations.

See p.8-9 for additional Divide applications. See p.40-41 for a listing of Adaptabilities sample layouts, components pricing and ordering details.

Shown above in Tiger Maple/Constellation Java (TMP/CSJ). Divide Panels are Cumulus (CU83), Tiger Maple (TMP) laminate and Frosted (GF) glazing. Shadow seating (p.84-85) shown in Cumulus Steamboat (CU38).

#### **ADAPTABILITIES**\*

With over 370 components available in 324 color combinations, Adaptabilities provides the ultimate in flexibility and modularity. Create personalized executive offices, reception stations, teaming work spaces, or boardrooms with flexible versatility. All surfaces are constructed from Global's exclusive premium grade, high performance laminate and finished in 3mm thick matching edges. Dimensionally accurate components allow virtually all components of the same size to be used together. All components are standard with full modesty panels, with ¾ modesty panels also available at no additional charge.

See p.41 for a listing of Adaptabilities sample layouts, components, pricing and ordering details. Shown right in Tiger Walnut (TWL) with Alero (p.130-131) and Caprice (p.165) seating in Momentum Acacia, Nature (AC51). Shown below in Avant Honey (AWH) with Tye (p.157) seating in Jenny Ebony (JN02).

#### **FREEPORT**<sup>TM</sup>

Freeport's distinguished desking components are ideal for the executive office. Multiple storage options maximize organization while adding style with optional doors and handles. Select from the tower based hutch with spanning storage or a traditional surface supported, panel end hutch. All hutches feature built-in stationary compartments with ample room for office documents, binders and folders. Optional doors include aluminum doors in matte Black or Silver, with ribbed or frosted glazed inserts. Additional storage can be ordered to match including mixed storage units, combination filing and storages units, and full length storage or wardrobe units.

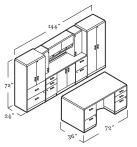

Shown in Tiger Walnut (TWL) with Silver handles (HV) and trim. Beacon (p.87) seating in Leather Black (450/550) and Savior (p.115) seating in Boxter Toast (BX26). See p.54-55 for information on Freeport Boardroom Tables. See p.41 for a listing of Freeport sample layouts, components, pricing and ordering details.

Bottom Left Detail: Tower hutch with laminate doors and lateral filing complete this desk and credenza setup. Shown in Tiger Fruitwood (TFW) with Black handles. Supra (p.96-97) seating shown in Leather/Mock Leather

Bottom Right Detail: Traditional hutch design with tackboard complete this L-Shape desk configuration. Shown in Tiger Fruitwood (TFW) with Black handles and tackboard in Oxygen Chestnut (OX06). Supra X (p.152-153) seating shown in Oxygen Chestnut (OX06).

#### $NEWLAND^{TM}$ WOOD VENEER

Newland's pedestal supported work surfaces create a dramatic "floating top" appearance for a distinctive, contemporary office setting. From executive suites to corporate boardrooms, Newland components are easy to specify. Simply choose work surface shapes and support pedestals or tapered legs, and optional modesty panels and storage components. Extended credenzas can be created by placing multiple components side-by-side with a single floating top. Hutches, bookcases, lateral files, wardrobe and storage cabinets and personal towers accommodate additional office organization.

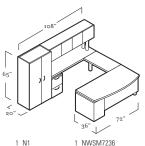

Shown in Honey Maple Wood Veneer (VMS) with Silver (SI) handles and posts. Concorde seating (p.88-89, 122) shown in Contract Leather, Chestnut (D540) and Caprice seating in Momentum Ohs, Warmth (OH12). See p.44 for a listing of Newland sample layouts, components, pricing and ordering details. See p.54 for Newland Boardroom Tables.

#### NEWLAND DETAILS AND LAYOUTS

Far Left Detail: Hutches feature 2" diameter supporting silver posts which coordinate with 'floating top' silver posts designed on desk and credenza components.

**Left Detail:** Multiple storage components are available including lockable lateral files and storage cabinets, which can be placed side-by-side with a common 'floating top'.

- D PB4 4-way connector

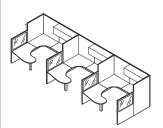

#### eO+® NEW

eO+ is an innovative modular panel and desking system that works for you... from workstations... to conference rooms... to teaming areas - with components that are easy to mix, match or reconfigure. Panels can be configured freestanding to divide spaces and provide privacy or be combined with coordinating desking and storage components. Worksurfaces provide ergonomic access to computers and substantial space for a multitude of tasks. Off desk accessories are quickly and easily repositionable along an optional panel mounted rail. For additional convenience and customization, eO+ panels are available with cork board insets, dry erase modules, and glazed inserts.

Shown in Tiger Maple (TMP) Tops with Tungsten legs (TU2). Fabric panels in Lola Zucchini (LL15) and Brinx, Green Apple (BX03). Supra seating (p.96-97, 116-121, 152-153) shown in Crescent Stem (706).

#### eO+ LAYOUT

See your local sales representative for further information, pricing and custom solutions to meet your workspace needs.

#### **FEATURES**

- A Partially Glazed Panels provide privacy and additional light
- B Gently curved, flowing work surfaces
- C Closed and open overhead storage cabinets
- **D** Variety of freestanding and work surface supporting pedestals
- E Tackable fabric panels
- F Electrical and data bar can be panel mounted
- **G** Electrical and Data Receptacles can be work surface mounted
- H Dual Individual Electrical Receptacles can be work surface mounted
- I Work surface scoops provide wire management

# **BOOKCASES**

Bookcases are offered to either match or coordinate with most Global desk series. All units feature sturdy 36" wide construction and include fixed and adjustable shelves. Bookcases are available in a wide variety of wood grain laminates, solids and abstract finishes.

Wood veneer bookcases (VBC) available in some regions only. See your sales representative.

# METAL BOOKCASES

Economical and sturdy Metal Bookcases are available in a range of heights, from two high to six high. Six high model is available with optional doors for open and closed storage. Each shelf is adjustable for customized storage.

# OBUSFORME® MONITOR STAND WITH INLINE DOCUMENT HOLDER

Reduces the likelihood of eyestrain, headaches and neck discomfort.

- User Height Adjustable Holds up to 50 lbs. monitor.
- Viewing Distance Easily positioned forward and back for comfortable viewing.
- Inline Document Holder Allows you to align documents between your monitor and keyboard at an angle for added visual comfort.

# OBUSFORME\* FOOTREST

Helps relieve strain on your lower back and legs.

4 3-Position Angle Adjustment Provides full foot support. Non-slip surface.

# OBUSFORME\* KEYBOARD SUPPORT

- Patented Floating Mouse Tray\* Allows you to slide mouse tray over keyboard's numeric portion and can be easily returned to either side when keys are in use. Two heights to choose from to keep your mouse and keyboard close in height. Can be easily positioned to accommodate left hand mouse users.
- Patented Height Adjustable Palm Rest\* Narrow design encourages comfortable wrist postures. Completely removable to accommodate individual preferences as well as alternative keyboards. Can be easily positioned to the left or the right side depending on your preferred position of keyboard.
- Fully Articulating Arm Mechanism A variety of articulating mechanisms are available with various height and tilt adjustment ranges.

Shown with Correlation desk components and Divide panels. See Obusforme® seating p.135-137.

# **OFFICE ACCESSORIES**

Global offers a wide selection of ergonomic accessories to enhance working comfort and productivity. All keyboard trays and accessories can be added to existing furniture.

\*Mouse, keyboard and accessories shown are not included

# MEETING TABLES that come together

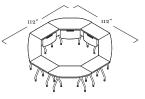

# BUNGEE TABLESTM

Specifying tables has never been easier - Bungee comes complete with top, legs and Bungee cords for an innovative table solution • Ideal for classrooms, training rooms and boardrooms, Bungee tables are quickly and easily reconfigured without ever needing a tool • Tops are 1" thick and offered in a variety of laminate finishes • Legs are available in tapered or spider design • Customize tables with a choice of modesty panels, wire management, grommets and power blocks • Optional Flip-Top tables nest together and can easily roll to a convenient storage location when not in use

Shown above, left: Avant Honey (AWH) with Black legs and Twilight seating (p.173) shown in Maharam Transfer, Macadamia (YE44). Shown above right and below: Avant Honey (AWH) with Black legs and Sonic seating (p.166-167) shown in Crescent Stem (706).

2 BX42MP13

**BUNGEE TABLE C** 

Flip Top Table An easy-to-release mechanism allows the table top to be flipped and "nested" together to save space when not in use. Available on specific models only.

Spider with Casters Optional locking casters adjust 3mm to 10mm in height.

Spider with Glides Spider legs project a progressive style.

Tapered legs for a functional appeal.

Tapered with Casters Tapered with Glides Glides are adjustable.

# BUNGEE TABLESTM

Bungee Tables can easily be configured to meet the needs of any function, group or purpose • Classroom and meeting configurations can be achieved easily by grouping multiple tables together • An available lectern and presentation board can make presenting much more attractive as well

Bungee Tables shown in Constellation Vanilla (CSV) with Silver legs (SI) and trim. Lectern, Presentation Board, and Credenza Buffet shown in Constellation Java (CSJ) with Silver legs (SI) and trim. Supra seating (p.96-97, 152-153) in Momentum Exes, Envy (EX16).

# **BUNGEE LAYOUTS**

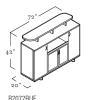

Bungee cords connect tables securely and may be arranged without risk of damage to tops or connectors. The innovation lies with the unique 'bubble molding' edge design which compresses under the tension of the cords and creates a seal that serves to locate and align interconnected tables.

True Response™ technology flexes with you as you move

Arched polished aluminum spider base. Available in Black as an option

### SHADOW<sup>®</sup>

The Ergonomic Chair that "follows every move you make"
• A revolutionary concept for the 21st century workforce
that actively flexes in response to the user's activity.
The Shadow Chair encourages ongoing postural movement
and small muscle activity throughout the entire work day...
Your Shadow in motion • The seat and back are attached
via specially engineered rubber mounts. This unique
suspension system allows both the seat and back to
gently flex and respond to changes in body positioning.
When you move, so does your Shadow

# INDULGE<sup>TM</sup> | NEW

Designed to encourage constant body movement for optional spine alignment • Flexible rubber mounts are pre-tensioned for support and comfort • Adjustable height arms feature a sliding armcap • Standard with adjustable Schukra Lumbar Support

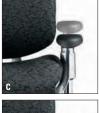

Shown left to right: 2710L Executive High Back Synchro-Tilter in Contract Leather, Dark Brown (D531). 2711 Medium Back Synchro-Tilter in Momentum Ohs, Tranquil (OH11). 2710 Executive High Back Synchro-Tilter in Momentum Ohs, Smolder (OH13).

SHADOW FEATURES 2710L 2711L

- Seat Depth Attached with four rubberized bushings results in a new "floating" seat concept, encouraging proper posture and constant muscle movement
- B Back Movement Backrest is attached with three rubberized bushings which allow the backrest to flex and move in any direction, adjusting automatically to the users movements
- **C Arm Height** 4-inch vertical travel allows the arm to raise and lower to accommodate different users
- D Lumbar Movement The lumbar area of the backrest can be height adjusted up and down until support is centered in the right soot
- **E Arm Rotation** The armcap swivels 30° left or right and positively locks into position
- **F Synchro-Tilter** When the user tilts back, the angle of the back and seat adjust at a two-to-one ratio
- **G Arm Width** Arms slide closer to and away from the seat to accommodate generous, average and slender users

5441LM-3

Back view
The slender vertical back is accentuated by a black mesh element, emphasizing the area of lower spine support

#### **FEATURES**

- **A Back Angle Adjustment:** Back angle adjusts separately to maximize comfort for all users.
- B Tilt-Lock Control: Pull up on the lever to the left of the seat and the tilting action of the chair moves freely, push down on the lever and the seat/back angle is locked in position.
- **C Seat Depth Adjustment:** A sliding mechanism (MD) allows forward and backward movement.
- Back Height Adjustment: Grasp the back, lift it gradually to position the lumbar support in the right spot for your body. Lower the back by lifting to top position to reset ratchet.
- **E Multi-Tilt Control:** Encourages the ability to angle the seat forward, to relieve pressure under the thighs.
- **F Arm Width Adjustment:** "WA" is standard. Release cam lever (under seat) and slide arm in or out.
- **G Armcap Depth Adjustment:** Slide arm forward or backward to position for desired preference. Armcap rotates 30° to provide more effective support for keyboarding.
- H Height Adjustable Arms (G1): Push button on the side of the arm and raise or lower arm to desired height, then release button.

#### **OBUSFORME**\*

A uniquely shaped inner back support helps reduce back strain by guiding your back into a correct healthy posture • The flexible backrest continuously supports the natural lazy "S" curve of your spine, flexing as you move • Standard lumbar support, contoured seat and seat depth adjustment

#### OBUSFORME\* EXECUTIVE

Distinctive stitching with all the superior features and benefits offered in the Obusforme series • Fabric or leather upholstered armcaps over loop arms • Ergonomic features include seat tilt lock, back/seat height control and knee-tilt adjustment

# ERGO-SELECT... CHOOSE THE COMPONENTS AND DESIGN THE CHAIR THAT IS RIGHT FOR YOU.

#### CREATE THE PERFECT CHAIR

A comprehensive ergonomic seating solution featuring 27 models. Tritek Ergo Select provides more choices than typical task seating so chairs that fit the size, shape, tasks and working preferences of office individuals can be specified while maintaining a uniform look throughout the office.

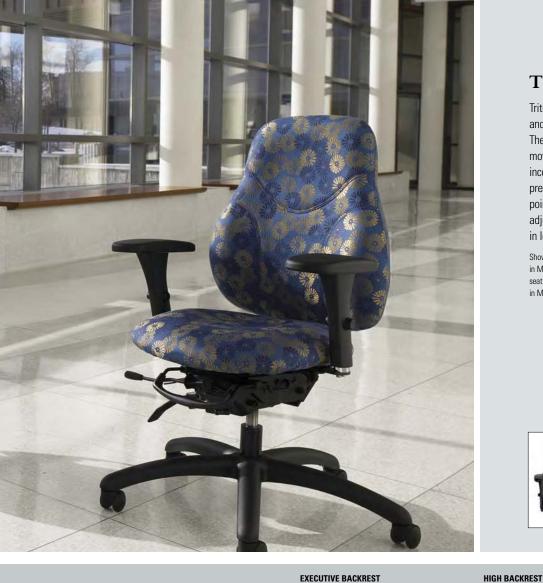

Designed to accommodate as many body sizes as possible by offering a choice of seat cushion sizes, a choice of backrest sizes to suit an individual's tasks and a choice of mechanisms needed by the user to comfortably perform his or her tasks.

Depth adjustable lumbar support

For a free download of the BIFMA Ultimate Test for Fit, go to: www.bifma.org/standards/ergoguideline.html

#### TRITEK\* ERGO SELECT

Tritek Ergo Select is designed with three sizes of seats and backs to accommodate every body shape and task • The unique, slender upper back shape enables free lateral movement • A special comfort memory foam 'spine pad' incorporated into the back is activated by body heat and pressure, and molds to the back shape reducing pressure points along the spine • The lumbar area is depth/height adjustable to provide comfort and support • Also available in leather upholstery

Shown left to right: 7473-3 Executive Back Multi-Tilter with oversized seat in Mayer Reflections, Indigo (YE55). 7482-3 High Back Multi-Tilter with standard seat in Crescent Lemon (704). 7491-3 Medium Back Multi-Tilter with small seat in Mayer Reflections, Indigo (YE55).

All backrests feature height adjustment and Schukra adjustable lumbar support

MEDIUM BACKREST

#### **CUSTOMSIZED** TO FIT!

- 1 SELECT A SEAT Select a seat cushion that matches an individual's shape and size.
- 2 SELECT A BACKREST Choose a backrest that suits an individual's preferred posture, back height and tasks.
- SELECT A MECHANISM Choose a mechanism based on movement preferences.

# **INDUSTRIAL**

Models are offered as posture task, operator, work stools and heavy duty bench stools • Some work stools feature pneumatic seat height adjustment, black polyurethane seats and chrome foot ring • All bench stools feature black polyurethane seat pans, chrome frames and foot rings

# **INDUSTRIAL CODE 50**

Designed for heavier duty intensive environments such as factories. Features include heavy gauge steel construction, chromed chip/corrosion/humidity resistant pneumatic lift cylinders and frames, heavy duty bases, weight activated interval safety casters for hard floors or encased leveling glides, wear resistant fabric or easy clean vinyl upholstery.

# ELECTROSTATIC DISCHARGE (ESD) CODE 52

Designed to assist in the protection of delicate electronic equipment from the discharge of static electricity. All components are designed and manufactured using conductive materials including: special fabric, bases, "lightning boft" caster, mechanisms, pneumatic lifts and foot rings. Designed to be used in conjunction with personal wrist straps and ESD controlled flooring or ESD mats. All ESD seating is tested to meet the requirements of the ESD Association Standard Test Method ESD STM 12.1-1997 Section 5.3.

# CLEAN ROOM (CLASS UL #1000) CODE 56

The least intensive Clean Room classification used by hospital equipment suppliers and photofinishing/film companies. Workers here usually wear shop coats and gloves. Vinyl applied to the underside of the seat and vinyl or fabric upholstery is designed to prevent dust and other contaminants from entering the environment.

# ANTI-MICROBIAL CODE 62

Designed for hospital areas and labs that require furniture to minimize bacterial and fungal growth and wipe up easily. Anti-microbial seating inhibits micro organism invasion and growth. Integrated filters allow fabric/vinyl to breath.

# WIPE DOWN CODE 64

Designed for dry food manufacturers, hospitals, and forensic labs requiring regular and immediate clean up of dust, dirt or powder. Features include comfortable Black self-skinned polyurethane seats and backs, chip/corrosion/humidity resistant pneumatic lift cylinders and frames, safety casters or glides. Some "Wipe Down" products may also be available with ESD.

## FEATURES

9300 Series features a comfortable Center Pull

9300P Series features an attractive looped full pull

Storage cabinet features two fixed shelves and one adjustable shelf

Lateral filing drawers come standard with side-to-side filing bars

# G SERIES PEDESTALS

These value packed G pedestals are offered in 19", 23" and 29" depths, as well as 21", 27 1/2" and 28" heights • Sliding arm ball bearing suspension on box/file drawers ensure smooth drawer action

# E SERIES PEDESTALS

These versatile file pedestals can stand on their own or support worksurfaces • Specially designed pulls are soft to the touch and open easily . Available in 19", 23" or 29" depths and the choice of one box and one file drawer, two box and one file drawer or two file drawers

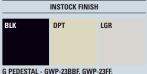

- A Accommodates side to side or front to back filing
- **B** Higher drawer sides eliminate additional need for costly hanging file frames Core removable cam locks are standard, securing all
- drawers Pencil tray is standard in the top box drawer

# STAGE COACH

Stagecoach provides mobile, temporary guest seating, and is equipped with lockable personal storage

# FILE TAXI®

File Taxi is a locking mobile office-in-a-box — a handy work surface and convenient wagon-style pull handle • Optional laminate work surface available

# more recycled fabric less to the landfill

# think global think green think green think green think green the seating of the s

**Epoxy Powder coating** 

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.

# talk to us about our leed partnership program

PROGRAM

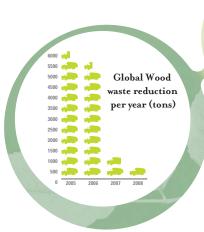

GREENGUARD CERTIFIED

THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader , Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Global has the products and resources to help your projects achieve LEED certification.

New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.

For further information on Global's environmental initiatives, please visit http://www.globaltotaloffice.com/global\_industries/environment.shtml

# TEXTILES LEATHER, VINYL & FABRIC

CARE & CLEANING Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

#### LEATHER - GRADE 10 Contents: 100% leather LEATHER/MOCK LEATHER - GRADE 7 Contents: 100% leather/100% polyvinyl chloride

450/550 Black, 459/559 Chamois, 470/570 Surf, 471/571 Latte, 472/572 Melon, 473/573 Delta, 474/574 Bronze, 475/575 Rouge, 476/576 Jade, 477/577 Graphite, 478/578 Chaps, 479/579 Cabernet, 491/591 Alpine

**Leather:** For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

**Wood Seating & Desk Finishes:** Following the direction of the grain, wipe with a soft damp cloth, then a dry one. For heavier soils, try a mild soap solution, then repeat the above steps.

Laminate & Painted Metal Finishes: Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner. Always use a dry cloth and circular motion to prevent streaks.

# **SEATING**

These products can be ordered from locally stocked inventory for immediate delivery, subject to stocked finishes. See noted pages for further information.

In today's fast paced business environment, Global realizes that timing can sometimes be critical when putting together an office, a group of support staff workstations, or a simple home work area. The following pages contain models from our seating, filing, tables and desking product lines that are available IN STOCK. Basically, that means no long ordering process or seemingly endless waiting. Within days, these items can be delivered to you so everything for your complete office can be fully functional.

# **ERGONOMIC FEATURES**

Maximizing your Ergonomic Seating: Every Global chair is built with features that are ergonomically designed to promote good posture and provide maximum comfort. While fully supporting your body, these features should also allow you to adjust your chair to fit you.

Always select a chair that is designed for the type of work you perform and make certain the chair is comfortable for the length of time spent using it. Ensure that the seat and back cushions are contoured to fit your body,

which will help eliminate pressure points. An ergonomically designed chair should allow changing positions easily. As you work, reposition yourself throughout the day to reduce strain and stress on specific muscle groups. If you change job functions, adjust your chair to fit the new task.

Proper ergonomic seating should help eliminate many of the work related injuries that result from poor posture and poorly designed chairs.

#### TENSION ADJUSTMENT

Increase or decrease to match body weight.
Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

#### **BACK ANGLE**

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

#### VIBRATING BACK/SEAT

Soothing effect contributes to your relaxation during work breaks.

#### CHAIR TILT LOCK

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

#### ARM HEIGHT

Raise or lower to support your forearms.

Reduces muscular effort in neck and shoulders, minimizing risk of pain.

#### WIDTH ADJUSTABLE ARMS

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

### **SEAT HEIGHT**

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

#### KNEE-TILT MOVEMENT

Chair tilts from a pivot point at the front of the seat, keeping your feet on floor as you rock. Maintains stability while enhancing blood flow.

#### ARM ROTATION

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

#### **BACK HEIGHT**

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

#### SYNCHRO-TILT MOVEMENT

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

#### CENTER-TILT MOVEMENT

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

## SEAT DEPTH

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

#### WATERFALL SEAT EDGE

Reduces pressure at the back of the knee, contributing to good blood flow.

## PUSH BUTTON

Push to activate control. Location within reach increases your adjustment. Promotes good posture as you move to various positions.

#### **FORWARD SEAT ANGLE**

Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Helps reduce disc pressure during forward leaning tasks.

#### PROPERLY CONTOURED CUSHIONS

Support the body effectively, allowing you to sit longer without discomfort.

Limited Lifetime Warrenty: Global warrants its products to be free from defects in material and workmanship for as long as the original end user owns the product or 25 years in the case of a corporate end user. Some time restrictions apply to certain parts and components. For detailed conditions, see your sales representative or refer to the current Global List Price Book, which shall govern in the event of conflict. This warranty covers the following product categories: General Seating/Filing/Panels/Desks, Modular Furniture and Tables.
