T4

T4

*"Genius is the ability to reduce the complicated
to the simple."*

C. W. Ceram

Refined and restful. Composed and confident. Subtly seductive and surprisingly sensible... Vitra's new T4 series is minimalist in style, but maximalist in function. Hiding a wealth of smart solutions behind its pure forms, T4 brings **T**imeless elegance to the contemporary bathroom.

True to the signature Vitra concept of the **T**otal bathroom, T4 integrates the four product groups essential for a coordinated bathroom decor: Graceful and hygienic ceramic sanitaryware products, luxurious acrylic bathtubs, attractively styled water-saving faucets, and spacious furniture designed for uncompromising comfort. All offered in a range of sizes and forms designed to complement one another in widely different combinations **T**ailored to the individual user.

T4 was created for Vitra by the NOA Design Group who achieved a unique balance between elegance and simplicity, and developed clear and functional solutions exclusive to the series. **I**NDEED designed the faucets in line with the series' restrained aesthetics. Flexible in application and rich in attractive choices, T4 will help **T**ransform your bathroom into an inspiring living space.

A secluded haven of relaxation

A sanctuary dedicated to personal renewal, embodying the Vitra vision of "the bathroom as part of the total living space". Pure forms making a fascinatingly minimalist design statement above and beyond fashion. Magnificent in its restrained elegance.

Slim and stately washbasins, WC pans and bidets are complemented by cascade or standard flow faucets. Glass counters ensure superior hygiene and durability while adding luster and depth to the visual effect.

Exclusive spa experience: The deep and wide Pool is as impressive as it is inviting.

With a 55 cm internal depth, the Pool brings spa pleasure to the privacy of your home. Matte grey, matte white, matte burgundy, hasiente brown and hasiente black paneling choices perfectly match the lacquered and thermoform furniture units.

Square Pool bathtub, 160x160 cm

Faucet with cascade flow adds more panache to the bathtub.

Bath/shower mixer (cascade flow)

The 180 cm counter provides an ideal setting for double bowl usage. It is functional and effortlessly elegant with its clean lines.

*Narrow counter unit with grey glass, 180 cm
Illuminated mirror, 90x45 cm (with LED lighting)*

Built-in basin mixer with cascade flow beautifully complements the bowls. Smooth contoured and attractive, the mixer is designed to save water and energy.

Built-in basin mixer (cascade flow)

The 130 or 180 cm width glass counter is hygienic and practical. The soft glow of glass highlights the subtle elegance of the series.

70 cm width tall unit fulfills all the possible storage needs of a bathroom, as a personal refreshment, care and renewal place.

Double tall unit

Distinctively shaped with delicate edging, T4 bowls come in a range of sizes. The bowls can be used with wall or counter-mounted high basin mixers.

Bowl, 60 cm

T4 was created to transform the bathroom into an oasis of rest and wellbeing. For a private retreat for absolute tranquility or shared relaxation and romance.

Washbasin units, mirror cabinets and mirrors in a range of sizes and forms all share T4's hallmark refinement. The washbasin units are trimmed with smart aluminum profile bands, and provide generous space for convenient storage. The wide counter unit is suitable for asymmetrical positioning of the bowl. Deceptively delicate looking bowls contribute to the ethereal tranquility of the bathroom ambience.

*Wide counter unit, 130 cm (asymmetrical from right)
Illuminated mirror, 90x45 cm (with LED lighting)*

Designed with T4's characteristic slender lines, the multifunctional bowl is complemented by hi-tech faucets. The 80 cm bowl features a raised shelf for items you would like to keep dry.

Asymmetrical bowl, 80 cm

High basin mixer (cascade flow)

The tub for two is the center of attraction of the bathroom with its soft contours and concealed shelf unit. Easy to install and uninstall.

*Duo rectangular / double ended bathtub with shelf unit, 190x140 cm
Bath / shower mixer (cascade flow)*

Equipped with concealed fixing mechanism, the WC seat joins the back part of the WC pan at the same height to create a clean and almost uninterrupted surface.

*Wall hung WC pan
Wall hung bidet*

The T4 state of comfort

Select and put together your ideal combination from a coordinated set of Vitra bathroom products to create a bathroom that will be the best-loved part of any home. Every item you could need is covered by a product range that displays T4's timeless style.

Washbasin unit, 90cm
Mirror, 90cm

Rounded corners soften the rectangular forms of the washbasins, creating a clean and well-balanced look. Size range includes a 45 cm washbasin suitable for use with a drain, as well as 60, 70 and 90 cm choices that can be used with trap covers, pedestals or furniture units. Washbasin unit is suitable for all washbasin sizes except 45 cm. No more bulky washbasin drains taking up valuable cabinet space. A space saving siphon gives you more storage area. Washbasin unit with soft-close drawers helps keep the bathroom neat and tidy.

Washbasin, 90 cm
Washbasin unit, 90 cm

Practical and convenient tall unit with shelves and drawers. All T4 furniture units are available in thermoform and lacquered material and 6 different colour options.

Tall unit with drawers

WC pan with eco-friendly 2.5/4 L flush saves water by up to 60 %.

*Close-coupled WC pan and cistern
Bidet*

Integrated drawers help keep towels and other items at hand, while the wide area that extends from the tub in a continuous flow serves as a hygienic seat as well as a space for personal care.

Rectangular double ended bathtub, 190x130 cm

Bathtubs with built-in furniture are not only innovatively convenient, they also offer one more way of personalizing the bathroom thanks to panels with different colours.

Harmony, tranquility and pure functionality

The tasteful minimalism of T4 brings distinction and improves quality of life even in a standard space. A wide choice of VitraA bathtubs is available to meet different requirements.

Compact but commodious washbasin units, matching washbasins and mirror cabinets come together in wonderfully functional combinations.

WATER SAVING

The 2.5/4 L water conserving WCs provide efficient flushing with less water, helping you cut down excess water usage in the bathroom.

Developed by Vitra with special cistern structures and highly efficient low-flow internal mechanisms, the new WCs are certified for lowest water consumption by EU standards.

Special aerator with flow regulator used in Vitra faucets reduces water flow from 12L/min to 9L/min resulting in a 40% saving on water consumption.

Also by the special cartridge used in Vitra faucets an upper limit can be set on water flow and up to 90% water conservation can be supplied.

ENERGY SAVING

Specially developed, the hi-tech cartridge used in Vitra faucets allows you to set a maximum temperature of water and by this way prevents excess usage of energy up to 90%.
