

50 Years of Excellence

ABOUT US

Tolco Corporation is so much more than just trigger sprayers! After having spent the last 50 years developing the most innovative and high quality trigger sprayers in the industry, it is easy to see why Tolco is synonymous with trigger sprayers. However, Tolco sells over 500 products to the Janitorial, Foodservice, Industrial, Beauty & Barber, Animal Health, and Consumer Products markets.

Tolco Corporation was founded by William E. Spengler in March, 1961. We began with just one product, the D-22 drum pump, which we still sell today. It was that best in class product which would be the foundation of our success. In the years that followed we began developing the products that would define their categories. The D-22 was just the start, followed by the 320 trigger sprayer, the 942 pump-up sprayer, and continuing today with the Super Door Stop. We are committed to provide you with exciting, innovative products well into the future.

Mr. Spengler is fond of saying, "Initially, all orders were shipped "F.O.B. - from our basement." Much has changed since 1961, but one thing that hasn't is that Tolco is still a family owned and family run business. Currently, three generations of Mr. Spengler's family work together at Tolco.

Tolco is a family business and everyone here is family. The average employee has been with Tolco over 10 years, and a few have been here 20 plus years. All of us here at Tolco embrace the company philosophy: "Be Great – Have Fun"

From our family to yours, thank you for your continued support. We sincerely appreciate your trust and confidence. All of us at Tolco Corporation look forward to providing our customers with another 50 Years of Excellence.
