Uvex® safety eyewear is offered for sale by Sperian Protection exclusively in the Americas.

⚠ WARNING! Uvex® equipment should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury including diminution or loss of vision.

TOGETHER, WE CAN BUILD A CULTURE OF SAFETY.

We realize keeping people safe takes more than a few corporate memos and a breakroom poster. It means understanding people on a human level to drive the kind of cultural changes that make people want to be safe. These changes won't happen on their own, but we can help by providing industry-leading products, educational tools and programs to get them started.

INSPIRING SAFETYTM
www.uvex.us

These worksites are different.

That's why
we created **Specifix™**

We designed four styles of safety glasses to fit the needs of workers according to their environment. The result is safer, more comfortable eye protection that helps build a stronger culture of safety.

Uvex VersaPro™

Ideal for assembly line work, shipping, machine operation and other light manufacturing tasks.

Uvex PrecisionPro™

Ideal for quality control, inspection, technical applications, lab work, aerospace, fine maintenance and mechanics.

Uvex ExtremePro™

Ideal for foundries, chemical plants, metalworking, machining, pulp and paper, shipbuilding or oil and gas industries.

Uvex SolarPro™

Ideal for construction, utility line work, landscaping, oil and gas industries and other outdoor applications.

The Uvex® Advantage

Delivering enduring products that can be worn with confidence is one of the ways Sperian is helping to build a culture of safety in the workplace. We've leveraged years of research and technological developments to deliver high-performance eye and face products that provide superior protection and long-term value. These include best-in-class lens coatings that perform under the harshest conditions; task-specific lens tints that optimize visual acuity; impact resistance that exceeds industry standards; and a lifetime frame guarantee that backs up our promise to each and every worker who puts on a pair of Uvex® eyewear. It's about providing peace of mind, and it's about inspiring safety in the minds of workers everywhere.

Superior Lens Coating Technology

Whether the problem is lenses that fog or lenses that scratch, Uvex® lens coatings offer a solution for almost any working environment.

- **NEW Supra-dura™ Advanced Anti-Scratch Coating**

For high particulate environments where lens scratching is a severe problem, our new Supra-dura advanced anti-scratch coating lasts 5x* longer than any other anti-scratch coating on the market today.

- **Ultra-dura® Anti-scratch Coating**

Our Ultra-dura anti-scratch coating is still one of the toughest, all-around anti-scratch coatings available. Permanently bonded to the lens, the Ultra-dura coating will not wear off after repeated cleanings and offers both superior scratch and chemical resistance.

- **NEW Uvextreme® Plus Advanced Anti-fog Coating**

Our industry-leading anti-fog coating has been enhanced to last twice as long as before. Uvextreme Plus protects lenses from fogging and moisture build-up longer, so you can focus on your work, not your eyewear.

- **Uvextreme® Anti-fog Coating**

For maintaining visibility in humid conditions or extreme temperatures, Uvextreme coating consistently delivers exceptional anti-fog protection. Permanently bonded to the lens, Uvextreme is a dual-action coating. When the lens is exposed to extreme moisture or humidity, its hydrophilic (water loving) properties absorb and release moisture from the lens. If the lens reaches a point of saturation, the hydrophobic (water repelling) properties take over, causing the moisture to sheet off the lens.

- **Dura-streme™ Dual Anti-fog/Anti-scratch Coating**

Our Dura-streme technology provides up to 3x* more lens life than other anti-fog lenses by bringing together the benefits of Uvextreme anti-fog and Ultra-dura anti-scratch coatings onto a single lens. Our Ultra-dura anti-scratch coating protects the outside of the lens by providing premium scratch and chemical resistance, while the Uvextreme anti-fog coated interior helps keep vision clear in environments where heat, mist and physical exertion are typical.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

Spectrum Control Technology® (SCT)

Sperian offers a wide range of task-specific lens tint options designed for use in various applications. Uvex® SCT lens tints incorporate unique dyes that absorb select wavelengths of light. By suppressing specific wavelengths, these tints provide functional assistance for specialized viewing tasks, such as in low light; under halogen, sodium vapor or fluorescent lighting; in bright sunlight; near high heat; or for torch welding, brazing or cutting.

Military Velocity Sub-Zero Ballistic Impact Protection

For even greater security and protection from the unexpected, the core line of Uvex® safety eyewear has undergone and passed Military V₀ ballistic impact testing. This means each of these eyewear styles can withstand impact energies 7x greater than the impact tests required by ANSI and CSA. Why be that much better than the standard? Because you can never be too safe.

Lifetime Frame Guarantee

Sperian stands behind its Uvex® product offering 100% — no questions asked! All Uvex® styles that offer replacement lenses come with our Lifetime Frame Guarantee. If something should happen to the eyewear during the course of normal use, regardless of age, simply send it in and we'll replace it. This guarantee is part of our commitment to quality and customer satisfaction.

Safety Eyewear

The most widely used safety spectacle on the market.

Demanded by workers on the job due to its traditional styling, comfortable fit and economical lens replacement system.

Duoflex® comfort-cushion temples are a standard feature on most models. Don't settle for an imposter, get the original.

For product tints and tint suggestions by application, see our Lens Charts on pages 33-34.

For more information or to order products on this page, please call Customer Care at 800 430-5490.

NEW! Uvex Ambient™ OTG

- Exceptional peripheral vision and coverage in a lightweight, wrap-around uni-lens design
- Available with multiple high-performance coating options

S350CF

S390

The Flex Seal® goggle is the first industrial OTG (over-the-glass) goggle with an all-silicone body.

No other goggle comes close to matching this level of comfort.

The lightweight, soft silicone body conforms to almost any facial profile and provides an exceptionally snug fit for superior protection even in extreme temperatures. Once workers experience it, they'll never want to wear anything else.

S3420X

For descriptions and chemical resistance, see our Coating Chart on page 35.

Safety Goggles

S1890X

Fury®

- Sleek, frameless design with wrap-around 9-base unilens
- Suggested for dust and small particulates
- Soft, flame resistant, replaceable face foam and headband
- Easy and economical lens replacement system
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards
- Made in USA

Item #	Frame Color/Lens Tint	Lens Coating	Description
S1890X	Black/Clear	Uvextreme AF	Flame Resistant Headband

Uvex Futura™

- Wrap-around sports style provides excellent panoramic vision
- Indirect venting increases air flow and frosted brow guard reduces glare
- Two models: welding and dust/mist/impact/chemical splash
- Fits over most Rx eyewear
- Easy and economical lens replacement system
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards

S345C

Item #	Frame Color/Lens Tint	Lens Coating	Description
S345C	Clear/Clear	Uvextreme AF	Indirect Vent, Neoprene Band
S347C	Black/Shade 3.0 Infra-dura	Uvextreme AF	Indirect Vent, Neoprene Band
S348C	Black/Shade 5.0 Infra-dura	Uvextreme AF	Indirect Vent, Neoprene Band

Never before have goggles offered such unsurpassed comfort and protection as well as sleek, futuristic styling.

The Uvex Stealth® goggle features new design, technologies and materials to create new levels of worker comfort and acceptance. They make it easy, and even fashionable, to wear goggles on the job.

Favorite End-User Goggle

- Soft, supple seal around the face
- Easy and economical lens replacement system
- Offered with Dura-streme™ coating technology

S3960C

Uvex Stealth®

- Futuristic, low profile design for chemical splash and impact
- Toric lens provides superior optics and peripheral vision
- Rx insert available
- Easiest lens replacement system available
- Indirect ventilation system and high-performance lens coatings minimize fogging
- Quick-adjust headband
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards
- Made in USA

Item #	Frame Color/Lens Tint	Lens Coating	Description
S3960C	Gray and Gray/Clear	Uvextreme AF	Neoprene Band

Safety Goggles

NEW! Uvex Stealth® OTG

- Fits comfortably over most prescription eyewear.
- High quality elastomer body conforms to facial contours for a secure, customized, gap-free fit
- Low-profile, wrap-around style provides complete coverage designed for all-day wear
- Pivoting headband clip and wide adjustable-slide headband provide a range of adjustability (fits comfortably with hard hats)
- Ideal for impact, dust/airborne particles, chemical splash, and optical radiation (UV and welding/heat radiation).
- Available with Dura-streme™ dual anti-fog/anti-scratch coating
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards

Item #	Frame Color/Lens Tint	Lens Coating	Description
S3970D	Navy/Clear	Dura-streme HC/AF	Neoprene
S3971D	Navy/Standard Gray	Dura-streme HC/AF	Neoprene
S3972D	Navy/Amber	Dura-streme HC/AF	Neoprene
S3973D	Navy/Shade 3.0	Dura-streme HC/AF	Neoprene
S3975D	Navy/Shade 5.0	Dura-streme HC/AF	Neoprene
S3970DF	Navy/Clear	Dura-streme HC/AF	Fabric (Logoed)
S3971DF	Navy/Standard Gray	Dura-streme HC/AF	Fabric (Logoed)
S3972DF	Navy/Amber	Dura-streme HC/AF	Fabric (Logoed)

Additional SKUs available – see full SKU listing at end of Uvex section

Uvex Strategy®

- Lightweight, TPE body provides exceptional comfort and a snug fit for maximum protection
- Available in 4 models for a variety of work applications: direct vent, closed vent, indirect vent and indirect vent with foam lining for fine particle protection
- Uvextra™ AF anti-fog coating minimizes fogging
- Fits over most prescription eyewear
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards

Item #	Frame Color/Lens Tint	Lens Coating	Description
S3800	Gray Body/Clear	Uvextra AF	Direct Vent/Fabric Band
S3805	Gray Body/Clear	Uvextra AF	Closed Vent/Neoprene Band
S3810	Gray Body/Clear	Uvextra AF	Indirect Vent/Neoprene Band
S3815	Gray Body/Clear	Uvextra AF	Indirect Vent with Foam/Fabric Band
S3820	Hot Orange Body/Clear	Uvextra AF	Indirect Vent/Neoprene Band

Uvex Strategy® Goggle

The industry's only economical over-the-glass (OTG) goggle that delivers both premium comfort and maximum protection.

With a powerful combination of innovative, face-hugging material and a rugged design that withstands the harshest environments, the Uvex Strategy goggle provides protection, peace of mind and total comfort.

For descriptions and chemical resistance, see our Coating Chart on page 35.

For more information or to order products on this page, please call Customer Care at 800 430-5490.

Face Shields

The Bionic® Shield redefines technology in the face shield category.

- With over 15 design patents, the Bionic Shield is revolutionary. Its advanced ergonomic design combines superior protection and all-day comfort with the kind of easy-to-use features that workers desire.
- Designed for end users, by end users – the Bionic Shield offers extended chin and top-of-head protection.

With 2,784 possible positions, this highly adjustable headgear tilts the visor nearer or farther from the face, depending on preference and application.

Bionic®

- Enhanced protection from airborne debris
- Excellent optics and increased visibility
- Easily replaceable visor with dual position choices
- Secure visor attachment
- Lightweight and balanced, ergonomic design for extended use
- Comfortable cell foam on back of headgear
- Breathable, removable, washable headband
- Comfortably worn with most goggles and respirators
- Face shield offers secondary protection and must be worn with spectacles or goggles
- Perfect for workers exposed to falling or flying objects, impact, chemical splash, and airborne debris
- Hard hat accessory is compatible with Sperian® and other manufacturers' hard hats
- Meets ANSI Z87+ (High Impact) and is certified to CSA Z94.3 standards

S8500

Item #	Visor Tint/Visor Coating	Description
S8500	Clear Polycarbonate/Uncoated	Black Matte Face Shield
S8505	Clear Polycarbonate/Uncoated	Black Matte Face Shield and Hard Hat Adapter (No Suspension)

Accessories

Uvex Clear® Permanent Lens Cleaning Station

- Includes 1 – 16 oz. Uvex Clear cleaning solution, 4 boxes of 500 tissues, 3.5" x 4.5" mirror
- Screw mounts and adhesive foam for quick wall mounting
- Measures 22.5" x 12.5"

Item #	Description
S461	Uvex Clear Permanent Station

S461

Uvex Clear® Portable Cleaning Station

- Portable and disposable station holds 16 oz. of Uvex Clear cleaning spray and 1500 tissues

Item #	Description
S467	Uvex Clear Disposable Lens Station

S467

Uvex Clear® Towelettes

- Handy pocket size pre-moistened lens cleaning towelettes
- 100 towelettes per box

Item #	Description
S468	Uvex Clear Towelettes

S468

Uvex® Fog Eliminator Cloths

- Formulated to effectively protect lenses from all types of fogging caused by cold, high humidity or sudden temperature changes
- Safe for all surfaces, including polycarbonate and glass
- Each cloth provides multiple applications
- Streak and film free, alcohol and silicone free
- Non-flammable and non-toxic
- Made in USA

Item #	Description
S477	Uvex Fog Eliminator Cloths

S477

Accessories

Uvex® Cases and Cords

Uvex® Eyewear Cases

- Fit most Uvex eyewear to protect lenses from scratches and abrasion
- Available in a nylon drawstring pouch, hard case* or economy case**

Item #	Description
S487	Rip-Stop Nylon Bag Eyewear Case, Black
S489	Hard Eyewear Case with Belt Loop, Black
S490	Economy Eyewear Case, Black

*Not suitable for Uvex Astrospec 3000® series

**Not suitable for Uvex Astro OTG® 3001

Uvex® Packs

- Made of durable nylon, zippers and belt loops
- Available in eyewear and goggle sizes

Item #	Description
S491	Eyewear Pack, Black
S493	Universal Goggle Pack, Black

Uvex® Hang Cords

- Provide convenient access to safety eyewear and encourage greater compliance
- Available in a universal or snap-fit cord

Item #	Description
S501	Universal Neck Cord, Black
S505D	Snap-Fit Neck Cord for Duoflex Cushioned Temples, Black

Applications	Most indoor applications																						
	Low light applications in which contrast may be enhanced																						
	Reduce lens glare from fluorescent and halogen lights																						
	Outdoor applications where sunlight and glare cause eye strain and fatigue																						
	Indoor/outdoor applications																						
	Strong sunlight and glare																						
	Indoor applications where peripheral infrared radiation protection is required (under welding helmets, near welding sites)																						
	Work areas with high levels of yellow light using sodium vapor lighting																						
	Situations with high heat applications such as metal glare and glass blowing																						
	Torch welding, torch brazing and cutting																						
	Reduces eye fatigue by absorbing blue and green light (good for UV lamp exposure)

Reference: Lens Coating Description & Chemical Resistance

Sperian has developed proprietary Uvex® coatings to meet the demands of even the most challenging work environments. Uvextreme® anti-fog coating offers superior performance under the most extreme conditions and will not wear off after repeated cleanings. Uvextreme® Plus offers the same anti-fog performance with extended wear. It is permanently bonded to the lens which helps it retain its anti-scratch, anti-static and UV protection properties. Ultra-dura® hardcoat is one of the toughest anti-scratch coatings in the world. It is also permanently bonded to the lens and offers excellent scratch and chemical resistance. Our new Supra-dura™ advanced anti-scratch coating is superior in high particulate

environments where lens scratching is a severe problem. It lasts 5x* longer than any other anti-scratch coating on the market today. In addition, Dura-streme™ technology combines the benefits of these industry-leading anti-fog and hardcoats onto one lens. While the advanced anti-fog properties of Uvextreme help keep the interior of the lens clear from fogging, the rugged properties of Ultra-dura hardcoat protect the exterior of the lens from scuffs and scratches, adding up to 3x* more life to lenses.

The chemical resistance chart below will help to determine the preferred coating for environments where workers are subject to chemical exposure.

	KEY Y = Resistant • = Limited resistance N = Not resistant	Ultra-dura Hardcoat	Supra-dura Hardcoat	Uvextreme/ Uvextreme Plus Anti-Fog	Dura-streme Dual Coating (Ultra-dura Lens Exterior) (Uvextreme Lens Interior)

Uvex Safety Rx Eyewear

The Uvex[®] Difference

Engineered specifically for industrial applications where hazards are present, our products are designed for fashion but built to perform to ANSI requirements.

Superior service plays a main role at Uvex Rx. We believe it is important to treat everyone the way we would like to be treated...it's that simple.

Quality is a way of life at Uvex Rx. We are strict adherents to the ANSI Z87.1 Standard because this standard is the most stringent requirement. We test and re-test every product on a regular basis and make those results available to you any time you want or need them...no other safety Rx eyewear company does this.

An important component of all safety eyewear programs is prescription safety eyewear. If you have employees who require safety glasses outfitted with an individual prescription in them, Uvex Rx is your best resource to finding an optimal solution.

Uvex Rx works hand-in-hand with hundreds of safety optical laboratories in the Americas that can support your needs in building an efficient, cost effective and convenient safety prescription (Rx) eyewear program for your employees. Here's how:

- Assess Your Requirements
- Assist in the Choice of a Supplier Lab
- Provide Training Materials
- Support You with Seasoned Sales Professionals and Customer Care Personnel

Prescription Safety Frames

Titanium Collection

All Uvex[®] Safety Rx Eyewear meet the ANSI Z87.1 Standard and are regularly tested on an ongoing basis to ensure continuing compliance.

Actual test data is made available to anyone requesting it on every product we provide to our customers.

No other industrial safety Rx eyewear company does this.

The “N-Tite[™]” System

The N-Tite[™] System is designed to increase lens retention so that employees who work in environments where hazardous impacts are possible are protected in accordance with ANSI Z87.1 Standard guidelines.

This robust system is now available on selected products in the Titanium and Exclusive collections.
