Viega ProPress

Viega ProPress has helped installers across the world reduce installation time, save money and increase reliability on the job site. Built to last, Viega fittings are heavier than Type K copper, the most robust plumbing material on the market, and are available in sizes ranging from 1/2" to 4" in both copper and bronze. Viega's patented Smart Connect feature identifies unpressed connections during testing so that they are not missed. Only Viega offers the Smart Connect feature.

FEATURES and BENEFITS

- Connections are made in four to seven seconds
- Ensures a consistent, strong, reliable, watertight seal
- Guaranteed for 50 years if installed properly
- Allows installers to join wet connections, making it the fastest solution for maintenance and repair
- Adaptable for most commercial, industrial or residential applications, whether new or retrofit
- Eliminates need for tanks, hoses, thread cutters, solder and flux
- Keeps installations on or ahead of schedule due to rapid installation
- Meets or exceeds the most rigorous testing codes and standards in North America

CODES and STANDARDS

- NSF/ANSI 61: Drinking Water System Components – Health Effects
- NSF/ANSI 61G: Lead Content Evaluation Procedure to meet $\leq 0.25\%$ average lead content
- UL: Underwriters Laboratories
- ABS: American Bureau of Shipping
- CSA International: Canadian Standards Association
- IPC: International Plumbing Code
- UPC: Uniform Plumbing Code
- PHCC: National Standard Plumbing Code
- NFPA 13, 13D and 13R: Fire Sprinkler Applications

ZERO LEAD

ZERO LEAD identifies Viega products meeting the lead free requirements of California and Vermont law, effective January 1, 2010 and Maryland law, effective January 01, 2012, as tested and listed against NSF 61, Annex G. For more information on Viega's Zero Lead products, contact Inside Sales.

ABBREVIATIONS

- BA – ProBloc Outlet Connection
- BSP – British Standard Pipe
- FTG – Fitting
- NPT – National Pipe Thread
- P – ProPress Connection

SMART CONNECT feature

Green Dot = EPDM sealing element

NOTE: ProPress XL (Bronze) not available in Canada.

* Available while supplies last due to 2014 lead free requirements
